

Federal Acquisition Service

**Limited Sources Justification
Addendum
FAR 8.405-6**

1. Identification of the agency and the contracting activity: This requirement is an assisted acquisition conducted by the General Services Administration (GSA) for procurement of Travel Management Company (TMC) services in support of the Department of Defense (DoD), Defense Travel Management Office (DTMO).

Contracting Activity: General Services Administration (GSA), Federal Acquisition Service (FAS), Travel Acquisition Support Branch (QMACB), 1800 F Street, NW, Washington, D.C. 20405.

2. Nature and/or description of the action being approved: The purpose of this limited sources justification is to support the award of a sole source task order to CW Government Travel, Inc., for continued support in providing official TMC services for the United States Marine Corps (USMC) Asia Pacific Defense Travel Area 6 (DTA 6).

A limited source justification (LSJ) was approved and posted to the system for award management contract opportunities on March 2, 2026. This is an addendum to the original posting to extend the period of performance based on a Court of Federal Claims (COFC) protest filed on March 6, 2026.

3. A complete description of the supplies and/or services required to meet the agency's needs (including an estimated value). No change to the description of the original LSJ.

The Period of Performance for this task order has been extended from March 7, 2026 to April 8, 2026 to March 7, 2026 to July 08, 2026. GSA reserves the right to extend the base period of performance further than July 08, 2026, based on the timeline of the issuance of public decision on the COFC case plus adequate time for transaction activities (transaction activities may take up to 90 days post issuance of the public decision). Bilateral execution of this modification also establishes CWT acceptance of potential extensions of the period of performance beyond July 08, 2026 if GSA determines such extensions are necessary and such extensions are based on the timeline of the issuance of public decision on the COFC case plus adequate time for

transaction activities (transaction activities may take up to 90 days post issuance of the public decision).

The estimated value of this LSJ has been updated from [REDACTED] to [REDACTED], which covers the period of performance extension.

4. The authority and supporting rationale (see FAR 8.405-6 (a)(1)(i)(A) - An urgent and compelling need exists and following the procedures would result in unacceptable delays. No change from original LSJ.

5. A determination by the ordering activity Contracting Officer that the order represents the best value consistent with FAR 8.404(d). While the Government acknowledges CWT has encountered performance issues on this and other related task orders, not having a contractor at all who can provide the required services is a greater risk to DoD's mission. Therefore, the CO has determined that the expected outcome of this acquisition provides the greatest overall benefit in response to the requirement and therefore the best value to the Government consistent with FAR 8.404(d), based on all factors considered above. IAW FAR 8.404(d), GSA has already determined that prices are fair and reasonable. In addition, the Contracting Officer will seek additional discounts for this contract action.

6. A description of the market research conducted among schedule holders, and the results of the research, or a statement why market research was not conducted. No change from original LSJ.

7. Any other facts supporting the limited source justification. No change from the original LSJ

8. A statement of the actions, if any, the agency may take to remove or overcome any barriers that led to the restricted consideration before any subsequent acquisition for the supplies or services is made. No change from original LSJ.

9. Certifications and Approvals
