2. NATURE AND/OR DESCRIPTION OF THE ACQUISITION BEING APPROVED

The Surgery, Radiology and Laboratory Medicine (SRLM) construction project is adding a new structure that is nine (9) levels above grade (including interstitial floors and a roof penthouse) and two (2) levels below grade on the west end of the current Clinical Research Center (CRC) on the Bethesda, MD campus. In addition to housing the SRLM programs, this project will also house laboratories for NCI (those currently housed on the first and third floors of the CRC West Labs), Interventional Radiology, and the NHLBI Catheterization Lab.

This order is directly related to the services required to support the ongoing construction project as part of the new SRLM building (addition to the CC building). Interruption in service could potentially cause the substantial project delays

3. DESCRIPTION OF THE SUPPLIES AND SERVICES REQUIRED

The purpose of this acquisition is to provide the funding required to complete the SRLM construction project. Proper and adequate funding must be proactively programmed, and actively managed, to ensure safe and successful CC transition to the \$620M SRLM project. The NIH/CC is seeking project management and consulting services to support the outfitting and transition from current SRLM space to the new SRLM Wing ready for occupancy in Spring 2029. The consultant will support communication activities and provide project management support.
