

Specification Sheet

The Government requires commercially available equipment meeting the specifications provided below.

Laser

Quantity: 4

Specification	Value
Description	LASER SYSTEM, LAMP PUMPED ND:YAG
Energy per Pulse	370MJ AT 532NM WAVELENGTH
Repetition Rate	10HZ
Pulse Width	<15NS AT 532NM
Energy Stability	<2% RMS AT 532NM
Beam Diameter	<12MM AT 532NM
Divergence	3MRAD AT 532NM
Transverse Mode	Multiple
Resonator Configuration	Stable
Polarization Direction	VERTICAL AT 532NM
Spectral Purity	>98% AT 532NM
Power	200-240VAC 50/60HZ <10A
Computer Interface	RS232
Cable Length	3M

NOTE: The requirement can be met by manufacturer Lumibird, part number DRL 1430523-10, or an "or equal" commercially available product.
