Clearance: Top Secret

Experience

- KBR** 2025 - present
Solutions Architect
Support enterprise technology strategy, solution architecture, technical capture, proposal solutioning, emerging technology assessment, and modernization initiatives. Connect mission demand, stakeholder priorities, architecture, acquisition context, and delivery evidence so technical access can become sustained growth and operational capability.
- Booz Allen Hamilton** 2024 - 2025
Solutions Architect
Supported DoD CIO for the Information Enterprise as a solutions architect and senior technical strategist. Primary author of the forthcoming DoD Instruction on Modern Software Development, co-led the AI for Software Development Lifecycle working group, and helped coordinate software modernization, cloud, DevSecOps, policy, acquisition, and enterprise governance stakeholders.
- KBR** 2022 - 2024
Solutions Architect
Supported Navy aviation mission-system modernization, IL5 cloud architecture, DevSecOps alignment, software/data modernization, and secure cloud integration. Helped connect mission engineering, systems engineering, technical architecture, and delivery teams across modernization paths for aviation and logistics environments.
- Booz Allen Hamilton** 2019 - 2022
Solutions Architect
Advised senior Information Warfare stakeholders on DevSecOps, secure cloud architecture, modernization strategy, and rapid Compile-to-Combat initiatives within IL5/IL6 environments. Authored the DevSecOps definition used in relevant DoD fundamentals guidance and helped align technical communities around delivery systems suitable for high-consequence environments.
- KBRwyle** 2018 - 2019
Cloud Architect / Site Reliability Engineer
Built and operated automated cloud platforms with CI/CD, monitoring, and recovery automation to improve reliability and deployment velocity.
- KBRwyle** 2018
Architecture Analyst / Software Engineer
Stabilized complex development and infrastructure environments after major transition events; improved reliability, observability, and operational recovery.
- KBR** 2015 - 2018
Software Engineer
Delivered software in Agile environments and led security tooling improvements (Fortify SSC/SCA), technical debt reduction, and reusable shared library development.

Education

- University of Maryland Global Campus – B.S., Cybersecurity Management and Policy** 2023
- CompTIA Security+ (SY0-601)** 2023
- AWS Certified Cloud Practitioner** 2019
- AWS Certified Solutions Architect - Associate** 2019
- HPE ASE - Fortify v1** 2016
- Certified ScrumMaster** 2016
- College of Southern Maryland – A.S., Computer Science** 2015
