DESCRIPTION

DISCLAIMER: THIS IS A SOURCES SOUGHT NOTICE ONLY. THIS IS NOT A REQUEST FOR QUOTE, PROPOSAL, OR BID

The purpose of this sources sought notice is to identify potential sources which will aid in defining the procurement strategy for example set-aside, sole source, unrestricted of a solicitation the VA intends on issuing in the near future. Please review the attached document for more details on this requirement. See attached 36C25626Q0555 and Scope of Work

Description: The Department of Veterans Affairs (VA), Overton Brooks VA Medical Center (VAMC) in Shreveport, LA is seeking information from potential vendors on their ability to provide NKV-330 Series Ventilator System or Equal for Overton Brooks VAMC. The Contractor shall furnish, deliver, install, and commission ventilator systems meeting the salient characteristics, provide initial clinical user training, and deliver technical documentation, warranty, and service support.

The anticipated Small Business Administration (SBA) size standard for the North American Industry Classification System (NAICS) code is 334510, Electromedical and Electrotherapeutic Apparatus Manufacturing with a Small Business size standard of 1,250 employees.

Information Requested from Industry:

- 1) In response to the Sources Sought, interested Contractors shall submit the following information and any Capabilities/Qualifications Statement to include but not limited to an overview of proposed solution(s) and a description of the product your company possesses in accordance with the attached Statement of Work draft / Salient Characteristics List.
- 2) Responses to attached market research table questionnaire shall be submitted. If this information is not provided, then it will be assumed the entire requirement cannot be met.

Responses are due by 2:00 P.M. (Central Time), on April 1, 2026; size is limited to 8.5 x 11 inches, 12-point font, with 1-inch margins in Microsoft Word format or Portable Document Format (PDF) via email to jeneice.matthews@va.gov the subject line shall read: Sources Sought 36C25626Q0555 NKV-330 Series Ventilator System or Equal Overton Brooks VAMC. **NO SOLICITATION EXISTS AT THIS TIME.** All interested parties shall submit clear and convincing documentation demonstrating their capability to satisfy the requirement. Information provided will be used solely by Overton Brooks VAMC as “**Market Research**” and will not be released outside of the Overton Brooks VAMC Purchasing and Contracting Team.

THIS IS A SOURCES SOUGHT NOTICE ONLY. Small Business Concerns are encouraged to provide responses to the description/service in order to assist the Overton Brooks VAMC in determining potential levels of competition and general market pricing available in the industry. Therefore, vendors are requested to submit estimated market research pricing along with their responses to the above. The estimated pricing will be considered when determining the procurement strategy for the forthcoming solicitation. **THIS SOURCES SOUGHT IS NOT A SOLICITATION OR REQUEST FOR COMPETITIVE QUOTES.** The VA will NOT be responsible for any costs incurred by interested parties in responding to this sources sought notice. Any prospective contractor must be registered in the System for Award Management (SAM) to be eligible for award.

In response to this announcement, please provide the information requested below in this market research table questionnaire. If this information is not provided, then it will be assumed the entire requirement cannot be met:

- e. Does your company supply the end item of a small business manufacturer, processor or producer made in the United States, or obtains a waiver of such requirement pursuant to paragraph (b)(5) CFR 121.406. ☐ yes ☐ no If yes, what is the manufacturer's name? _____

Response Instructions:

- 1) Do not provide more than **8 pages**, including cover letter page.
- 2) Submit your response via email to jeneice.matthews@va.gov
- 3) Submit your response **NLT 14:00 (CST) on Wednesday, April 1, 2026;**
- 4) Mark your response as **“Proprietary Information”** if the information is considered business sensitive.
- 5) VA has identified the appropriate North American Industry Classification System (NAICS) Code as 334510 – Electromedical and Electrotherapeutic Apparatus Manufacturing with a Small Business size of 1,250 employees or fewer. Please identify and explain any NAICS codes your company believes would better represent the predominant work included in the attached Statement of Work draft / Salient Characteristics List.

Statement of Work for the Overton Brooks VAMC Ventilation Equipment

1.Introduction of Required Specifications:

Purpose: The purpose of this Statement of Work (SOW) is to outline the tasks and responsibilities of the awarded contractor in relation to provisions, installation, integration and implementation to purchase of new non-invasive ventilation system at the Overton Brooks VAMC, Shreveport, LA. The Contractor must provide all necessary tools, equipment/hardware, software, licenses, installation, maintenance, warranty and training in accordance with this SOW.

2. Objective:

This procurement will replace the existing ventilation equipment currently in place to at the facility. This replacement will improve patient care and safety as well as provide a consistent and reliable end user experience at point of care.

Equipment: All equipment must be new, state of the art, and not recertified nor refurbished. All equipment must be compliant with current DoD requirements for allowable operating system platforms.

Industry Standards: Unless otherwise stated, all equipment must be held to current industry standards for such equipment as present within the current market for ventilation system equipment, supplies, and related services.

Definitions: Ventilator: A ventilator is a machine that provides mechanical ventilation by moving breathable air into and out of the lungs, to deliver breath to a patient who is physically unable to breathe, or breathing insufficiently.

Clinical acceptance: Initial Clinical use means the delivered equipment as determined by the Government performs the basic intended clinical function of the system in a safe manner for the purpose for which it was designed, with most or all system functionality, allowing the equipment to be used clinically. This begins the initial Contractor warranty period.

3. Equipment Minimum Requirements:

Ventilator:

- Must have integrated dual hepa filtration.
- Must be primary non-invasive ventilator
- Must have integrated ETCO2 and SpO2 monitoring
- Must have high flow oxygen therapy software as a standard option.
- Must have full disclosure with 72 hours of continuous waveforms stored.
- Not be under an FDA recall.

Qty	Serial/Item	Description /Model
8	NKV330-STD-T--ZA	STANDARD NKV330, TROLLEY, ACCESSORIES

4. Installation Considerations:

There is no installation included in this SOW.

Delivery of equipment will be NLT 120 days ARO after ATO-C certification.
Overton Brooks VA Medical Center
510 E. Stoner Ave
Shreveport, Louisiana 71101

Installation of equipment and/or clinical training will be NLT five weeks after delivery of equipment after equipment obtains an ATO-C certification.

Support Features:

Clinical Training: This is a standalone system which requires minimal clinical training that should be accomplished in a day.

Telephone Support: Must include 24x7x365 Unlimited Telephone Support, 24x7 Go-Live Clinical Support by Telephone per Department, 24x7 Ongoing Clinical Support by Telephone per Department for the life of the system. This support must be at no additional cost to the Government.

There is no maintenance and/or service-related costs included in this SOW for equipment and/or ATO-C maintenance. That will need to be purchased on a separate contract.

5. Warranty:

Equipment Warranty: The equipment contained in this contract must come with a two year warranty.

Third Party Product Warranty: Third party products come with a standard 1-year warranty that starts at the time of installation. After this time period the hospital is responsible for maintenance of these items with the OEM.

Supply and Accessory Warranty/Restocking Fee: Customer can return equipment within 30 days of purchase with 0% restocking fee if returned in unopened, original packaging. Equipment returned within 30 days to six-months in unopened, original packaging is subject to a 20% restocking fee. Equipment returned after six months will not be accepted.

6. Exclusions:

Asbestos testing or abatement is not the responsibility of the Contractor.

The contractor will not work in a bio-hazardous, radioactive, toxic, or other high-risk environment.

The Contractor will not provide structural, mechanical, conduit installation or electrical drawings.

The facility is responsible for hanging any devices on the wall/ceiling that require drilling behind sheetrock.

The facility is responsible to repair-patch and/or paint any walls or ceilings effected by installation or deinstallation of equipment.

The facility is responsible for any new network or cabling required for the installation of the system.

The facility is responsible for deinstallation/removal of existing Government-owned equipment from the hospital.

End Statement of Work
