Section A - Solicitation/Contract Form

1377-01-063-3168; MF08; Impulse Cartridge; Source Control Drawing: 5184825

Section B - Supplies or Services & Prices or Costs

Additional Information/Notes

SECTION B - SOLICITATION NOTES

1. This item is a CSI - Critical Safety Item.
2. This is an explosive item.
3. See Section L for proposal submission instructions.
4. Electronic submission of an offer may be accomplished by attaching your offer to an email directed to Kyle Slusser at kyle.j.slusser2.civ@us.navy.mil.

Item	Supplies/Service	Quantity	Unit	Unit Price	Amount
0001	NSN 1377-01-063-3168 DODIC: MF08 Model: CCU/43/B Item Nomenclature: Impulse Cartridge Drawing: 5184825-2 Total Quantity for CLIN:400 Information Only - This item is used in the following Systems /Configurations: F-5E, F-5F, F- 5N, T-38 NOTE: The requirements in DFARS 252.211-7003, Item Identification and Valuation, are applicable for this line item. The contractor shall provide DoD unique identification or a DoD recognized unique identification equivalent. National Stock Number: 1377010633168				
0001AA	TECHNICAL DATA - See DD Form 1423, Exhibit A NOTE: The requirements in DFARS 252.211-7003, Item Identification and Valuation, are applicable for this line item. The contractor shall provide DoD unique identification or a DoD recognized unique identification equivalent. Data Category Code: DD Form 1423 Pricing Arrangement: Firm Fixed Price	1	Set		
	Additional Descriptive Data: This item is <u>NOT SEPARATELY PRICED (NSP)</u>.				
	FIRST ARTICLE TEST SAMPLES Consists of: 25 Header Glass Assemblies, 25 Loaded Ignition Elements Assemblies loaded into Modified Cartridge Cases and conforming to Drawing Number 5184825 and 94 cartridge assemblies shall be submitted for First Article Inspection. Ownership Code 3 NOTE: The requirements in DFARS 252.211-7003, Item Identification and Valuation, are applicable for this line item. The	94	Each		

0001AB	contractor shall provide DoD unique identification or a DoD recognized unique identification equivalent. National Stock Number: 1377010633168 Pricing Arrangement: Firm Fixed Price				
	Additional Descriptive Data: This item is <u>NOT SEPARATELY PRICED (NSP).</u>				
0001AC	INVESTIGATIVE UNIT(S) (FAT): Consists of: 94 Each for testing and 3 Each for investigative purposes Ownership Code 3 NOTE: The requirements in DFARS 252.211-7003, Item Identification and Valuation, are applicable for this line item. The contractor shall provide DoD unique identification or a DoD recognized unique identification equivalent. National Stock Number: 1377010633168 Pricing Arrangement: Firm Fixed Price	3	Each		
	Additional Descriptive Data: This item is <u>NOT SEPARATELY PRICED (NSP).</u>				
0001AD	PRODUCTION LOT TEST SAMPLES Consists of: 1 Lots of 400 each net, plus an additional 35 each per lot for test. (32 each for test and 3 each for investigative purposes.) Ownership Code 3 NOTE: The requirements in DFARS 252.211-7003, Item Identification and Valuation, are applicable for this line item. The contractor shall provide DoD unique identification or a DoD recognized unique identification equivalent. National Stock Number: 1377010633168 Pricing Arrangement: Firm Fixed Price	32	Each		
	Additional Descriptive Data: This item is <u>NOT SEPARATELY PRICED (NSP).</u>

The contractor shall provide DoD unique identification or a DoD recognized unique identification equivalent. National Stock Number: 1377010633168 Pricing Arrangement: Firm Fixed Price	400	Each		

Section C - Description/Specifications/Statement of Work

SECTION C - DESCRIPTION AND SPECIFICATIONS

NOTE 1: NON-ANTICIPATION OF INITIAL DEVIATIONS ON AWARDS

Offerors are reminded that any resultant contract will require performance in strict compliance with the specifications set forth therein, and that prices offered should not be predicated upon Contractor anticipation of Government authorization of deviations, even though such deviations may have been granted previously under other contracts for the same item.

NOTE 2: SPECIFICATIONS THAT DO NOT INDICATE SPECIFIC REVISION LEVELS ARE TO BE MADE TO THE REVISION LEVELS LISTED IN THE ASSIST DATABASE AT <http://assist.daps.dla.mil> IN EFFECT AT THE TIME OF SOLICITATION ISSUANCE.

1. DATA LIST / PART NUMBERS / DRAWING NUMBERS:

CLIN	DATA LIST/PART OR DRAWING NUMBERS	REVISION	REVISION DATE
0001	DL5184825	AB	20 May 2025

2. SPECIFICATIONS:

CLIN	SPECIFICATIONS	REVISION	REVISION DATE
0001	WS19774	B	23 SEP 2003

3. For Contractor part number, Contractor SHALL submit Product Baseline in accordance with DD1423, sequence number A001. Any revisions to an approved Product Baseline require resubmission in accordance with DD1423, sequence number A001.

4. Obsolescence Alert Notice: The contractor shall notify the USG that a pending and/or emergent obsolescence issue exists by submitting a Obsolescence Alert Notice in accordance with DD1423, sequence number A002.

5. DMSMS Report: Diminishing Manufacturing Sources and Material Shortages (DMSMS) is the loss, or impending loss, of manufacturers or suppliers of items, raw materials or software. The obsolescence alert notice shall contain:

1. Contractor's Name
2. Contractor's Address
3. Contractor's Phone Number
4. Date of Notification
5. Contract Number
6. Obsolescence Alert Notice Number
7. Affected Equipment Title/Nomenclature
8. Part Number
9. National Stock Number, if applicable
10. Affected Assembly Title/Nomenclature
 - a. Part Number
 - b. National Stock Number, if applicable
11. Affected Subassembly/Element/Module Title/Nomenclature
 - a. Part number
 - b. National Stock Number, if applicable

12. Contractor's Statement of Impact
13. Contractor's Recommendation to Mitigate Obsolescence Issue/Problem, to include, as applicable:
 - a. Alternative Sources
 - b. Hardware Redesign
 - c. Out of Production Non-Recurring Engineering
14. Contractor's Cost Estimate to Mitigate Obsolescence Issue/Problem

The Contractor shall submit a DMSMS Health Assessment Report for approval/disapproval as specified in Contract Data Requirements List (CDRL) DD Form 1423, sequence number A003 and in accordance with Electronic Code of Federal Regulations (CFR) 48 CFR 2.101. Data delivered using the DMSMS Health Assessment Report will be used to support DMSMS management activities as a part of the Department of Defense (DoD) Total System Life Cycle Management responsibilities.

SECTION C - CONFIGURATION CONTROL: SAE EIA-649 (NAVY STOCK CLASS 1377)

1. Configuration Control - The Contractor shall maintain the total equipment baseline configuration. For items of proprietary design, Contractor drawings showing the latest assembly configuration shall be provided to the Government in electronic format.

All contractor configuration changes that occurred between contract awards shall be submitted to the Government for approval within 45 days of contract award.

Any configuration changes after contract award shall be submitted within 45 days of contract award. All configuration changes shall be submitted at least 60 days prior to Lot Acceptance Testing.

2. Variances - Requests for Variance (RFV) - RFVs shall be designated as Critical, Major, or Minor. The Contractor shall submit RFVs using RFV DD Form 1694 and shall include information as outlined in SAE EIA-649, Configuration Management Standard, and MIL-HDBK-61, Configuration Management Guidance, for additional guidance on preparation of RFVs.

Note: A copy of the required RFV Form DD Form 1694 is available at: https://www.esd.whs.mil/Directives/forms/dd1500_1999/

Additional guidance for completion of RFV can be found at the Attachment "RFV Form DD1694 Example Only dated 02/21/2025". This attachment is incorporated by reference with the same force and effect as if contained herein.

The Contractor's assigned RFV number shall use the following numbering format:

- a. The last seven alpha-numeric characters of the contract number followed by a dash (-).
- b. The letter "V", followed by consecutively assigned numeric characters beginning with 001.

Definitions of RFV Classifications: (See current SAE EIA 649 and MIL-HDBK-61, Configuration Management Guidance, for additional guidance on critical, major and minor classifications.)

Critical: Critical variances impact safety, health, environment, or other critical requirement. A departure from a requirement classified as critical in configuration documentation.

Major: Major variances have significant impacts such as performance or operational limits, structural strength, interchangeability, reliability, survivability, maintainability, durability of the item or repair parts, supportability, cost, effective use or operation, weight or size, or appearance. A departure from a requirement classified as major in configuration documentation.

Minor: Minor variances are issued when departure does not involve any of the factors listed for critical or major variance. Minor variances have little or no impact and are generally associated with non-functional factory defects that can be dispositioned locally as: "use as is" or "after suitable repair". A departure from a requirement classified as minor in configuration documentation.

3. Technical approval authority for RFVs and ECPs is NSWC IHD.
4. Final approval of any ECP and/or RFV shall be in writing, by the Contracting Officer, NAVSUP Weapon Systems Support.
5. Contractors do not have Material Review Board (MRB) authority.
 - a. Authorization to accept "as-is" or repair any nonconformance is specifically retained by the Contracting Officer. The contractor's MRB shall not make any use "as-is" or "repair" disposition on any nonconformance, and the MRB recommendations shall be submitted per paragraph four (4) above.

- b. Authorization to rework the lot prior to submission to the Government for inspection and acceptance is allowed for all parts, subassemblies, and even the end item that undergoes in-process screening for defects. Such rework under the direction of the contractor must ensure all parts meet the requirements of the Technical Data Package (TDP) and/or detailed specification.
- c. Authorization to rework the lot after submission to the Government for inspection and acceptance is specifically retained by the contracting officer. The MRB recommendations shall be submitted per paragraph six (6) below. Rework of a lot to correct a deficiency after it has been presented to the Government may require the lot number and all the associated records to be changed, per the requirements of MIL-STD-1168.

If the contractor recommends, through an internal MRB, to process non-conforming parts, subassemblies, or the end item for use "as-is" or "repaired", then the contractor will be required to submit a Request for Variance (RFV) to the Government for disposition. If a non-conformance is discovered, which results in a failure of the item to meet the requirements of the TDP or detailed specification after the lot has been presented to the Government, then the contractor will be required to provide to the Government documentation such as RFVs, Discrepancy Reports (DR) related to contractor's MRBs, and/or rework procedures used to correct the deficiency (if applicable).

6. Rework and Repair are defined as follows:

- a. Rework: The reprocessing of nonconforming material to make it conform completely to the drawings, specifications or contract requirements.
- b. Repair: The reprocessing of nonconforming material in accordance with approved written procedures and operations to reduce, but not completely eliminate, the nonconformance.

The purpose of repair is to bring nonconforming material into a usable condition. Repair is distinguished from rework in that the item after repair still does not completely conform to all of the applicable drawings, specifications or contract requirements.

SECTION C - IDENTIFICATION OF COVERED DEFENSE INFORMATION (In Reference to 252.204-7012)

1. In accordance with the DFARS clause at 252.204-7012, Safeguarding Covered Defense Information and Cyber Incident Reporting, the Contractor shall provide adequate security for all government and contractor owned Technical Data Packages (TDPs), drawings and item detail specifications on all covered defense information systems that support the performance of work under this contract.

Requirements

This device ejects stores from the aircraft. Ejection or jettisoning action is accomplished by the impulse cartridge due to expanding gas pressures produced. Gas pressures are created within a calculated confined volume. For proper operation, cartridge will be contained in such a manner that propellant is under constant pressure from the expanding gases.

Section D - Packaging and Marking

SECTION D - UID CAD/PAD ITEM MARKING INFORMATION

Unless otherwise specified in the Technical Data Package (TDP), CAD/PAD items **shall** meet the Human Readable Information (HRSI) marking requirements of paragraph 3.1 of the attachment "*CAD/PAD Item Marking Instruction Version 1.6*". The Machine Readable Information (MRI) Data Construct, paragraph 3.2, and Placement of Unique Identification (UID), paragraph 4, are mandatory requirements.

NOTE: UID marking is **REQUIRED** for investigative units (also known as retains). [UID reporting under the WAWF DD250s is not required for investigative units.](#)

SECTION D - PACKING, MARKING, AND TRANSPORTATION

1. Preservation, packaging, packing, and marking **shall** be in accordance with MIL-STD-129, MIL-STD- 2073, CFR 49 171-178, MIL-STD-130, DLAR 4145.41, and Section Five (5) of Specification MIL-DTL- 85097E (OS).

2. Packaging and packing for production lots, first article samples and lot acceptance samples **shall** be IAW the following by item:

CLIN	QUP	IAW
0001	10	F01-063-3168 Rev P, Level A

NOTE: Quantity per Unit Pack (QUP) is defined as the first tie, wrap, or container applied to a single item, or a quantity thereof, or to a group of items of a single stock number, preserved or unpreserved, which constitutes a complete or identifiable package.

3. Labels for Human Readable Information (HRI) and Machine Readable Information (MRI) **shall** meet the requirements for a Grade A, Style 2, Composition (b) label as specified in MIL-PRF-61002. The performance requirements for solvent and detergent resistance are not required. The label should be the pressure sensitive adhesive type.

4. Human Readable Information (HRI) markings **shall** be applied to ammunition, explosives containers and units loads IAW the applicable provisions of MIL-STD-129.

a. At a minimum, inner container markings for CLIN 0001 **shall** include:

National Stock Number and (DoD) Code: *(see Section "B" for applicable CLIN)*

Item Nomenclature: *(see Section "B" for applicable CLIN)*

Item Assembly Drawing Number: *(see Section "B" for applicable CLIN)*

Quantity: [As Applicable](#)

Lot Number: IAW MIL-STD-1168

Serial Number: Required (x) N/A ()

b. At a minimum, outer container markings for CLIN 0001 **shall** include:

National Stock Number and (DoD) Code: *(see Section "B" for applicable CLIN)*

Item Nomenclature: *(see section "B" for applicable CLIN)*

Item Assembly Drawing Number: *(see Section "B" for applicable CLIN)*

Quantity: As Applicable

Lot Number: IAW MIL-STD-1168

Serial Number: Required (x) N/A ()

Gross Weight and Cube: [As Applicable](#)

DoD Contract Number: [As Applicable](#)

POP Markings: (see Section "D" - Packaging, Marking and Transportation paragraph 6a - *below*.)

UN Proper Shipping Name, UN Number, Hazard Class, Compatibility Code, Net Explosive Weight, and EX Number: (see TABLE 1 below for applicable CLIN)

CAA: USG DOT 'EX NUMBER'

(See TABLE 1 EX NUMBER below for applicable CLIN) Example CAA: USG DOT 880832

TABLE 1: United Nations Shipping/Storage Information

CLIN NUM	UN Proper Shipping Name	UN Number	Hazard Class	COMPA. Code	Net Explosive WT (lbs)	EX Number
0001	CARTRIDGE, IMPULSE	0276	1.4	C	.02000	1988080330

5. Machine Readable Information (MRI) markings **shall** be applied to ammunition, explosive containers and unit loads IAW the following coded elements of data from MIL-STD-129. MRI labels **shall** be able to be read and interpreted by automatic bar code reading devices (scanners). MRI markings **shall** contain the minimum data elements identified below:

a. Inner container:

- (N) National Stock Number: (see Section "B" for applicable CLIN)
- (4R) Department of Defense identification code (DODIC): (see Section "B" for applicable CLIN)
- (1P) Item Assembly Drawing Number: (see Section "B" for applicable CLIN)
- (1T) Lot Number: IAW MIL-STD-1168
- S) Serial Number: Required (x) N/A ()

b. Outer container:

- (N) National Stock Number: (see Section "B" for applicable CLIN)
- (4R) Department of Defense identification code (DODIC): (see Section "B" for applicable CLIN)
- (1P) Item Assembly Drawing Number: (see Section "B" for applicable CLIN)
- (7Q) Quantity: As Applicable
- (1T) Lot Number: IAW MIL-STD-1168
- (S) Serial Number: Required (x) N/A ()

NOTE: The parenthesis surrounding the data elements are NOT encoded in the 2D(PDF417) bar code.

6. Shipment of hazardous material (which includes devices containing energetic and explosive material) is subject to the requirements of Title 49, Code of Federal Regulations (CFR), the International Maritime Organization's International Maritime Dangerous Goods (IMDG) Code, and the International Civil Aviation Organization (ICAO) Technical Instructions for the safe transport of hazardous goods. The **contractor shall** make all shipments of hazardous material in packaging approved by Performance Oriented Packaging (POP) testing within its recertification period. If packaging used exceeds a single periodic retest period as regulated in 49 CFR 178.601 or comes from multiple manufacturers, multiple or additional POP Test Reports covering all periods of manufacture/manufacturers are required.

6a. POP testing and POP Test Report is not required for non-explosives items, non-regulated items or items listed in SPI-PHST-316 Revision B. SPI-PHST-316 Revision B uses a Commercial Off-the-Shelf (COTS) packaging container, which is already POP certified. Deviations from the COTS packaging container specified in SPI-PHST-316 Revision B are not allowed.

6b. For special packaging instructions (SPI) of USAF origin, the **contractor may** inquire about receiving a copy of the latest DOD performed POP test. Inquiry **shall** be in writing to the contracting officer a minimum of 30 days prior to need.

NOTE: Foreign Military Sales (FMS) Shipments: As applicable, all outer containers should be clearly marked with the FMS Case Designation, Requisition Number and Project Code, and Country Specific EX Numbers for NOA required shipments- See Section "F" for proper identification.

7. Traceable seals are required for all ammunition and ordnance items, including inert configuration items. Traceable seals provide an indication of security, integrity and certification of material serviceability. Traceable seals ensure that the ammunition, ordnance and/or inert item is not pilfered or tampered with after being placed in each shipping container at the time of packaging. The shipping container will normally be the outer container.

The Contractor **shall** ensure one of the below traceable seals are properly affixed depending on the type of shipping container.

- a. Type 1 TRACEABLE SEALS (WIRE SEALS): Type 1 seals are the preferred seals for containers having provisions or means for application of the seals, e.g., metal, plastic, fiberglass, or wood containers with lids or hinged covers, latches, brackets or flanges. A Type 1 seal is, typically, a wire length with an aluminum disk or pellet which is crimped or crushed using a die which imprints a "U.S." symbol on one side of the disk/pellet with an individual's traceable serial number on the reverse side of the disk/pellet.
 - b. Type 2 SEALS (LABEL SEALS): Type 2 seals are the preferred seals for fiberboard or Styrofoam containers or for metal, plastic, fiberglass or wood containers that will not readily accept Type 1 seals. Type 2 seals are, typically, nonmetallic labels with pressure sensitive backing. They may be pre-printed, stamped or marked with a "U.S." symbol. Type 2 seals **shall** be applied such that the label must be cut or defaced in order to open a container. Adhesives **shall** adhere well enough to prevent peeling during shipping conditions and well enough to prevent lifting and replacement of the label. Particular consideration **shall** be given to label seals required to adhere to wood and fiberboard surfaces.
8. Restrictions Involving Non-Manufactured Wood Packaging (NMWP) and Pallets (per Defense Logistics Agency Directive subpart 47.305-1(c) (90): "**All** wooden pallets and wood containers produced of non-manufactured wood **shall** be constructed from Heat Treated (HT to 56 degrees Centigrade for 30 minutes) material and certified by an accredited agency recognized by the American Lumber Standards Committee (ALSC) in accordance with Non-manufactured Wood Packing Policy and Non-manufactured Wood Packing Enforcement Regulations, both dated May 30, 2001."

SECTION D - PALLETIZATION

Production Lot units **shall** be palletized in accordance MIL-STD-1322, MIL-STD-1322-1000, MIL-STD- 129, MIL-STD-130, and CFR 49 171-178 with the following **exception**:

- a. Edge protectors **shall** be used under all strapping.

Section E - Inspection and Acceptance

SECTION E - PRODUCTION LOT TEST SAMPLES (NSWC IHD TESTING)

1. Supplies/services will be inspected/accepted at:

CLIN	INSPECT AT	INSPECT BY	ACCEPT AT	ACCEPT BY
0001AA Technical Data	See DD1423	See DD1423	See DD1423	See DD1423
0001AB First Article Testing	Contractor	Government	Destination	Government
0001AC FAT Investigative Units	Contractor	Government	Destination	Government
0001AD Lot Acceptance Testing	Contractor	Government	Destination	Government
0001AE LAT Investigative Units	Contractor	Government	Destination	Government
0001AF Production Units	Contractor	Government	Contractor	Government

If supplies will be packaged at a location different from the offeror address indicated on the solicitation, the offeror shall provide the name and street address of the packaging location:

Packaging House

Address

2. Test samples are required from each production lot. A production lot shall consist of the net deliverable quantity plus additional units for lot test samples and any retains for investigative purposes (if applicable) as detailed in section B. The performance, tests, and/or other characteristics, which the sample units must meet, shall be in accordance with the requirements of Section C of this contract (unless following the exception noted in paragraph 3 below).
3. The contractor is allowed to pre-select no more than 30% of the required production lot test samples per lot which have minor external cosmetic defects such as nicks, dings, scratches, paint blemishes, plating blemishes, and small burrs. These units can be used as pre-selected production lot test samples as long as the defects do not create an interference with the form, fit, or function of the unit and/or test fixture. The selection of the production lot test samples shall be noted in a discrepancy report (DR) identifying the item part number, DODIC, contract, lot number, serial numbers of the pre-selected units, and the cosmetic defects of each serial number. A copy of the DR shall be submitted to the Contracting Officer. A second copy of the DR shall be submitted to DCMA/QAR when presenting the production lot for random selection of the remaining lot test samples as stated in paragraph 4 below. The contractor shall also annotate the DR number in the remarks section of the ADC for the applicable production lot. This clause is only applicable to the production lot test samples and the external cosmetic defects mentioned above. If additional units with minor external cosmetic defects are part of the deliverable lot and the contractor would like for the government to accept those units "as is", then a RFV shall be submitted to the Contracting Officer for the determination of disposition for those non-compliant deliverable units.
4. The production lot(s) must be manufactured and presented to the Government Quality Assurance Representative (QAR) with all applicable documentation. The documentation (WAWF-RRs and Ammunition Data Card printed from WARP) accompanying the production lot shall contain the contract number, item, lot number identification, DODIC, NSN, and serial numbers. The production lot test samples shall be selected, at random (unless following the exception noted in paragraph 3 above), from each production lot, by the QAR. The retains are considered part of the production lot test samples and shall also be selected, at random, from each production lot, by the QAR and identified as such.

NOTE: Sample units removed for testing from different lots shall not be commingled.

5. After the selection of the production lot samples and all required data, the samples shall be furnished and shipped by the Contractor to the testing activity set forth in [Section F](#) within 15 calendar days of selection at no additional charge to the Government. The production lot test samples shall not be considered received until all data necessary to evaluate the samples is received. [This data includes, but is not limited to, radiographic requirements specified in Section E - Inspection and Acceptance, Ammunition Data Card from WARP, and WAWF-RR.](#)
6. The following activity will conduct production lot testing: Naval Surface Warfare Center Indian Head Division.
7. *Disposition of Production Lot Test Samples -*

The production lot samples might be subject to Non-Destructive Test (NDT) depending on the requirements delineated by the TDP and/or item specification specified in section C.

NOTE: If a test failure occurs during the Non-Destructive Test (NDT) phase of LAT, the engineering activity is authorize to continue with the remainder NDT series prior halting test (i.e. resistance failure and leak test still remains).

The production lot test samples are also subjected to destructive testing. These units cannot be used to meet fleet support requirements. Samples tested will not be returned to the Contractor. However, in the event there is a failure, or samples are rejected for some other reason, the Contractor may request the return of the affected samples and/or the entire production lot samples for disposition/examination and/or investigation. The written request to return rejected samples and/or the entire production lot samples shall be received by the Contracting Officer within fifteen (15) calendar days after notification of rejection. Any samples returned will be at the Contractor's expense.

8. All other contractual requirements, such as acceptance, shipment, and payment will not be accomplished until the production lot test samples have been tested, approved, and released for service use. The Contractor shall not make shipment of the production lot until receipt of written notification of approval by the Contracting Officer and final approval of the Material Inspection Receiving Report in Wide Area Workflow (WAWF).

9. The only valid and contractually binding notification of production lot approval, conditional approval, or disapproval shall be in writing and issued by the Contracting Officer. This notification shall be made to the Contractor, within sixty (60) calendar days, after receipt of the production lot test samples, all required CDRLs and all necessary data by the Government Testing Activity. Any CDRLs provided by the Contractor deemed to be inaccurate and/or incomplete after engineering review will automatically reset the notification of production lot approval, conditional approval, or disapproval. Upon receipt of written notice accepting a production lot, shipment shall be made as soon as possible and no later than fifteen (15) calendar days after receipt of such notice.

- a. Any notice of approval or conditional approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract.
- b. A notice of conditional approval shall state any further action required by the Contractor.
- c. A notice of disapproval shall cite reasons for such. In the event of a failure, the Contractor shall submit a Failure Analysis and Corrective Action Report (DD Form 1423, sequence number, A004) with all associated costs and expenses to be borne solely by the Contractor. "Failure" is defined as follows:
 - (i) Any of the test samples failing to meet the requirements of the specification and/or drawing,
 - (ii) Any of the test samples fracturing and/or exhibiting any cracks post-firing, unless specifically designed to do so,
 - (iii) A non-ignition or failure to fire.

10. At a minimum, the following is required:

- a. Failure date
- b. Failed part number (e.g. national stock number (NSN), logistics control number, work unit code)
- c. Test or mission being performed when the failure occurred(LAT/FAT)
- d. Failure symptoms and description of detection or diagnosis methods (e.g. Built In Test)
- e. Failure effects (e.g. none, degradation, abort)
- f. Repair action (e.g. remove/replace)
- g. Failure mode description
- h. Failure mechanism/cause of failure
- i. Contributing factors, including multiple factor interactions, or secondary effects of the failure
- j. Corrective action required to mitigate the failure mode, including:
 - Identification of the failure mode
 - The recommended process or process control changes, when the failure cause is due to workmanship defects
 - Proposals for retrofit of all equipment already delivered or assembled, including recommended effectivity, in accordance with the contract
 - Disposition of all defective material and material rendered obsolete because of any necessary redesign, to assure their exclusion from production items
 - Identification of previous functional and environmental qualification tests, if any, invalidated by the corrective action changes and recommendation of those tests that should be repeated, in accordance with the terms of the contract, to demonstrate the corrective action's effectiveness.

11. If the production lot test sample is disapproved by the Government, the Contractor may be required, at the option of the Government and at the Contractor's sole cost and expense, to submit an additional production lot test sample(s) for test. After each notification by the Contracting Officer to submit an additional production lot test sample(s), the Contractor shall, at no additional cost to the Government, make any necessary changes, modifications, or repairs to the production lot or the Government QAR may be required to select another test sample for testing. Such additional test sample(s) shall be furnished to the Government under the terms and conditions and within the time specified in the notification. The Government shall take action on this test sample(s) within sixty (60) calendar days after receipt. The cost of each additional approval, and all costs and expenses related to such test(s) shall be borne solely by the Contractor. The Government reserves the right to require an equitable decrease of the contract price for any extension of the delivery schedule necessitated by additional tests.

12. If the Contractor fails to deliver any production lot test sample(s) within the time or times specified, or if the Contracting Officer disapproves any of the required CDRs, the contract may be deemed to have failed to make delivery within the meaning of the "Default" clause of this contract, and this contract may be subject to termination for default. In such an event, failure of the Government to terminate this contract for default shall not relieve the Contractor of the responsibility to meet the delivery schedule for production quantities.

SECTION E - CAD/PAD INSPECTION AND ACCEPTANCE

1. Inspection and acceptance shall be in accordance with MIL-STD-1168, DL5184825, and WS19774 Rev B.

2. The Government reserves the right to invoke the requirement for First Article Testing (FAT) if there is a change in process, facilities, materials, equipment, or production of the item. "Process" is defined as the steps or tasks that are performed to create a product. An example of a process change that could invoke FAT is implementation of a new production line. "Facilities" is defined as location or buildings where the process(es) are performed to manufacture a product. A contractor may have several buildings already approved for manufacture of the item that do not require notice if already approved. "Materials" is defined as all the raw ingredients that are used in the manufacturing of the item. An example of a material change that could invoke FAT is a new energetic material supplier, which will need to meet the requirements of the applicable specification. "Equipment" is defined as all the tools used to manufacture a product. An example of an equipment change that could invoke FAT is a machine upgrade that changes energetic material processing technique. "Production" is defined as to make, manufacture, or create a product. An example of a production change that could invoke FAT is a revised method to manufacture delay composition. FAT can also be invoked if two years or more have passed since the item was last manufactured, or if the item has developed a manufacturing or performance related issue that can affect form, fit, or function such as changes to technical requirements, performance, interoperability, supportability, maintainability, or safety.

If there is a desire to have predetermination of a potential change to the process, facilities, materials, equipment, or production of the item, a proposal describing the change and any supporting documentation should be written in a formal letter and provided to the Contracting Officer. The Contracting Officer will provide the letter with the supporting documentation of the proposed changes to the cognizant engineering activity. A formal response on the determination of whether an FAT is required may be provided within fifteen (15) business days after receipt from the Contracting Officer.]

Note: The examples provided above are not meant to be all inclusive. The Government shall have the final decision if FAT is invoked based on the proposed change submitted by the contractor as well as the Technical Data Package and/or item specification incorporated by reference in Section C.

3. The Contractor shall provide and maintain a quality program acceptable to the Government and modeled on ISO 9001:2015 or an equivalent quality system. If the quality program is not modeled on ISO 9001:2015 the offeror/prospective Contractor shall indicate the quality system proposed along with how it is equivalent, under separate letter submitted with the offer/proposal.

ISO 9001:2015	Other
---------------	-------

This quality system along with program specific production documentation shall be made available for review by the Government's representative upon request, at the Contractor's facility at no cost to the Government.

4. Due to the critical nature and safety application of these items, the Contractor and the QAR are cautioned that it is mandatory to ensure the correct identification and nomenclature are assigned for all items and shipping containers prior to shipment including CAGE codes. CAD/PAD Devices are exempt from MIL-STD-129 shelf life markings on packaging; however, they shall have a minimum of 85% of the shelf life remaining at time of delivery. Any delivery from a contractor not having at least 85% shelf-life remaining shall be considered non-conforming.

NOTE: The shelf life for CLIN 0001 is: **13 years and 06 months.**

5. Radiographic equipment and procedures shall meet the standards stipulated in the latest revision specification ASTM E1742. Neutron radiography (N-rays), when required for a specific item, shall meet the requirements of ASTM E748 and ASTM E545.

6. Radiographers shall be certified level II or III and qualified in accordance with the requirements described in specification NAS 410.

7. Radiographic Test Technique (RTT) shall include variables which affect the exposure, such as x-ray source, kV or MeV (voltage), mA (current), SFD (Source to Film Distance), or SDD (Source to Detector Distance), exposure time, and film type/detector, and include a diagram or photo of the test setup.

8. Radiographic Test Technique for X-rays and N-rays, as applicable, shall be submitted with the First Article Test (FAT) samples to the activity cited below. If there is no FAT requirement, the radiographic test technique for X-rays and N-rays, as applicable, shall be submitted to the activity below as described in paragraphs 8a and 8b herein.

****(NO EXPLOSIVES TO BE SENT TO THIS ADDRESS)** NSWIC IHD**

CAD/PAD DIVISION BLDG 1557

ATTN: AMS Per Section H

4393 BENSON ROAD

INDIAN HEAD MD 20640-5092

a. Test technique information for ALL radiographs is specified in section 6 of ASTM E1742, refer to Contract Data Requirement List (CDRL) DD Form 1423 sequence number **A005**. The radiographic images shall display a number of units representative of a production lot. Units shall be positioned on the radiographic plate at the areas of minimum and maximum geometric distortion.

9. Notification of approval of the RTT shall be provided via Wide Area Workflow (WAWF). Written notification of rejection will be provided by the Contracting Officer. Approval of the RTT must be received prior to performing radiographic inspection of the production lot units. The Contractor shall then follow the approved technique to produce subsequent radiographs in accordance with the approved RTT. Any change in the approved radiographic technique or equipment requires submittal and approval of new RTT at the Contractor's expense.

a. There is hereby created an option for the Government to waive the requirement for submission of a RTT. The Contractor may only request a waiver for the submission of the RTT as long as the Cognizant Engineering Organization (CEO), which is NSWC IHD, has an approved RTT on file from a previous contract, and the x-ray equipment or RTT has not changed since the referenced contract. The following information shall be furnished by the Contractor when submitting the waiver for RTT:

Approved by _____

Date of approval _____

Contract number under which RTT was approved _____

b. If the submission of the RTT is waived, the previously approved technique shall apply to the contract.

c. If the Contractor requests waiver of submission of the RTT after time of award, an offer of adequate consideration shall accompany the request. In order to fulfill contractual requirements, the Contractor must submit acceptable radiographs. Radiographs should be reviewed by a Level II or Level III certified radiographer in accordance with NAS 410. A radiographic report, including a list of serial numbers inspected, serial numbers rejected, and reason(s) for rejection will be submitted with the radiographs. Radiographs not conforming to the requirements specified herein will not be accepted by NSWC IHD. Disposition of non-conforming radiographs will be by mutual agreement of the parties.

10. In order to fulfill contractual requirements, the Contractor shall submit acceptable radiographs for each Contract Line Item. Radiographs shall be of an image quality to effectively inspect for acceptable assembly of components and defects. Radiographs should be reviewed by a Level II or Level III certified radiographer in accordance with NAS 410. Radiographs not conforming to the requirements specified herein will not be accepted by NSWC IHD. Disposition of non-conforming radiographs will be by mutual agreement of the parties.

11. Representative Quality Indicators (RQI) are recommended to be used on radiographic film or digital images for all CAD/PAD devices. The RQI (also known as a defect standard) contains a known defect (i.e. missing explosive charge, missing O-rings, etc.) placed next to a good unit for comparison, to aid in interpretation. Radiographic test technique shall include RQI to be used and RQI placement.

12. The contractor shall submit radiographs as marked (X) below:

X-RAYS (per applicable spec)	N-RAYS (per ASTM E748)	Sample / LOT Description
X		First Article Sample
X		Lot Acceptance Test Samples
X		Production Lot Units
		Explosive Sub-Assemblies (i.e., NON-GFP CTGS, Booster Sleeves, etc.)

Radiographs of Production Lot Units shall include Lot Acceptance Testing (LAT) samples.

Radiographs for storage release CAD lots are not required unless defects are noted during the Lot Acceptance Test (LAT). When defects are noted during LAT, the Government reserves the right to require 100% radiographic inspection of the suspect lot at the Contractor's expense. These radiographs shall be submitted as specified in paragraphs 12 through 18.

13. Neutron radiographs (N-rays) shall be produced using film (conventional techniques). Radiographs (X- ray) shall be produced using non-film (digital) techniques such as Digital Detector Array (DDA), or Computed Radiography (CR), with the understanding that the Contractor must be

qualified and given prior approval to use digital radiography by NSWC IHD. A qualification plan must be submitted to the Level III Radiographer at NSWC IHD for review prior to qualification of the digital x-ray system. Once the qualification plan has been reviewed and approved, the Level III Radiographer at NSWC IHD will conduct a site visit (i.e. audit) to witness the qualification of the digital x-ray system. The results of the tests performed during the digital x-ray system qualification will be documented in a qualification plan, which will be submitted to the Level III Radiographer at NSWC IHD. At a minimum, the qualification plan shall include information such as the type of system (Make/Model of DDA or CR system, x-ray sources etc.), as well as the specific types of tests (performance checks, as described in the ASTM standards) to be performed to verify the performance of the system. The tests are described in the appropriate ASTM standards (i.e. ASTM E2445 and ASTM E2033 for CR, and ASTM E2737 and ASTM E2698 for DDA systems). An official approval letter will then be issued by the Commanding Officer, NSWC IHD, which authorizes the use of the digital system. Follow up audits at regular intervals of every five years may be conducted to assure the long term stability and performance of the digital x-ray system. If digital radiographs are submitted, they shall be in the form of raw data that is Digital Imaging and Communication in Nondestructive Evaluation (DICONDE) compliant. In addition to the raw DICONDE data, 16 bit Tagged Image Format (TIF) images of the digital radiographs must be submitted. The qualification of non- film techniques will be done IAW the latest versions of standards referenced in the latest version of ASTM E1742 (currently ASTM E1742/E1742M-12), such as ASTM E2698 and ASTM E2737 (for the qualification of Digital Detector Array (DDA) detectors), or ASTM E2033 and ASTM E2445 (for the qualification of Computed Radiography (CR) systems).

14. When submitting the radiographic images, the Contractor shall also submit a report of radiographic inspection. This report shall clearly indicate the units subjected to radiographic inspection by the following data:

- Item Nomenclature and DODIC
- Span of serial numbers displayed
- Complete lot number
- Missing units by serial number
- Complete contract number
- Nonconforming units by serial number and reason for rejection
- Government drawing or part number

NOTE: For the span of serial numbers, include list of serial numbers for units that have been accepted. Any units found to be nonconforming shall be clearly identified. The specific nature of the non-conformance shall be cited, as well as any assignable cause or analysis related to the occurrence.

15. When undergoing radiographic inspection, each unit in the sample or lot shall be permanently serialized in consecutive numerical order per MIL-STD-1168 before radiographic inspection. Serial numbers shall not be repeated on items with the same part number regardless of changes in the lot number. The numbering shall be from left to right, top to bottom with the first item on the left of each row having the lowest serial number. All annotation must be represented using a method which leaves a permanent image on the radiograph, such as placing lead letters on the film cassette or digital detector prior to each exposure. It is NOT acceptable to use adhesive labels, or to write annotation on the radiograph using a marker or other writing instrument. Units that are missing on a radiograph must be indicated by identifying the serial number of the unit immediately preceding, and immediately following, the missing unit(s). All units shall be arranged on trays or boards in consecutive numerical order. Radiographs shall reveal internal components. This may require using various techniques which may include multiple exposures, multiple speeds of film being loaded for each exposure, or additional orientation of unit(s) i.e. 0 degree and 90 degree exposures. Any discontinuities in the serial numbers displayed shall be clearly marked on the representative radiographic image. Specific reasons for the missing serial number(s) and all rejects from the Contractor and QAR inspections prior to radiographic inspection shall be recorded on the radiographic inspection report as described in paragraph 14 and forwarded with the LAT sample. Row-unit-quantities shall be consistent except the ending row of the production lot, which may vary. In addition, serial numbers shall appear at the end of each row when more than 100 units appear on one radiograph image; these serial numbers may appear on tape and be affixed to the radiograph.

16. This radiographic image and report shall be shipped prepaid. The delivery of the radiographic image and report shall be in accordance with Contract Data Requirement List (CDRL) DD Form 1423, sequence number **A006**. The film shall be placed in film envelopes or sleeves. Radiographic film shall be placed into an appropriate shipping container that will not damage the film. The film envelopes shall be placed in either a fiberboard, cardboard, or wooden box. X-rays or N-ray film shall not be placed directly into a shipping container (i.e. FedEx or UPS box). X-ray or N-ray film shall not be rolled up and placed in a shipping tube. When approved for digital radiography, digital radiographic images shall be shipped prepaid on a compact disc (CD). Digital radiographic images shall not be submitted on USB flash drives.

- a. Digital radiographic images may also be submitted electronically through DoD SAFE in addition to CD shipment to improve efficiency in initial Government review. Electronic submission shall optionally be in addition and shall not replace CD shipment for long-term Government storage purposes.
- b. Requests for DoD SAFE links for digital radiographic image submission shall in writing (e- mail) to the AMS listed in Section H with the contracting officer on copy.

17. All radiographic images shall be retained by the Government. All radiographic images shall display a permanent identification of the following information:

- Item Nomenclature and DODIC
- Government Drawing or Part Number

- Complete Lot Number
- Span of Serial Numbers Displayed
- Complete Contract Number
- Name of radiographic facility
- Date of radiograph

18. All documentation, i.e., packing slip, invoice, WAWF-RR, etc., accompanying the radiographic images shall clearly indicate, as a minimum, the following information:

- Contract Number
- Item Nomenclature
- National Stock Number (NSN)
- Department of Defense Identification Code (DODIC)
- Lot Number

19. Due to the critical nature and safety application of these items, the Contractor and the QAR are cautioned that it is mandatory to assure the correct identification and nomenclature are assigned for all item and shipping containers prior to shipment.

20. The Contractor shall have the ballistic test fixtures and/or capabilities to assure that the item being procured meets the specification requirements.

21. The Contractor shall provide, upon Government request and at Contractor's own cost, copies of all certificates of compliance for all materials (mechanical properties, alloying) and all quality conformance tests (Hydrostatic, X-ray, Protective Finish, Magnetic Particle, Dye Penetrant).

22. In the event the First Article test sample fails to meet the requirements of the specification or drawing, the contractor may be required to submit a Failure Analysis and Corrective Action Report (DD Form 1423, sequence number, **A004**).

23. The contractor shall permanently serialize all First Article components and maintain traceability to inspection/acceptance data and end item serial number.

24. The first article test samples shall not be considered received until all data necessary to evaluate the samples as received, such as: radiographic requirements specified in Section E-Inspection and Acceptance, DD Form 1650 and DD Form 250 or WAWF-RR documents.

SECTION E - CAD/PAD ENERGETIC MATERIALS REQUIREMENTS

1. The age of the energetic materials and components (i.e. ALL explosives, propellants, pyrotechnics, cartridges, and/or initiators) used in the manufacture of these items or sub-components shall not exceed twenty-four (24) months based on the original manufacturing date or retest date; unless otherwise noted in the detail specification of the item being procured. Propellant manufactured shall be in accordance with the required specifications of paragraph one, section E - CAD/PAD Inspection and Acceptance (Apr 2017). Any government furnished property provided in conjunction with the contract is considered acceptable for meeting the requirement. All energetic materials and components must be traceable to the original DoD qualified manufacturer and compliant with the ITAR part 120 and 121 (http://www.pmddtc.state.gov/regulations_laws/itar.html).

2. Raw (non-blended) ingredients & materials used in blended/mixed energetic materials such as, but not limited to: fuels, oxidizers, binders, curatives, sensitizers, plasticizers, stabilizers etc., shall not exceed twelve (12) months since date of manufacture or retest date and comply with original manufacture's specification or military standard. This requirement must be met prior to loading of any of the energetic materials into the item or sub-components.

3. The Government may waive the energetic and constituent material requirements listed above or portions thereof, on a case-by-case basis (when acceptable to the Government) provided the Contractor furnishes all details of the reason for the waiver and the age, lot numbers, traceability, and other pertinent information/ test data and Certificate of Analysis/ Conformance (COA/COC) of the subject materials or components. Waivers shall be requested in only one of the following formats:

- a. Request for Variance: RFVs shall be submitted in accordance with Section C. The RFV may be subject to, but not limited to, conditions such as sensitivity testing, stabilizer analysis and/or dehumidification at Contractor's cost. RFVs may be submitted with a recertification plan (if available). The recertification plan will be kept on record once approved by the cognizant engineering activity.
- b. Energetics Test Matrix: The contractor may request waiver of the energetic and constituent material requirements as long as the Cognizant Engineering Organization (CEO), which is NSWC IHD, has an approved Energetic Test Matrix available for incorporation into Section C at time of award. The following information shall be furnished by the Contractor when submitting the waiver from the energetic and constituent material requirements based on an approved test matrix:

Date of approval _____

Document Number _____

Revision: _____

SECTION E - AMMUNITION LOT NUMBERING: MIL-STD-1168

Ammunition lot numbering shall be in accordance with MIL-STD-1168 except as specified below (and MIL-DTL-85097 for Propellant Actuated Devices).

*Lot number formulation shall consist of the following:

- a. The Contractor symbol: Only approved symbol is to be used. Requests for approval of marking symbol are to be submitted [via the Government Inspector. Refer to MIL-HDBK-1461 for guidance, which is available on the WARP Website.](#)
- b. The year and the alpha code designating the month in which final assembly for end item of the representative lot begins (CADs only)
- c. The assigned lot interfix number (provided by NSWC IHD at time of award).
- d. The sequence number shall be consecutive for each production lot manufactured and shall be consecutive across contracts (sequence number shall not be repeated or reset).
- e. Serialization of sub-assembly or end item under this contract shall meet the requirements of MIL-STD-1168. Serial numbers Shall Not be repeated on the same part numbered item regardless of changes in lot numbers.

NOTE: Serial numbers (S/N's) are not part of the lot number. S/N's shall be assigned separately and in sequence.

[\(Example. Lot ABC97J009G001, S/N's 001-018\)](#)

SECTION E - AMMUNITION DATA CARDS AND MATERIALS INSPECTION AND RECEIVING REPORT

1. Under the direction of MIL-STD-1168, the Contractor shall furnish Ammunition Data Cards (ADC) for each shipment (test and production) as generated using the Worldwide Ammunition- data Repository Program (WARP). Preparation instructions are found in DI-MISC-80043B and on the WARP website in the WARP User's Manual. Additional guidance for completion of ADC can be found at the Attachment "*Ammunition Data Card Master Revision 16*" and "*ADC SOW Rev Basic dated Jan 2018*". This attachment is incorporated by reference with the same force and effect as if contained herein. All components and subassemblies shall be listed on the ADC per DI-MISC-80043B, paragraph 3, in accordance with DD 1423 sequence number **A007**. A printed copy of the accepted (AC status) ADC from WARP shall be included with each Shipment. The ADC data elements listed below are part of section B of this contract.

National Stock Number and (DoD) Code: (see Section "B" for applicable CLIN)

Item Nomenclature: (see Section "B" for applicable CLIN)

Item Assembly Drawing Number: (see Section "B" for applicable CLIN)

NOTE: The WARP system for Ammo Data Cards requires Contractors to hold a certificate to access the system and communicate with the secure DoD server.

The site to obtain ECA Access Certificate is: <http://www.identrust.com/warp/index.html>

The WARP login website is: <https://mhpwarp.redstone.army.mil>

2. Lot numbers for all explosive components and explosive subassemblies shall be in accordance with MIL-STD-1168 (Ammunition Lot Numbering and Ammunition Data Card), and shall be included in the components section of the Ammunition Data Card.

3. In accordance with the DFARS clause at 252.232-7003, Material Inspection and Receiving Report, the Contractor shall complete a Wide Area Workflow Receiving Report (WAWF-RR) at the time of each delivery (Lot Acceptance or First Article test samples and production lot). Preparation instructions are found in the DFAR Supplement Appendix F.

If the date cited in [WAWF-RR](#) is an estimated "ship date", the Contractor shall make distribution of a corrected WAWF-RR indicating the "actual ship date" within 24 hours after actual shipment. The following additional data shall be furnished on the WAWF-RR:

- a. Complete lot number, lot expiration date (month and year)
- b. Total lot size (consists of net, test, and investigative).

- c. Serial numbers of units shipped to consignee.
- d. Net quantity shipped to destination.
 - 1. Item quantity shipped to consignee
 - 2. Total item quantity shipped to consignee
 - 3. Item quantity due consignee
- 4. The Contractor shall make distribution of the ADC and [WAWF-RR](#) in accordance with the information provided in Section H no later than 24 hours after shipment. When Item 0001, 0002, etc. is indicated under the designator, the Contractor shall furnish all shipping documents for all SUBCLINs under that line item.

FAR Clauses Incorporated by Reference

Number	Title	Effective Date	Alternate/ Deviation	Variation Effective Date
52.246-2	Inspection of Supplies-Fixed-Price.	Aug 1996		
52.246-16	Responsibility for Supplies.	Apr 1984		

FAR Clauses Incorporated by Full Text

52.246-11 Higher-Level Contract Quality Requirement. (Dec 2014)

Higher-Level Contract Quality Requirement (Dec 2014)

(a) The Contractor shall comply with the higher-level quality standard(s) listed below.

ISO-9001:2015

(b) The Contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph (a) of this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts, in-

(1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or

(2) When the technical requirements of a subcontract require-

(i) Control of such things as design, work operations, in-process control, testing, and inspection; or

(ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(End of clause)

Section F - Deliveries or Performance

SECTION F - DELIVERIES OR PERFORMANCE

Unless otherwise indicated in this contract, accelerated delivery is desirable and acceptable at no additional cost to the Government. The addresses for the activities designated to receive supplies are listed below:

CLIN/SLIN	QTY	SHIP TO:/MARK FOR:
0001AB (FAT)	94 EA	SHIP TO: N00174 (TAC 2) NSWC INDIAN HEAD DIVISION NAVAL Surface Warfare Center 4522 McMahon Road Indian Head MD 20640-1525 POC: (for CAD Test) Jeffrey Peters jeffrey.j.peters14.civ@us.navy.mil (301) 275-4317
0001AC (Investigative Units)	3 EA	MARK FOR: Explosive Scales (BLDG 1103/1104) ATTN: CAD Test, Code R36 Condition Code: D Ownership Code: 3 LAC: 5N
0001AD (LAT)	32 EA	SHIP TO: N00174 (TAC 2) NSWC INDIAN HEAD DIVISION NAVAL Surface Warfare Center 4522 McMahon Road Indian Head MD 20640-1525 POC: (for CAD Test) Jeffrey Peters

NOTE: The above Mark For information is to be noted on the [WAWF-RR](#) for each applicable subline item.

CAD/PAD ADDITIONAL NOTES:

- a. A WAWF-RR shall be furnished for each lot of test samples shipped.
- b. The following data shall be furnished on the WAWF-RR shipping document.
 1. Lot Number
 2. Lot Size Total (consists of net, test and investigative)
 3. Net quantity shipped to consignee
 - a. Item quantity shipped to consignee
 - b. Total item quantity shipped to consignee
 - c. Item quantity due consignee

d. GBL and method of shipment

4. Test units - lot size represented by number of test units forwarded for test. (Total test units equals test samples plus investigative or retained samples.)
5. The WAWF-RR shall be marked as applicable, i.e., "First Article Test Sample," "Lot Acceptance Test Sample," "Production M/F Stock and Issue" and/or other mark for (M/F) instructions contained in this section.

SECTION F - SHIPPING INFORMATION FOR ALL SUBCLINS

Contractor shall provide the following shipping information listed below for all SubCLINs listed in Section B, no later than 3 days from the actual ship date.

Shipping Information can be provided in Contractor's preferred format to the NAVSUP Contracting POC and AMS POC listed in Section H:

Shipping Company

Tracking Number

Contract Number

SubCLIN

Actual Ship Date

Lot Number

DODIC

Quantity Shipped

WAWF DD250 Number

If available provide: FMS Case Number, GBL Number, Airway Bill

SECTION F - SHIP IN PLACE

1. "SHIP IN PLACE" is authorized for FMS items ONLY, upon notification of successfully passed Lot Acceptance Testing and proof that the contractor has applied for GBLs. When shipping instructions are unavailable at the time the units are accepted by the Government, the contractor shall be authorized to ship in place, and upon submission of proper invoice/DD250/WAWF-RR, receive final payment for items shipped. The contractor agrees to store and safeguard the units in bonded storage at no extra cost to the government, while waiting for shipping instructions from the cognizant country representative /freight forwarder. The requirements for "Evidence of Shipment" shall be postponed until receipt of shipping instructions.
2. Shipment shall be made promptly upon receipt of shipping instructions. The shipment shall be moved on DD Form 1149 Requisition and Invoice /Shipping Documents and shall be issued and distributed per the contract showing the actual ship date, GBL#, and correct "ship to" and "mark for".
3. DD1149's shall be provided to the Administrative Points of Contact in Section H within 10 days after shipment.

SECTION F - REPORT OF SHIPMENT

The Contractor shall provide an advanced Report of Shipment (REPSHIP) per clause 52.247-68 to the AMS listed in Section H no later than 24 hours prior to the shipment arrival, and for ammunition shipments no later than two hours after shipment departure. Failure to provide a REPSHIP can result in shipments being denied at point of disembarkation and returned to the point of embarkation for reshipment at the contractor's expense. A REPSHIP can be in the contractor's format but shall include at a minimum all the following data:

Contractor shall contact their nearest Defense Contract Management Agency (DCMA) Office for transportation guidance and assistance for all Foreign Military Sales (FMS) deliveries prior to shipment; and ensure that the DCMA provides one information copy of completed Notice of Availability (NOA) including FMS case and requisition numbers by email or mail to:

REPSHIP Data Requirements for Individual Shipments of Hazardous Material (HAZMAT) and Inert Component Parts - Continental United States (CONUS) to CONUS, CONUS to Overseas or From All Overseas Locations

FROM: Shipping Activity

TO: IHD AMS (See Section H)

SUBJ: Report of Shipment (REPSHIP)

- 1) Shipment Date written as a three-digit day of the year (Julian)
- 2) Estimated Time of Arrival (ETA) written as a three-digit day of the year (Julian) (Observe Standard Transit Time (STT), if CONUS Truck Shipment and no Required Delivery Date (RDD) identified.
- 3) Required Delivery Date (RDD) or Delivery Date (DD), if specified.
- 4) Carrier.
- 5) Bill of Lading (BL) Number (Notes 1, 2, 3, 4)
- 6) Military Traffic Expediting-Greater Security (MTX-GS) Service Number (Notes 1, 2, 3)
- 7) Air Release Number (Notes 1, 2, 3) or for Surface Shipments, Export Traffic Release (ETR) Number and Vessel Name and/or Voyage Document Number
- 8) Shipment (Cargo) Name (Example: Bombs)
- 9) Container and Seal Number (if applicable):
 - a) Container Transportation Control Number (TCN)
 - b) Total Weight of Contents
 - c) Rounds, Pieces, Weight, Cube, Condition Code, and Lot Numbers (Note 4)
- 10) Security Risk Category (SRC), (E.g., Security Risk Category I, II, III, IV, Unclassified, Confidential, Secret, None)
- 11) Controlled Item Inventory Code (CIIC)
- 12) Total Net Explosive Weight (NEW)
- 13) Hazard Classifications
- 14) Department of Defense Identification Code/Navy Ammunition Logistic Code (DODIC/NALC). (Note 4).
- 15) Name, address, and phone number of person responsible for information contained in REPSHIP

NOTES:

1. When the conveyance contains more than one shipment unit, repeat the data elements in separately lettered paragraphs for each shipment unit.
2. Cargo for more than one vessel or flight, but shipped to Port of Embarkation (POE) in a single conveyance, is included in a single REPSHIP. When cargo for a single vessel is moved to the Seaport of Embarkation (SPOE) in more than one conveyance, repeat all the data elements as above in separate numbered paragraphs for each conveyance or REPSHIP.
3. A separate REPSHIP is used for each mode of shipment to the POE.
4. Lot number, DODIC and NALC are not mandatory fields. If available, they may be provided in the electronic RESHIP or in the template above. If a CBL is used, the lot number and ammunition condition code should be included in the remarks section. Weapons must be identified on the CBL by each serial number contained within the shipment.
5. DODIC and NALC are codes used specifically for logistic administration and control of ammunition.

SECTION F - TIME OF DELIVERY

The Government desires delivery to be made according to the following desired delivery schedule. If the offeror is unable to meet the desired delivery schedule, it may, without prejudicing evaluation of its offer, propose a delivery schedule below. However, the offeror's proposed delivery schedule must not extend the delivery period beyond the time for delivery in the Government's required delivery schedule.

The Government reserves the right to award under either the required delivery schedule or the proposed delivery schedule. If the offeror proposes no other delivery schedule, the required delivery schedule will apply.

DELIVERY KEY:	

FAT = First Article Test	DAFATA = Days After FAT Approval
LAT = Lot Acceptance Test	DALATA = Days After LAT Approval
DADC = Days After Date of Contract	DAR-GFP = Days After Receipt of GFP Assets

DELIVERY SCHEDULE

ITEM	QTY	DESIRED DELIVERY SCHEDULE	PROPOSED DELIVERY SCHEDULE

252.223-7003 Change in Place of Performance--Ammunition and Explosives. (Dec 1991)

CHANGE IN PLACE OF PERFORMANCE--AMMUNITION AND EXPLOSIVES (DEC 1991)

(a) The Offeror shall identify, in the "Place of Performance" provision of this solicitation, the place of performance of all ammunition and explosives work covered by the Safety Precautions for Ammunition and Explosives clause of this solicitation. Failure to furnish this information with the offer may result in rejection of the offer.

(b) The Offeror agrees not to change the place of performance of any portion of the offer covered by the Safety Precautions for Ammunition and Explosives clause contained in this solicitation after the date set for receipt of offers without the written approval of the Contracting Officer. The Contracting Officer shall grant approval only if there is enough time for the Government to perform the necessary safety reviews on the new proposed place of performance.

(c) If a contract results from this offer, the Contractor agrees not to change any place of performance previously cited without the advance written approval of the Contracting Officer.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Combo unless Contractor's business systems do not allow. In that event an "invoice" (stand-alone) and "receiving report" (stand-alone) may be used.

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

See Section E Inspection and Acceptance

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	<u>SEE BLOCK 12 OF AWARD</u>
Issue By DoDAAC	<u>SEE BLOCK 5 OF AWARD</u>
Admin DoDAAC	<u>SEE BLOCK 6 OF AWARD</u>
Inspect By DoDAAC	<u>SEE BLOCK 6 OF AWARD</u>
Ship To Code	<u>SEE SECTION F OF AWARD</u>
Ship From Code	<u>SEE SECTION F OF AWARD</u>
Mark For Code	<u>SEE SECTION F OF AWARD</u>
Service Approver (DoDAAC)	<u>SEE BLOCK 6 OF AWARD</u>
Service Acceptor (DoDAAC)	<u>SEE BLOCK 6 OF AWARD</u>
Accept at Other DoDAAC	<u>SEE BLOCK 6 OF AWARD</u>

LPO DoDAAC	<u>N/A</u>
DCAA Auditor DoDAAC	<u>N/A</u>
Other DoDAAC(s)	<u>N/A</u>

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

navsupwawf.wss.fct@navy.mil

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

Section H - Special Contract Requirements

SECTION H - ADMINISTRATIVE POINTS OF CONTACT

- 1) Inquiries and correspondence directed to the Administrative Point of Contact at NAVSUP should be addressed as follows:

Name: TBD at time of award

Code: N772.#

Phone: ###-###-####

Email: first.last.civ@us.navy.mil

- 2) Inquiries and correspondence directed to the Acquisition Management Specialist (AMS) should be addressed as follows:

Name: TBD at time of award

Code: E21

Phone: ###-###-####

Email: first.last.civ@us.navy.mil

- 3) If the inquiry involves technical questions, (drawing, specifications, etc.) inquiry should be submitted in accordance with the procurement specification. All telephone inquiries pertaining to technical questions must be confirmed in writing with the above AMS and PCO within 48 hours.

SECTION H - SPECIAL DISTRIBUTION

NOTE 1: Use of the Wide Area Work Flow Receipt and Acceptance (WAWF-RR) electronic form is required. See clause 252.232-7003 Electronic Submission of Payment Requests and Receiving Reports.

NOTE 2: When using WAWF-RR to submit Contract Data Requirements List (CDRL) data and "Not Separately Priced" items, the following information shall be listed in the "Comments" field of the WAWF electronic form: Shipping company, shipment tracking number, and date shipped.

WAWF-RR documents accompanying the shipment are to be attached as follows (Type of Shipment - Location):

Carload or truckload - Affix to the shipment where it will be readily visible and available upon request.

Less than carload or truckload - Affix to container number one or container bearing lowest number.

Mail, including parcel post - Attach to outside or include in the package. Include a copy in each additional package of multi-package shipments.

SECTION H - SPECIAL DISTRIBUTION

KEY:

* = HARD COPY

** = Provisional for LATs Only

S = Include all other shipping documents

SECTION H - MAINTENANCE OF DATA

The Contractor SHALL maintain all Lot related Data, for a period of twenty (20) years, unless disposal is approved in writing by NSWC IHD, AMS.

SECTION H - GOVERNMENT FURNISHED PROPERTY

1. The Government will furnish the following property to the Contractor for use in performance of this contract:

2. Attachment, Scheduled Government Furnished Property, shall be completed by the Contracting Officer and uploaded to Electronic Document Access (EDA) as an attachment to the contract. Additional information can be found at DFARS PGI (245.103 & 245.201-70).

PROPERTY	QUANTITY	EXPLOSIVE CLASS	SHIPPING WEIGHT
HES 5250.207 Alliant Techsystems 1376-01-221-5664 DWG 5184839	13	1.3	13 LB
NOSOL .05 x .01 1376-01-164-3489 MIL-P-82739 Radford Army Amm Plant	1	1.1	1 LB

Delivery of such property will be made by NSWC IHD, INDIAN HEAD. GFP will be available for delivery no earlier than 90 days after request.

3. The property will be delivered, at the Government's expense, at or near:

POC: _____

Address: _____

4. The Contractor shall notify the Contracting Officer, in writing, with a concurrent copy to the cognizant DCMA office and NSWC IHD AMS, per Section H, at least ninety (90) days prior to the need for the Government Furnished Property (GFP).

The GFP request shall clearly indicate the following information:

- Contract Number
- End Item Nomenclature and DODIC
- Quantity of GFP required
- Complete address to which GFP is to be delivered
- Date GFP is required

5. Only the property listed above, in the quantity shown, will be furnished by the Government. The total quantity of GFP provided will include First Article/Preproduction Testing, if required, lot acceptance, and normal attrition.

6. The Government reserves the right to initially forward only the appropriate amount of GFP applicable to the First Article quantity (as described in Section B Supplies/Services) within 90 days of the Contractor's request. The GFP applicable to the Production units and the Lot Acceptance Test Samples (as described in Section B Supplies/Services) will be forwarded within 60 days after the approval of the First Article Test requirement and subsequent release to production by the Contracting Officer, per program plan of section H of this contract.

7. The Contractor shall perform inspection of GFP within five (5) days after receipt at their facility.

8. The Contractor shall notify the Contracting Officer, in writing, within thirty (30) days after receipt of GFP, if GFP is determined to be lost, damaged, destroyed, no longer usable, or no longer needed for the performance of the contract.

9. If the Contractor determines that additional GFP is needed prior to contract award or during contract performance, the Contractor shall submit a written request to the Contracting Officer. In order for the request to be considered, the Contractor must provide justification for the need for additional GFP. If additional GFP is requested by the Contractor and issued by NSWC IHD during contract performance, the contract price will be reduced to compensate for the additional GFP.

10. All other property required for performance of this contract shall be furnished by the Contractor.

11. **PROPELLANTS/EXPLOSIVES** - The above cited propellants/explosives provided as GFP are from lot(s) found to be acceptable for the intended application. It is the Contractor's responsibility to perform any processing, screening and/or testing (i.e., drying prior to use, moisture analysis, trimming of individual grains, screening for random defects, etc.) cited or referenced in the applicable drawings/specifications to assure product conformance. Failure to comply with these conditions could cause rejection of the end-item.
12. **CARTRIDGES** - The above cited cartridges provided as GFP are from lot(s) found to be acceptable for the intended application. It is the Contractor's responsibility to perform any processing, screening and/or testing (i.e., drying prior to use, moisture analysis, trimming of individual grains, screening for random defects, etc.) cited or referenced in the applicable drawings / specifications to assure product conformance. These cartridges must be loaded into the end item within twelve months from the date of manufacture of the cartridge. The Contractor shall notify the Contracting Officer, in writing, in the event this requirement cannot be met.
13. **DISPOSITIONING** - The Contractor shall request disposition instructions from the Contracting Officer for any residual GFP. Any residual GFP must be in a container clearly marked with the NSN and lot number. It must also be free from any hazardous waste. Contents and marking shall be verified by the Government QAR.

Residual GFP shall be dispositioned within thirty (30) days after acceptance of the final production lot. Additionally, the Contractor shall notify the receiving activity, in writing, at least thirty (30) days prior to shipment. A detailed list of material being returned shall be provided. Failure to comply may result in rejection of the material at the destination. Any costs associated with return of unauthorized shipments shall be borne by the Contractor.

If the Contractor has the capability to dispose of the residual GFP at their facility, and has received permission to do so through approved disposition instructions, the Contractor shall provide a written notice to the issuing activity within thirty (30) days after the disposal. This notice shall identify the material which was disposed of by the contract number, NSN, lot number, quantity, and the date the material was disposed. Verification by the Government QAR is required and shall be cited on this notification.

Additional Regulation or Supplemental Clauses Incorporated by Full Text

WSSTERMHZ13 ACCIDENT REPORTING

(Nov 1992)

1. IAW DFARS Clause 252.2237002 the contractor shall immediately following an accident or incident notify the Commanding Officer, NAVSUP Weapon Systems Support Code N7, 5450 Carlisle Pike, PO Box 2020, Mechanicsburg, PA 170550788. Also, a written report shall be forwarded within 10 days of the accident containing at a minimum the following:

- a. Location, date and local time of the occurrence
- b. Category of accident (fire, explosion, natural disaster, etc.)
- c. Identification of equipment, material and type of activity involved.
- d. Contract number.
- e. Procuring activity (name of PCO and ACO).
- f. Narrative of occurrence including cause, if known.
- g. Personnel involved and degree of injury, if any. Specify whether contractor and/or government personnel.
- h. Assessment of damage. Estimate in dollars for contractor and/or government owned material, property, equipment.
- i. Was a news release made? If so, by whom? If not, will a news release be made?
- j. Was a request made for any assistance?
- k. Will there be any effect on production? If so, explain in detail.
- l. Corrective action taken, if any.
- m. Name and title of person submitting this report.

2. For the assigned DCMA, Contract Administration Office (CAO). The CAO shall immediately following an accident or incident notify the Procurement Contracting Officer (PCO) and then forward weekly written reports until the accident or incident no longer effects production and/or when contract deliveries are on schedule.

Section I - Contract Clauses

SECTION I - CONTRACT CLAUSES

DFARS CLAUSES INCORPORATED BY FULL TEXT

DFARS 252.244-7998 Contractor Purchasing System Administration. (DEVIATION 2026-O0015)

Alternate I. As prescribed in [244.301-71\(b\)](#), use the following clause, which amends paragraph (c) of the basic clause by deleting paragraphs (c)(1) through (c)(18) and (c)(22) through (c)(24), and revising and renumbering paragraphs (c)(19) through (c)(21) of the basic clause.

CONTRACTOR PURCHASING SYSTEM ADMINISTRATION--ALTERNATE I

(JAN 2025)

The following paragraphs (a) through (f) of this clause do not apply unless the Contractor is subject to the Cost Accounting Standards under 41 U.S.C. chapter 15, as implemented in regulations found at 48 CFR 9903.201-1.

(a) Definitions. As used in this clause--

"Acceptable purchasing system" means a purchasing system that complies with the system criteria in paragraph (c) of this clause.

"Material weakness" means a deficiency or combination of deficiencies in the internal control over information in contractor business systems, such that there is a reasonable possibility that a material misstatement of such information will not be prevented, or detected and corrected, on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is--

- (1) Probable; or
- (2) More than remote but less than likely (section 806 of Pub. L. 116-283).

"Purchasing system" means the Contractor's system or systems for purchasing and subcontracting, including make-or-buy decisions, the selection of vendors, analysis of quoted prices, negotiation of prices with vendors, placing and administering of orders, and expediting delivery of materials.

(b) Acceptable purchasing system. The Contractor shall establish and maintain an acceptable purchasing system. Failure to maintain an acceptable purchasing system, as defined in this clause, may result in disapproval of the system by the Contracting Officer and/or withholding of payments.

(c) System criteria. The Contractor's purchasing system shall--

(1) Establish and maintain policies and procedures to ensure purchase orders and subcontracts contain mandatory and applicable flowdown clauses, as required by the FAR and DFARS, including terms and conditions required by the prime contract and any clauses required to carry out the requirements of the prime contract, including the requirements of [252.246-7007](#), Contractor Counterfeit Electronic Part Detection and Avoidance System;

(2) Provide for an organizational and administrative structure that ensures effective and efficient procurement of required quality materials and parts at the best value from responsible and reliable sources, including the requirements of [252.246-7007](#), Contractor Counterfeit Electronic Part Detection and Avoidance System, and, if applicable, the item marking requirements of [252.211-7003](#), Item Unique Identification and Valuation; and

(3) Establish and maintain selection processes to ensure the most responsive and responsible sources for furnishing required quality parts and materials and to promote competitive sourcing among dependable suppliers so that purchases are from sources that meet contractor quality requirements, including the requirements of [252.246-7007](#), Contractor Counterfeit Electronic Part Detection and Avoidance System.

(d) Material weaknesses.

(1) The Contracting Officer will provide notification of initial determination to the Contractor, in writing, of any material weaknesses. The initial determination will describe the underlying deficiency in sufficient detail to allow the Contractor to understand the weaknesses or deficiency.

(2) The Contractor shall respond within 30 days to a written initial determination from the Contracting Officer that identifies material weaknesses in the Contractor's purchasing system. If the Contractor disagrees with the initial determination, the Contractor shall state, in writing, its rationale for disagreeing.

(3) The Contracting Officer will evaluate the Contractor's response and notify the Contractor, in writing, of the Contracting Officer's final determination concerning--

- (i) Remaining material weaknesses;
- (ii) The adequacy of any proposed or completed corrective action; and

(iii) System disapproval, if the Contracting Officer determines that one or more material weaknesses remain.

(e) If the Contractor receives the Contracting Officer's final determination of material weaknesses, the Contractor shall, within 45 days of receipt of the final determination, either correct the material weaknesses or submit an acceptable corrective action plan showing milestones and actions to eliminate the weaknesses.

(f) Withholding payments. If the Contracting Officer makes a final determination to disapprove the Contractor's purchasing system, and the contract includes the clause at [252.242-7005](#), Contractor Business Systems, the Contracting Officer will withhold payments in accordance with that clause.

(End of clause)

NMCARS CLAUSES INCORPORATED BY FULL TEXT

5252.223-9000 DoN ADDITIONAL SAFETY REQUIREMENTS APPLICABLE TO SPECIFIED GOVERNMENT FURNISHED AMMUNITION AND EXPLOSIVES (OCT 1997)

The following additional safety requirements apply to Government Furnished Material (GFM) Ammunition and Explosives (A&E) containing nitrocellulose-based propellants and/or nitrate ester-based materials (such as nitroglycerin,) or such other similar A&E provided as GFM and designated by the Contracting Officer which have a tendency to become chemically unstable over time:

(a) The Contractor shall maintain inventory control records of potentially unstable GFM A&E by National Stock Number (NSN) or part number, lot number, nomenclature, storage location, quantity and date of receipt.

(b) The Contractor shall comply with any Government notice concerning any restrictions, suspensions and limitations imposed by the cognizant Government component on GFM A&E to ensure that the materials are safe for continued storage.

(c) Upon receipt of a notice from the Government of reclassification actions taken by the Government that render GFM A&E unserviceable, suspended or restricted, the Contractor shall immediately follow the instructions contained within the notice.

(d) When directed by the Government, the Contractor shall ship samples of GFM A&E in its possession to the Government testing facilities. GFM A&E samples will be shipped with the Contract Number, NSN or part number, lot number, nomenclature and quantity clearly marked on the Bill of Lading. Failure to comply may result in rejection and/or disposal of the material at the destination at the expense of the Contractor. Any costs associated with the rejection and/or disposal of non-compliant or unauthorized shipments shall be borne by the Contractor.

(e) Within 30 days of completion or termination of the contract, the Contractor shall request disposition instructions from the Contracting Officer for any residual, unserviceable, suspended or restricted GFM A&E. The Contracting Officer shall provide disposition instructions to the Contractor not later than 90 days after they are requested.

(f) If disposition instructions direct shipment to a Government disposal or storage activity, the Contractor shall obtain verification of the contents and marking by the contract administration office Quality Assurance Representative prior to shipment. Additionally, the Contractor shall notify the receiving activity 30 days prior to shipment and provide a detailed list of GFM A&E being returned. Returned materials will be shipped with the Contract Number, NSN or part number, lot number, nomenclature and quantity clearly marked. Failure to comply may result in rejection and/or disposal of the material at the destination at the expense of the Contractor. Any costs associated with the rejection and/or disposal of non-compliant or unauthorized shipments shall be borne by the Contractor.

(g) If the Contractor has the capability to dispose of these materials at its facility and has been instructed to do so through disposition instructions, the Contractor shall provide written notice to the Contracting Officer identifying the materials it is disposing of by the Contract Number, NSN or part number, lot number, nomenclature and quantity, and the date the disposition of the materials was accomplished.

(h) If direction issued under the clause causes an increase in the cost of performance under this contract, the Contracting Officer shall make an equitable adjustment in the contract price.

(End of clause)

52.209-4 First Article Approval-Government Testing. (Feb 2026)

First Article Approval-Government Testing (Feb 2026)

[Contracting Officer inserts details]

- (a) The Contractor shall deliver Section B unit(s) of Lot/Item See Section B within IAW Section F - Time of Delivery calendar days from the date of this contract to the Government at NSWC IH MD for first article tests. The shipping documentation shall contain this contract number and the Lot /Item identification. This contract elsewhere specifies the characteristics that the first article must meet and the testing requirements.
- (b) Within 90 calendar days after the Government receives the first article, the Contracting Officer will notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval will state any further action required of the Contractor. A notice of disapproval will cite reasons for the disapproval.
- (c) If the Government disapproves the first article, the Contractor, upon Government request, shall submit an additional first article for testing. After each request, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall furnish any additional first article to the Government under the terms and conditions and within the time the Government specifies. The Government will act on this first article within the time limit specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule or for any additional costs to the Government related to these tests.
- (d) If the Contractor fails to deliver any first article on time, or the Contracting Officer disapproves any first article, the Contractor will have failed to make delivery within the meaning of the Default clause of this contract.
- (e) Unless otherwise provided in the contract, the Contractor-
- (1) May deliver the approved first article as a part of the contract quantity, provided it meets all contract requirements for acceptance and was not consumed or destroyed in testing; and
 - (2) Shall remove and dispose of any first article from the Government test facility at the Contractor's expense.
- (f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer will, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates, the contract price, or both, and any other contractual term affected by the delay.
- (g) The Contractor is responsible for providing operating and maintenance instructions, spare parts support, and repair of the first article during any first article test.
- (h) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.
- (i) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the Offeror/Contractor and have been accepted by the Government. The Offeror/Contractor may request a waiver.

| 52.213-4 | Terms and Conditions--Simplified Acquisitions (Other Than Commercial Products and Commercial Services). (DEVIATION 2025-O0003 and 2025-O0004) | (Feb 2026) | Deviation 2025-O0004 | (Mar 2025) |
|----------|--|------------|----------------------|------------|
- Terms and Conditions-Simplified Acquisitions (Other Than Commercial Products and Commercial Services) (MAR 2025) (DEVIATION 2025-O0003 and 2025-O0004)
- (a) The Contractor shall comply with the following Federal Acquisition Regulation (FAR) clauses that are incorporated by reference:
- (1) The clauses listed below implement provisions of law or Executive order:
 - (i) 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements (Jan 2017) (section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions)).
 - (ii) 52.204-23, Prohibition on Contracting for Hardware, Software, and Services Developed or Provided by Kaspersky Lab Covered Entities (Dec 2023) (Section 1634 of Pub. L. 115-91).
 - (iii) 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. (Nov 2021) (Section 889 (a)(1)(A) of Pub. L. 115-232).
 - (iv) 52.204-27, Prohibition on a ByteDance Covered Application (Jun 2023) (Section 102 of Division R of Pub. L. 117-328), unless the agency grants an exception - see paragraph (b) of 52.204-27.
 - (v) 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition. (Dec 2023) (Pub. L. 115-390, title II).

(vi) 52.222-3, Convict Labor (Jun 2003) (E.O.11755).

(vii) [Reserved]

(viii) [Reserved]

(ix) 52.225-13, Restrictions on Certain Foreign Purchases (Feb 2021) (E.O.s, proclamations, and statutes administered by the Office of Foreign Assets Control of the Department of the Treasury).

(x) 52.232-40, Providing Accelerated Payments to Small Business Subcontractors (Mar 2023) (31 U.S.C. 3903 and 10 U.S.C. 3801).

(xi) 52.233-3, Protest After Award (Aug 1996) (31 U.S.C. 3553).

(xii) 52.233-4, Applicable Law for Breach of Contract Claim (Oct 2004) (Pub. L. 108-77 and 108-78 (19 U.S.C. 3805 note)).

(2) Listed below are additional clauses that apply:

(i) 52.232-1, Payments (Apr 1984).

(ii) 52.232-8, Discounts for Prompt Payment (Feb 2002).

(iii) 52.232-11, Extras (Apr 1984).

(iv) 52.232-25, Prompt Payment (Jan 2017).

(v) 52.232-39, Unenforceability of Unauthorized Obligations (Jun 2013).

(vi) 52.233-1, Disputes (May 2014).

(vii) 52.244-6, Subcontracts for Commercial Products and Commercial Services (Jan 2025).

(viii) 52.253-1, Computer Generated Forms (Jan 1991).

(b) The Contractor shall comply with the following FAR clauses, incorporated by reference, unless the circumstances do not apply:

(1) The clauses listed below implement provisions of law or Executive order:

(i) 52.203-17, Contractor Employee Whistleblower Rights (Nov 2023) (41 U.S.C. 4712); this clause does not apply to contracts of DoD, NASA, the Coast Guard, or applicable elements of the intelligence community-see FAR 3.900(a).

(ii) 52.204-10, Reporting Executive Compensation and First-Tier Subcontract Awards (Jun 2020)(Pub. L. 109-282) (31 U.S.C. 6101 note) (Applies to contracts valued at or above the threshold specified in FAR 4.1403(a) on the date of award of this contract).

(iii) 52.222-19, Child Labor-Cooperation with Authorities and Remedies (Jan 2025) (E.O. 13126) (Applies to contracts for supplies exceeding the micro-purchase threshold, as defined in 2.101 on the date of award of this contract).

(iv) 52.222-20, Contracts for Materials, Supplies, Articles, and Equipment., Contracts for Materials, Supplies, Articles, and Equipment (Jun 2020) (41 U.S.C. chapter 65) (Applies to supply contracts over the threshold specified in FAR 22.602 on the date of award of this contract, in the United States, Puerto Rico, or the U.S. Virgin Islands).

(v) 52.222-35, Equal Opportunity for Veterans (Jun 2020) (38 U.S.C. 4212) (Applies to contracts valued at or above the threshold specified in FAR 22.1303(a) on the date of award of this contract).

(vi) 52.222-36, Equal Employment for Workers with Disabilities (Jun 2020) (29 U.S.C. 793) (Applies to contracts over the threshold specified in FAR 22.1408(a) on the date of award of this contract, unless the work is to be performed outside the United States by employees recruited outside the United States). (For purposes of this clause, "United States" includes the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, and Wake Island.)

(vii) 52.222-37, Employment Reports on Veterans (Jun 2020) (38 U.S.C. 4212) (Applies to contracts valued at or above the threshold specified in FAR 22.1303(a) on the date of award of this contract).

(viii) 52.222-41, Service Contract Labor Standards (Aug 2018) (41 U.S.C. chapter 67) (Applies to service contracts over \$2,500 that are subject to the Service Contract Labor Standards statute and will be performed in the United States, District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, or the outer Continental Shelf).

(ix)

(A) 52.222-50, Combating Trafficking in Persons (Nov 2021) (22 U.S.C. chapter 78 and E.O. 13627) (Applies to all solicitations and contracts).

(B) Alternate I (Mar 2015) (Applies if the Contracting Officer has filled in the following information with regard to applicable directives or notices: Document title(s), source for obtaining document(s), and contract performance location outside the United States to which the document applies).

(x) 52.222-55, Minimum Wages for Contractor Workers Under Executive Order 14026 (Jan 2022) (Applies when 52.222-6 or 52.222-41 are in the contract and performance in whole or in part is in the United States (the 50 States, the District of Columbia, Puerto Rico, the Northern Mariana Islands, American Samoa, Guam, the U.S. Virgin Islands, Johnston Island, Wake Island, and the outer Continental Shelf as defined in the Outer Continental Shelf Lands Act (43 U.S.C. 1331, *et seq.*))).

(xi) 52.222-62, Paid Sick Leave Under Executive Order 13706 (Jan 2022) (E.O. 13706) (Applies when 52.222-6 or 52.222-41 are in the contract and performance in whole or in part is in the United States (the 50 States and the District of Columbia.))

(xii) 52.223-5, Pollution Prevention and Right-to-Know Information (May 2024) (42 U.S.C. 11001-11050 and 13101-13109) (Applies to services performed on Federal facilities).

(xiii) 52.223-11, Ozone-Depleting Substances and High Global Warming Potential Hydrofluorocarbons (May 2024) (42 U.S.C. 7671, *et seq.*) (Applies to contracts for products as prescribed at FAR 23.109(d)(1)).

(xiv) 52.223-12, Maintenance, Service, Repair, or Disposal of Refrigeration Equipment and Air Conditioners (May 2024) (42 U.S.C. 7671, *et seq.*) (Applies to maintenance, service, repair, or disposal of refrigeration equipment and air conditioners).

(xv) 52.223-20, Aerosols (May 2024) (42 U.S.C. 7671, *et seq.*) (Applies to contracts for products that may contain high global warming potential hydrofluorocarbons as a propellant or as a solvent; or contracts for maintenance or repair of electronic or mechanical devices).

(xvi) 52.223-21, Foams (May 2024) (42 U.S.C. 7671, *et seq.*) (Applies to contracts for products that may contain high global warming potential hydrofluorocarbons or refrigerant blends containing hydrofluorocarbons as a foam blowing agent; or contracts for construction of buildings or facilities).

(xvii) 52.223-23, Sustainable Products and Services (MAR 2025) (DEVIATION 2025-O0004)) (7 U.S.C. 8102, 42 U.S.C. 6962, 42 U.S.C. 8259b, and 42 U.S.C. 76711) (Applies to contracts when the agency identifies in the statement of work, or elsewhere in the contract, the sustainable products and services that apply to the acquisition).

(xviii)

(A) 52.225-1, Buy American-Supplies (Oct 2022) (41 U.S.C. chapter 67) (Applies to contracts for supplies, and to contracts for services involving the furnishing of supplies, for use in the United States or its outlying areas, if the value of the supply contract or supply portion of a service contract exceeds the micro-purchase threshold, as defined in 2.101 on the date of award of this contract, and the acquisition-

(1) Is set aside for small business concerns; or

(2) Cannot be set aside for small business concerns (see 19.502-2), and does not exceed \$50,000).

(B) *Alternate I* (OCT 2022) (Applies if the Contracting Officer has filled in the domestic content threshold below, which will apply to the entire contract period of performance. Substitute the following sentence for the first sentence of paragraph (1)(ii)(A) of the definition of *domestic end product* in paragraph (a) of 52.225-1: (A) The cost of its components mined, produced, or manufactured in the United States exceeds ____ percent of the cost of all its components. [*Contracting officer to insert the percentage per instructions at 13.302-5(d)(4).*])

(xix) 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations., Promoting Excess Food Donation to Nonprofit Organizations (Jun 2020) (42 U.S.C. 1792) (Applies to contracts greater than the threshold specified in FAR 26.404 on the date of award of this contract, that provide for the provision, the service, or the sale of food in the United States).

(xx) 52.232-33, Payment by Electronic Funds Transfer-System for Award Management (Oct 2013)(Applies when the payment will be made by electronic funds transfer (EFT) and the payment office uses the System for Award Management (SAM) as its source of EFT information).

(xxi) 52.232-34, Payment by Electronic Funds Transfer-Other than System for Award Management (Jul 2013) (Applies when the payment will be made by EFT and the payment office does not use the SAM database as its source of EFT information).

(xxii) 52.240-1, Prohibition on Unmanned Aircraft Systems Manufactured or Assembled by American Security Drone Act-Covered Foreign Entities (Nov 2024) (Sections 1821-1826, Pub. L. 118-31, 41 U.S.C. 3901 note prec.).

(xxiii) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (Nov 2021) (46 U.S.C. 55305)(Applies to supplies transported by ocean vessels (except for the types of subcontracts listed at 47.504(d)).

(xxiv) 52.247-69, Reporting Requirement for U.S.-Flag Air Carriers Regarding Training to Prevent Human Trafficking (Jan 2025) (49 U.S.C. 40118 (g)). (Applies to contracts with a U.S.-flag carrier for the transportation by air of passengers; does not apply to contracts awarded by the Department of Defense or contracts for commercial products).

(2) Listed below are additional clauses that may apply:

(i) 52.204-21, Basic Safeguarding of Covered Contractor Information Systems (Nov 2021) (Applies to contracts when the contractor or a subcontractor at any tier may have Federal contract information residing in or transiting through its information system.)

(ii) 52.209-6, Protecting the Government's Interest When Subcontracting with Contractors Debarred, Suspended, Proposed for Debarment, or Voluntarily Excluded (Jan 2025) (Applies to contracts over the threshold specified in FAR 9.405-2(b) on the date of award of this contract).

(iii) 52.211-17, Delivery of Excess Quantities (Sept 1989) (Applies to fixed-price supplies).

(iv) 52.247-29, F.o.b. Origin (Feb 2006) (Applies to supplies if delivery is f.o.b. origin).

(v) 52.247-34, F.o.b. Destination (Jan 1991) (Applies to supplies if delivery is f.o.b. destination).

(c) *FAR 52.252-2, Clauses Incorporated by Reference (Feb 1998)*. This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

<https://www.acquisition.gov/browse/index/far>

(d) *Inspection/Acceptance*. The Contractor shall tender for acceptance only those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its postacceptance rights-

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(e) *Excusable delays*. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence, such as acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(f) *Termination for the Government's convenience*. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges that the Contractor can demonstrate to the satisfaction of the Government, using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred that reasonably could have been avoided.

(g) *Termination for cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(h) *Warranty*. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(End of clause)

52.223-3 Hazardous Material Identification and Safety Data.

(Feb 2026)

Hazardous Material Identification and Safety Data (Feb 2026)

(a) *Hazardous material*, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (including revisions adopted during the term of the contract).

(b) The Offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted under this contract.

Material	Identification No.
NONE	NONE

(c) This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to-

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material; and

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(End of clause)

52.252-6 Authorized Deviations in Clauses.

(Nov 2020)

Authorized Deviations in Clauses (Nov 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any Defense Federal Acquisition Regulation (48 CFR 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of clause)

DFARS Clauses Incorporated by Full Text

252.204-7021 Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements.

(Nov 2025)

CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

(1) Final Level 1 (Self).

(2) Conditional Level 2 (Self).

(3) Final Level 2 (Self).

(4) Conditional Level 2 (C3PAO).

(5) Final Level 2 (C3PAO).

(6) Conditional Level 3 (DIBCAC).

(7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alpha-numeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) *Framework.* The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) *Duplication.* The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) *Requirements.* The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: **CMMC Level 2 (C3PAO)** for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

(2) Only process, store, or transmit FCI or CUI on contractor information systems that have a CMMC status at the CMMC level required in paragraph (d)(1) of this clause, or higher;

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting.* The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(ii) Any changes in the CMMC UIDs generated in SPRS throughout the life of the contract, task order, or delivery order, if applicable;

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts.* The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)

252.209-7010 Critical Safety Items.

(Aug 2011)

CRITICAL SAFETY ITEMS (AUG 2011)

(a) *Definitions.*

"Aviation critical safety item" means a part, an assembly, installation equipment, launch equipment, recovery equipment, or support equipment for an aircraft or aviation weapon system if the part, assembly, or equipment contains a characteristic any failure, malfunction, or absence of which could cause-

(i) A catastrophic or critical failure resulting in the loss of, or serious damage to, the aircraft or weapon system;

- (ii) An unacceptable risk of personal injury or loss of life; or
- (iii) An uncommanded engine shutdown that jeopardizes safety.

"Design control activity" means-

(i) With respect to an aviation critical safety item, the systems command of a military department that is specifically responsible for ensuring the airworthiness of an aviation system or equipment, in which an aviation critical safety item is to be used; and

(ii) With respect to a ship critical safety item, the systems command of a military department that is specifically responsible for ensuring the seaworthiness of a ship or ship equipment, in which a ship critical safety item is to be used.

"Ship critical safety item" means any ship part, assembly, or support equipment containing a characteristic, the failure, malfunction, or absence of which could cause-

- (i) A catastrophic or critical failure resulting in loss of, or serious damage to, the ship; or
- (ii) An unacceptable risk of personal injury or loss of life.

(b) *Identification of critical safety items.* One or more of the items being procured under this contract is an aviation or ship critical safety item. The following items have been designated aviation critical safety items or ship critical safety items by the designated design control activity:

0001 NSN 1377-01-063-3168; MF08; Model: CCU/43/B; Item Nomenclature: Impulse Cartridge; Drawing: 5184825-2

(c) *Heightened quality assurance surveillance.* Items designated in paragraph (b) of this clause are subject to heightened, risk-based surveillance by the designated quality assurance representative.

(End of clause)

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

- (1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

SEE SCHEDULE

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number

Item Description

SEE SCHEDULE

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparables and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

- (2) Unique item identifier type.
- (3) Issuing agency code (if concatenated unique item identifier is used).
- (4) Enterprise identifier (if concatenated unique item identifier is used).
- (5) Original part number (if there is serialization within the original part number).
- (6) Lot or batch number (if there is serialization within the lot or batch number).
- (7) Current part number (optional and only if not the same as the original part number).
- (8) Current part number effective date (optional and only if current part number is used).
- (9) Serial number (if concatenated unique item identifier is used).
- (10) Government's unit acquisition cost.
- (11) Unit of measure.
- (12) Type designation of the item as specified in the contract schedule, if any.
- (13) Whether the item is an item of Special Tooling or Special Test Equipment.
- (14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

- (2) Unique item identifier of the embedded subassembly, component, or part.
- (3) Unique item identifier type.**
- (4) Issuing agency code (if concatenated unique item identifier is used).**
- (5) Enterprise identifier (if concatenated unique item identifier is used).**
- (6) Original part number (if there is serialization within the original part number).**
- (7) Lot or batch number (if there is serialization within the lot or batch number).**
- (8) Current part number (optional and only if not the same as the original part number).**
- (9) Current part number effective date (optional and only if current part number is used).**
- (10) Serial number (if concatenated unique item identifier is used).**
- (11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) _____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts.* If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

(End of clause)

252.223-7001 Hazard Warning Labels.

(Dec 1991)

HAZARD WARNING LABELS (DEC 1991)

(a) "Hazardous material," as used in this clause, is defined in the Hazardous Material Identification and Material Safety Data clause of this contract.

(b) The Contractor shall label the item package (unit container) of any hazardous material to be delivered under this contract in accordance with the Hazard Communication Standard (29 CFR 1910.1200 et seq). The Standard requires that the hazard warning label conform to the requirements of the standard unless the material is otherwise subject to the labelling requirements of one of the following statutes:

- (1) Federal Insecticide, Fungicide and Rodenticide Act;
- (2) Federal Food, Drug and Cosmetics Act;
- (3) Consumer Product Safety Act;
- (4) Federal Hazardous Substances Act; or
- (5) Federal Alcohol Administration Act.

(c) The Offeror shall list which hazardous material listed in the Hazardous Material Identification and Material Safety Data clause of this contract will be labelled in accordance with one of the Acts in paragraphs (b)(1) through (5) of this clause instead of the Hazard Communication Standard. Any hazardous material not listed will be interpreted to mean that a label is required in accordance with the Hazard Communication Standard.

MATERIAL (If None, Insert "None.")	ACT
=====	=====
=====	=====
=====	=====

(d) The apparently successful Offeror agrees to submit, before award, a copy of the hazard warning label for all hazardous materials not listed in paragraph (c) of this clause. The Offeror shall submit the label with the Material Safety Data Sheet being furnished under the Hazardous Material Identification and Material Safety Data clause of this contract.

(e) The Contractor shall also comply with MIL-STD-129, Marking for Shipment and Storage (including revisions adopted during the term of this contract).

(End of clause)

252.223-7002 Safety Precautions for Ammunition and Explosives.

(Nov 2023)

SAFETY PRECAUTIONS FOR AMMUNITION AND EXPLOSIVES (NOV 2023)

(a) *Definition.* "Ammunition and explosives," as used in this clause-

- (1) Means liquid and solid propellants and explosives, pyrotechnics, incendiaries and smokes in the following forms:
 - (i) Bulk,
 - (ii) Ammunition;

- (iii) Rockets;
- (iv) Missiles;
- (v) Warheads;
- (vi) Devices; and
- (vii) Components of (i) through (vi), except for wholly inert items.

(2) This definition does not include the following, unless the Contractor is using or incorporating these materials for initiation, propulsion, or detonation as an integral or component part of an explosive, an ammunition or explosive end item, or of a weapon system-

- (i) Inert components containing no explosives, propellants, or pyrotechnics;
- (ii) Flammable liquids;
- (iii) Acids;
- (iv) Oxidizers;
- (v) Powdered metals; or
- (vi) Other materials having fire or explosive characteristics.

(b) *Safety requirements.*

(1) The Contractor shall comply with the requirements of DoD Manual 4145.26, DoD Contractors' Safety Manual for Ammunition and Explosives, hereafter referred to as "the manual," in effect on the date of the solicitation for this contract. The Contractor shall also comply with any other additional requirements included in the schedule of this contract.

(2) The Contractor shall allow the Government access to the Contractor's facilities, personnel, and safety program documentation. The Contractor shall allow authorized Government representatives to evaluate safety programs, implementation, and facilities.

(c) *Noncompliance with the manual.*

(1) If the Contracting Officer notifies the Contractor of any noncompliance with the manual or schedule provisions, the Contractor shall take immediate steps to correct the noncompliance. The Contractor is not entitled to reimbursement of costs incurred to correct noncompliances unless such reimbursement is specified elsewhere in the contract.

(2) The Contractor has 30 days from the date of notification by the Contracting Officer to correct the noncompliance and inform the Contracting Officer of the actions taken. The Contracting Officer may direct a different time period for the correction of noncompliances.

(3) If the Contractor refuses or fails to correct noncompliances within the time period specified by the Contracting Officer, the Government has the right to direct the Contractor to cease performance on all or part of this contract. The Contractor shall not resume performance until the Contracting Officer is satisfied that the corrective action was effective and the Contracting Officer so informs the Contractor.

(4) The Contracting Officer may remove Government personnel at any time the Contractor is in noncompliance with any safety requirement of this clause.

(5) If the direction to cease work or the removal of Government personnel results in increased costs to the Contractor, the Contractor shall not be entitled to an adjustment in the contract price or a change in the delivery or performance schedule unless the Contracting Officer later determines that the Contractor had in fact complied with the manual or schedule provisions. If the Contractor is entitled to an equitable adjustment, it shall be made in accordance with the Changes clause of this contract.

(d) *Mishaps.* If a mishap involving ammunition or explosives occurs, the Contractor shall-

- (1) Notify the Contracting Officer immediately;
- (2) Conduct an investigation in accordance with other provisions of this contract or as required by the Contracting Officer; and
- (3) Submit a written report to the Contracting Officer.

(e) *Contractor responsibility for safety.*

(1) Nothing in this clause, nor any Government action or failure to act in surveillance of this contract, shall relieve the Contractor of its responsibility for the safety of-

- (i) The Contractor's personnel and property;

- (ii) The Government's personnel and property; or
- (iii) The general public.

(2) Nothing in this clause shall relieve the Contractor of its responsibility for complying with applicable Federal, State, and local laws, ordinances, codes, and regulations (including those requiring the obtaining of licenses and permits) in connection with the performance of this contract.

(f) *Contractor responsibility for contract performance.*

(1) Neither the number or frequency of inspections performed by the Government, nor the degree of surveillance exercised by the Government, relieve the Contractor of its responsibility for contract performance.

(2) If the Government acts or fails to act in surveillance or enforcement of the safety requirements of this contract, this does not impose or add to any liability of the Government.

(g) *Subcontractors.*

(1) The Contractor shall insert this clause, including this paragraph (g), in every subcontract that involves ammunition or explosives.

(i) The clause shall include a provision allowing authorized Government safety representatives to evaluate subcontractor safety programs, implementation, and facilities as the Government determines necessary.

(ii) **NOTE:** The Government Contracting Officer or authorized representative shall notify the prime Contractor of all findings concerning subcontractor safety and compliance with the manual. The Contracting Officer or authorized representative may furnish copies to the subcontractor. The Contractor in turn shall communicate directly with the subcontractor, substituting its name for references to "the Government". The Contractor and higher tier subcontractors shall also include provisions to allow direction to cease performance of the subcontract if a serious uncorrected or recurring safety deficiency potentially causes an imminent hazard to DoD personnel, property, or contract performance.

(2) The Contractor agrees to ensure that the subcontractor complies with all contract safety requirements. The Contractor will determine the best method for verifying the adequacy of the subcontractor's compliance.

(3) The Contractor shall ensure that the subcontractor understands and agrees to the Government's right to access to the subcontractor's facilities, personnel, and safety program documentation to perform safety surveys. The Government performs these safety surveys of subcontractor facilities solely to prevent the occurrence of any mishap which would endanger the safety of DoD personnel or otherwise adversely impact upon the Government's contractual interests.

(4) The Contractor shall notify the Contracting Officer or authorized representative before issuing any subcontract when it involves ammunition or explosives. If the proposed subcontract represents a change in the place of performance, the Contractor shall request approval for such change in accordance with the clause of this contract entitled "Change in Place of Performance--Ammunition and Explosives".

(End of clause)

252.223-7007 Safeguarding Sensitive Conventional Arms, Ammunition, and Explosives.

(Nov 2023)

SAFEGUARDING SENSITIVE CONVENTIONAL ARMS, AMMUNITION, AND EXPLOSIVES (NOV 2023)

(a) *Definition.* As used in this clause-

"Arms, ammunition, and explosives (AA&E)," means those items within the scope of DoD Manual 5100.76, Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives.

(b) The requirements of DoD Manual 5100.76 apply to the following items of AA&E being developed, produced, manufactured, or purchased for the Government, or provided to the Contractor as Government-furnished property under this contract:

NOMENCLATURE	NATIONAL STOCK NUMBER	SENSITIVITY/ CATEGORY
Cartridge, Impulse	1377-01-063-3168	U
HES 5250.207	1376-01-221-5664	U

NOSOL .05x.01	1376-01-164-3489	U
---------------	------------------	---

(c) The Contractor shall comply with the requirements of DoD Manual 5100.76, as specified in the statement of work. The edition of DoD Manual 5100.76 in effect on the date of issuance of the solicitation for this contract shall apply.

(d) The Contractor shall allow representatives of the Defense Counterintelligence and Security Agency (DCSA) and representatives of other appropriate offices of the Government, access at all reasonable times into its facilities and those of its subcontractors, for the purpose of performing surveys, inspections, and investigations necessary to review compliance with the physical security standards applicable to this contract.

(e) The Contractor shall notify the cognizant DCSA field office of any subcontract involving AA&E within 10 days after award of the subcontract.

(f) *Subcontracts.* The Contractor shall ensure that the requirements of this clause are included in all subcontracts, at every tier-

(1) For the development, production, manufacture, or purchase of AA&E; or

(2) When AA&E will be provided to the subcontractor as Government-furnished property.

(g) Nothing in this clause shall relieve the Contractor of its responsibility for complying with applicable Federal, state, and local laws, ordinances, codes, and regulations (including requirements for obtaining licenses and permits) in connection with the performance of this contract.

(End of clause)

252.227-7989 Rights in Technical Data, Computer Software, and Computer Software Documentation--Other Than Commercial Products and Commercial Services. (DEVIATION 2026-O0036) (Feb 2026) Deviation 2026-O0036 (Feb 2026)

RIGHTS IN TECHNICAL DATA, COMPUTER SOFTWARE, AND COMPUTER SOFTWARE DOCUMENTATION--OTHER THAN COMMERCIAL PRODUCTS OR COMMERCIAL SERVICES (DEVIATION 2026-O0036) (FEB 2026)

(a) *Definitions.* As used in this clause--

"Commercial computer software" means software developed or regularly used for nongovernmental purposes which--

(1) Has been sold, leased, or licensed to the public;

(2) Has been offered for sale, lease, or license to the public;

(3) Has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this contract; or

(4) Satisfies a criterion expressed in paragraph (1), (2), or (3) of this definition and would require only minor modification to meet the requirements of this contract.

"Computer database" means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

"Computer program" means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

"Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer databases or computer software documentation.

"Computer software documentation" means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

"Covered Government support contractor" means a contractor (other than a litigation support contractor covered by 252.204-7014) under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort, rather than to directly furnish an end item or service to accomplish a program or effort, provided that the contractor--

(1) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(2) Receives access to technical data or computer software for performance of a Government contract that contains the clause at 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

"Detailed manufacturing or process data" means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

"Developed" means--

(1) (Applicable to technical data other than computer software documentation.) An item, component, or process exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered "developed," the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component, or process be actually reduced to practice within the meaning of Title 35 of the United States Code;

(2) A computer program has been successfully operated in a computer and tested to the extent sufficient to demonstrate to reasonable persons skilled in the art that the program can reasonably be expected to perform its intended purpose;

(3) Computer software, other than computer programs, has been tested or analyzed to the extent sufficient to demonstrate to reasonable persons skilled in the art that the software can reasonably be expected to perform its intended purpose; or

(4) Computer software documentation the contractor must deliver under a contract has been written, in any medium, in sufficient detail to comply with requirements under that contract.

"Developed exclusively at private expense" means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a Government contract, or any combination thereof.

(1) Private expense determinations should be made at the lowest practicable level.

(2) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at Government, private, or mixed expense.

"Developed exclusively with Government funds" means development was not accomplished exclusively or partially at private expense.

"Developed with mixed funding" means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

"Form, fit, and function data" means technical data that describe the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

"Generated" means, with regard to technical data or computer software, first created in the performance of this contract.

"Government purpose" means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data, computer software, or computer software documentation for commercial purposes or authorize others to do so.

"Government purpose rights" means the rights to--

(1) Use, modify, reproduce, release, perform, display, or disclose technical data, computer software, or computer software documentation within the Government without restriction; and

(2) Release or disclose technical data, computer software, or computer software documentation outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that data or software for United States Government purposes.

"Limited rights" means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release, or disclose such data or authorize the use or reproduction of the data by persons outside the Government if--

(1) The reproduction, release, disclosure, or use is--

(i) Necessary for emergency repair and overhaul; or

(ii) A release or disclosure to--

(A) A covered Government support contractor in performance of its covered Government support contract for use, modification, reproduction, performance, display, or release or disclosure to a person authorized to receive limited rights technical data; or

(B) A foreign government, of technical data other than detailed manufacturing or process data, when use of such data by the foreign government is in the interest of the Government and is required for evaluational or informational purposes;

(2) The recipient of the technical data is subject to a prohibition on the further reproduction, release, disclosure, or use of the technical data; and

(3) The contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

"Minor modification" means a modification that does not significantly alter the nongovernmental function or purpose of the software or is of the type customarily provided in the commercial marketplace.

"Other than commercial computer software" means software that does not qualify as commercial computer software under the definition of "commercial computer software" of this clause.

"Restricted rights" apply only to other than commercial computer software and mean the Government's rights to--

(1) Use a computer program with one computer at one time. The program may not be accessed by more than one terminal or central processing unit or time shared unless otherwise permitted by this contract;

(2) Transfer a computer program to another Government agency without the further permission of the Contractor if the transferor destroys all copies of the program and related computer software documentation in its possession and notifies the licensor of the transfer. Transferred programs remain subject to the provisions of this clause;

(3) Make a reasonable number of copies of the computer software required for the purposes of safekeeping (archive), backup, modification, or other activities authorized in paragraphs (1), (2), (4) and (5) of this definition;

(4) Modify computer software provided that the Government may--

(i) Use the modified software only as provided in paragraphs (1) and (3) of this definition; and

(ii) Not release or disclose the modified software except as provided in paragraphs (2) and (5) of this clause;

(5) Use, modify, reproduce, perform, display, or release or disclose the computer software, and permit contractors, subcontractors, or covered Government support contractors to do so, for purposes set forth in subparagraph (i) of this paragraph, subject to the conditions set forth in subparagraphs (ii) of this paragraph:

(i)(A) In performance of service contracts (see FAR 37.101), to diagnose and correct deficiencies, to modify the software to enable a computer program to be combined with, adapted to, or merged with other computer programs, or when necessary to respond to urgent tactical situations, provided that the Government notifies the party which has granted restricted rights that any such release or disclosure to particular contractors or subcontractors was made;

(B) To perform emergency repairs or overhaul of items or components procured under this or a related contract, when necessary to perform such repairs or overhaul; or

(C) For the management and oversight of a program or effort by a person authorized to receive restricted rights computer software, including in the performance of covered Government support contracts.

(ii)(A) Any contractor, subcontractor, or covered Government support contractor receiving access to the software for the purposes of subparagraphs (i), (ii), or (iii) of this paragraph shall be subject to the use and nondisclosure agreement at 227.7103-7 or be performing a Government contract that contains the clause at 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;

(B) The Government must not permit any recipient of the software under this paragraph to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (4) of this definition, for any other purpose; and

(C) Any use, modification, reproduction, performance, display, release, or disclosure of the computer software under this paragraph remains subject to the limitations in paragraphs (1) through (4) of this definition.

"Small Business Innovation Research/Small Business Technology Transfer (SBIR/STTR) data" means all technical data or computer software developed or generated in the performance of a phase I, II, or III SBIR/STTR contract or subcontract.

"Technical data" means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or financial, administrative, cost or pricing, or management information, or information incidental to contract administration.

"Unlimited rights" means rights to use, modify, reproduce, perform, display, release, or disclose technical data, computer software, or computer software documentation in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Applicability.* (1) Except as provided in paragraph (b)(2) of this clause--

(i) This clause governs all technical data related to other than commercial products or commercial services or to any portion of a commercial product or commercial service that was developed in any part at Government expense;

(ii) This clause governs all other than commercial computer software or other than commercial computer software documentation; and

(iii) The clause at DFARS 252.227-7990, Technical Data--Commercial Products and Commercial Services, governs the technical data related to any portion of a commercial product or commercial service that was developed exclusively at private expense.

(2) The clause at DFARS 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software--Small Business Innovation Research Program and Small Business Technology Transfer Program, governs technical data that are SBIR/STTR data.

(c) *Rights in technical data and computer software.* The Contractor grants or shall obtain for the Government the following royalty free, worldwide, nonexclusive, irrevocable license rights:

(1) *Unlimited rights.* The Government shall have unlimited rights in technical data, computer software, or computer software documentation that are--

(i) Data related to an item, component, or process which has been or will be developed exclusively with Government funds;

(ii) Studies, analyses, test data, or similar data produced for this contract, when the study, analysis, test, or similar work was specified as an element of performance;

(iii) Technical data created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(iv) Form, fit, and function data;

(v) Technical data necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);

(vi) Government-furnished corrections or changes to--

(A) Technical data furnished to the Contractor by the Government; or

(B) Computer software or computer software documentation;

(vii) Data, computer software, or computer software documentation that is publicly available or previously released or disclosed by the Contractor or subcontractor without restrictions on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(viii) Data, computer software, or computer software documentation in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations;

(ix) Data furnished to the Government, under this or any other Government contract or subcontract, with--

(A) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such data for commercial purposes has expired; or

(x) Computer software developed exclusively with Government funds;

(xi) Computer software documentation the contractor must deliver under this contract; or

(xvii) Computer software or computer software documentation furnished to the Government, under this or any other Government contract or subcontract with--

(A) Restricted rights in computer software, limited rights in technical data, or government purpose license rights and the restrictive conditions have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such software or documentation for commercial purposes has expired.

(2) *Government purpose rights.* (i) The Government shall have government purpose rights for a 5-year period, or such other period as may be negotiated, in technical data or computer software--

(A) Related to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights in such data or software as provided in paragraphs (c)(1)(ii), (c)(1)(iv) through (c)(1)(ix), and (c)(1)(xii) through (c)(1)(x)(v)(i) of this clause; or

(B) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The 5-year period, or such other period as may have been negotiated, shall begin upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the items, components, or processes, development of the computer software, or creation of the data described in paragraph (c)(2)(i)(B) of this clause. Upon expiration of the 5-year or other negotiated period, the Government shall have unlimited rights in the technical data or computer software.

(iii) The Government will not release or disclose technical data or computer software in which it has government purpose rights unless--

(A) Prior to release or disclosure, the intended recipient completes the nondisclosure agreement at DFARS 227.7103-7; or

(B) The recipient is a Government contractor receiving access to the data or software for performance of a Government contract that contains the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(iv) The Contractor has the exclusive right, including the right to license others, to use technical data or computer software in which the Government has obtained government purpose rights under this contract for any commercial purpose during the time period specified in the government purpose rights legend prescribed in paragraph (g)(3) of this clause.

(3) *Limited rights.* (i) Except as provided in paragraphs (c)(1)(ii) and (c)(1)(iv) through (c)(1)(ix) of this clause, the Government shall have limited rights in technical data--

(A) Related to items, components, or processes developed exclusively at private expense and marked with the limited rights legend prescribed in paragraph (g) of this clause; or

(B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The Government will require a recipient of limited rights data for emergency repair or overhaul to destroy the data and all copies in its possession promptly following completion of the emergency repair/overhaul and to notify the Contractor that the data have been destroyed.

(iii) The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. The Contractor shall ensure that any resulting license agreement, made part of the contract, lists or describes all technical data for which the Government has been granted additional rights and specifies those additional rights.

(iv) The Contractor acknowledges that--

(A) The Government is authorized to release or disclose limited rights data to covered Government support contractors;

(B) The Government will notify the contractor of such release or disclosure;

(C) The Contractor or the party asserting restrictions in the limited rights legend may--

(1) Require each covered Government support contractor to enter into a nondisclosure agreement directly with the Contractor or the party asserting restrictions regarding use of the data; or

(2) Waive in writing the requirement for a nondisclosure agreement; and

(D) Any such nondisclosure agreement shall address the restrictions on the covered Government support contractor's use of the limited rights data as set forth in the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement.

(4) *Restricted rights.* (i) The Government shall have restricted rights in other than commercial computer software the contractor must deliver, or that is otherwise provided, to the Government under this contract that was developed exclusively at private expense.

(ii) The Contractor, its subcontractors, or suppliers are not required to provide the Government additional rights in other than commercial computer software delivered or otherwise provided to the Government with restricted rights. However, if the Government desires to obtain additional rights in such software, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. The Contractor shall ensure that any resulting license agreement, made part of the contract, lists or describes all other than commercial computer software for which the Government has been granted additional rights and specifies those additional rights.

(iii) The Contractor acknowledges that--

(A) The Government is authorized to release or disclose restricted rights computer software to covered Government support contractors;

(B) The Government will notify the Contractor of such release or disclosure;

(C) The Contractor or the party asserting restrictions in the restricted rights legend may--

(1) Require each such covered Government support contractor to enter into a nondisclosure agreement directly with the Contractor or the party asserting restrictions regarding the use of the software; or

(2) Waive in writing the requirement for a nondisclosure agreement; and

(D) Any such nondisclosure agreement shall address the restrictions on the covered Government support contractor's use of the restricted rights software as set forth in the clause at DFARS 252.227-7994, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The nondisclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the nondisclosure agreement.

(5) *Specifically negotiated license rights.* The standard license rights granted to the Government under paragraphs (c)(1) through (c)(4) of this clause, including the period during which the Government shall have government purpose rights in technical data or computer software, may be modified by mutual agreement but shall not provide the Government lesser rights than provided in the definition of "limited rights" or restricted rights" of this clause. Any negotiated rights shall be identified in a license agreement made part of this contract.

(6) *Prior government rights.* Technical data or computer software that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the preexisting rights, unless--

(i) The parties have agreed otherwise; or

(ii) The restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data or software have expired or no longer apply.

(7) *Release from liability.* The Contractor agrees to release the Government from liability for any authorized release or disclosure of technical data or computer software made in accordance with this clause or any negotiated license agreement. This release from liability for the Government also applies to releases or disclosures made by a third party who received the data or software from an authorized recipient. For any unauthorized use or disclosure by such third parties of technical data or computer software marked with restrictive legends, the Contractor agrees to seek relief solely from that party.

(d) *Contractor rights in technical data and computer software.* The Contractor retains all rights not granted to the Government.

(e) *Third party copyrighted data and software.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted data or software in the technical data or computer software the contractor must deliver under this contract unless the Contractor is the copyright owner or has obtained license rights for the Government of the appropriate scope set forth in paragraph (c) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the data transmittal document.

(f) *Identification and delivery of data to be delivered with restrictions on use, release, or disclosure.* (1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (f)(3) of this clause, technical data or computer software that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any data or software with restrictive markings unless the data are listed on the Attachment.

(3) In addition to the assertions made in the Attachment, the Contractor may identify other assertions after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. The Contractor shall submit such identification and assertions to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the data or software, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software			
The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data or computer software should be restricted--			
Technical Data or			
Computer Software			Name of Person
to be Furnished	Basis for	Asserted Rights	Asserting

With Restrictions ¹	Assertion ²	Category ³	Restrictions ⁴
(LIST)	(LIST)	(LIST)	(LIST)
==	==	==	==

¹ If the assertion is applicable to items, components or processes developed at private expense, identify both the data and each such item, component, or process.

² Generally, the development of an item, component, process, or computer software at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose computer software or technical data related to such items, components, or processes. Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

³ Enter asserted rights category (e.g., rights in SBIR/STTR data generated under another contract, limited rights, restricted rights, or government purpose rights under this or a prior contract, or specifically negotiated licenses).

⁴ Corporation, individual, or other person, as appropriate.

Printed Name and Title ==

Signature ==

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures in the DFARS 252.227-7997, Validation of Asserted Restrictions, clause of this contract.

(g) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software the Contractor must deliver under this contract by marking the deliverable data or software subject to restriction. Except as provided in paragraph (g)(7) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (g)(3) of this clause; the limited rights legend at paragraph (g)(4) of this clause; the restricted rights legend at paragraph (g)(5) of this clause; the special license rights legend at paragraph (g)(6) of this clause; and a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all technical data or computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data or computer software for which restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data or computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. For software that will or might be used in combat or situations that simulate combat conditions, the contractor shall not insert instructions that interfere with or delay the operation of computer software in order to display a restrictive rights legend or other license statement at any time prior to or during use of the computer software, or otherwise cause such interference or delay, unless the Contracting Officer's written permission to deliver such software has been obtained prior to delivery. Reproductions of technical data or computer software or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) *Omitted markings.* (i) Technical data or computer software delivered or otherwise provided under this contract without restrictive markings will be presumed to have been delivered with unlimited rights. To the extent practicable, if the Contractor has requested permission (see paragraph (g)(2)(ii) of this clause) to correct an inadvertent omission of markings, the Contracting Officer will not release or disclose the technical data or computer software pending evaluation of the request.

(ii) The Contractor may request permission to have conforming and justified restrictive markings placed on unmarked technical data or computer software at its expense. The request must be received by the Contracting Officer within 6 months following the furnishing or delivery of such technical data or computer software, or any extension of that time approved by the Contracting Officer. The Contractor shall--

(A) Identify the technical data or computer software that should have been marked;

(B) Demonstrate that the omission of the marking was inadvertent, the proposed marking is justified and conforms with the requirements for the marking of technical data or computer software contained in this clause; and

(C) Acknowledge, in writing, that the Government has no liability with respect to any disclosure, reproduction, or use of the technical data or computer software made prior to the addition of the marking or resulting from the omission of the marking.

(3) *Government purpose rights markings.* Technical data or computer software delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

GOVERNMENT PURPOSE RIGHTS

Contract Number _____
Contractor Name _____
Contractor Address _____
Expiration Date _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data or computer software are restricted by the government purpose rights license in the DFARS 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation--Other Than Commercial Products and Commercial Services, clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(4) *Limited rights markings.* Data delivered or otherwise furnished to the Government with limited rights shall be marked as follows:

LIMITED RIGHTS

Contract Number _____

Contractor Name _____

Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by the limited rights license in the DFARS 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation--Other Than Commercial Products and Commercial Services, clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(5) Restricted rights markings. Software delivered or otherwise furnished to the Government with restricted rights shall be marked as follows:

RESTRICTED RIGHTS

Contract Number _____

Contractor Name _____

Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by the restricted rights license in the DFARS 252.227-7014, Rights in Other Than Commercial Computer Software and Other Than Commercial Computer Software Documentation, clause contained in the above identified contract. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such software must promptly notify the above named Contractor.

(End of legend)

(6) Special license rights markings. (i) Technical data or computer software in which the Government's rights stem from a specifically negotiated license shall be marked as follows:

SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data or software are restricted by Contract Number [Insert contract number] _____, License Number [Insert license identifier] _____. Any reproduction of technical data, computer software, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (c)(5) of this clause).

(7) *Preexisting data or software markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software deliverable under this contract, and those restrictions are still applicable, the Contractor may mark such data or software with the appropriate restrictive legend for which the data or software qualified under the prior contract or license. The Contractor shall follow the marking procedures in paragraph (g)(1) of this clause.

(h) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver technical data or computer software with other than unlimited rights, shall--

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on technical data or computer software delivered under this contract.

(i) *Removal of unjustified and nonconforming markings--(1) Unjustified technical data markings.* The rights and obligations of the parties regarding the validation of restrictive markings on technical data or computer software delivered or to be delivered under this contract are contained in the DFARS 252.227-7997, Validation of Asserted Restrictions, clause of this contract. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures in the Validation of Asserted Restrictions clause of this contract, a restrictive marking is determined to be unjustified.

(2) *Nonconforming technical data or computer software markings.* A nonconforming marking is a marking placed on technical data or computer software delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the DFARS 252.227-7997, Validation of Asserted Restrictions, clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking and the Contractor fails to remove or correct such marking within 60 days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming marking.

(j) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(k) *Limitation on charges for rights in technical data, computer software, or computer software documentation.* (1) The Contractor shall not charge to this contract any cost, including, but not limited to, license fees, royalties, or similar charges, for rights in technical data, computer software, or computer software documentation the Contractor must deliver under this contract when--

(i) The Government has acquired, by any means, the same or greater rights in the data or software; or

(ii) The data or software are available to the public without restrictions.

(2) The limitation in paragraph (k)(1) of this clause--

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier technical data, computer software, or computer software documentation, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data, computer software, or computer software documentation will be delivered.

(l) *Applicability to subcontractors or suppliers.* (1) The Contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 3771-3775, 10 U.S.C. 3781-3786, and the identification, assertion, and delivery processes of paragraph (f) of this clause are recognized and protected.

(2)(i) Except as provided in paragraph (l)(2)(ii) of this clause, the Contractor shall include this clause in any subcontract or contractual instrument under which technical data or computer software will be obtained from a subcontractor or supplier for delivery to the Government. This requirement applies to technical data or software related to other than commercial products or commercial services, or related to commercial products or commercial services developed in any part with Government funds. The Contractor shall also require its subcontractors and suppliers to include this clause, without alteration except to identify the parties, in any contractual instrument under which technical data or computer software will be obtained from a subcontractor or supplier for delivery to the Government. This clause will govern the technical data related to an other than commercial product or service or to any portion of a commercial product or commercial service that was developed in any part at Government expense, and the clause at 252.227-7990 will govern the technical data related to any portion of a commercial item that was developed exclusively at private expense. No other clause shall be used to expand or reduce the Government's, the Contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data, computer software, or computer software documentation.

(ii) The Contractor shall use the clause at DFARS 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software--Small Business Innovation Research Program and Small Business Technology Transfer Program, to govern technical data, computer software, or computer software documentation that is SBIR/STTR data.

(3) Technical data, computer software, or computer software documentation a subcontractor or supplier must deliver shall normally be delivered to the next higher-tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such data or software directly to the Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(4) The Contractor and higher-tier subcontractors or suppliers shall not use the award of a contract as economic leverage to obtain rights in technical data, computer software, or computer software documentation from their subcontractors or suppliers.

(5) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data, computer software, or computer software documentation as an excuse for failing to satisfy its contractual obligations to the Government.

(End of clause)

52.215-6 **Place of Performance.** (Feb 2026)

PLACE OF PERFORMANCE (FEB 2026)

(a) The offeror or respondent, in the performance of any contract resulting from this request for proposals, ☐ intends, ☐ does not intend [check applicable block] to use one or more plants or facilities located at a different address from the address of the offeror or respondent as indicated in this proposal or response to request for information.

(b) If the offeror or respondent checks "intends" in paragraph (a) of this provision, it shall insert in the following spaces the required information:

Place of Performance (Street Address, City, State, County, ZIP Code)	Name and Address of Owner and Operator of the Plant or Facility if Other than Offeror or Respondent
=====	=====
=====	=====

(End of provision)

52.219-1 **Small Business Program Representations. (Deviation)** (Feb 2026)

Small Business Program Representations (Feb 2026) (Deviation)

(a) *Definitions.* As used in this provision-

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300. It automatically qualifies as a women-owned small business concern eligible under the WOSB Program.

HUBZone small business concern means a small business concern that meets the requirements described in 13 CFR 126.200, is certified by the Small Business Administration (SBA) and designated by SBA as a HUBZone small business concern in the Small Business Search (SBS) (13 CFR 126.103).

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (b) of this provision.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small disadvantaged business concern means a small business concern that-

(1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by one or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States, and

(2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals who meet the criteria in paragraph (1) of this definition.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127) means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300.

(b)

(1) The North American Industry Classification System (NAICS) code for this acquisition is 325920.

(2) The small business size standard is 750.

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce (*i.e.*, nonmanufacturer), is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(c) *Representations.*

(1) The offeror represents as part of its offer that-

(i) it ☐ is, ☐ is not a small business concern; or

(ii) It ☐ is, ☐ is not a small business joint venture that complies with the requirements of 13 CFR 121.103(h) and 13 CFR 125.8(a) and (b). [_____
_____The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(2) [Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.] The offeror represents that it ☐ is, ☐ is not a women-owned small disadvantage business concern.

(3) *Women-owned small business (WOSB) joint venture eligible under the WOSB Program.* The offeror represents as part of its offer that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [_____The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(4) *Economically disadvantaged women-owned small business (EDWOSB) joint venture.* The offeror represents as part of its offer that it ☐ is, ☐ is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [_____The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(5) *SDVOSB joint venture eligible under the SDVOSB Program.* [Complete only if the offeror is certified as a SDVOSB concern]. The offeror represents as part of its offer that it ☐ is, ☐ is not a SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. [_____The offeror shall enter the name and unique entity identifier of each party to the joint venture: ____.]

(6) *HUBZone joint venture eligible under the HUBZone Program.* [Complete only if the offeror is a HUBZone small business concern.] The offeror represents, as part of its offer, that it ☐ is, ☐ is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616(a) through (c). [_____] The offeror shall enter the name and unique entity identifier of each party to the joint venture: _____. Each HUBZone small business concern participating in the HUBZone joint venture must be certified as a HUBZone concern.

(d) *Notice.* Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a business concern that is small, HUBZone small, small disadvantaged, service-disabled veteran-owned small, economically disadvantaged women-owned small, or women-owned small eligible under the WOSB Program in order to obtain a contract to be awarded under the preference programs established pursuant to section 8, 9, 15, 31, and 36 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, will be-

- (1) Punished by imposition of fine, imprisonment, or both;
 - (2) Subject to administrative remedies, including suspension and debarment; and
 - (3) Ineligible for participation in programs conducted under the authority of the Act.
- (End of provision)

52.225-18 Place of Manufacture.

(Aug 2018)

PLACE OF MANUFACTURE (AUG 2018)

(a) *Definitions.* As used in this provision-

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

- (1) FPSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

(b) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

- (1) ☐ In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or
- (2) ☐ Outside the United States.

(End of provision)

DFARS Clauses Incorporated by Full Text

252.204-7016 Covered Defense Telecommunications Equipment or Services-Representation.

(Dec 2019)

COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (DEC 2019)

(a) *Definitions.* As used in this provision, "covered defense telecommunications equipment or services" has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered defense telecommunications equipment or services".

(c) *Representation.* The Offeror represents that it ☐ does, ☐ does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(End of provision)

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

252.204-7998 Alternate A, Annual Representations and Certifications. (DEVIATION 2026-O0043) (Feb 2026) Alternate A Deviation 2026-O0043 (Feb 2026)

Alternate A, Annual Representations and Certifications (DEVIATION 2026-O0043)(FEB 2026)

Include the following paragraphs (e), (f), and (g) in the provision at FAR 52.204-7:

(e)(1) If the provision at FAR 52.204-7, System for Award Management - Registration, is included in this solicitation, paragraph (g) of this provision applies.

(2) If the provision at FAR 52.204-7, System for Award Management - Registration, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (g) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (g) applies.

☐ (ii) Paragraph (g) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(f)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services--Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment--Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services--Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$150,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)--Representation. Applies to solicitations when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)--Representation. Applies to solicitations when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer: [*Contracting Officer check as appropriate.*]

☒ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

☐ (ii) 252.225-7000, Buy American--Balance of Payments Program Certificate.

☐ (iii) 252.225-7020, Trade Agreements Certificate.

☐ Use with Alternate I.

☒ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

☐ (v) 252.225-7035, Buy American--Free Trade Agreements--Balance of Payments Program Certificate.

☐ Use with Alternate I.

☐ Use with Alternate II.

☐ Use with Alternate III.

☐ Use with Alternate IV.

☐ Use with Alternate V.

☐ (vi) 252.226-7002, Representation for Demonstration Project for Contractors Employing Persons with Disabilities.

☐ (vii) 252.232-7015, Performance-Based Payments--Representation.

(g) The Offeror has completed the annual representations and certifications electronically via the SAM website at <https://www.sam.gov>. After reviewing the SAM database information, the Offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-7 and paragraph (f) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.203-1); except for the changes identified below [*Offeror to insert changes, identifying change by provision number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

Any changes provided by the Offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications located in the SAM database.

(End of provision)

252.227-7992 Identification and Assertion of Use, Release, or Disclosure Restrictions. (Feb 2026) Deviation 2026-O0036 (Feb 2026)
(DEVIATION 2026-O0036)

IDENTIFICATION AND ASSERTION OF USE, RELEASE, OR DISCLOSURE RESTRICTIONS (DEVIATION 2026-O0036) (FEB 2026)

(a) *Definitions.* As used in this provision--

"Computer software" is defined in--

(1) The 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation--Other Than Commercial Products and Commercial Services; or

(2) If this solicitation contemplates a contract under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software--Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

"SBIR/STTR data" is defined in the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software--Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

"Technical data" is defined in--

(1) The 252.227-7989, Rights in Technical Data, Computer Software, and Computer Software Documentation--Other Than Commercial Products and Commercial Services, clause of this solicitation; or

(2) If this solicitation contemplates a contract under the Small Business Innovation Research Program or Small Business Technology Transfer Program, the 252.227-7993, Rights in Other Than Commercial Technical Data and Computer Software--Small Business Innovation Research Program and Small Business Technology Transfer Program, clause of this solicitation.

(b) The identification and assertion requirements in this provision apply only to technical data, including computer software documentation, or computer software the Contractor must deliver with other than unlimited rights. For contracts to be awarded under the Small Business Innovation Research (SBIR) Program or Small Business Technology Transfer Program (STTR) Program, these requirements apply to SBIR/STTR data that will be generated under the resulting contract and will be delivered with SBIR/STTR data rights and to any other data that will be delivered with other than unlimited rights. Notification and identification are not required for restrictions based solely on copyright.

(c) Offers submitted in response to this solicitation shall identify, to the extent known at the time an offer is submitted to the Government, the technical data or computer software that the Offeror, its subcontractors or suppliers, or potential subcontractors or suppliers, assert should be furnished to the Government with restrictions on use, release, or disclosure.

(d) The Offeror's assertions, including the assertions of its subcontractors or suppliers or potential subcontractors or suppliers, shall be submitted as an attachment to its offer in the following format, dated and signed by an official authorized to contractually obligate the Offeror:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software			
The Offeror asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data or computer software should be restricted:			
Technical data or computer software to be delivered with restrictions ¹	Basis for assertion ²	Asserted rights category ³	Name of person asserting restrictions ⁴
(LIST) ⁵	(LIST)	(LIST)	(LIST)
=====	=====	=====	=====
¹ For technical data (other than computer software documentation) related to items, components, or processes developed at private expense, identify both the deliverable technical data and each such items, component, or process. For computer software or computer software documentation identify the software or documentation.			
² Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions. For technical data, other than computer software documentation, development refers to development of the item, component, or process to which the data relate. The Government's rights in computer software documentation generally may not be restricted. For computer software, development refers to the software. Indicate whether development was accomplished exclusively or partially at private expense. If development was not accomplished at private expense, or for computer software documentation, enter the specific basis for asserting restrictions.			
³ Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR/STTR data generated under a contract resulting from this solicitation or under another contract, limited, restricted, or government purpose rights under a contract resulting from this solicitation or under a prior contract, or specially negotiated licenses).			
⁴ Corporation, individual, or other person, as appropriate.			
⁵ Enter "none" when all data or software will be submitted without restrictions.			

Date _____

Printed Name and Title _____

Signature _____

(End of identification and assertion)

(e) An offeror's failure to submit, complete, or sign the notification and identification required by paragraph (d) of this provision with its offer may render the offer ineligible for award.

(f) If the Offeror is awarded a contract, the assertions identified in paragraph (d) of this provision shall be listed in an attachment to that contract. Upon request by the Contracting Officer, the Offeror shall provide sufficient information to enable the Contracting Officer to evaluate any listed assertion.

(End of provision)

52.219-4 Notice of Price Evaluation Preference for HUBZone Small Business Concerns. (Feb 2026)

NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (FEB 2026)

(a) Evaluation preference.

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(b) *Waiver of evaluation preference.* A HUBZone small business concern may choose to waive the evaluation preference. If the concern waives the preference, the factor will be added to its offer for evaluation purposes.

☐ Offeror chooses to waive the evaluation preference.

(c) *Joint venture.* A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

52.252-5 Authorized Deviations in Provisions.

(Nov 2020)

Authorized Deviations in Provisions (Nov 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any Defense Federal Acquisition Regulation Supplement (48 CFR Chapter 2) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

DFARS Clauses Incorporated by Full Text

252.204-7024 Notice on the Use of the Supplier Performance Risk System.

(Mar 2023)

NOTICE ON THE USE OF THE SUPPLIER PERFORMANCE RISK SYSTEM (MAR 2023)

(a) *Definitions.* As used in this provision-

"Item risk" means the probability that a product, based on intended use, will introduce performance risk resulting in safety issues, mission degradation, or monetary loss.

"Price risk" means a measure of whether a proposed price for a product or service is consistent with historical prices paid for that item or service.

"Supplier risk" means the probability that an award may subject the procurement to the risk of unsuccessful performance or to supply chain risk (see Defense Federal Acquisition Regulation Supplement 239.7301).

(b) The Supplier Performance Risk System (SPRS), available at <https://piee.eb.mil/>, will be used in the evaluation of the Quoter or Offeror's performance. SPRS retrieves item, price, quality, delivery, and contractor information on contracts from Government reporting systems in order to develop risk assessments.

(c) The Contracting Officer will consider SPRS risk assessments during the evaluation of quotations or offers received in response to this solicitation as follows:

(1) Item risk will be considered to determine whether the procurement represents a high performance risk to the Government.

(2) Price risk will be considered in determining if a proposed price is consistent with historical prices paid for a product or a service or otherwise creates a risk to the Government.

(3) Supplier risk, including but not limited to quality and delivery, will be considered to assess the risk of unsuccessful performance and supply chain risk.

(d) SPRS risk assessments are generated daily. Quoters or Offerors are able to access their risk assessments by following the access instructions in the SPRS user's guide available at <https://www.sprs.csd.disa.mil/reference.htm>. Quoters and Offerors are granted access to SPRS for their own risk assessment classifications only. SPRS reporting procedures and risk assessment methodology are detailed in the SPRS user's guide. The method to challenge a rating generated by SPRS is also provided in the user's guide. SPRS evaluation criteria are available at https://www.sprs.csd.disa.mil/pdf/SPRS_DataEvaluationCriteria.pdf.

(e) The Contracting Officer may consider any other available and relevant information when evaluating a quotation or an offer.

(End of provision)

252.204-7025 Notice of Cybersecurity Maturity Model Certification Level Requirements.

(Nov 2025)

NOTICE OF CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this provision, "controlled unclassified information (CUI)," "current," "Cybersecurity Maturity Model Certification (CMMC) status," "Cybersecurity Maturity Model Certification unique identifier (CMMC UID)," "Federal contract information (FCI)," and "plan of action and milestones" have the meaning given in the Defense Federal Acquisition Regulation Supplement 252.204-7021, Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements, clause of this solicitation.

(b)(1) *Cybersecurity Maturity Model Certification (CMMC) level.* The CMMC level required by this solicitation is: **CMMC Level 2 (C3PAO)**. This CMMC level, or higher (see 32 CFR part 170), is required prior to award for each contractor information system that will process, store, or transmit Federal contract information (FCI) or controlled unclassified information (CUI) during performance of the contract.

(2) The Offeror will not be eligible for award of a contract, task order, or delivery order resulting from this solicitation if the Offeror does not have, for each of the contractor information systems that will process, store, or transmit FCI or CUI and that will be used in performance of a contract resulting from this solicitation-

(i) The current CMMC status entered in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) at the CMMC level required by paragraph (b)(1) of this provision; and

(ii) A current affirmation of continuous compliance with the security requirements identified at 32 CFR part 170 in SPRS.

(c) *Plan of action and milestones.* If the Offeror has a CMMC Status of Conditional, the Offeror shall successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(d) *CMMC unique identifiers.* The Offeror shall provide, in the proposal, the CMMC unique identifier(s) (CMMC UIDs) issued by SPRS for each contractor information system that will process, store, or transmit FCI or CUI during performance of a contract, task order, or delivery order resulting from this solicitation. The Offeror also shall update the list when new CMMC UIDs are generated in SPRS. The CMMC UIDs are provided in SPRS after the Offeror enters the results of self-assessment(s) for each such information system.

(End of provision)

252.215-7012 Requirements for Submission of Proposals via Electronic Media.

(Jan 2018)

REQUIREMENTS FOR SUBMISSION OF PROPOSALS VIA ELECTRONIC MEDIA (JAN 2018)

The Offeror shall submit the cost portion of the proposal via the following electronic media: Excel format with formulas intact.

(End of provision)

252.215-7994 Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data. Alternate I (DEVIATION 2026-O0048)

(Mar 2026)

**Alternate I
Deviation 2026-O0048**

**(Mar 2026)
(Mar 2026)**

Alternate I. (DEVIATION 2026-O0048) As prescribed in 215.110-70(e)(1) and(e)(1)(ii), use the following provision, which includes a different paragraph (c)(1).

**REQUIREMENTS FOR CERTIFIED COST OR PRICING DATA AND DATAOTHER THAN CERTIFIED COST OR PRICING DATA--
ALTERNATE I(DEVIATION 2026-O0048) (MAR 2026)**

(a) *Definitions.* As used in this provision--

"Market prices" means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain and that can be substantiated through competition or from sources independent of the offerors.

"Non-Government sales" means sales of the supplies or services to non-Governmental entities for purposes other than governmental purposes.

"Relevant sales data" means information provided by an offeror on sales of the same or similar items that can be used to establish price reasonableness taking into consideration the age, volume, and nature of the transactions (including any related discounts, refunds, rebates, offsets, or other adjustments).

"Sufficient non-Government sales" means relevant sales data that reflects market pricing and contains enough information to make adjustments covered by Federal Acquisition Regulation (FAR) 15.404-1(b)(2)(ii).

"Uncertified cost data" means the subset of "data other than certified cost or pricing data" (see FAR 2.101) that relates to cost.

(b) *Exceptions from certified cost or pricing data.*

(1) In lieu of submitting certified cost or pricing data, the Offeror may submit a written request for exception by submitting the information described in paragraphs (b)(1)(i) and (ii) of this provision. The Contracting Officer may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted and whether the price is fair and reasonable.

(i) *Exception for price set by law or regulation - Identification of the law or regulation establishing the price offered.* If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.

(ii) *Commercial product or commercial service exception.* For a commercial product or commercial service exception, the Offeror shall submit, at a minimum, information that is adequate for determining commerciality and evaluating the reasonableness of the price for this acquisition, including prices at which the same product or service or similar products or services have been sold in the commercial market. Such information shall include--

(A) For products or services previously determined to be commercial, the contract number and military department, defense agency, or other DoD component that rendered such determination, and if available, a Government point of contact;

(B) For subsystems of a major weapon system and components and spare parts of a major weapon system or subsystem of a major weapon system that have not previously been determined to be commercial--

(1) The comparable commercial product the Offeror sells to the general public or nongovernmental entities;

(2) A comparison between the physical characteristics and functionality of the comparable commercial product and the subsystem, component, or spare part, including--

(i) For products under paragraph (3)(i) of the "commercial product" definition at FAR 2.101, a description of the modification and documentation to support that the modification is customarily available in the marketplace; or

(ii) For products under paragraph (3)(ii) of the "commercial product" definition at FAR 2.101, a detailed description of the modification and detailed technical data to demonstrate that the modification is minor (e.g., information on production processes and material differences); and

(3) The national stock number (NSN) for the comparable commercial product, if one is assigned, and the NSN for the subsystem, component, or spare part; or

(4) If the Offeror does not sell a comparable commercial product to the general public or nongovernmental entities for purposes other than government purposes, the Offeror shall--

(i) Notify the Contracting Officer in writing that it does not sell such a comparable product; and

(ii) Provide the Contracting Officer with a comparison of the physical characteristics and functionality of the most comparable commercial product in the commercial market.

(C) For items priced based on a catalog--

(1) A copy of or identification of the Offeror's current catalog showing the price for that item; and

(2) If the catalog pricing provided with this proposal is not consistent with all relevant sales data, a detailed description of differences or inconsistencies between or among the relevant sales data, the proposed price, and the catalog price (including any related discounts, refunds, rebates, offsets, or other adjustments);

(D) For items priced based on market pricing, a description of the nature of the commercial market, the methodology used to establish a market price, and all relevant sales data. The description shall be adequate to permit DoD to verify the accuracy of the description;

(E) For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item; or

(F) For items provided by nontraditional defense contractors, a statement that the entity is not currently performing and has not performed, for at least the 1-year period preceding the solicitation of sources by DoD for the procurement or transaction, any contract or subcontract for DoD that is subject to full coverage under the cost accounting standards prescribed pursuant to 41 U.S.C. 1502 and the regulations implementing such section.

(2) The Offeror grants the Contracting Officer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and to determine the reasonableness of price.

(c) *Requirements for certified cost or pricing data.* If the Offeror is not granted an exception from the requirement to submit certified cost or pricing data, the following applies:

(1) The Offeror shall submit certified cost or pricing data and supporting attachments in the following format: *[Insert description of the data and format that are required, and include access to records necessary to permit an adequate evaluation of the proposed price in accordance with FAR 15.408-2, Table 15-1, Note 2. The Contracting Officer shall insert the description at the time of issuing the solicitation or specify that the format regularly maintained by the offeror or prospective subcontractor in its business operations will be acceptable. The Contracting Officer may amend the description as the result of negotiations.]*

(2) As soon as practicable after agreement on price, but before contract award (except for unpriced actions such as letter contracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.403-4.

(3) The Offeror is responsible for determining whether a subcontractor qualifies for an exception from the requirement for submission of certified cost or pricing data on the basis of adequate price competition, i.e., two or more responsible offerors, competing independently, submit priced offers that satisfy the Government's expressed requirement in accordance with FAR 15.403-2(c)(1)(ii).

(d) *Requirements for data other than certified cost or pricing data.*

(1) Data other than certified cost or pricing data submitted in accordance with this provision shall include all data necessary to permit a determination that the proposed price is fair and reasonable, to include the requirements in Defense Federal Acquisition Regulation Supplement (DFARS) 215.402-70(a)(1), 215.404-170, and 234.7002(e).

(2) In cases in which uncertified cost data is required, the information shall be provided in the form in which it is regularly maintained by the Offeror or prospective subcontractor in its business operations.

(3) If the Offeror redacts data that identifies the customer (see DFARS 234.7002(e)(2)), then the Offeror shall include, for each sale, the following signed statement with the data submitted:

"By submission of this data, the Offeror [Offeror insert company name] certifies that the customer was [Offeror insert one or more of the following as applicable: a government customer (e.g., Federal, state, local, or foreign government); a commercial customer purchasing the same or similar product for governmental purposes; or a commercial customer purchasing the same or similar product for a commercial, mixed, or unknown purpose]."

(4) The Offeror shall provide information described as follows: *[Insert description of the data and the format that are required, including access to records necessary to permit an adequate evaluation of the proposed price in accordance with 15.403-1 or DFARS 234.7002(e)].*

(5) Within 10 days of a written request from the Contracting Officer for additional information to support proposal analysis, the Offeror shall provide either the requested information, or a written explanation for the inability to fully comply.

(6) *Subcontract price evaluation.*

(i) Offerors shall obtain from subcontractors the information necessary to support a determination of price reasonableness, as described in FAR part 15 and DFARS part 215.

(ii) No cost information may be required from a prospective subcontractor in any case in which there are sufficient non-Government sales of the same item to establish reasonableness of price.

(iii) If the Offeror relies on relevant sales data for similar items to determine the price is reasonable, the Offeror shall obtain only that technical information necessary--

(A) To support the conclusion that items are technically similar; and

(B) To explain any technical differences that account for variances between the proposed prices and the sales data presented.

(e) *Subcontracts.* The Offeror shall insert the substance of this provision, including this paragraph (e), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2. The Offeror shall require prospective subcontractors to adhere to the requirements of--

(1) Paragraph (c) and (d) of this provision for subcontracts above the threshold for submission of certified cost or pricing data in 215.403-3(a); and

(2) Paragraph (d) of this provision for subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

Additional Regulation or Supplemental Clauses Incorporated by Full Text

WSSTERMLZ05 REVIEW OF AGENCY PROTESTS

(Feb 2013)

(Applicable when FAR clause 52.233-2 and/or 52.233-3 are included)

In accordance with FAR Subpart 33.103(d)(4), interested parties may request an independent review of their protest at a level above the contracting officer. The request for an independent review may be made in lieu of a protest to the contracting officer, or as an appeal of a contracting officer decision on a protest. If an agency appellate review of the contracting officer's decision on a protest is requested, it will not extend GAO's timeliness requirements. Any subsequent protest to the GAO must be filed within 10 days of knowledge of the initial adverse agency action.

The individual who will conduct the independent review is the Chief of the Contracting Office (CCO). Interested parties requesting to have an independent review of a protest or to appeal a contracting officer protest decision shall address their correspondence to:

Section M - Evaluation Factors for Award

SECTION M - EVALUATION CRITERIA AND BASIS FOR AWARD

The Government intends to make a single award to the eligible, responsible offeror whose offer, conforming to the solicitation, is determined most advantageous to the Government, price and non-price factors considered. The Government reserves the right to award the contract to other than the lowest priced quotation.

Past Performance. The Government will evaluate the offeror's past performance in the areas of quality and timeliness of delivery. This evaluation is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating the relative capability of the offeror and other competitors to successfully meet the requirements of the RFQ.

The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. Offerors lacking relevant past performance history will receive a neutral rating for past performance. However, the quotation of an offeror with no relevant past performance history, while rated neutral in past performance, may not represent the most advantageous proposal to the Government and thus, may be an unsuccessful proposal when compared to the quotations of other offerors.

SUPPLEMENTAL TEXT INCORPORATED BY FULL TEXT

SUPTXT 215-7401 (6-03)

THE FOLLOWING NAVSUP LOCAL TEXT IS HEREBY MADE PART OF THE STATEMENT OF WORK/PERFORMANCE WORK STATEMENT.

EVALUATION OF FIRST ARTICLE TESTING

(a) Offerors are advised that the contract awarded as a result of this solicitation will require first article testing. This requirement may be waived by the Contracting Officer when supplies identical or similar to those called for have previously been delivered by the offeror and accepted by the Government. Therefore, offerors can submit alternative offers, one including testing and approval and the other excluding testing and approval. If the Government waives the requirement for first article unit(s), test plans, testing and test report(s) for eligible offerors, the prices set forth in paragraph (g) will be used in evaluating offers. In addition, all provisions relating to first article testing will be deleted from the resulting contract.

(b) Offerors shall identify these identical or similar supplies by the contract number, agency, national stock number, contract award date, and contract delivery date.

CONTRACT NUMBER	AGENCY	NSN	CONTRACT AWARD DATE	CONTRACT DELIVERY DATE

(c) The Government is responsible for first article testing under this contract. The cost to the Government of this testing will be a factor in the evaluation of offers, as it will be added to the offers requiring first article testing. The estimated cost of this testing is \$48,116.00.

(d) The approved first article serves as a manufacturing standard.

(e) Earlier delivery, if required in case of waiver of first article, shall not be a factor in the evaluation for award.

(f) The prices for first articles and first article tests in relation to production quantities shall not be materially unbalanced, if first article test items or tests are to be separately priced.

(g) Unit price offered if First Article is waived: \$_____

(End of provision)
