

NOTICE OF INTENT TO NEGOTIATE A SOLE SOURCE CONTRACT

This is a notice of intent to negotiate a sole source contract pursuant to the authority of 41 U.S.C. 1901 as implemented by Revolutionary Federal Acquisition Regulation Overhaul 12.102 “Restricting Competition.” The Government intends to negotiate a five-year (5) firm-fixed-price contract with the University of New Hampshire (UNH) for the National Oceanic and Atmospheric Administration, National Ocean Service, Office of Coast Survey, for Information Technology Support for NOAA employees and NOAA contractors at the Joint Hydrographic Center located at UNH. This requirement is for annual Information Technology (IT) support for NOAA personnel and/or NOAA contractors working collaboratively with UNH researchers and in facilities provided by and shared with UNH. These personnel require IT services and support that is tightly integrated with the UNH IT infrastructure. Due to the combination of physical and IT security concerns, it is not possible to provide the needed support through a third-party contractor. Areas of service include: computers and services, basic IT services, data storage for high-resilience data; and data storage for bulk data. This action is intended to support the IT needs of 15 NOAA users throughout the period of performance, and up to four additional NOAA users (19 total) in any option years.

The North American Industry Classification System code for this requirement is 541519 *Other Computer Related Services*. The small business size standard for this NAICS code is \$34M.

Responses to this notice must be provided within five calendar days from the date of this notice. Vendors who believe they can meet this requirement are required to submit in writing an affirmative response demonstrating a comprehensive understanding of the requirement. All written responses must include a written narrative statement of capability, including detailed technical information demonstrating their ability to meet the requirement. The response must be sufficient to permit agency analysis to establish a bona fide capability to meet the requirement. Failure to submit such documentation will result in the Government proceeding as previously stated. A determination by the Government not to open the requirement to competition based upon responses to this notice is solely within the discretion of the Government. Affirmative written responses must be received no later than 4:00 P.M. Eastern Standard Time, on April 1, 2026. Responses must be submitted via e-mail to Michael J. Williams, Contract Specialist, at Michael.J.Williams@noaa.gov.
