

SOURCES SOUGHT NOTICE

Enterprise Technical Documentation, Modernization Strategy, and Roadmap Development Services

Federal Mediation and Conciliation Service (FMCS)

NAICS Codes Under Consideration: 541512, 541519

GENERAL INFORMATION

THIS IS A SOURCES SOUGHT ANNOUNCEMENT ONLY. This notice is issued for market research purposes in accordance with FAR Part 10. This announcement does not constitute a solicitation or a promise to issue a solicitation in the future. The Government will not pay for any information submitted or for any costs associated with providing a response to this notice.

The Federal Mediation and Conciliation Service (FMCS) is conducting market research to identify qualified and interested firms capable of providing enterprise technical documentation, modernization strategy development, and roadmap development services.

The Government intends to use responses to this Sources Sought notice to support market research, refine the draft scope, develop an Independent Government Cost Estimate (IGCE), and determine the appropriate acquisition strategy, including potential small business set-aside decisions.

BACKGROUND

FMCS operates a cloud-based enterprise digital environment centered on Microsoft 365 (M365) and integrated systems including SharePoint Online, Microsoft Teams, Power Platform, Dataverse, SQL Server, CollabSpace (ERM), LMS365, Azure cloud services, custom .NET applications, AWS-hosted WordPress environments, and legacy systems.

REQUIREMENT OVERVIEW

FMCS seeks contractor support to develop enterprise technical documentation, modernization strategies, migration roadmaps, future-state architecture, and governance/compliance frameworks supporting agency modernization and executive decision-making.

SCOPE SUMMARY

- Enterprise technical documentation (architecture diagrams, workflows, data models, integration maps)

- Modernization assessments (technical debt, security posture, scalability, governance)
- Future-state architecture and strategy (1–3 year roadmap, cloud optimization, DevSecOps)
- System-specific documentation and roadmaps (M365, CCMS, Arbitration system, WordPress, migration planning)

INVESTIGATION PHASE

- System inventory and stakeholder interviews
- Architecture baseline assessment
- Risk and technical debt identification
- Modernization opportunity analysis
- This phase is anticipated to occur within the first 90 days of performance.

DELIVERABLES (REPRESENTATIVE)

- Investigation Project Plan
- Baseline Documentation
- System Documentation Packages
- Modernization Reports
- Enterprise Strategy Report
- Migration Roadmaps
- Final Consolidated Strategy

PERIOD OF PERFORMANCE

Base Period: Approximately 4 months

The Government requests feedback from industry on whether the proposed period of performance is appropriate for the scope of work described.
