Subject: DNA Warehousing Support

Type of Action (Synopsis, Solicitation, etc.):

Request for Information

The purpose of this requirement is to provide support to the Naval Surface Warfare Center Dam Neck Activity (NSWCDD DNA) Property Management Division Code 107, which is responsible for oversight of policy and compliance in the areas of Operating Materials & Supplies (OM&S), Plant Property & Equipment (PP&E)/Asset Management (AM), and Purchase Requisitions (PR). Support under this contract will include the following:

- Technical, project, analytical, program, and supply chain management support of policy and compliance in the areas of OM&S, Plant PP&E and AM.
- All OM&S and PP&E/AM management functions including policy development, financial and physical accountability, training, performance monitoring, and process improvements
- Warehousing and delivery of materials and equipment.

This is a new requirement.

Responses to this RFI should include as much detailed information as possible.

While vendors may provide any relevant information, responses should, at a minimum, include a detailed capability statement that addresses the company's experience with the three main support areas listed below.

Company Name and Address

Point of Contact (to include phone/email)

Cage Code

Capability Statement

NSWCDD DNA requests offerors' responses NO LATER THAN 12:00 PM EST 09 April 2026. Submissions will be accepted after this date but feedback may not be as timely or contribute to NSWCDD DNA's strategic planning. All communications with industry must be coordinated through the cognizant Contract Specialist, via e-mail at curtis.d.taylor2.civ@us.navy.mil.

At no cost to the Government, responding vendors/offerors may continue dialogue via emailing the Contract Specialist. Answers will be provided via a document attached to this SAM.gov Notice.

Extended Description:

This synopsis is being posted to the SAM.GOV page located at <https://sam.gov>.

This is a Request for Information (RFI) by NSWCDD DNA. This Request for Information is published in accordance with FAR 15.201(e) and is for PLANNING PURPOSES ONLY. It does not constitute a Request for Proposal (RFP) or a commitment by the U.S. Government, nor should it be construed as such. Respondents are advised that NSWCDD DNA is under no obligation to acknowledge receipt of information received or provide feedback to respondents with respect to any information submitted under this RFI. There shall be no basis for claims against the Government as a result of any information submitted in response to this RFI. The Government does not intend to award a contract on the basis of this RFI or reimburse RFI preparation costs incurred by any offeror when providing the information requested under this notice. If a solicitation is released at a future date, it will be synopsized on the SAM.GOV website.

It is the responsibility of any potential offeror to monitor this site for additional information pertaining to this requirement.

This notice of intent is NOT a request for competitive proposals, as the Government intends this for planning purposes only. The Government will not pay for any information received. Phone call responses will not be accepted.

Information received shall be treated as Business Sensitive and will not be shared outside Government activities and agencies without permission of the provider.

All responses should be unclassified. Information and materials submitted in response to this request will NOT be returned.

If responses contain proprietary data, it shall be marked appropriately. It is the respondent's responsibility to clearly define to the Government what is considered proprietary data.

Industry Day:

An Industry Day will be held at NSWCDD Dam Neck Activity, Hopper Hall, 1922 Regulus Ave, Virginia Beach VA 23461 on Wednesday, 08 April 2026 at 1100 ET. Sign-in starts at 1030 ET. This event is free of charge. To register, please provide the following information to Curtis Taylor at curtis.d.taylor2.civ@us.navy.mil no later than 1200 ET on Monday, 06 April 2026 with the Subject Line: Industry Day for DNA Warehousing Support. Registration will be confirmed via email.
