

This is a combined synopsis/solicitation for commercial products or commercial services prepared in accordance with FAR Part 12. This announcement constitutes the only solicitation. Offers are being requested and a separate written solicitation will not be issued.

Solicitation number N5523626Q0061 is issued as a request for quotation (RFQ) for the procurement of services in support of a complete assessment of the LHD class diesel generator engine asset (ALCO Model 251C) in accordance with the Statement of Work.

This acquisition is being conducted on an other than full and open competition basis as a sole source procurement. The Government intends to solicit and contract with only one responsible source in accordance with FAR 12.102(a). The applicable North American Industry Classification System (NAICS) code is 811310 – Commercial and Industrial Machinery and Equipment (except Automotive and Electronic) Repair and Maintenance.

This solicitation incorporates provisions and clauses by reference. The full text of provisions and clauses may be accessed electronically at www.acquisition.gov.

DESCRIPTION: Southwest Regional Maintenance Center (SWRMC) Code 370.2B requires the procurement of services to perform a complete “out-of-frame” assessment of the LHD class diesel generator engine asset (ALCO Model 251C). The Contractor shall provide all labor, tools, materials, equipment, and supervision necessary to accomplish preparation and cleaning, disassembly, inspection, non-destructive testing, dimensional analysis, and coordination for crankshaft assessment and balancing. The effort also includes an inventory review to identify parts on hand and components requiring replacement. A comprehensive assessment report detailing inspection results and recommended actions shall be provided upon completion.
