

**THIS IS NOT A SOLICITATION FOR QUOTES THIS IS A SOURCES SOUGHT SYNOPSIS
ONLY**

SOURCES SOUGHT NOTICE

**Market Research – Fiber Optic Cabling Project
Albuquerque, New Mexico**

1. DISCLAIMER

This is a **Sources Sought Notice** issued for market research purposes only. This is **not a solicitation**, Request for Proposal (RFP), or Request for Quotation (RFQ). This notice does not constitute a commitment by the Government to issue a solicitation or award a contract. Responses are voluntary and will not be reimbursed.

The Government is conducting market research in accordance with FAR Part 10 to determine the availability and capability of qualified small business concerns.

2. AGENCY INFORMATION

The Bureau of Reclamation is seeking qualified vendors for a Fiber Cabling Project at the Albuquerque Data Center located in Albuquerque, New Mexico.

3. PROJECT DESCRIPTION

The Government is seeking information from qualified contractors capable of providing **materials and installation services for new fiber-optic infrastructure cabling** within the Albuquerque Data Center.

The objective is to enhance the structured cabling infrastructure, improve network manageability, and ensure compliance with applicable industry standards.

4. SCOPE OF WORK (SUMMARY)

The contractor shall provide all labor, tools, materials, equipment, supervision, and incidental services necessary to perform the following:

- Procure fiber optic cable and Fiber Termination Units (FTUs)

- Conduct site walkthrough
- Install and mount FTUs in Cabinets 8, 9, 10, and 11 (Row 12)
- Install and terminate OM3 multi-mode fiber:
 - 72 strands: Cabinet 8 to Cabinet 11
 - 72 strands: Cabinet 9 to Cabinet 11
 - 48 strands: Cabinet 10 to Cabinet 11 (approx. 17” distance)
- Utilize fiber basket/tray infrastructure
- Install LC-type connectors
- Provide service loops (not to exceed 3 feet)
- Label all FTU ports
- Perform cable management in compliance with airflow and bend radius requirements
- Test and certify all fiber strands

All work shall comply with:

- ANSI/TIA-568
- NEC / NFPA 70
- BICSI cabling standards

5. PLACE OF PERFORMANCE

Albuquerque Data Center
1011 Indian School Road NW
Albuquerque, NM 87104

Contractor must be **local to the Albuquerque, NM area**. Travel costs will not be reimbursed.

Work will occur during standard business hours (Monday–Friday, 8:00 AM – 5:00 PM MT), unless otherwise directed.

6. NAICS AND PSC INFORMATION

NAICS Code: 238210 – Electrical Contractors and Other Wiring Installation Contractors

Small Business Size Standard: \$19 million (average annual receipts)

Product Service Code (PSC): J059

PSC Description: Maintenance, Repair, and Rebuilding of Equipment – Electrical and Electronic Equipment Components

7. INFORMATION REQUESTED FROM INDUSTRY

Interested vendors are requested to submit a **Capability Statement (maximum 5 pages)** that includes:

1. Company name, address, UEI, and CAGE code
 2. Business size status under NAICS 238210
 3. Socioeconomic status (e.g., Small Business, 8(a), HUBZone, SDVOSB, WOSB)
 4. Confirmation the company is local to Albuquerque, NM
 5. Relevant past performance (minimum 2 similar projects within last 5 years)
-
