

COMBINED SYNOPSIS/SOLICITATION NOTICE:

Requirement Title: Cleaning and Sanitizing of Sanitary Tank #2 with Option for Tanks #1 & #3

Solicitation Number: N3904026Q3078

Response Deadline: 05/01/2026 at 10:00 AM EST

POC: William (Bill) V LeDuc III; william.v.leduciii.civ@us.navy.mil; 207-994-4935

GENERAL INFORMATION:

1. This is a combined synopsis/solicitation for commercial products or commercial services prepared in accordance with the format in subpart 12.202, as supplemented with additional information included in this notice. This announcement constitutes the only solicitation; proposals are being requested, and a written solicitation will not be issued and paper copies of this solicitation will not be available. This combined synopsis/solicitation SHALL be posted on SAM.gov.

2. This solicitation documents and incorporates provisions and clauses in effect through FAC 2026-01 and DFARS Change Notice 2025-1110. It is the responsibility of the contractor to be familiar with the applicable clauses and provisions. The clauses may be accessed in full text at these addresses:

<https://www.acquisition.gov/browse/index/far> and http://www.acq.osd.mil/dpap/dars/change_notices.html.

3. This solicitation is being issued as a(n): Request For Quotation (RFQ)

4. This acquisition is for: Total Small Business Set-Aside

5. North American Industry Classification System Code (NAICS):562991- Septic Tank and Related Services

6. The size standard is: \$9 million

REQUIREMENT INFORMATION:

The Portsmouth Naval Shipyard requests responses from sources capable of providing the following:

- Period of Performance: 09/29/2026 – 02/28/2027
- Place of Performance: Naval Base Point Loma (NBPL)- San Diego, CA
- Attachments
 - Attachment 1- OPSEC Encl 2_redacted
 - Attachment 2- Wage Determination
 - Exhibit A-0001
 - Exhibit A-0002

REQUEST FOR QUOTATION

N3904026Q3078

METHOD OF PROPOSAL SUBMISSION:

Offers shall be emailed. All responsible sources may submit a quote which shall be considered by the agency. System for Award Management (SAM): Vendors must be registered in the SAM database to be considered for award. Registration is free and can be completed on-line at <http://www.sam.gov/>.

Please see the attached *Statement of Work (SOW)* for more information.

All quotes should include this form filled out in its entirety (highlighted yellow fields are required).

Please include appropriate technical specification.

Submission Instructions

The Government will award a contract resulting from this solicitation to the responsible Vendor whose submission conforming to the solicitation will be most advantageous to the Government, price and other factors considered.

Submit your company's quote in writing via email to Contact Contract Specialist William V. LeDuc III at william.v.leduciii.civ@us.navy.mil by May 1, 2026, at 10:00 AM EST. The Government may also choose to accept late quotes if it determines it is in the best interest to do so. The Government reserves the right to award on initial quotes. The Government is not obligated to seek completion or clarification of technical and/or past performance information.

Terms and content of your quote. Your quote must be based on the terms of this Combined Synopsis/Solicitation. Any quote that is not based on these terms in their entirety may be rejected. Your quote should contain all of the information described below.

N3904026Q3078

- Period of Performance: 09/29/2026 – 02/28/2027
- Place of performance is: Naval Base Point Loma (NBPL)- San Diego, CA
- For evaluation purposes, please provide any applicable procedures and technical information. If no information is provided, your quotation may be determined to be unresponsive.
- Please provide published commercial labor rates and breakdown of total prices, if applicable, for Price Justification purposes.
- See SAM.gov Posting for Detailed Statement of Work and Applicable Clauses.

REQUEST FOR QUOTATION

N3904026Q3078

1. Introduction

- 1.1. **Location** - Portsmouth Naval Shipyard (PNS) requires the cleaning and sanitization of sanitary tanks aboard a US Submarine while in dry dock at **DET SD, POINT LOMA, CA.**
- 1.2. **Requirement** - PNS requires the cleaning and sanitization of **Sanitary Tank no. 2** in accordance with the specifications contained herein. (Note: **Sanitary Tank no. 2 is currently the only Sanitary Tank being opened per the AWP**) Cleaning and sanitization of **Sanitary Tank no. 1** and **Sanitary Tank no. 3** would be at **option** of the project. The Contractor shall be responsible for providing utilities and services required for tank cleaning to include but not limited to:
- 1.2.1. All equipment, including lines and hoses, required in the cleaning of the Sanitary Tanks shall be provided by the Contractor. The Government will **not** be responsible for providing any of this equipment.
- 1.2.2. The Government will provide fresh water and connections for compressed air and electrical power, and rigging services/equipment.
- 1.3. **Capacity and Description of Sanitary Tanks:**

Tank	Capacity	Description
Sanitary Tank No. 1	1,850 gallons	Storage tank for human waste
Sanitary Tank No. 2	2,350 gallons	Storage tank for kitchen waste and wastewater from the ship's laundry. Sanitary Tank No. <u>2</u> is a tank containing large amounts of solidified grease.
Sanitary Tank No. 3	800 gallons	Storage tank for human waste and some kitchen waste. Sanitary Tank No. <u>3</u> might contain some solidified grease/grease film.

2. Contractor Responsibilities

- 2.1. **Base and Boat Access:**
- 2.1.1. Contractor must be U.S.-owned and be able to provide proof via a DD Form 2345 or other such acceptable documentation prior to contract award. All personnel performing work on this contract must be U.S. citizens and must be able to provide proof of U.S. citizenship prior to being granted escorted access to the worksite.

REQUEST FOR QUOTATION

N3904026Q3078

- 2.1.2. ALL Personal Electronic Devices (PEDs) with cameras are prohibited from **DET SD, POINT LOMA**, including, but not limited to: cell phones with cameras, lap top computers with cameras and tablet computers with cameras.
- 2.1.3. **No** PEDs of any kind, including cell phones without cameras, are allowed on submarines.
- 2.1.4. The Contractor shall be required to sign a Memorandum of Agreement (MOA) before being allowed to work on the submarine.
- 2.1.5. Contractors shall have Defense Biometric Identification System (DBIDS) credentials for access to **DET SD, POINT LOMA**.

2.2. Tank Access / Info:

- 2.2.1. The Contractor shall be responsible for confined space atmospheric testing (gas free certification) for their personnel, prior to entry to the sanitary tank for cleaning and during cleaning in accordance with Title 29 Code of Federal Regulations, Part 1915, SUBPART B.
 - 2.2.1.1. Confined Space atmospheric testing performed by PNS or other Navy Gas Free Engineering personnel, and the resultant certifications created by those, are valid only for Government personnel, not Contractors.
- 2.2.2. Contractor shall access each of the Sanitary Tanks through an oval manhole cover (15" X 18" in size).
- 2.2.3. There are two flexible piping connections at the top of **Sanitary Tank No. 1** (PL-38 and PL-58).
 - 2.2.3.1. If contractor needs these disconnected/opened, contractor shall provide 14 days minimum notice to PNS Project Management Team prior to the start on tank cleaning.
 - 2.2.3.2. PNS will be responsible for opening the piping connections in accordance with Paragraph 3.1.3.

2.3. Cleaning Process and Cleanliness Requirements:

- 2.3.1. The process used to clean the Sanitary Tanks shall be determined by the Contractor and submitted for approval as part of proposal, to best accomplish the task in a safe and timely manner.
- 2.3.2. Underlying paint and tank structure, including hangers, piping, hinges, tank level indicator (TLI) shall not be damaged. At a minimum the Sanitary Tanks shall be cleaned as outlined below:
 - 2.3.2.1. Clean all tanks to be free of all wastes and all loose material. All piping, hangers, backside of access cover (including hinges) and tank level indicator (TLI) coil shall be free of all wastes and all loose material.
 - 2.3.2.2. Use only pressure washing and hand tools to clean the sanitary tanks. Power tools (needle guns, etc.) are not permitted.

REQUEST FOR QUOTATION

N3904026Q3078

2.3.3. Clean all tanks to Society for Protective Coatings Surface Preparation Standard No. 1 (SSPC-SP 1). Clean using non-petroleum based Solvents/Cleaners to achieve the cleanliness level of SSPC-SP 1.

2.3.3.1. **In Sanitary Tank No. 1:** Calcium type buildup should be expected throughout the tank. Remove all debris from the bottom of the tank.

2.3.3.2. **In Sanitary Tank No. 2:** It should be expected that 100 to 400 square feet of loose and flaking epoxy paint on the tank's steel structure requires removal to the steel substrate.

2.3.3.2.1. Light scraping with putty knives, steel bristle brushes and/or similar tools shall be accomplished, as required, to ensure removal of all grease and grease film on the interior surfaces as well as underlying grease behind loose and flaking paint.

2.3.3.2.2. Loose, flaking and blistering paint is sufficient cause to suspect underlying grease and shall be removed as part of the cleaning process.

2.3.3.2.3. In addition to power washing, hand wiping with rags and degreasing agents shall be required to achieve the desired level of cleanliness in Sanitary Tank No. 2.

2.3.3.3. **Sanitary Tank No. 3:** Light scraping with putty knives, steel bristle brushes and/or similar tools shall be accomplished, as required, to ensure removal of all grease and grease film on the interior surfaces as well as underlying grease behind loose and flaking paint.

2.3.3.3.1. Loose, flaking and blistering paint is sufficient cause to suspect underlying grease and shall be removed as part of the cleaning process.

2.3.3.3.2. In addition to power washing, hand wiping with rags and degreasing agents shall be required to achieve the desired level of cleanliness in Sanitary Tank No. 3.

2.4. Sanitization / Disinfection of the Tanks:

2.4.1. Notify PNS Project Management Team and Code 133 Inspector 24 hours prior to the addition of the disinfecting/sanitizing solution to each Sanitary Tank. Provide follow-up confirmation to Code 133 Inspector at the start of the shift of the day of the inspection request.

2.4.1.1. Code 133 Inspector will observe addition of the sanitizing/disinfecting solution to each Sanitary Tank.

2.4.2. Cleaning process shall be completed in accordance with the below steps:

2.4.2.1. Each Tank shall be pumped to low suction and then filled 1/2 full with fresh (potable) water prior to being sanitized/disinfected.

2.4.2.2. The sanitizing/disinfecting solution shall be added to a tank only after the tank is filled 1/2 full of fresh (potable) water.

REQUEST FOR QUOTATION

N3904026Q3078

2.4.2.3. Required Amounts of Sanitizing / Disinfecting Solution:

- 2.4.2.3.1. **Sanitary Tank no. 1:** A minimum of 14 gallons 3 qt of 5% liquid sodium hypochlorite or 7 gallons 2 qt of 10% liquid sodium hypochlorite shall be used.
- 2.4.2.3.2. **Sanitary Tank no. 2:** A minimum of 18 gallons 3 qt of 5% liquid sodium hypochlorite or 9 gallons 2 qt of 10% liquid sodium hypochlorite shall be used.
- 2.4.2.3.3. **Sanitary Tank no. 3:** A minimum of 6 gallons 2 qt of 5% liquid sodium hypochlorite or 3 gallons 1 qt of 10% liquid sodium hypochlorite shall be used.

2.4.2.4. After adding the sanitizing/disinfecting solution to a tank, the tank shall be filled with fresh (potable) water to full capacity and allowed to sit for a minimum of four (4) hours.

2.4.2.5. Ensure that the sanitizing/disinfecting solution is evenly mixed into all the water in a tank so that all surfaces are sanitized/disinfected for the entire hold period of four (4) hours.

2.4.2.6. Following pump down, the tank shall be either filled with fresh (potable) water and allowed to sit for a minimum of one (1) hour or washed down with a low- pressure wash to remove remaining sanitizing/disinfecting solution.

2.4.3. **Restrictions on use of alternative sanitizing/disinfecting processes.** No alternative sanitizing / disinfecting process may be used without written approval by PNS. Any alternative sanitizing / disinfecting process must be submitted to Portsmouth for review by PNS Contracts and Engineering.

2.5. **Bacteriological Testing:**

2.5.1. After sanitization/disinfection and low-pressure wash down, Contractor is to have samples taken of the washwater runoff in **each** tank for bacteriological testing.

2.5.1.1. The samples shall be taken from washwater runoff at or near the bottom of **each** tank so that the sample(s) for each tank contains washwater from all parts of the tank.

2.5.2. Notify PNS Project Management Team **and** Code 133 Inspector 24 hours prior to taking samples for bacteriological testing for **each** tank. Provide follow-up confirmation to Code 133 Inspector at the start of the shift of the day of the sample extraction.

2.5.2.1. The Code 133 Inspector will observe the taking of samples for bacteriological testing for **each** tank.

REQUEST FOR QUOTATION N3904026Q3078

- 2.5.3. Contractor is to submit the samples to an independent testing laboratory for bacteriological testing to certify that sanitization/disinfection of each Sanitary Tank has been satisfactorily accomplished and is safe for personnel. The results of bacteriological testing for **each** tank shall be reported.
- 2.5.3.1. Do **not** test for Total Coliform. Test for the presence of E.COLI or ENTEROCOCCI. Limits for CFU :
- 2.5.3.1.1. Level of E.COLI must be **less than** 235 CFU / 100 mL
- 2.5.3.1.2. Level of ENTEROCOCCI must be **less than** 61 CFU / 100 mL.
- 2.5.4. The Contractor shall submit bacteriological test results prior to inspection of each Sanitary Tank cleanliness by the PNS Code 133 Inspector. (CDRL A002)
- 2.6. **Inspection:**
- 2.6.1. Acceptance or re-work/re-cleaning of a Sanitary Tank will be based on inspection by PNS C133 or, if assigned, C250 Inspector.
- 2.6.2. Contractor **shall** be present at the Sanitary Tank during the PNS Code 133 inspection of the tank.
- 2.6.3. Rework/re-cleaning of a Sanitary Tank, to meet minimum acceptable standards, shall be at the Contractor's expense.
- 2.6.4. PNS C133 Inspectors shall not be requested until the Contractor has all cleaning work complete for a Sanitary Tank.
- 2.6.4.1. Contractor may request one inspection per tank per day. Notify the PNS Project Management Team when each tank is ready for inspection.
- 2.6.5. If a tank fails Code 133 inspection more than once, a penalty of 5% of total CLIN value will be charged to the vendor per failure.
- 2.7. **Removal of Anodes:**
- 2.7.1. If anodes are present in a Sanitary Tank, the Contractor shall be required to remove the anodes prior to final cleaning.
- 2.7.1.1. The anodes are approximately 3" W x 12" L x 1-1/4" thick and weigh approximately 12 pounds.
- 2.7.1.2. The anodes are bolted in place by 1/2" nuts and washers.
- 2.7.1.3. Anodes removed to facilitate work shall be turned over to PNS project personnel for proper handling, storage and disposal if necessary.
- 2.7.2. **Sanitary Tank No. 1:** If anodes are installed in Sanitary Tank No. 1 there will be approximately 10 anodes.

REQUEST FOR QUOTATION

N3904026Q3078

2.7.3. **Sanitary Tank No. 2:** If anodes are installed in Sanitary Tank No. 2 there will be approximately 19 anodes.

2.7.4. **Sanitary Tank No. 3:** If anodes are installed in Sanitary Tank No. 3 there will be approximately 3 anodes.

2.8. Environmental/Safety Requirements:

2.8.1. The Contractor is responsible for obtaining their own Marine Chemist to test sanitary tank atmospheres and to provide Marine Chemist certification for the cleaning operations.

2.8.1.1. Certification provided by Contractor's Marine Chemists for Contractor personnel only. The certification shall be posted outside each tank.

2.8.1.2. Contractor personnel shall not enter any sanitary tank unless it has been posted with a valid Marine Chemist's Certificate by Contractor's Marine chemist that indicates that the tank has been tested and found to be safe for entry in accordance with 29 CFR 1915, Subpart B.

2.8.2. Ventilation is required during all phases of the cleaning process for each sanitary tank. Ventilation shall be as specified on the Contractor's confined space certificate by the Contractor's Marine chemist. Ventilation shall also be in accordance with the requirements listed below.

2.8.2.1. Ventilation shall be sufficient to capture any and all gases and vapors discharging from the Sanitary Tank.

2.8.2.2. All ventilation must exhaust outside the ship in a manner, which shall preclude re-circulation of gases or vapors and potential exposure to any shipyard or shipboard personnel.

2.8.3. The Contractor is responsible for specifying, and assuring that its personnel wear, appropriate personal protective equipment (PPE) when entering and working in sanitary tanks. Such PPE shall minimally include respiratory protection, impermeable gloves, boots, and body protection, as well as eye, face, and head protection, as applicable.

2.8.4. It is the responsibility of the Contractor to ensure that its personnel maintain the proper medical precautions, including vaccinations, for the hazards of the work contained in this Statement of Work.

2.8.5. The Contractor shall comply with all applicable sections of 29 CFR 1915.

2.8.6. The Contractor shall be responsible for the removal and disposal, off **DET SD, POINT LOMA** of all waste and wastewater used in and taken from the Sanitary Tanks.

2.8.6.1. Disposal of all waste and waste-water shall be in accordance with all applicable federal, state and local regulations.

2.8.6.2. Disposal locations shall be provided to PNS Code 106.3 for approval before any waste or wastewater is removed from **DET SD, POINT LOMA** for disposal.

REQUEST FOR QUOTATION

N3904026Q3078

- 2.8.6.3. Copy the PNS Project Management Team and the PNS Code 250 Technical Point of Contact on all correspondence with PNS Code 106.3.
- 2.8.7. Hazardous materials used in the cleaning of and all waste products or water used in or taken from a Sanitary Tank shall not be stored on board the ship, outside a Sanitary Tank, for more than one (1) hour. These items may be kept on board ship for longer periods of time only when accompanied by Contractor personnel.
- 2.8.8. All spills of Sanitary Tank waste, including cleaning fluids used in or taken from a Sanitary Tank and/or spilled outside of a tank must be immediately cleaned up, the area sanitized and the waste/fluids properly disposed of.
 - 2.8.8.1. PNS Project Management Team and PNS Code 106.3 (207-438-1177) shall be informed immediately of all spills. All cleanup costs shall be at the Contractor's expense.
- 2.8.9. The work area adjacent to each Sanitary Tank opening shall be protected from the cleaning operation by use of plastic, waterproof protective cover-up that prevents spilling, splashing, and spraying of materials to adjacent areas due to tank cleaning operations. The immediate work area shall be kept clean by the Contractor of all trade litter and debris caused by the cleaning evolution.

3. **Government Responsibilities**

3.1. Requirement:

- 3.1.1. The Government will give a minimum of 5 days notice before service is required.
- 3.1.2. Sanitary Tanks will only be opened and closed by Ship's Force or Portsmouth Naval Shipyard (PNS) personnel.
- 3.1.3. Sanitary Tank no. 1 Access Note: There are two flexible piping connections at the top of Sanitary Tank No. 1 (PL-38 and PL-58). As stated in Paragraph 2.2.1.1, after notification from Contractor, Government will disconnect/open PL-38 and PL-58

3.2. **Inspection of the Work:**

- 3.2.1. Government is responsible for tagging out of the Sanitary Tanks .
- 3.2.2. **PNS Inspection of Tank Cleanliness.** PNS acceptance of a Sanitary Tank's cleanliness will be as determined by a PNS Code 133 or, if assigned, C250 inspector.

4. **Schedule and Work Hours**

4.1. **Period of Performance (POP):**

- 4.1.1. The estimated POP shall be **09/29/2026 – 02/28/2027**

4.2. **Core Work Hours at DET SD, POINT LOMA**

REQUEST FOR QUOTATION

N3904026Q3078

- 4.2.1. Core work hours at **DET SD, POINT LOMA** are 0700 – 1530 with a 30 minute lunch from 1130 – 1200.
- 4.2.2. Any Contractor work that is planned outside these core hours must be submitted for approval in advance to the Portsmouth Naval Shipyard Project Management Team (PNS Project Management Team) within 24 hours.
- 4.3. The Contractor shall coordinate the work effort on a daily basis with the PNS Project Management Team to prevent changing situations on board ships from causing delays and disruptions to the work.
- 4.4. **Contractor Work Schedules / Plans:**
 - 4.4.1. Working schedules/plans for Contractors accomplishing cleaning of Sanitary Tanks must be flexible and allow for a minimum of 10% - 30% loss of time. This planned loss of time includes allowances for :
 - 4.4.1.1. Interference from other ongoing work due to the confined and restrictive environment of a submarine and dry dock.
 - 4.4.1.2. Briefings and training required by Department of Defense, U.S. Naval and/or OSHA regulations for Contractor personnel.
 - 4.4.1.3. Initial issue and any required re-issuing of security passes and badges for Contractor personnel, vehicles and/or equipment.
 - 4.4.1.4. Security checks-identification verification of Contractor personnel, vehicles and their equipment entering or on the submarine base, shipyard, dry-dock and/or submarine.
 - 4.4.1.5. Stoppage of work in response to security violations which may or may not be attributed to this contracted work.
 - 4.4.1.5.1. An increase in security level instituted throughout the submarine base, shipyard, dry-dock and/or submarine.
 - 4.4.1.5.2. Disruptions due to drills, shifting berths, inspections, delay in obtaining access, and operation of equipment are to be expected and are considered to be normal rather than unusual occurrences during the performance of work under this contract.
 - 4.4.1.5.3. Scheduled and unscheduled training sessions for the ship's crew which may temporarily shut down work on the boat as well as makes Ship's Force personnel unavailable for escort duties and other support services.

5. Deliverables

- 5.1. The Contractor shall be required to attend Kick-off Meeting no later than 5 days after notified by government in accordance with Paragraph 3.1.1.

REQUEST FOR QUOTATION
N3904026Q3078

- 5.1.1. The Contractor shall not commence work until Kick-off Meeting is held.
- 5.2. Contractor shall submit a Quality Management System.. (CDRL A001)
- 5.3. The Contractor shall submit bacteriological test results prior to inspection of each Sanitary Tank cleanliness by the PNS Code 133 Inspector. (CDRL A002)
- 5.4. The Contractor shall be required to attend Closeout Meeting.
- 5.4.1. The Contractor shall not depart until Closeout Meeting is held.

REQUEST FOR QUOTATION

N3904026Q3078

See below for Clauses and Provisions Applicable to this procurement.

CLAUSES:

Responsibility and Inspection: unless otherwise specified in the order, the supplier is responsible for the performance of all inspection requirements and quality control. The following FAR provisions and clauses are applicable to this procurement:

52.203-3	Gratuities
52.203-11	Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions
52.203-12	Limitation On Payments To Influence Certain Federal Transactions
52.204-7	System for Award Management
52.204-10	Reporting Executive Compensation and First-Tier Subcontract Awards
52.204-13	System for Award Management Maintenance
52.204-19	Incorporation by Reference of Representations and Certifications
52.209-2	Prohibition on Contracting with Inverted Domestic Corporations—Representation
52.209-5	Certification Regarding Responsibility Matters
52.209-6	Protecting the Government's Interest When Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment
52.209-7	Information Regarding Responsibility Matters
52.209-9	Updates of Publicly Available Information Regarding Responsibility Matters
52.209-10	Prohibition on Contracting With Invented Domestic Corporations
52.209-11	Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law
52.211-14	Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use
52.211-15	Defense Priority and Allocation Requirements
52.212-4	Contract Terms and Conditions—Commercial Products and Commercial Services
52.217-8	Option to Extend Services
52.219-1	ALT I Small Business Program Representations--Alternate I
52.219-6	Notice of Total Small Business Set-Aside
52.219-28	Post-Award Small Business Program Rerepresentation
52.222-3	Convict Labor
52.222-19	Child Labor—Cooperation with Authorities and Remedies
52.222-36	Equal Opportunity for Workers with Disabilities
52.222-37	Employment Reports on Veterans
52.222-40	Notification of Employee Rights Under the National Labor Relations Act
52.222-41	Service Contract Labor Standards
52.222-42	Statement of Equivalent Rates for Federal Hires
52.222-43	Fair Labor Standards Act and Service Contract Labor Standards—Price Adjustment (Multiple Year and Option Contracts)
52.222-50	Combating Trafficking in Persons
52.222-54	Employment Eligibility Verification
52.222-55	Minimum Wages for Contractor Workers Under Executive Order 14026
52.222-62	Paid Sick Leave Under Executive Order 13706
52.223-5	Pollution Prevention & Right-To-Know Information
52.223-23	Sustainable Products and Services
52.226-7	Drug-Free Workplace
52.226-8	Encouraging Contractor Policies to Ban Text Messaging While Driving
52.232-8	Discounts For Prompt Payment
52.232-33	Payment by Electronic Funds Transfer—System for Award Management
52.232-39	Unenforceability of Unauthorized Obligations
52.233-1	Disputes
52.237-2	Protection Of Government Buildings, Equipment, And Vegetation
52.242-15	Stop-Work Order
52.242-17	Government Delay of Work
52.246-4	Inspection of Services—Fixed-Price
52.246-20	Warranty of Services

52.212-1 Instructions to Offerors—Commercial Products and Commercial Services.

As prescribed in 12.205(a)(1), insert a clause substantially as follows:

INSTRUCTIONS TO OFFERORS—COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (DEVIATION DATE)

(a) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. As a minimum, offers shall include—

- (1) The solicitation number;
- (2) The name, address, telephone number of the Offeror;
- (3) The Offeror's Unique Entity Identifier (UEI) and, if applicable, Electronic Funds Transfer (EFT) indicator;
- (4) Information necessary to evaluate the factors contained in the provision at 52.212-2 or as described in the solicitation;
- (5) Responses to provisions that require Offeror completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)); and
- (6) A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and any solicitation amendments.

(b) *Period for acceptance of offers.* The Offeror agrees to hold the prices in its offer firm for 60 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(c) *Late submissions, modifications, revisions, and withdrawals of offers.*

- (1) Offerors are responsible for submitting offers and any modifications or revisions to the Government office designated in the solicitation by the time specified in the solicitation.
- (2) Any offer, modification, or revision received after the time specified for receipt of offers is "late" and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition. However, a late modification of an otherwise successful offer that makes its terms more favorable to the Government will be considered at any time it is received and may be accepted.
- (3) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

REQUEST FOR QUOTATION

N3904026Q3078

(4) Offerors may withdraw their offers by written notice to the Government received at any time before award.

(d) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

(e) *Debriefings*. If a postaward debriefing is given to requesting Offerors, the Government will disclose the following information, if applicable:

(1) The agency's evaluation of the significant weak or deficient factors in the debriefed Offeror's offer.

(2) The overall evaluated cost or price and technical rating of the successful Offeror and the debriefed Offeror and past performance information on the debriefed Offeror.

(3) The overall ranking of all Offerors when any ranking was developed by the agency during source selection.

(4) A summary of the rationale for award.

(5) For acquisitions of commercial products, the make and model of the product to be delivered by the successful Offeror.

(6) Reasonable responses to relevant questions posed by the debriefed Offeror as to whether the agency followed source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities.

(End of provision)

SUPPLEMENTAL INSTRUCTIONS

ADDENDUM TO 52.212-1 Instructions to Offerors--Commercial Items

I. GENERAL

In addition to FAR 52.212-1, "Instructions to Offerors – Commercial Items" and any other instructions contained elsewhere in this solicitation, the following information is provided:

Objections to any of the terms and conditions of the RFQ will constitute a deficiency which will make the offer unacceptable.

IMPORTANT NOTES:

- (1) Vendors shall respond to all requirements of the solicitation document. Vendors are cautioned not to alter the solicitation.
- (2) Initial quotes and any modifications thereto are to be submitted to the Contracting Office on or before the closing dated time cited elsewhere in this Request for Quote.
- (3) Responses should be submitted via email only
- (4) Please review all specifications carefully.

REQUEST FOR QUOTATION

N3904026Q3078

II. CONTENT OF QUOTE

1. RFQ pricing and information pages completed by the vendor.
2. A Point of Contact, name, email address, phone, CAGE code.
3. Representations and Certifications completed by the vendor in accordance with instructions contained elsewhere in this solicitation. If the vendor has completed all of the representations and certifications required by this solicitation in SAM.gov in accordance with FAR 52.204-7, then the vendor need not submit the hardcopy Representations and Certifications.
4. Technical Submission as noted below.
 - a. Submission of technical information demonstrating compliance with the specifications, including, but not limited to:
 - Technical Acceptability
 - Experience
5. Pricing Submission. Vendors shall provide firm, fixed prices for each CLIN

Factor 1- Technical Acceptability Submissions: Vendors shall demonstrate their Technical Acceptability by meeting specifications and document capabilities

Factor 2- Experience Submission: Vendors shall submit documentation of two (2) projects/contracts that demonstrate recent and relevant experience with the two (2) major tasks identified in the Statement of Work (SOW). Contracts or projects are considered recent if they have been completed within the last five (5) years. Contracts or projects are considered relevant if they involve the cleaning and sanitizing of sanitary tanks subject to 29 CFR 1915. For each contract or project, Vendors shall provide the following:

- (i) Customer's name, organization and contact information;
- (ii) Contract or project number and title;
- (iii) Dates of performance (identify the start and end dates by month and year);
- (iv) A description of the work performed and how it is relevant to the SOW.

<u>Adjectival Rating</u>	<u>Description</u>
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, OR the offeror's performance record is unknown.
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.

Factor 3- Adherence to Schedule: Award may be based on delivery and ability to meet the requested schedule.

Factor 4- Price: The Price Factor will not be rated. The Vendor's response will be evaluated for compliance with the Addendum to 52.212-1, completeness and price reasonableness in accordance with FAR 12.204(a).

If the technical submittal is determined "Unacceptable", it renders the entire quote technically unacceptable. Technical submissions that do not meet the minimum requirements will be rated as "Unacceptable" and will no longer be considered for further competition or award.

52.212-2, Evaluation - Commercial Items is applicable to this procurement.

The Government will award a contract resulting from this solicitation to the responsible vendor whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The contract will be awarded to the vendor with the Best Value Price to the government after technical acceptance.

Quotes will be evaluated based on the following criteria:

- Technical Acceptability (Must meet specifications and document capabilities)

REQUEST FOR QUOTATION

N3904026Q3078

- Experience
- Adherence to Schedule (Award may be made based on delivery and ability to meet the requested schedule)
- Price (Best Value Price, after adherence to other factors)

Vendors will be required to submit a quote that will be evaluated in accordance with the specifications provided in the solicitation, FAR 52.212-1 Instruction to Offerors. Failure to include pricing for all line items shall be cause for rejection of the quote for all line items.

Technical: Please provide documentation demonstrating your capabilities in fulfilling the SOW.

Technical Evaluation Ratings	
Rating	Description
Acceptable	Submission clearly meets the minimum requirements of the solicitation
Unacceptable	Submission does not clearly meets the minimum requirements of the solicitation

Technical Evaluation Ratings Rating Description Acceptable Submission clearly meets the minimum requirements of the solicitation Unacceptable Submission does not clearly meet the minimum requirements of the solicitation

Experience Submission: Vendors shall submit documentation of two (2) projects/contracts that demonstrate recent and relevant experience with the two (2) major tasks identified in the Statement of Work (SOW). Contracts or projects are considered recent if they have been completed within the last five (5) years. Contracts or projects are considered relevant if they involve the cleaning and sanitizing of sanitary tanks subject to 29 CFR 1915. For each contract or project, Vendors shall provide the following:

- Customer's name, organization and contact information;
- Contract or project number and title;
- Dates of performance (identify the start and end dates by month and year);
- A description of the work performed and how it is relevant to the SOW.

Adjectival Rating	Description
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, OR the offeror's performance record is unknown.
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.

Schedule: Please confirm availability for requested period of performance. If your company is unavailable for the requested period, please provide earliest available start. Please provide your best and fastest schedule. Award may be made to the vendor who can provide the soonest execution.

Price: The Price will be evaluated as Best Value Price after adherence to other factors, however, the Contracting Officer reserves the right to award based on ability to meet the required schedule.

If the technical submittal is determined "Unacceptable", it renders the entire quote technically unacceptable. Technical submissions that do not meet the minimum requirements will be rated as "Unacceptable" and will no longer be considered for further competition or award.
