THIS NOTICE OF INTENT IS NOT A REQUEST FOR COMPETITIVE QUOTES. However, interested parties may identify their interest and capability to respond to this requirement no later than April 26, 2026 at 08 AM Pacific Time. A determination not to compete this requirement based upon responses to this notice, is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement.

DLA WEAPONS SUPPORT will NOT be responsible for any costs incurred by interest parties in responding to this notice of intent. Only written responses will be considered. All responses from responsible sources will be fully considered. As a result of analyzing responses to this notice of intent, the Government shall determine if a solicitation will be issued. Any prospective contractor must be registered in the System for Award Management (SAM) in order to be eligible for award.

Interest parties are encouraged to furnish information by email only with RESPONSE TO INTENT TO SOLE SOURCE FOR EAV HINGE ARM FAIRING SEALS6 in the subject line. All documents submitted will not be returned. All interested parties shall submit, via email, clear and convincing documentation demonstrating their capabilities to satisfy the requirements listed above to the Contract Specialist at tricia.wintersteen@dla.mil

If your organization has clear and convincing documentation demonstrating your capability to support this requirement, please provide the following information:

- 1) Organization name
 Address
 Email address
 Web site address
 Telephone number
 Business size
 Type of ownership for the organization
 Vendor Cage Code;

- 2) Tailored capability statements addressing the particulars of this effort, with appropriate documentation supporting claims of organizational and staff capability. If significant subcontracting or teaming is anticipated in order to deliver technical capability. The capability documentation should include general information and technical background describing in detail the prospective contractor's capabilities and experience that will demonstrate the ability to support these requirements. Organizations should address all of these areas identified.
