Subject: Request for Proposal # 364558 for CUIR SP2 Topographic Survey and Utility Mapping Services hereinafter (the “RFP”)

To All Offerors,

Please provide a firm fixed price proposal per the following requirements and attachments:

PROPOSAL: The Offeror is to provide all labor, supervision, materials, equipment, and project management, in accordance with Statement of Work (Including any referenced Division 1 Specifications and Drawings) and all referenced Attachments. Any exceptions to the performance requirements must be documented in the Offeror’s proposal.

The closing date for the proposal is no later than **Thursday, May XX, 2026, by 5:00 PM.** Proposal submittal in searchable PDF file format by email is acceptable.

A Job Walk is not scheduled, but can be arranged if requested.

Proposals must be valid for Ninety (90) days. The Offeror shall make a clear statement in its proposal cover letter utilizing the following language. “The undersigned agrees that this offer is valid for Ninety days, and to furnish any or all items upon which prices are offered at the price set opposite each item, delivered via email, within the time specified in the schedule.”

Offeror’s submission of signed proposal, without exceptions, is confirmation that the Offeror agrees to all Terms and Conditions in this RFP. Payment Terms are Net-30 if not indicated otherwise.

Proposals shall be addressed to the Sr. Subcontract Administrator.

POINT OF CONTACT: The Sr. Subcontract Administrator is the sole point of contact for this acquisition. Address any questions or concerns you may have, in writing, to the Sr. Subcontract Administrator email address. All exchanges of source selection information between the University and Offerors will be controlled by the Sr. Subcontract Administrator.

PROPOSAL SUBMISSION: Proposals should be separated into Volume 1 – Technical Proposal and Volume 2 – Price Proposal. No pricing information should be included in the Volume 1 – Technical Proposal.

Volume 1 – Technical Proposal (Contains No Pricing Information)		
Factor	RFP Submittal	Evaluation Criteria
1. Local Presence and Professional Qualification	1. Provide firm’s local office location within the 10 bay area counties (Santa Clara County, San Mateo County, San Francisco County, Alameda County, Contra Costa County, Marin County, Napa County, Sonoma County, Solano County or Santa Cruz County). Include the local office address, main phone number and main email. 2. Confirm the Offeror is authorized to perform land surveying services in the state of California and identify the licensed Professional Land Surveyors (PLS) responsible for the work.	1. Firm must have a local office located within the 10 bay area counties. 2. Offeror holds required authorization and provides a valid California PLS license number for the Lead Surveyor.
3. Scope Understanding & Technical Capability	Submit a technical narrative confirming understanding of the required services and the ability to perform work in congested, constrained, and/or limited-access areas.	Proposal demonstrates understanding of scope and site constraints and confirms ability to perform work under access limitations using appropriate industry methods.

4. Relevant Experience	Submit brief descriptions of recent projects (within the past 5 years) demonstrating experience with (1) topographic survey and (2) underground utility locating/mapping, including work in constrained and/or limited-access environments.	At least one topo project and one utility mapping project are demonstrated, including experience in constrained or limited access conditions.
5. Schedule	Submit a schedule confirming the ability to meet the milestones stipulated in the Statement of Work.	Proposed schedule is clear, realistic and demonstrates ability to meet required milestones.

Volume 2 – Price Proposal		
Submit the Volume 2 – Price Proposal separate from the Volume 1 – Technical Proposal. Volume 2 package shall also include the RFP Submittals below.		
Factor	RFP Submittal	Evaluation Criteria
1. Contractual Documentation	The Offeror is to complete, sign, and return with the proposal: - Attachment 3 Reps and Certs - Attachment 4 Injury and Illness Prevention Form (IIPP) (Required by Prime and all Sub-tiers) - Within the last 30 days, a Dun & Bradstreet Score of Medium or Low Risk - Signed solicitation amendments, if amendments were issued during the solicitation	Offeror completes, signs, and submits contractual documentation with the proposal: - Attachment 3 Reps and Certs - Attachment 4 Injury and Illness Prevention Form (IIPP) (Required by Prime and all Sub-tiers) - Offeror has a Dun & Bradstreet Score of Medium or Low Risk - Signed solicitation amendments, if amendments were issued during the solicitation

PROPOSAL EVALUATION: This award will be made on the basis of lowest-price technically- acceptable price of proposal meeting the acceptability standards established in the Request of Proposal (RFP). The University will select the lowest-price technically acceptable offer or whose offer conforms to the solicitation’s requirements including all the stated terms and conditions and technical requirements. All technically acceptable offers shall be treated equally except for their prices.

The evaluation methodology for all factors is:

Factor Rating	Definition
Meets Requirements	Offeror meets the performance or capability requirements necessary for acceptable subcontract performance and provides low to moderate risk to SLAC.
Does Not Meet Requirements	Offeror fails to meet the performance or capability requirements or provides unacceptable risk to SLAC.

MARKING OF PROPRIETARY/CONFIDENTIAL INFORMATION: Offerors shall properly mark and identify with a restrictive legend or information markings on pages of the proposal that contain Proprietary/confidential information.

COST/PRICE REASONABLENESS AND REALISM: Unrealistically low or high proposed costs or prices, initially or subsequently, may be grounds for eliminating a proposal from consideration either on the basis that the Offeror does not understand the requirements, or has made an unrealistic offer. Offers should be sufficiently detailed to demonstrate their reasonableness. If estimated costs to perform the proposed effort have been decreased due to efficiencies or a management decision, the Offeror shall provide complete rationale and a summary of the reduction by cost element. The burden of proof for credibility of proposed costs/prices rests with the Offeror. The Offeror's Cost/Price proposal consists of the estimated price to perform the required effort as set forth in the solicitation and must be prepared in a manner that is current, accurate, and responsive to the RFP. The University intends to award without discussions with respective Offerors. The University, however, reserves the right to conduct discussions if deemed in its best interest.

CONFLICT OF INTEREST: To avoid a conflict of interest, subcontracts for construction are not awarded to an A&E firm or an affiliate that prepared a significant portion of the design, and the construction subcontractor or an affiliate cannot be employed to inspect the subcontractor's work.

AWARD ELIGIBILITY: For Offeror to be eligible for a subcontract award with the University, Offeror shall:

- Be registered in good standing (non-debarred) with the System for Award Management (SAM), the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. There is NO fee to register for this site. Entities may register at no cost directly at the SAM website: SAM.GOV.

- Be registered in the University's procurement system of record:
<https://suppliers.slac.stanford.edu/become-slac-supplier>

E-VERIFY: This solicitation falls under the reporting requirements of E-Verify. Within thirty (30) days of award of a Subcontract the awardee must provide proof of enrollment in the E-Verify Program. If proof of enrollment is not received within the specified timeframe the subcontract may be subject to cancellation. If you are unfamiliar with E-Verify the following link will provide you with detailed information: www.dhs.gov/E-Verify.

Attachments:

1. Attachment 1 **Statement of Work** (including any referenced Division 1 Specifications and Drawings)
2. Attachment 2 **Work Classification Form**
3. Attachment 3 **Reps and Certs**
4. Attachment 4 **Injury and Illness Prevention Form (IIPP)** **(Required by Prime and all Sub-tiers)**
