

Material Handling Equipment Service Support

In accordance with the Commercial Solutions Opportunity – Defense Commissary Agency (DeCA), dated 01.21.2026, paragraph 5.0, the following specific requirement in support of Aol 5.5 Modernize Business is attached.

The Defense Commissary Agency (DeCA) is seeking innovative commercial technologies, products, and service models that modernize and enhance Material Handling Equipment (MHE) scheduled preventive maintenance and unscheduled repairs at the following commissary locations: Contiguous United States (CONUS), Alaska, Hawaii, Guam, and Puerto Rico. Solutions should leverage industry best practices, digital tools, automation, and data-driven methods to improve reliability, accountability, transparency, and overall service quality across the MHE lifecycle.

Our objective is to establish a long-term partnership with one or more providers whose technology, service model, quality control, and commercial terms align with our commitment to enhance and improve the Patron experience. The anticipated period of performance consists of a one year base period and four one-year option periods, for a maximum potential duration of five years.

Interested vendors with proven expertise in Material Handling Equipment scheduled preventive maintenance and unscheduled repair services for equipment listed below should submit their Solutions Brief in accordance with section 3.2 Solutions Brief. The Technical Concept should include logistics and distribution plan for delivering services to vendor proposed commissary locations.

Scheduled Preventive Maintenance Equipment List

Pallet Jack, Electric, Walkie-Rider (6000 LB Capacity)
Pallet Jack, Electric Walkie (4500-5000 LB Capacity)
Pallet Jack, Electric Walkie Stacker (3000 LB Capacity)
Forklift, Electric, Low Profile (4000 LB Capacity)
Forklift, Electric Narrow Aisle, Reach & Tier (3500 LB Capacity)
Forklift, Propane (4000 LB Capacity) with Propane Tank
Forklift, Gasoline (4000 LB Capacity)
Forklift, Electric, Order Picker/Stock Selector (3000 LB Capacity)
Forklift, Electric, Swing Reach or Turret Truck

Unscheduled Maintenance Equipment List

Battery Charger 24, 36 and 48 volts

Vendors are encouraged to propose technology-enabled approaches such as advanced tracking capabilities, digital maintenance tools, automated reporting, predictive analytics, or other commercially proven innovations that enhance efficiency, reduce risk, and modernize MHE support operations while meeting all applicable security and compliance requirements.

The opportunity will remain open until contracted services have been secured for all commissary locations.

All communications to include questions pertaining to this opportunity shall be sent via email to the following Points of Contact:
