Section L
Instructions to Offerors

CUI

1. GENERAL INSTRUCTIONS

This is a Highest Technically Rated Offerors with a Fair and Reasonable Price (HTRO) Minimum Technical Threshold Rating (MTTR) source selection conducted in accordance with DoD Source Selection Procedures and the Federal Acquisition Regulation (FAR) 15.3 as supplemented.

1.1. Proposal Compliance. To ensure timely and equitable evaluation of proposals, the Offeror's proposal shall include all data and information requested by these Instructions to Offerors and shall be submitted in accordance with these instructions. The proposal shall be compliant with the requirements as stated in the solicitation for the Indefinite Delivery Indefinite Quantity (IDIQ) Contract, and all other parts of this solicitation. If a proposal fails to conform to any requirements of the solicitation the Offeror may be deemed ineligible for award. Offerors are NOT permitted to take exception to any terms and conditions within the Request for Proposal (RFP).

1.2. Proposal Clarity. The proposal shall be clear, concise, and shall include sufficient detail for effective evaluation and for substantiating the validity of the claimed points on the Self-Scoring Matrix (*Appendix C to Section L, Self-Scoring Matrix*). Offerors shall assume that the Government has no prior knowledge of their experience and will base its evaluation on the information presented in the Offeror's proposal. Offerors shall not submit elaborate brochures or documentation, detailed artwork, or other embellishments.

1.3. RFP Discrepancies/Ambiguities. If an Offeror believes that any portion of this solicitation contains a perceived error, omission, or is otherwise unclear, the Offeror shall immediately contact the Procuring Contracting Officer (PCO) and Contract Specialist via e-mail, clearly describing the portion of the solicitation in question and the impact the discrepancy or ambiguity has on the Offeror's ability to prepare its proposal. Questions pertaining to the proposal shall be submitted no later than the date and time identified in Paragraph 1.4 below.

1.4. Point of Contact. The PCO is the sole Government point of contact for this acquisition. Offerors shall address any questions and concerns related to this solicitation to the PCO as soon as possible, but no later than 1600, Central Standard Time (CST), 7 OCT 2025. The subject of the email shall be "Questions – FA813725R0013". Questions shall include a reference to the specific solicitation element to which they pertain. The Government will take into consideration all questions submitted by the deadline set forth above and will answer them via posting to SAM.gov. The Government is not obligated to answer any questions that are submitted after the deadline. Written requests for clarification and questions shall be sent to the PCO, Ms. Sara Hinds at sara.hinds.2@us.af.mil and to the contract specialist 2d Lt Hailie Reyes at hailie.reyes@us.af.mil or SrA Alexandra Henderson at alexandra.henderson@us.af.mil.

1.5. Communications. All exchanges of source selection information between the Government and the Offerors will be controlled by the PCO. Source selection information will be transmitted to Offerors electronically, e.g., via email or DoD Safe. If transmitted via email, the transmission shall be sent and received encrypted and must include "Source Selection Information – See FAR 2.101 & 3.104" in the Subject line.

1.6. Electronic Reference Documents. All referenced documents for this solicitation can be found through the solicitation announcement at SAM.gov, the authoritative source for Government Contract Opportunities.

Offerors are encouraged to subscribe for real-time email notifications for when information has been posted to the website for this solicitation. The Offeror may contact the PCO if it is unable to locate any of the referenced material.

1.7. Proposal Records. In accordance with FAR Subpart 4.8 (Government Contract Files), the Government will retain one copy of each Offeror's proposal.

1.8. Debriefings. The PCO will promptly notify Offerors of any decision to exclude them from the source selection; whereupon the Offeror may request and receive a debriefing in accordance with FAR 15.505 or 15.506 and DFARS 215.506. Offerors desiring a debriefing shall make their request in accordance with the requirements of FAR 15.505, 15.506 or DFARS 215.506, as applicable. Offerors are entitled to no more than one debriefing.

1.9. Page Format

1.9.1. Page Limitations. The government asks for 3 pages per project with a total of 12 projects. Page limitations shall be treated as maximums. If exceeded, the Government will not read or consider the excess pages in the evaluation of the proposal. Each page shall be counted except the following: cover pages; table of contents and indexes; list of figures, or drawings; tabs; blank pages; glossaries; cross reference matrices; and document revision history tracking records. Pages that do not count towards the page limitation shall be numbered in a manner that clearly identifies the page as a page that does not count toward the page limitation. The Government may place page limitations on responses to Evaluation Notices (EN), if ENs are determined necessary.

1.9.2. Page Size and Format

1.9.2.1. General Page Instructions. A page is defined as each face of a sheet of paper containing information. Page size shall be 8.5 x 11 inches or A4 sized unless stated otherwise within this document. Pages shall be single spaced, and the text size shall be no less than 11-point Times New Roman or Arial Font unless stated otherwise within this document. Offerors shall use at least 1-inch margins on the top and bottom and ¾-inch side margins unless stated otherwise within this document. Where Government templates are utilized (Work Sample Cover Sheet, etc.) Offerors shall keep margins, page sizes, and page orientation identified in the template. Pages shall be numbered sequentially by volume, with each volume starting at page one. These page size and format restrictions shall apply to responses to ENs if exchanges with Offerors are determined necessary.

1.9.2.2. Table and Chart Instructions. Legible tables and charts may be used. These displays shall be uncomplicated, legible, and shall not exceed 8.5 x 11 inches or A4 in size. The 11 x 17 or A3 size may only be used for large tables and charts; they shall not be used for pages of text. For tables and charts, the text shall be no less than 10-point Times New Roman Font, and margins shall be no less than ½ inch on all sides unless stated otherwise within this document. An 11 x 17 inch or A3 sized page, as authorized under this section, will count as one page.

1.10. Electronic Submission Format. The offeror shall submit each volume in electronic format. The proposal shall be submitted in a format readable by Adobe PDF and MS Office Excel (where applicable). Offerors shall use separate electronic files for each proposal section listed in Table 1 to permit rapid location of all portions of the proposal. Exhibits, annexes, and attachments which are provided in support of a section shall be included in the electronic file for that section. Offerors shall provide each work sample as a single separate electronic file. If files are compressed, the necessary decompression program shall be included.

1.11. Proposal Markings. Proposals shall be marked in accordance with FAR 52.215-1(e), Restriction on Disclosure and Use of Data, and FAR 3.104-4, Disclosure, Protection, and Marking of Contractor Bid or Proposal Information and Source Selection Information. Offerors shall not include proprietary markings on attachments and documents that will become a part of the contract.

1.12. Cross-Referencing. To the greatest extent possible, each volume shall be written on a stand-alone basis so that its contents may be evaluated with no cross referencing to other volumes of the proposal. Information required for proposal evaluation which is not found in its designated volume and/or section will be assumed to have been omitted from the proposal.

1.13. Table of Contents. Each volume shall contain a detailed table of contents to delineate the subparagraphs within that volume. However, a table of contents incorporating the details of Work Sample pages already outlined in *Appendix D to Section L, Cross-Reference Matrix* is not required. Tables of contents do not count against the page limitations for their respective volumes.

1.14. Glossary of Abbreviations and Acronyms. Each volume shall contain a glossary of all abbreviations and acronyms used, and with an explanation for each. Glossaries do not count against the page limitations for their respective volumes.

1.15. Teaming Arrangements. Offerors submitting a proposal as the prime offeror in response to this solicitation are permitted to submit a separate proposal under which they would be a Subcontractor, or Joint Venture to another prime contractor. Subcontractors are permitted to support multiple prime contractors.

1.16. Ordering Procedures. The Government intends to issue multiple-award indefinite-delivery, indefinite-quantity contracts. The Post-Award Conference Task Order will fulfill the minimum order requirement. Future ordering against MACC will be conducted in accordance with the criteria in each task order proposal request.

1.17. Appendices to Section L. The following documents are appended to Section L of this solicitation:

- A. Corporate Relationships and Structures
- B. Work Sample Cover Sheet
- C. Self- Scoring Matrix
- D. Cross Reference Matrix
- E. Past Performance Information Sheet

2. PROPOSAL INSTRUCTIONS

2.1. Proposal Due Date. Proposals must be completed and received prior to the time specified in Block 13 of the SF 1442. The proposal due date and time for this solicitation is **DAY MONTH YEAR at 1600 Central Standard Time (CST)**. Proposals received after this time will be considered late. Late proposals will be processed IAW FAR 52.215-1(c), Submission, modification, revision, and withdrawal of proposals. Proposal submission for this solicitation will be electronic via DoD Safe. Hand delivered proposals will not be accepted. Proposals should be submitted via email to the PCO, Ms. Sara Hinds at sara.hinds.2@us.af.mil and to the contract specialist 2d Lt Hailie Reyes at Hailie.reyes@us.af.mil and SrA Alexandra Henderson at alexandra.henderson@us.af.mil. Confirmation shall include a date/time stamp documenting submission of the proposal before the proposal due date. If errors are encountered when submitting a proposal through email, take screen shots of errors and contact the PCO immediately.

2.2. Proposal Organization. The Offeror shall prepare the proposal as set forth in Table 1, Proposal Organization. Only one (1) digital media copy of the proposal is requested. The volume folders and section files shall be as defined in this table, all of which shall be within the required page limits specified in Table 1, on the following page.

Paragraph	Proposal Section Title	Page Limit
Volume I - Executive Summary		
<i>File names: CompanyName_MACC_Vol1_ExecSum.pdf</i>		
3.2	Company Information/Cover Letter	2
3.3	Authorized Offeror Personnel	1
3.4	Corporate Relationships and Structures <i>File Name: CompanyName_MACC_Vol1_Team_Structure.pdf</i>	Appendix A None
3.5	Financial Responsibility Information	None
3.6	Organizational Conflict of Interest	10
3.7	Organizational Structure Change History	1
Volume II – Technical Experience		
4.1.2	Work Sample Cover Sheet	Appendix B 3/sample
4.1.3	Work Samples <i>File Name: CompanyName_MACC_Vol2_WS1.pdf, WS2.pdf, etc.</i>	36
4.1.4	Self-Scoring Matrix <i>File Name: CompanyName_MACC_Vol2_Self-Scoring_Matrix.xlsx</i>	Appendix C 3
4.1.5	Cross-Reference Matrix <i>File Name: CompanyName_MACC_Vol2_Cross_Reference_Matrix.xlsx</i>	Appendix D None
Volume III – Past Performance		
<i>File name: CompanyName_MACC_Vol3_PastPerformance.pdf</i>		
5.2	Past Performance Information Sheet	Appendix E None
5.3	Contractor Performance Assessment Reports (CPARs).	None
Volume IV - Contract Documentation		
<i>File name: CompanyName_MACC_Vol4_ContractDocumentation.pdf</i>		
6.2	IDIQ Solicitation/Contract Form	None
6.3	Provisions and Clauses Fill-ins	None
6.4	Section K	None
6.5	DIN ISO 9001	None
6.7	Standard Form (SF) 30 (Amendments)	None

3. VOLUME I - EXECUTIVE SUMMARY

3.1. Organization. This volume shall be organized according to Table 1 above.

3.2. Offeror Company Information/Cover Letter. The Offeror shall provide a Cover Letter with the following company information: Name, Address, Cage Code, Unique Entity Identification Number (UEI), System for Award Management (SAM.gov) registration date, proposal validity statement, and Contracting and Technical POCs (name, email address, and phone number). The proposal validity statement shall be valid through 300 calendar days from the proposal due date. The Offeror shall be registered in the SAM.gov at the

time of proposal submission, through contract award and for the duration of the acquisition. If the Offeror's SAM.gov registration expires prior to the proposal validity date, the Offeror shall assert its intent to renew the registration in the Executive Summary.

3.3. Authorized Offeror Personnel. The Offeror shall provide the name, title, email address and telephone number of the company/division POC regarding decisions made with respect to its proposal and who can obligate the company contractually. Also, the Offeror shall identify those individuals authorized to communicate with the Government.

3.4. Corporate Relationships and Structures. The Offeror shall identify the structure it will use to meet Government requirements in *Appendix A to Section L, Corporate Relationships and Structures*. The Offeror shall:

- 1) Identify each team member's company name, address, CAGE code, and UEI number;
- 2) Identify the team member's relationship with the Prime Offeror, this includes parent, affiliated, or subsidiary companies, and Joint Ventures. Subcontracting relationships will not be accepted;
- 3) Identify the applicable work sample numbers;
- 4) Attach all required documentation listed in 5 – 7 of this paragraph to *Appendix A to Section L, Corporate Relationships and Structures*;
- 5) If Joint Venture:
 - a. Provide a signed Joint Venture contract between each team member
AND
 - b. Be registered in SAM as a Joint Venture by time of award;
- 6) If parent, affiliated, or subsidiary company:
 - a. Provide document to verify the legal status, management structure, and relationships;
AND
 - b. Provide narrative describing how workforce, resources, and assets will be utilized by the Offeror to meet the Government requirements
- 7) If prior Joint Venture:
 - a. Provide documentation of prior Joint Venture to include dates Joint Venture was in effect.

3.5. Financial Responsibility Information. To assist the PCO in making the responsibility determination prior to contract award in accordance with FAR 9.1, the Offeror shall provide a written statement explaining the Offeror's ability to obtain required resources to perform the contract requirements. The Offeror shall also provide evidence to support the explanation.

3.6. Organizational Conflict of Interest. Offerors shall submit an assessment of potential or actual Organizational Conflict of Interest (OCI) issues, if any, as related to this contract vehicle and future work. Initial

notification shall be made to the PCO as soon as OCI issues become known. OCI issues include, but are not limited to, the inability to render impartial assistance or advice to the Government, the inability to objectively perform contract work, or the unfair competitive advantage created by current or previous contractual efforts with the Government. If an actual or potential OCI exists, the Offeror shall submit a mitigation plan with the proposal. The Contracting Officer will review the submitted mitigation plan and make a determination as to whether the plan adequately resolves the issues and provides adequate protection to both the Offeror and the Government. Submission of mitigation plans are only required if the Offeror is aware of potential or actual OCI issues related to this procurement. If the Offeror believes no potential or actual OCI issues exist, this shall be so stated.

3.7. Organizational Structure Change History. Many companies have acquired, been acquired by, or otherwise merged with other companies, and/or reorganized their divisions, business groups, subsidiary companies, etc. In many cases, these changes have taken place during the time of performance of relevant past efforts or between conclusion of recent past efforts and this source selection. To facilitate the Government's evaluation, Offerors shall submit a narrative and/or visual "roadmap" describing all such changes if it is necessary to clarify the contents of the proposals.

4. VOLUME II – TECHNICAL EXPERIENCE

4.1. General. The Highest Technically Rated Offerors (HTRO) with a Fair and Reasonable Price Minimum Technical Threshold Rating (MTTR) Proposal Volume shall be specific and complete. Legibility, clarity, brevity, and coherence are important. The Offeror's proposal will be evaluated IAW Section M, paragraph 3, using the *Appendix C to Section L, Self-Scoring Matrix*. The Offeror shall only provide relevant pages of documents used to validate Offeror HTRO MTTR Self-Scores. Using the instructions provided below, the Offeror shall provide, as specifically as possible, the actual data used to substantiate the Offeror's HTRO MTTR Self Score.

4.2. Work Sample Cover Sheet. Offerors shall complete a Work Sample Cover Sheet (*Appendix B to Section L, Work Sample Cover Sheet*) for each work sample submitted. Offerors shall follow the instructions provided within *Appendix B to Section L, Work Sample Cover Sheet*. Each work sample shall provide at least two (2) Points of Contact (POC). The Government may contact the POCs provided. The Government reserves the right to contact additional POCs if necessary.

4.3. Work Samples

4.3.1. The Offeror shall submit work samples (contracts/orders) which demonstrate its technical experience in the required categories. There is required minimum number of 12 total work sample, with at least one (1) work sample provided for each category. Work samples may count toward multiple categories, and it is encouraged to submit work samples that can be utilized in multiple categories. Future performance periods on an existing contract do not demonstrate technical experience and shall not be utilized as work samples, nor be factored into the total point value of a submitted sample.

4.3.2 An acceptable work sample is defined as either a non-IDIQ contract, or a task order under an IDIQ contract (FAR16.501-1), on which the Offeror performed for at least six months, with those six months taking place within the last ten (10) years of the release date of the MACC solicitation. For work samples with a total value

equal to or less than \$250k the Offeror must have performed for at least three months, with those three

months taking place within the last ten (10) years of the release date of the MACC solicitation. Note that Past Performance will be evaluated within seven (7) years from RFP issuance. A Multiple Award IDIQ or a Single Award IDIQ contract by itself is not an acceptable work sample. An Offeror must use data in which the Offeror was Prime Contractor. Any number of Subcontractors may have been utilized to execute the project within a given work sample. Parent, affiliate, and subsidiary organizations as well as Joint Venture contracts may utilize data from any company within the organizational structure for work sample submissions as long as:

- 1) The company was performing as the Prime Contractor on the work sample,
 - 2) The Offeror provides at least five (5) of the total work samples,
- AND
- 3) The requirements set forth in paragraph 3.4 are met.

4.3.3 The work samples shall consist of:

- 1) Work sample cover sheet (*Appendix B to Section L, Work Sample Cover Sheet*);
 - 2) Official contract documentation including, but not limited to, Statement of Objectives, Statements of Work, Schedules, listing of trades, Subcontracts, Invoices, and Contract Standard Form (limited to Contract Sections A, B, C, F and H; showing front page and references, brief description of scope, overall price, and period of performance);
 - 3) Company generated documentation when accompanied by a Statement of Facts signed by the cognizant Government Contracting Officer or COR to confirm missing information, should contractual documents not carry all of the information necessary to substantiate the Offeror's scores; Offerors need not supply a Statement of Fact if the company generated documentation adequately substantiates the Offeror's claimed points. Offerors may choose to use a Statement of Facts for any category in order to substantiate claimed points;
- AND
- 4) The signed cover page associated with the contract or order. Work samples shall include sufficient information to substantiate all points claimed on the Self-Score Matrix (*Appendix C to Section L, Self-Scoring Matrix*).

4.3.4 Work samples shall be provided in their original format. Offerors shall assign each work sample an identifier (e.g., WS1-WS14). All pages of all work samples shall be numbered. The original pagination of each document shall be retained. If the original documentation within a work sample is not numbered, Offerors shall add page numbers. Font, text size, and margin requirements established in sections 1.9 do not apply to work sample submissions. Work samples shall be in English. If more than one document is provided as part of a work sample, the documents shall be combined as one file and numbered accordingly. Offerors shall include all documentation for a given work sample in a single PDF file and add to each page a unique WS identifier and page number in the margin (e.g. WS2 pg1). This will ensure that Government evaluators, with the aid of the Cross Reference Matrix (*Appendix D to Section L, Cross Reference Matrix*), can find all documentation quickly and efficiently, and limit confusion due to multiple page numbers (page 1 of an SF33, page 1 of the SOW, etc.).

4.3.5 The Government understands the need to protect personally identifiable information (PII). Offerors may redact PII from substantiating documents. If the Offeror redacts PII, they shall include an employee identifier such as WS1E3 (e.g. Work Sample One, Employee 3).

4.4 Self-Scoring Matrix. The Offeror shall complete *Appendix C to Section L, Self-Scoring Matrix*. Offerors shall enter their scores in Column C, Offeror's Self Score, as whole numbers, "Yes," or "No." Categories 1 through 7 must have at least one submission. Do not enter formulas in Column C. Column E, Total Across, and Rows 53, 93, 108, 127, 128 and 129 will auto-calculate. Offerors SHALL NOT alter the formulas in the spreadsheet. If errors are discovered in the spreadsheet, the Offeror shall contact the Contracting Officer. Self-rated scores shall be verifiable using their associated work samples.

4.5 Cross-Reference Matrix. Offerors shall enter information that links their self-scores to the substantiating information included in their proposal in *Appendix D to Section L, Cross-Reference Matrix*. The Cross-Reference Matrix includes a sample response in rows 7 and 8 demonstrating which information should be included in which column. Offerors should add rows as necessary for each work sample. The Offeror shall use Column C, Offeror's Self Score, to list its final raw score for each section. The Government has included a list of sample documents within the Note in Cells D7 and D8; the Offeror is not limited to this list of documents. The Offeror shall include a work sample identifier (e.g., WS1-WS14) within Column E. The Offeror shall identify the type of document provided as a work sample and shall include document title, page(s), paragraph(s), table number(s) (if applicable), and block(s) (if applicable) within Column F as concisely as possible. The Offerors shall identify the contact information for the relevant Government POC in Column G, if necessary. The Offeror may add rows within a single category if more than one work sample is referenced. Multiple references may be included in a single row if:

- 1) Multiple references related to the same work sample are necessary to substantiate the Offeror's claimed points;
OR
- 2) The Offeror uses the data of a subsidiary or legal entity as a prime contractor work sample. If the Offeror uses the data of a subsidiary or legal entity as a prime contractor work sample, the Offeror shall include a reference to the objective evidence which demonstrates that it is a legal entity of the parent corporation.

4.5.3 Offerors are encouraged to verify the accuracy of each reference.

4.5.4 The Offeror shall assume that the Government has no prior knowledge of its capabilities and experience. Therefore, the Offeror shall include in Column I any clarifying facts necessary to improve the Government's understanding and further substantiate the Offeror's claimed points.

4.6 Evaluation Categories Criteria

4.6.3 Section 1, Categories 1-6: RELEVANT CONSTRUCTION EXPERIENCE

4.6.3.1 Category 1: Commercial, Industrial & Residential Bldg. Multi Trade**4.6.3.1.1 Category 1a: Commercial, Industrial & Residential Bldg. Thresholds**

The Offeror shall submit work samples and rate itself based on the value of submitted multiple trade projects. Multiple Trade is defined as having work governed by more than one Unified Facilities Code (UFC) and the corresponding International Code Council (UCC) model codes and/or standards (i.e. NFPA, ASTM, ADCE) within a single project. The value of a multiple trade project is considered to be the total value of a single, complete, stand-alone project, performed as a Task Order or similar contract. A MACC or IDIQ is not a multiple trade project. The Offeror shall provide the Contract and SOW within the work sample.

4.6.3.1.2 Category 1b: Commercial, Industrial & Residential Bldg. Number of Multi Trades

Using only the work samples submitted in Category 1a, the Offeror shall rate itself based on the number of multiple trades within a singular project. Multiple Trade is defined as work governed by more than one Unified Facilities Criteria (UFC) and the corresponding International Code Council (ICC) model codes and/or standards (i.e. NFPA, ATSM, ASCE) within a single project. The number of multiple trades is limited to that within a single, complete, stand-alone project, performed as a Task Order or similar contract. A MACC or IDIQ is not a multiple trade project.

4.6.3.2 Category 2: Construction for the US Government

The Offeror shall submit work samples and rate itself based on the number of projects executed for the US Government. The Offeror shall provide the Contract and SOW within the work sample.

4.6.3.3 Category 3: Multiple Construction Multi Trade

The Offeror shall submit work samples and rate itself based on execution of multi trade projects in parallel during a period of at least six (6) months. Multiple Trade is defined as work governed by more than one Unified Facilities Criteria (UFC) and the corresponding International Code Council (ICC) model codes and/or standards (i.e. NPFA, ATSM, ASCE) within a single project. Execution in parallel is defined as concurrent. The Offeror shall provide the Contract, SOW, listing of trades and schedules with completion date(s) within the work sample.

4.6.3.4 Category 4: Utility System Construction

The Offeror shall submit work samples and rate itself based on the number and value of Utility System Construction projects (e.g. distribution lines, power plants, utility distribution buildings). The value of a project is considered to be the total value of a single, complete, stand-alone project, performed as a Task Order or similar contract. The Offeror shall provide the Contract and SOW within the work sample.

4.6.3.5 Category 5: Construction in Secured Areas

The Offeror shall submit work samples and rate itself based on the number and value of Construction in secured areas (e.g. Munition area, Sensitive Compartment Information Facilities, Bunkers). The value of a project is considered to be the total value of a single, complete, stand-alone project, performed as a Task Order or similar contract. The Offeror shall provide the Contract and SOW within the work sample.

4.6.3.6 Category 6: Individual Trade

The Offeror shall submit work samples and rate itself based on the number and value of Individual Trades, listed in lines 37 through 52 of Appendix C. The Individual trade shall be at least 60 percent of the total project. The value of a project is considered to be the total value of a single, complete, stand-alone project, performed as a Task Order or similar contract. The Offeror shall provide the Contract, SOW, and listing of trades per Unified Facilities Criteria (UFC) and the corresponding International Code Council (ICC) model codes and/or standards (i.e. NFPA, ASTM, ASCE).

4.6.4 Section 2, Categories 7-8: DESIGN EXPERIENCE**4.6.4.1 Category 7: Design-Build Projects****4.6.4.1.1 Category 7a: Experience as Prime on Design-Build Projects**

The Offeror shall submit work samples and rate itself based on the number projects over \$1 million in total contract value requiring Design Build effort. Design Build is defined as the Offeror designing then building within one project. The value of a project is considered to be the total value of a single, complete, stand-alone project, performed as a Task Order or similar contract. The submitted projects must have been awarded after 31 March 2015 and at least 80% completed no later 31 March 2025. The Offeror shall provide the Contract, SOW and 80% completion within the work sample.

4.6.4.1.2 Category 7b: Design Document Submission

Of one work sample submitted in Category 7a, the Offeror shall rate itself on one of the projects submitted for Category 7a based on compliance with Unified Facilities Criteria (UFC) and the corresponding International Code Council (ICC) model codes and/or standards (i.e. NFPA, ASTM, ASCE). Design Build is defined as the Offeror designing then building within one project. The submitted projects must have been performed in United States, must have been awarded after 01 Jan 2015 and at least 80% completed no later 31 Jan 2025. The Offeror shall provide at minimum the design documents in compliance with all requirements of Unified Facilities Criteria (UFC) and the corresponding International Code Council (ICC) model codes and/or standards (i.e. NFPA, ASTM, ASCE) within the work sample. Offerors will be scored by the completed elements submitted. Incomplete and Not Applicable elements will receive a score of zero (0).

4.6.5 Section 3, Category 8: CERTIFICATIONS

Note: All certifications in Category 8 may be submitted together as one work sample.

4.6.5.1 Category 8a: Project Management Professional

The Offeror shall submit work samples and rate itself based on certification of one or more of the senior staff assigned to this contract as Project Management Professionals (PMP). The Offeror shall provide the Certification within the work sample.

4.6.5.2 Category 8b: Credentialed Professionals

The Offeror shall submit work samples and rate itself based on Certification of personnel within their own company or that of a teaming subcontractor as credential professionals as defined in the contract SOW. The Offeror shall provide the Certification within the work sample.

4.6.5.3 Category 8c: Certification for LEED Professionals

The Offeror shall submit work samples and rate itself based on one or more personnel within their own company or that of a teaming subcontractor as certified LEED Professionals (GA or AP). The Offeror shall provide the Certification within the work sample.

4.6.5.4 Category 8d: Certification for Safety Professionals

The Offeror shall submit work samples and rate itself based on one or more of the safety staff assigned to this contract are certified safety professionals (i.e. certifications above and beyond minimum requirements in section STAFFING below). The Offeror shall provide the Certification within the work sample.

4.6.5.5 Category 8e: Certification for Quality Professionals

The Offeror shall submit work samples and rate itself based on one or more of the quality staff assigned to this contract are certified quality professionals (i.e. certifications above and beyond minimum requirements in section STAFFING below). The Offeror shall provide the Certification within the work sample.

4.6.6 Section 4, Category 9: STAFFING

Note: All documentation in Category 9 may be submitted together as one work sample.

4.6.6.1 Category 9a: Trade/ Construction Laborers

The Offeror shall submit work samples and rate itself based on the number of personnel classified as Trade/ Construction Laborers within their own company. The Offeror shall provide documentation within the work sample.

4.6.6.2 Category 9b: Architects/Engineers

The Offeror shall submit work samples and rate itself based on the number of personnel classified as Architects and/or Engineers within their own company. The Offeror shall provide the documentation within the work sample.

4.6.6.3 Category 9c: Contract Program Manager

The Offeror shall submit work samples and rate itself based on the number of personnel within their own

company who meet the qualifications for Contract Program Manager as defined in contract SOW. The Offeror shall provide the Certification(s) within the work sample.

4.6.6.4 Category 9d: Quality Control Manager

The Offeror shall submit work samples and rate itself based on the number of personnel within their own company who meet the qualifications for Contract Program Manager as defined in contract SOW and specification section 01 45 00, *Quality Control*. The Offeror shall provide the Certification(s) within the work sample.

Personnel used for rating of Level 2 SSHOs may also be used for this category, as long as qualifications for both are met.

4.6.6.5 Category 9e: Site Safety and Health Officer

The Offeror shall submit work samples and rate itself based on the number of personnel within their own company who meet the qualifications for Level 1, Level 2, and Level 3 SSHOs as defined in contract SOW, specification section 01 35 26, *Governmental Safety Requirements* and US Army Corp of Engineers publication EM 385-1-1, *Safety – Safety and Occupational Health Requirements*. The Offeror shall provide the Certification(s) within the work sample.

Personnel used for rating of Quality Control Manager may also be used for Level 2 SSHOs, as long as qualifications for both are met.

Personnel used for rating of Superintendents may also be used for Level 3 SSHOs, as long as qualifications for both are met.

4.6.6.6 Category 9f: Design Program Manager

The Offeror shall submit work samples and rate itself based on the number of personnel within their own company or that of a teaming subcontractor who meet the qualifications for Design Program Manager as defined in contract SOW. The Offeror shall provide the Certification(s) within the work sample.

4.6.6.7 Superintendents

The Offeror shall submit work samples and rate itself based on the number of personnel within their own company who meet the qualifications for Superintendent, as defined in contract SOW. The Offeror shall provide the Certification(s) within the work sample.

Personnel used for ratings of Level 3 SSHOs may also be used for this category, as long as qualifications for both are met.

5 VOLUME III - PAST PERFORMANCE

5.3 **Organization.** This volume shall be organized according to Table 1 above. For all work samples provided under Volume II, Technical Experience, the Offeror shall submit Past Performance Submissions for inclusion in this volume. A Past Performance Submission consists of *Appendix E to Section L Past Performance Information Sheet*, and Contractor Performance Assessment Reports (when applicable) within seven (7) years from RFP issuance. Past Performance Submissions may reflect work accomplished by the prime and/or by team members.

5.4 **Past performance Information Sheet.** *Appendix E to Section L Past Performance Information Sheet* shall be completed for each work sample submitted. Offerors shall follow the instructions provided within *Appendix E*. The Government may contact the POCs provided. The Government reserves the right to contact additional POCs if necessary.

5.5 **Contractor Performance Assessment Reports (CPARs).** The Offeror shall provide the most recently completed CPARs as part of the Past Performance Submission if a CPARs was created for the work sample (contract/order). If the CPARs was generated at the IDIQ level, the Offeror shall only submit the most recent CPARs if the work sample (contract/order) is explicitly identified within the CPARs.

6 VOLUME IV - CONTRACT DOCUMENTATION

6.3 **Organization.** This volume shall be organized according to Table 1 above.

6.4 **IDIQ Solicitation/Contract Form.** Offerors are required to complete blocks 14-19, 20A, 20B and 20C of the SF 1442. An official having the authority to bind the offeror's company contractually must sign and date the SF 1442 – Solicitation, Offer and Award, for the IDIQ. Block 17 shall be filled in with the proposal validity date. Signature by the Offeror on the SF1442 constitutes an offer, which the Government may accept. The Offeror shall complete blocks 14-19, 20A, 20B and 20C of the SF 1442 along with all certifications requiring signature. The Offeror must be registered in the System for Award Management (SAM.gov) and the Offeror's legal name and address in Block 14 on the SF 1442 must match the information for the Offeror in SAM.gov. The name, title, signature and date identified in Blocks 20a, 20b, and 20c must be an authorized representative with authority to commit the Offeror to contractual obligations.

6.5 **Provisions and Clauses Fill-ins.** Applicable fill-in provisions and clauses shall be incorporated in Volume III. The Offeror shall comply with the provisions within Section K of the solicitation for the IDIQ contract and shall fill in all provisions. If any are not applicable, the Offeror shall annotate N/A so that none of the provision fill-ins are left blank. The Offeror shall confirm that all Representations and Certifications remain current throughout the evaluation process.

6.6 **Section K.** Representations, Certifications, and other Statements of Offerors. The Offeror shall comply with the provisions within Section K of the solicitation for the IDIQ contract. The Offeror shall fill in all provisions. If any are not applicable, the Offeror shall annotate N/A so that none of the provision fill-ins are left blank. The Offeror shall confirm that all Representations and Certifications

remain current throughout the evaluation process.

6.7 **DIN ISO 9001 2015.** The Offeror shall provide the DIN ISO 9001 2015 and Quality Management Plan with the proposal. No equivalent certifications will be accepted. Entirety of Quality Management is not required. Only the Main Description portion is requested.

6.8 **Standard Form (SF) 30.** In the event this RFP is amended, the Offeror shall acknowledge all amendments and submit signed copy(ies) of all SF30s as part of this volume.
