MEMORANDUM FOR RECORD

FROM: USAF PERSONNEL PARACHUTE PROGRAM MANAGER

SUBJECT: Air Force Personnel Parachute Program (PPP) Approve For Use List (AUL)

1. In accordance with AFI 10-3503, this memorandum lists equipment approved for use by Air Force parachutists for military parachuting operations. The current version of this Memorandum is maintained on the USAF PPP SharePoint® located at <https://usaf.dps.mil/teams/AF-PPP>.

2. Waivers requesting the use of any unlisted item must be submitted IAW AFI 10-3503 for consideration.

3. Requests for AUL additions must be routed via the functional chain to the MAJCOM PPPM who will add the request to the USAF PPP Share Point for evaluation consideration, review, and an approval/denial decision by HAF/A3S. (See AFI 10-3503, Para 4.2. thru 4.4. for details.)

4. Equipment items are not universally approved and may only be used with the parachute system(s) annotated in the first column of Tables 2 and 3 titled A.S. (Authorized System).
Notation definitions are:

1. Authorized for use with military static-line systems.
2. Authorized for use with military free fall and ram air static-line systems.
3. Authorized for use with Non-Tactical Ram Air Parachute Systems (NTRAPS).

NOTE: Some items will require additional training from an approved vendor or certified Military Free-Fall (MFF) trainer before use; follow MAJCOM guidance (include MAJCOM PPPM in correspondence concerning said items)

5. Use of items listed in Table 4 is restricted to the United States Air Force Academy (USafa) Parachute Program.

JOSHUA P. LEWIS, GS-14, USAF
AF Personnel Parachute Program Manager
