

**Department of Health and Human Services  
Administration for Children and Families  
Office of Planning, Research, and Evaluation  
Request for Information**

**Project Title: Testing Core Components of Healthy Marriage and Relationship Education Programs**

**I. Introduction**

(a) Summary: This Request for Information (RFI) is in support of Administration for Children and Families (ACF) in their efforts to establish a contract to test a prioritized subset of theorized core components using a rigorous study design to assess their impact on Healthy Marriage and Relationship Education Programs (HMRE) program implementation and participant outcomes. Core components are defined as essential functions and principles, common elements, program components, ingredients, or kernels that define the program and are judged as being necessary to produce outcomes in a typical service setting when implemented effectively. Work performed under this requirement will design and carry out a rigorous impact study to determine whether the identified core components are effective on a number of identified key program outcomes. The project should result in a final report summarizing the study and synthesizing information across the organizations included in the federal evaluation, including research findings, core components tested, and lessons learned.

The Draft Performance Work Statement (PWS) describes only the currently contemplated possible scope of services and may vary from the work scope in the final PWS included in any Request for Quotes (RFQ).

(b) Purpose: As part of market research, this RFI is being issued to determine:

- i. If there are an adequate number of qualified, interested, GSA Schedule contractors capable of providing support as further described in the attached Draft PWS; and
- ii. Whether the requirement is suitable for a small business set-aside.

(c) Proposed Acquisition Strategy: An RFQ using GSA e-Buy to satisfy the total requirement.

(d) Period of Performance: The anticipated period of performance one (1) non-severable base period and four (4) non-severable option periods. Individual CLIN periods of performance may overlap for defined intervals. During these periods, each CLIN will maintain a separate and non-duplicative scope of work.

(e) Disclaimer. This RFI is issued solely for information and planning purposes and does not constitute an RFQ. The Government does not intend to award a Schedule order(s), based only on responses to this RFI. Response to this notice is not a request to be added to a quoters list or to receive a copy of a solicitation. No entitlement to payment of direct or indirect costs or charges by the Government will arise as a result of the submission of the requested information. No reimbursement will be made for any costs associated with providing information in response to this announcement and any follow-up information requests. Responses to this RFI may be considered in the future determination of an appropriate acquisition strategy for the program. The Government may not respond to any specific questions or comments submitted in response to this RFI or information provided as a result of this request. Any information submitted by respondents as a result of this notice is strictly voluntary. All submissions become ACF's property and will not be returned. Not responding to this RFI does not preclude participation in any future solicitation, if issued.

(f) Attachments:

Attachment 1 – Draft Performance Work Statement

**II. RFI Response Submission**

- (a) Due Date: Responses to this RFI must be submitted **on or before 3:00 PM EST, May 08, 2026.**
- (b) No telephone calls will be accepted.

**III. RFI Response Preparation Instructions**

Interested parties are requested to provide the following information:

- Table 1: Corporate Overview
- Table 2: Corporate Experience Examples
- Questionnaire Responses

Responses must be provided in the format as outlined below:

- (a) Response shall be single spaced, Times New Roman font style, no smaller than 11-point font size, and formatted as a PDF or Word document. Pages limits are included below.
- (b) Table 1: Corporate Overview shall be no longer than a total of two pages in length.
- (c) Table 2: Corporate Experience shall be no longer than a total of six pages. All Corporate Experience examples must be performed by the respondent as Prime contractor. Indicate if your company is capable of meeting all requirements stated within the draft PWS provided.
- (d) Questionnaire: Responses to questionnaire shall be no longer than a total of four pages in length. All experience must be performed by the respondent as a Prime contractor.
- (e) Responses must not include proprietary information.
- (f) Do not submit pricing information in response to this RFI.

**Table 2: Prior and Current Corporate Experience** (page limit: six pages TOTAL, two pages each)

Please complete the below template for **up to three** prior Corporate Experiences performed in the last five years in which the contractor (serving as prime contractor/team lead) provided or currently provides services similar in size, complexity, and scope to the requirements in the Draft PWS (Attachment 1). Include details about the number of impact study sites and total sample size. (Note: If your company is divided into separate business units, responses shall be based upon the Corporate Experience of the business unit responding to this RFI):

|                                                                                  |                                                                                                                                                                                                                                                                           |

**Questionnaire: (page limit: 4 pages)**

Please provide responses to the requests below for experience performed in the last five years in which the respondent served as the prime contractor/team lead.

1. Please describe any prior experience related to healthy marriage and relationship education, including experiences related to parenting, economic stability, and relationship skills.
2. Please describe any prior experience working to implement a large-scale impact study in healthy marriage, relationship education, or a related field. Include details such as the number of study sites, sample size, and dissemination.
3. Please describe any prior experience working to identify or test theorized core components.
4. Please provide any feedback or questions related to the clarity of the PWS, noting any relevant ambiguities or questions.
