

GENERAL INFORMATION

Title of Project:

Maintenance and Repair Service for ThermoFisher Mass Spectrophotometer Equipment

Statement of Need and Purpose:

The purpose of this requirement is to procure maintenance support services for ThermoFisher-manufactured laboratory equipment owned and operated by the National Institute on Aging. The contractor shall provide all resources necessary to accomplish the tasks and deliverables described in this Statement of Work (SOW).

Background Information and Objective:

The National Institute on Aging owns an Orbitrap Eclipse manufactured by Thermo Electron. This equipment is used by the Center of Alzheimer's Disease and Related Dementias and requires maintenance to ensure continued full function and continuity of NIA research data.

Period of Performance:

Base year: **12/31/25 thru 12/30/2026**

Option year one: **12/31/26 thru 12/30/2027**

Option year two: Base year **12/31/27 thru 12/30/2028**

SCOPE OF WORK

General Requirements:

Independently and not as an agent of the Government, the Contractor shall furnish all the necessary services, qualified personnel, material, equipment, and facilities, not otherwise provided by the Government as needed to perform the Statement of Work below.

Specific Requirements:

The Contractor shall provide the Government with maintenance and repair support for the following Thermo Electron instruments:

Orbitrap Eclipse ETD Ready Serial Number: FSN40244

Ultimate 3000 NCS-3500RS Nano Nano-Cap-S Serial Number: 8179074

Dionex WPS-3000TPL RS Autosampler Serial Number: 8179259

Maintenance and repair support shall include all labor, travel, and replacement parts necessary to provide preventative maintenance support, install new instrument software upgrades and train staff in use of the new software, and troubleshoot problems. Replacement parts and

software upgrades provided must be Original Equipment Manufacturer (OEM) certified. Only Original manufacturer certified trained technicians from Thermo Electron required to troubleshoot problems, install new software upgrades, train staff, and perform preventative maintenance tasks. Service technicians shall acknowledge repair requests within 24 business hours, and an onsite visit from a technician shall occur within 72 business hours.

LEVEL OF EFFORT:

Vendor staff will provide reporting transfer thru email.

GOVERNMENT RESPONSIBILITIES

When the Contractor is on-site for maintenance and repair support provision, the Government will provide workspace as well as access to a desktop computer and telephone for Contractor needs related to this requirement.

DELIVERY OR DELIVERABLES

The Contractor shall provide one report to the Government via email on a quarterly basis which details all maintenance and repair work performed for each instrument during the reporting period. The report shall be due on the last business day of each quarter

REPORTING REQUIREMENTS

The vendor is to provide reports which detail all maintenance and repair work performed for each instrument during the reporting period

OTHER CONSIDERATIONS

Travel:

No travel reimbursement is authorized for this requirement.

Key Personnel:

Vendor will provide a dedicated project manager to the government as a contact point for the services.
