

Purpose:

The U.S. National Park Service (NPS), Denver Service Center (DSC)– Sources Sought notice (SSN) to determine the availability and capability of sources for a contemplated construction project titled: **MACA 258051 – Replace Seasonal Housing**. This notice is a tool to identify small businesses that have both the technical expertise and bonding capability to accomplish the work required and is for informational purposes only. Information obtained through this notice may be used to determine the potential for issuing a future task order for this project as a total small business set-aside, and to provide input for the Government’s overall acquisition strategy.

This is NOT a Request for Proposals or an Invitation for Bids and does not constitute any commitment by the Government. No reimbursement will be made for any costs associated with providing information in response to this notice. All interested sources must respond to future solicitation announcements separately from responses to the sources sought notice.

The NAICS code for this project is 236116 - Multi-Family Residential Construction, with a small business size standard of \$45 million.

Projected Information:

The National Park Service (NPS), Denver Service Center (DSC) requirement for construction work for new employee housing.

Project Description of Work:

The project will consist of the construction of two, two-story 12-plex housing units and the demolition of three single-story existing housing units. The project will also include but not be limited to parking, site work, utilities, and hazardous abatement for demolition.

Location of Work:

The work is in Mammoth National Park, Kentucky. The Park is approximately 90 miles south of Louisville, KY.

The estimated magnitude of the projects is between \$5,000,000.00 and \$10,000,000.00.

Bonding:

Bid, Performance, and Payment Bonds are anticipated to be required.

Projected Schedule:

A brief estimated milestone schedule (subject to change) has been provided below for the NPS planned procurement strategy for this project as a basis for procurement planning:

Request for Proposal (RFP) Projected to be Issued – *Summer 2026*

Award Projected to be Issued by the end of FY2026

INFORMATION REQUESTED:

When responding to this notice, respondents are asked to provide the following information:

1. Firm's name, address, point of contact, phone number, email address, Cage Code, UEI number (replaced DUNS).
2. Business classification, to include size and any additional socioeconomic classification(s).
3. Brief capabilities statement that addresses experience performing similar projects as a prime contractor within the last seven years.
4. Listing of at least two to a maximum of five previous and/or current projects where the firm has successfully performed DB. Describe the size and scope of the project(s), and dollar value of the contract. Identify percentage of work on the project(s) that was self-performed. Short responses are appreciated, no need to provide verbose past performance information.

SUBMIT TO:

Responses to this Sources Sought Notice should be received no later than 5pm EST on April 1st, 2026. Submit responses by email to the attention of Tony Jasper at anthony_jasper@ios.doi.gov.
