

PERFORMANCE WORK STATEMENT (PWS)
Non-Personal Services Contract for Academic Advisor
GEILENKIRCHEN NATO AIR BASE, GERMANY

1. DESCRIPTION OF SERVICES: Non-personal services in support of U.S. Air Force Voluntary off-duty education program to include providing academic advisement, information, guidance, testing, briefings, and preparation of documents associated with the services provided and administrative duties assigned.

2. QUALIFICATIONS: Minimum education/experience requirement of a bachelor's degree from an institution that is listed and accepted by the U.S. Department of Education from accredited post-secondary institution is required. To include computer proficiency with direct or transferable experience to administer; computer-based testing, collect/analyze data, maintain security of soft/hard copy test materials, assist students with selection of education degree requirements, complete computer/workstation updates, generate reports, create softcopy databases, create/update soft/hard copy newsletters, and Microsoft Office Programs. Excellent customer service skills and verbal communication skills are essential. Contractor Personnel must be able to qualify for a secret clearance (required for EPME). Preferred/highly desirable qualification, although not a strict requirement, master's degree and/or 15-30 semester hours in counseling, secondary education, adult education or a related discipline, and knowledge of/experience with standardized civilian education and military testing programs. Resumes and transcripts shall be submitted with proposal packages to the contracting office.

3. WORK HOURS/DAYS: 2080 hours are required each year at 40 hours each week. Scheduled hours will be established by the Education Services Specialist (ESS) and are normally worked Monday through Thursday, between 0800-1700hrs and Friday 0800-1430 (local time), but may include weekends, NATO holidays and U.S. Federal holidays. Services hours are based on the education center operating hours, which are based on the Geilenkirchen Commander's requirements. If a temporary alternate work schedule is necessary, the ESS shall notify the Contractor of the change no later than five working days prior to the proposed change; the Contractor shall respond within two working days of acceptance or request a modification to the proposed schedule. Contractor will be required to complete 5% of hours outside the normal schedule; this is to include but not limited to; opening classes, informational briefings, Geographically Separated Units (GSU) outreach and marketing events. Hours shall not be worked on NATO holidays or when the office is closed. When the Contractor is to work less than 90% of their scheduled hours in a week, a request must be made 10 working days prior. Hours not worked in any given week are forfeited, but at the ESS's discretion these hours may be made up by incorporating forfeited hours into a temporary alternate work schedule. The ESS reserves the right to modify the contract by decreasing or increasing the total annual hours as needed based upon mission, or budgetary changes. This contract comes with logistical support for its duration, beginning on the award date of the contract. The contract has a base year and 4 optional years.

4. GUIDELINES: To include but not limited to and at the request of the ESS, these items are needed: computer proficiency with direct or transferable experience to administer computer-based testing, collect/analyze data, maintain security of soft/hard copy test materials, assist students with selection of education degree requirements, complete computer/workstation updates, general reports, create softcopy databases, create/update soft/hardcopy newsletters, and Microsoft Office Programs. Excellent verbal communication and customer service skills are essential. Contractor Personnel must be able to qualify for a secret clearance (required for test administrations-EPME). Air Force Computer Based Training (AF-CBT) requirements shall be met prior to the start of services to the government. Once AF-CBT is completed, Contractor may begin work at the education center and complete training on reading AFI 36-2670, Total Force Development, Air University Test Facility Guide, AFI 36-2032, Military Recruiting and Accessions and become thoroughly familiar with the Community College of the Air Force (CCAF) Handbook and Counselors Guide, as well as, all on base schools and degree programs.

Training requirements must be successfully completed within 30 business days after the award date of contract and notify the ESS at 31 days of the awarded contract. Only once the Contractor has completed all required education center and AF-CBT, the Contractor be able to begin providing services to the government. All tasks shall be accomplished in accordance with all appropriate local command policies and publications. Contractor shall maintain certificates of completion for each affected area and update training per requirements of programs, AF, and ESS. Contractor shall participate in OCONUS/CONUS training as it becomes available, and at the request of the ESS. Attend training at various on/off base site locations, such as, but not limited to, and at the request of the ESS; M&FRC, DCS/DCO, webinars, on-base schools informational brief, and CONUS (upon availability of funds)/OCONUS locations. Develop and maintain soft and hardcopies (continuity binders, Standard Operation Procedures (SOP), and update the share drive of all programs used in the education center, to be reviewed and approved by the ESS.

Contractor shall assist volunteer personnel in support of all aspects of education center events to include but not limited to the programs in this PWS, such as academic contracted programs, virtual education fairs, outreach events, and briefings, off-duty programs providing a general overview of on base educational and testing programs. Provide information and assistance, and coordinate all outreach visits, briefings, and local marketing, with the ESS. Dates and time of marketing and outreach events will be coordinated with ESS.

5. BASE NETWORK ACCESS: Access to military base network and e-mail accounts is required for performance of duties. The Contractor shall be responsible for all required documentation and cost associated with the background investigation required to initiate the secret clearance process.

- (a) Effectively update personnel records in the Air Force Automated Education System (AFAEMS).

6. SECURITY REQUIREMENTS:

- a. For Official Use Only (FOUO). The contractor shall comply with DoD 5400-7-R, DoD Freedom of Information Act (FOIA) Program, requirements. This regulation sets policy and procedures for the disclosure of records to the public and for marking, handling, transmitting, and safeguarding For Official Use Only (FOUO) material.
- b. Reporting Requirements. Contractor personnel shall report to the ESS or security police any information or circumstances of which they are aware may pose a threat to the security of Department of War (DOW) personnel, contractor personnel or resources.
- c. Physical Security. The contractor shall be responsible for safeguarding all government property and controlled forms provided for contractor use. At the end of each work period, all government facilities, equipment, and materials shall be secured.
- d. Contractor shall follow security procedures to ensure the protection of student Personal Identifiable Information (PII) is followed and is FOUO.
- e. Key Control. (IF APPLICABLE) The contractor shall establish and implement methods of making sure all keys issued by the government are not lost or misplaced and are not used by unauthorized persons by placing keys in the lock box in the education office. The

contractor shall not duplicate any keys issued by the government, keep on person, or take from the testing facility/education center at any time.

- (1) The contractor shall immediately report to the ESS any occurrences of lost key(s).
 - (2) In the event the contractor loses the key(s), the government reserves the right to replace the lock(s) and or key(s) at the contractor's expense.
- f. Lock Combinations. (IF APPLICABLE) The contractor shall control access to all government provided lock combinations safes to preclude unauthorized entry. The contractor is not authorized to record lock combinations. Records with written combinations to authorized secure storage containers, secure storage rooms, or certified vaults, shall be marked and safeguarded.
- g. Pass and Identification Items. Contractor ensures pass and items required for contract performance are obtained for employee and non-government owned vehicles as needed.
- h. **ALL** testing materials are kept secure at **ALL** times to include, but not limited to CDs, computers, testing facilities/rooms, and soft and hardcopy testable materials.

7. SPECIAL REQUIREMENT:

- a. If the Contractor is absent from work, or will be late arriving the Contractor must contact ESS via phone (verbal), text, or electronic messages with a notification.
- (1) The Contractor must have a trained substitute in place during leave that meets the same educational and experience requirements as the Contractor for the duration of Contractors leave time; this request must be made 10 working days prior to leave approval.
 - (2) Contractor must inform the ESS of anticipated leave absence from a scheduled unit at least 10 work days prior except in emergency situations.
- b. The Contractor will present and maintain a professional image with the public, this is not limited to but includes, dress and appearance, language, and orderly workspace with clients, and education staff members, and at the request of the ESS, such as;
