

PERFORMANCE WORK STATEMENT (PWS)
AIRBORNE POSITION LOCATION SYSTEM (APLS) SUSTAINMENT

BASE

20 March 2026

Part 1
General Information

1. General: This is a non-personal services contract to provide Airborne Position Location System (APLS) Sustainment. The U.S. Army Operational Test Command, Airborne and Special Operations Test Directorate (ABNSOTD) have a requirement for continued sustainment for the APLS located at Fort Bragg, North Carolina. This requirement will support testing conducted at USAOTC, ABNSOTD. The Government shall not exercise any supervision or control over the contractors performing the services herein.

1.1 Description of Services/Introduction: This is a non-personal service(s) contract to provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to provide APLS Sustainment as defined in this PWS except for items specified as government furnished property and services. The Contractor shall perform to the standards in this contract.

1.2 Background: The APLS has been produced solely for the U.S. Army Operational Test Command, Airborne and Special Operations Directorate (ABNSOD) since the initial successful contract DATM01-01-C-0006 by SRI International, Menlo Park, CA. SRI International has successfully sustained, upgraded, and provided field support for the APLS through several contracts, the latest being W9115-21-D-0008, APLS Sustainment Re-Compete. SRI International has also developed and produced APLS hardware on multiple contracts.

1.3 Scope: The Contractor shall provide non-personal service(s). The Government requires sustainment support for the APLS. The support includes hardware depot level repair, refurbishment, software configuration and upgrades both onsite at Government Facilities and at Fort Bragg, NC (onsite) and at the contractor's facility (in-house). The APLS hardware supported under this acquisition includes personnel units, MAPLS units, pallet units, GPS re-radiators, and rapid data download/charger rack and analysis workstations. Software includes both legacy and new APLS software.

1.3.1 Period of Performance: The period of performance shall consist of a five (5) year base IDIQ type contract with task order periods covering 60 months. The period of performance for the base contract is **12 February 2027 – 11 February 2032.**

1.4 Objectives: Sustainment requirements will be performed for the APLS personnel and pallet units, Miniaturized APLS (MAPLS) units, Global Position System (GPS) re-radiator assemblies, rapid data download/charger rack, analysis workstation and both the legacy and new APLS software.

1.5 General Information:

1.5.1 Quality Control Plan (QCP): The Contractor shall develop and maintain a QCP to ensure services are performed in accordance with (IAW) this PWS. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The Contractor's QCP is the means by which it assures that the work provided complies with the requirements of the contract.

The Contractor's Proposed QCP shall be submitted to the Contracting Officer (KO) through the Contracting Officer's Representative (COR) for review within thirty (30) days after date of contract award.

The Government will review and either notify the Contractor in writing of acceptance of the plan or return their comments to the Contractor within ten (10) days. If the Government has provided comments, the Contractor shall then have fifteen (15) days to submit a Final QCP. After receipt of the Final QCP, the Contractor may receive the Contracting Officer's acceptance in writing. Any proposed changes to the accepted QCP are required to be resubmitted for acceptance by the Contracting Officer no later than fifteen (15) days prior to the anticipated change and before implementation by the Contractor. The timeline noted above will apply for review and acceptance for proposed changes. At a minimum, the QCP must include and answer the following to be acceptable:

(a) A chart showing the organizational structure and lines of authority, the names, qualifications, duties, responsibilities, and classification of each member of the Contractor's Quality Control Team;

(b) How the Contractor will monitor work to ensure performance complies with all deliverables (etc. timelines, deadlines, and goals);

(c) How the Contractor will monitor work to ensure performance complies with all specifications and requirements of the contract, including the contract's clauses;

(d) How the Contractor will monitor and ensure staff qualifications remain current and valid including Department of Defense (DoD) Contractor Personnel Office (DOCPER) processes/approvals throughout contract performance;

(e) How the Contractor will ensure all keys issued will remain controlled items (Paragraph 1.7 Key Control);

(f) How the Contractor will inventory and track maintenance of all Government Provided Equipment / Materials;

(g) How the Contractor will identify, investigate, and correct any non-conforming performance and prevent similar deficiencies in the future; and

(h) How the Contractor will file and save all Quality Control related documents for the life of the contract plus 5 years.

1.5.1.1 An Analysis of Quality Control and Timeliness of Submittals (i.e. deliverables) shall be provided to the COR within thirty (30) upon completion of each option period or Task Order.

1.5.1.2 The Contractor shall inform the COR of issues or potential issues that might affect the performance within forty-eight (48) clock hours of identifying those issues. Verbal reports shall be followed up by written reports within two (2) days.

1.5.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.5.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest work day prior to the holiday will apply as the deadline for submittal.

1.5.3.1 U.S. Holidays: Work shall not be performed on U.S. federally recognized holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S. holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1st
Presidents Day 3rd Monday in February
Juneteenth June 19th
Labor Day 1st Monday in September
Veteran's Day November 11th
Christmas Day December 25th

M. L. King Memorial Day 3rd Monday in Jan
Memorial Day last Monday in May
Independence Day July 4th
Columbus Day 2nd Monday in October
Thanksgiving Day 4th Thursday in November

1.5.3.2 Host Nation Holidays: Reserved.

1.5.4 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ. Please refer to the following:

1.5.4.1 Government Facility Office Hours: The Government facility office hours are 0800 to 1700 Monday through Friday except U.S. Holidays identified in paragraph 1.5.3.1 above or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings.

1.5.4.2 Government Facility Operating Hours: The Government facility operating hours occur between the hours of 0500 to 2100 Sunday through Saturday.

1.5.4.3 Contractor Support Hours: The Contractor shall provide support according to their corporate/business workplace hours, Monday through Friday, except Federal holidays or when their facility is closed due to local or national emergencies, administrative closings, or similar Government/Local Authority directed facility closings. The Contractor shall maintain an adequate workforce at all times, for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce is essential.

1.5.4.3.1 Contractor Work Plan: Reserved.

1.5.5 Training Holidays: Reserved.

1.5.6 Place of Performance: The work to be performed under this contract will be performed will be performed at the Contractor's facility. However, upon request by the COR, the contractor shall provide support at locations identified in this PWS.

1.6 Security Requirements: The following information is provided on security related matters:

1.6.1 Security Program: Contractor personnel performing work under this contract must have a Confidential level of security at time of the proposal submission, and must maintain the level of security required for the life of the contract. The security requirements are IAW with the DoD Contract Security Classification Specification (DD Form 254), which is currently accessible at the following link: <http://www.dtic.mil/whs/directives/forms/eforms/dd0254.pdf>

1.6.2 Personnel Security Clearance Requirements: Contractor personnel performing work under this contract must have an active personnel security clearance at the Confidential level in the Defense Information System for Security (DISS) at time of the proposal submission, and must maintain the level of security required for the life of the contract. The security requirements are IAW the DoD Contract Security Classification Specification DD Form 254. The Contractor shall ensure that Contractor employees and subcontractor employees performing services under this contract comply with FAR 52.204-2 Security Requirements when the employee has access to information classified "Confidential," "Secret," or "Top Secret." The Contractor shall ensure the employee complies with the DoD Security Agreement (DD Form 441), and the NISPOM rule at 32 Code of Federal Regulation (CFR) Part 117, effective 24 Feb 2021. The NISPOM is the National Industrial Security Program Operating Manual to which contractors must implement and comply.

1.6.3 Access and general protection/security policy and procedures: Contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should

the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

1.6.3.1 Escorts: The Contractor and all associated sub-contractor employees performing services under this contract shall be escorted at all times by host nation security personnel or by an individual designated by the Contracting Officer Representative (COR) while accessing U.S. facilities or activities.

1.6.3.2 Installation Pass Log: Reserved.

1.6.3.3 Individual Termination or Expiration of Employment: The Contractor shall collect the installation access passes the same day employment of an individual has expired or has been terminated and shall return them to the issuing office within five (5) days.

1.6.3.4 Contract Termination or Cancellation: Upon termination or cancellation of this contract, the Contractor shall collect all outstanding installation access passes and return them to the issuing office within five (5) days.

1.6.3.5 Common Access Cards (CAC) and CAC Log: The Contractor shall provide the following information: Last, First and Middle Names, government issued personal identifier (e.g. Social Security Number, Federal Identification Number, or Tax Identification Number), date of birth, primary email address (this email address will be used to contact the individual) and any other necessary information required to obtain a CAC or installation access card, to the COR with ten (10) after award unless circumstances require otherwise and as directed by the Contracting Officer. The Contractor shall ensure safeguarding of Personally Identifiable Information (PII) and comply with requirements under 1.22.5.

1.6.4 Personnel Security Clearance Requirements: As Determined by AT/OPSEC Review: Contractor personnel performing work under this contract must have an active personnel security clearance at the Confidential level in the Joint Personnel Adjudication System (JPAS) at time of the proposal submission and must maintain the level of security required for the life of the contract. The security requirements are IAW with the attached DD Form 254, "Department of Defense (DOD) Security Classification Specification" (The unit security monitor is responsible for initiating this form). The Contractor shall ensure that contractor employees and sub-contractor employees performing services under this contract comply with FAR 52.204-2, Security Requirements when the employee has access to information classified "Confidential," "Secret," or "Top Secret." The Contract will ensure the employee complies with the Security Agreement (DD Form 441), including the National Industrial Security Program Operating Manual (DOD 5220.22-M), and any revisions to DOD 5220.22-M, notice of which has been furnished to the Contractor.

1.6.4.1 As Determined by AT/OPSEC Review: The contractor shall follow DOD Federal Acquisition Regulation Supplement (DFARS) clause 252.223-7004, Drug-free Work Force. The contractor shall conduct drug tests, ensuring all top secret cleared contractor employees are tested at least once per year, each year of the contract, as well as when there is a reasonable suspicion that an employee uses illegal drugs. The drug testing shall be at the

contractor's expense. Positive drug test results shall be made available to both the KO and COR within 24 hours of known test results. Records of drug testing shall be made available to the COR.

1.6.5 Background Checks As Determined by AT/OPSEC Review: The Contractor shall ensure contractor employees and subcontractor employees performing services under this contract have passed a security check conducted by the State Police Department of their U.S. residence. Security checks that have been completed as part of a personnel security clearance background investigation, or a previous background check that was a condition of employment, meet this requirement. Documentation of these checks will be made available to the KO or COR upon request. The Government retains the right to exclude any employee from performance of duties under this contract if a background security check reveals an employee is a security risk. The exclusion of an employee for security reasons will not relieve the Contractor from performance of services required under this contract. If the Government determines additional background checks are required, at a minimum, and upon request from the Government, the Contractor shall provide to the KO or COR, the following information on any contractor or subcontractor employee performing services under this contract:

- Full birth name
- Married name (if applicable)
- SSN or local equivalent (ID card number)
- Date of birth
- Place of birth (city, country)

1.6.5.1 Background Check Notification Requirements: If a background check on any employee or subcontractor employee performing services under this contract, whether the check was conducted as a condition of employment or as part of the contract with the Government, reveals any information from any source (including host country law enforcement) of criminal activity by Contractor employees, subcontractors, or subcontractor employees, the Contractor shall immediately notify the KO and COR of that information. The Contractor shall make notification of:

(1) Traffic violations, other than parking, will be reported to the KO or COR only if the contract is for drivers for the Government; and

(2) Any suspicious activity by Contractor employees, subcontractors, or subcontractor employees the Contractor believes may pose a risk to U.S. or host nation national security or imminent risk of deadly bodily harm to any person; and

(3) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this requirement.

1.6.5.2 Remedies. In addition to other remedies available to the Government, the Contractor's failure to comply with the requirements of this paragraph may result in requiring the Contractor to remove a contractor employee or employees from the performance of the contract.

1.6.5.3 Subcontracts. The Contractor shall include the substance of this paragraph and the preceding paragraph in all subcontracts.

1.6.6 Uncleared Contractor Common Access Card (CAC) Credentialing and Access Procedures

1.6.6.1 Contractor Common Access Card (CAC) Eligible Requirements (As Determined by AT/OPSEC Review): Before CAC issuance, the Contractor employee requires, at a minimum, a favorably adjudicated National Agency Check with Inquiries (NACI) or an equivalent or higher investigation in accordance with Army Directive 2014-05. The Contractor employee will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DOD facility and access, via logon, to DOD networks on-site or remotely; (2) Remote access, via logon, to a DOD network using DOD-approved remote access procedures; or (3) Physical access to multiple DOD facilities or multiple non-DOD federally controlled facilities on behalf of the DOD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled NACI at the Office of Personnel Management. Contractor personnel shall return CAC to appropriate U.S. Government authorities within five (5) days of the end of their contractual duties.

1.6.6.1.1 Federal Installation/Facility Access As Determined by AT/OPSEC Review: Contractor and all associated sub-contractor employees shall comply with applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative). The employee performing services under this contract shall also provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services, Security Office or the host nation equivalent.

1.6.6.2. Contractor Non CAC Eligible Requirements for DOD Facility and Installation Access (As Determined by AT/OPSEC Review): Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (TSDB) (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative), or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.

1.6.7 Access to Government Information Systems (As determined by AT/OPSEC Review): All Contractor employees and subcontractor employees performing services under this contract who have access to a government information system must be registered in the ATCTS (Army Training Certification Tracking System) at commencement of services and must successfully completed the DoD Information Assurance Awareness training prior to access to the information system and then annually thereafter.

1.6.8 Physical Security: The Contractor shall safeguard all Government equipment, information, and property provided for Contractor use. When operating at a government site, at

the close of each work period, government facilities, equipment, and materials shall be secured Army Physical Security Program (AR 190-13).

1.6.9 Operations Security (OPSEC) Requirements: Contractor personnel shall adhere to facility security policies and restrictions. The Contractor shall immediately report suspicious activities to security personnel. Government issued access badges shall not be worn outside designated facilities where visible to the general public.

1.6.9.1 Operations Security (OPSEC) SOP/Plan Requirements (As determined by AT/OPSEC Review): The Contractor shall implement and maintain an OPSEC program for preventing the disclosure of critical information or sensitive information which could jeopardize the Government's ability to execute its mission or to adequately protect its personnel and/or equipment. The Contractor shall develop an OPSEC Standing Operating Procedure (SOP)/plan within 90 calendar days of contract award to the Contracting Officer Representative (COR) or Contracting Officer (KO) to be reviewed and approved by the Government OPSEC Officer on the supporting installation. The SOP must contain a training plan that includes an initial OPSEC brief, continuous awareness, and annual OPSEC training. This plan will include a process to identify critical information, where it is located, who is responsible for it, how to protect it and why it needs to be protected. The contractor shall implement OPSEC measures as ordered by the commander. Awareness/training shall include, but not be limited to information disclosure via letters, conversations, photographs, resumes, electronic mail (e-mail), Social social media/networking sites, dissemination of information and documents disposal. OPSEC Program shall fully comply with the provisions of AR 530-1, Operations Security shall have an identified certified Level II OPSEC coordinator.

1.7 Key Control: The Contractor shall establish and implement methods of making sure all keys issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Contractor's Quality Control Plan. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any incidents of lost or duplicate keys to the Contracting Officer. In the event keys, other than master keys, are lost or duplicated, the Contractor shall, upon direction of the Contracting Officer, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of the lock or locks shall be deducted from payment due to the Contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the payment due to the Contractor. The Contractor shall prohibit the use of Government issued keys by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer. The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are

changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the Quality Control Plan.

1.8 Post Award Conference/Periodic Progress Meetings: The Contractor shall attend post award conference convened by the contracting activity or contract administration office in accordance with FAR Subpart 42.5. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will apprise the Contractor of how the Government views the Contractor's performance and the Contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.

1.8.1 The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.9 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of Contractor personnel.

1.10 Key Personnel: The following personnel are considered key personnel by the Government: Program Manager, Computer Programmer, and Hardware Technician. The Contractor shall provide a Program/Contract Manager who shall be responsible for the performance of the work. The name of this person and an Alternate Program/Contract Manager, who shall act for the Contractor when the Program/Contract Manager is absent, along with a Curriculum Vitae (CV) for each of these individuals, shall be provided in writing to the Contracting Officer no later than five (5) days after contract award. The Contract Manager and Alternate Contract Manager shall have full authority to act for the Contractor on all contract matters relating to daily operation of this contract. The Contract Manager or Alternate Contract

Manager shall be available between 0900 to 1700 Eastern Standard Time, Monday through Friday, except Federal Holidays. Qualifications for all key personnel are listed below:

1.11 Identification of Contractor Employees: All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their Contractor status is not obvious to third parties must identify themselves, to include proper marking of signature blocks in correspondence, to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports, produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

1.11.1 Reserved.

1.11.2 Contractor Identification Badges: Contractor personnel shall be easily identifiable through the display of badges IAW Contractor Identification (AE Reg. 27-715). (For services at Child, Youth, and School Services where children are present, recommend personnel wear identification when children are present.)): If required by the Government, contract personnel and all associated subcontractor's employees accessing U.S. facilities or activities, shall present a valid picture ID provided by the Government while accessing Government owned or contracted facilities and shall adhere to facility security policies and restrictions. If applicable, Government issued access badges will not be worn outside designated facility where visible to the general public. Contractor personnel shall return all U.S. Government issued identification to appropriate U.S. Government authorities within five (5) days of the end of their contractual duties.

1.11.3 Uniform (As determined by AT/OPSEC Review): The Contractor may provide a standard uniform for all Contractor and subcontractor employees performing services under this contract, and ensure they wear the uniform during appointed duty hours. The uniform may consist of the same type and color shirt and slacks for all workers. Company logo is optional.

1.12 Contractor Travel: The Contractor shall travel to on-site training and repair locations as designated by the Government; and ship training aids/parts to these locations in support of the PWS. The Contractor may be authorized travel expenses at rates no higher than the substantive provisions of the Joint Travel Regulation (JTR), IAW FAR Part 31.205-46, and the limitation of funds specified in this contract. All travel requires Government approval and authorization ten (10) days prior to scheduled travel.

1.13 Other Direct Costs (ODCs): Reserved.

1.14 Data Rights: The Government has unlimited rights to all documents and materials produced under this contract. All documents and materials, to include the source codes of software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership and copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the Contractor without written permission from the Contracting Officer. All materials supplied to the

Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.15 Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a Government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be adverse to the interests of the Government or others. The Contractor and Contractor personnel, shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorized Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.16 Protection of Government and Contract Information: Per Public Use Notice of Limitations stated by Defense imagery Management operations Center and contained at www.dimoc.mil/resources/limitations/, the Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any hard copy or digital marketing tools to include its company website.

1.17 Non-Disclosure Statements: The Contractor shall provide signed non-disclosure agreements to the Government no later than five (5) days prior to commencement of work under the contract. Disclosure of information by Contractor personnel may result in removal of Contractor personnel from performance under this contract.

1.18 Advertisement and Social Media: The Contractor shall NOT post information to public website or social media locations, personal or professional, that in any way disclose names, locations, hotel data, participants, discussions, pictures, etc. before, during or after the contract period of performance without the express consent of the Government. The use of propaganda violates DOD Commercial Use of Imagery Guidelines stated at (<http://www.defenseimagery.mil/products/DODimagery/commercialuse.html>). The Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any marketing tools to include its company website.

1.19 Information Assurance: At no time will the Contractor or associated sub-contractor employees transmit government documents or information over using methods that do not meet the security requirements specified in the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information (CUI) in Nonfederal Information Systems and Organizations" such as personal electronic mail accounts, public digital data storage sites (cloud storage), social media platforms or instant messaging. Approved government sites such as DoD SAFE at <https://safe.apps.mil>, or All Partners Access Network (APAN) at <https://community.apan.org/>, or other transmission means determined by the government must be used.

1.20 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCI as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI. The Contractor's OCI Mitigation Plan will be determined to be acceptable solely at the discretion of the Contracting Officer. In the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.21 Phase In /Phase Out Period: Reserved.

1.22 Safety: The following provides information pertaining to Safety and Accident Prevention:

1.22.1 Safety Laws and Regulations: The Contractor shall comply with FAR 52.236-13, Accident Prevention (November 1991), the references contained therein (e.g. *U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM 385-1-1)*), and applicable Host Nation Safety Laws and Regulations.

The requirements under FAR 52.236-13 and specifically of the EM 385-1-1 include, but are not limited to the following:

(a) Before initiation of work at the job site, an Accident Prevention Plan, written by the Contractor for the specific work and hazards of the contract and implementing in detail the pertinent requirements of EM 385-1-1; will be reviewed for acceptance by designated Government personnel. Specific requirements for development of the Accident Prevention Plan are found in 01.A and Appendix A of EM 385-1-1. EM 385-1-1 is available online at www.usace.army.mil.

(b) Before beginning each activity involving a type of work presenting hazards not experienced in previous project operations or where a new work crew or subcontractor is to perform work, activity hazard analysis (AHA) shall be prepared by the Contractor performing the work activity (See paragraph 01.a.09 of EM 385-1-1);

(c) The Contractor shall require subcontractors to submit their plan of operations showing methods they propose to use in accomplishing major phases of work;

(d) The Contractor shall discuss the plans in conferences convened by the Contracting Officer prior to starting work on each major phase of operation. Plans shall include all pertinent information such as layout of haul roads, access roads, storage areas, electrical distribution lines, methods of providing minimum exposure to overhead loads, and methods of access to work areas. The plan for accomplishing the initial work phase shall be submitted within fifteen

(15) calendar days after award of the contract. Plans for subsequent major phases of work shall be submitted no later than fifteen (15) calendar days prior to initiation of work on each major phase; and

(e) In all areas where construction, demolition, alteration, building, or similar related activities take place, the Contractor shall have the following minimum personal protective clothing and equipment requirements in place for any person working on or visiting the site:

- (i) Short sleeve shirt;
- (ii) Long trousers;
- (iii) Steel-toed safety boots; and
- (iv) Hard hat.

1.22.1.1 In addition to other requirements for accident prevention specified in this contract, the Contractor shall comply with all Federal and State requirements governing safety and health protection on construction sites and other applicable occupational safety codes.

The Contractor shall indicate its plan for compliance considering conditions of the work described by the design, technical proposal, operational activities of the Government or others in the area of the work, identification of the coordinator, and implementation of all other accident prevention provisions of this contract.

1.22.1.2 The Contractor shall complete and provide safety notifications required and will provide documented proof to the Contracting Officer via the COR that such notifications were made.

1.23 Environmental Compliance: The following provides information on Environmental Compliance.

1.23.1 Environmental Compliance Plan and Program: Reserved.

1.24 Required Training: The following provides information on training requirements:

1.24.1 Anti-Terrorism (AT) Level I Training: (As required on the Anti Terrorism / Operations Security Review (AT/OPSEC) Cover Sheet) All Contractor employees, including subcontractor employees, who are employed under the contract, shall complete AT Level I Training. Contractor personnel travelling overseas shall complete area of responsibility (AOR) specific AT awareness training for U.S. based Contractor employees and associated subcontractor employees. The Contractor shall submit certificates of completion for each affected Contractor employee and subcontractor employee to the COR (or to the Contracting Officer, if a COR is not assigned) after completion of this training by all employees and subcontractor personnel. AT Level I awareness training is available at <https://jkodirect.jten.mil>. Contractor personnel

shall complete refresher training every twelve (12) months except AOR specific AT Level I training which shall be completed as required by local AT policies.

1.24.1.1 If training cannot be conducted on the website, the Contractor shall coordinate with the COR who will contact the local AT Officer at their assigned location for classroom training. Contractor personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the AT Officer. Verification of the training shall be provided to the COR within five (5) after completion of the training.

1.24.2 OPSEC Training: (As required on the AT/OPSEC Cover Sheet) All Contractor employees, including subcontractors, shall complete Level I OPSEC training. Verification of the training shall be provided to the COR within five (5) days after completion of the training. OPSEC Level I training is available at <http://www.cdse.edu/catalog/elearning/GS130.html>. Contractor personnel must complete refresher training every 12. Verification of the training shall be provided to the COR within five (5) days after completion of the training.

1.24.2.1 If training cannot be conducted on the website, the Contractor shall coordinate with the COR, who will contact the local OPSEC Officer at their assigned location for classroom training. Contractor personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the OPSEC Officer. Verification of the training shall be provided to the COR within five (5) days after completion of the training.

1.24.3 iWATCH Training: (As determined by AT/OPSEC Review): The Contractor and all associated subcontractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity ATO). This locally developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed after the contract is awarded and after new employees commence contract performance. Verification of the training shall be provided to the COR within five (5) days.

1.24.4 Information Assurance (IA) / Information Technology (IT) Training (As required on the AT/OPSEC Cover Sheet) All Contractor employees and subcontractor employees requiring access to Government information systems must complete the DoD IA awareness training before issuance of network access and annually thereafter. Verification of the training shall be provided to the COR within five (5) days after completion of the training.

1.24.4.1 All Contractor employees, including subcontractors, working information technology (IT)/IA functions shall comply with DoD and Army training requirements per Information Assurance Training Certification and Workforce Management DoD Directive (DoDD) 8570.01, Information Assurance Workforce Improvement Program DoD 8570.01-M, and Information Assurance AR 25-2 within thirty (30) calendar days of employment. Training is available at <https://ia.signal.army.mil/DoDIAA/default.asp>.

1.24.4.2 All Contractor employees, including subcontractors, performing services under this contract with access to a Government information system must be registered in the Army Training Certification Tracking System (ATCTS). Verification of registration shall be provided to

the COR within five (5) days after registration. Contractor personnel must complete refresher training every twelve (12) months. Verification of the training shall be provided to the COR within five days (5) after completion of the training.

1.24.5 Personally Identifiable Information (PII): (As required on the AT/OPSEC Cover Sheet) Contractor employees, including subcontractors, performing services under this contract with access to PII and Government information shall complete "Identifying and Safeguarding PII" within 30 calendar days of employment. Contractor personnel shall complete refresher training every twelve (12) months from initial completion. The Contractor shall provide the COR a copy of the training certificates for its employees no later than five (5) days after completion. Training is available at <http://iatraining.disa.mil/eta/piiv2/launchPage.html>

1.24.6 Threat Awareness Reporting Program (TARP Training): (For all contractors with security clearances – or As required on the AT/OPSEC Cover Sheet) Within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or 30 calendar days after employment of new personnel, all Contractor employees, including subcontractor employees, who are employed under the contract and require a security clearance, shall complete TARP training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies. The Contractor shall submit certificates of completion for each affected Contractor employee and subcontractor employee to the COR within ten (10) calendar days after completion of training by all employees and subcontractor personnel. TARP training is available at the Army Learning Management System (ALMS) <https://www.lms.army.mil/>. Training must have been completed within the last 12 months and maintained yearly thereafter. If training cannot be conducted on the website, the Contractor will coordinate with the local Counter Intelligence (CI) Officer at their assigned location for classroom training and a copy of either the training certificate or the training attendance roster signed by the CI Officer will be maintained by the Contractor. Verification of the training will be provided to the Contracting Officer (KO) or Contracting Officer Representative (COR) within ten (10) calendar days after completion of the training.

1.25 Government Property and Services: Refer to Part 3 of this PWS for Government property (GP) for this contract.

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired Property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Day – means, unless otherwise specified, a calendar day.

Defective Service – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

Government-furnished Property – As reflected in FAR 52.245-1, Government-furnished Property “means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance,

overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract

Government Property - means all property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

High Level Objective (HLO) – means a key overarching result-based objective for a project necessary to achieve the project's vision. HLOs are similar to Level 2 in a Work Breakdown Structure. Each HLO may contain several statements to flesh out the areas necessary to meet the objective.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document, and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas

necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Work Day - The number of hours per day the Contractor provides services in accordance with the contract.

Work Week - Monday through Friday, unless otherwise specified.

2.2 Acronyms: Although not inclusive of every term used within this PWS, or that may be included in an acquisition, the following provides a list of acronyms commonly used in the acquisition field.

ACOR	Alternate Contracting Officer's Representative
AFARS	Army Federal Acquisition Regulation Supplement
AHA	Activity Hazard Analysis
AOR	Area of Responsibility
AR	Army Regulation
AT	Anti-terrorism
ATCTS	Army Training Certification Tracking System
CAC	Common Access Card
CCE	Contracting Center of Excellence
CFR	Code of Federal Regulations
CONUS	Continental United States (excludes Alaska and Hawaii)
COR	Contracting Officer's Representative
COTS	Commercial-Off-the-Shelf
DA	Department of the Army
DD250	Department of Defense Form 250 (Receiving Report)
DD254	Department of Defense Contract Security Requirement List
DFARS	Defense Federal Acquisition Regulation Supplement
DMDC	Defense Manpower Data Center
DoW	Department of War
FAR	Federal Acquisition Regulation
GFP	Government Furnished Property
HLO	High Level Objective
HIPAA	Health Insurance Portability and Accountability Act of 1996
IA	Information Awareness
IAC	Installation Access Control
IACO	Installation Access Control Office
ID	Identification
IGCE	Independent Government Cost Estimate
IT	Information Technology
JTR	Joint Travel Regulation
JPAS	Joint Personnel Adjudication System

KO	Contracting Officer
OCI	Organizational Conflict of Interest
OCONUS	Outside Continental United States (includes Alaska and Hawaii)
ODC	Other Direct Costs
OPSEC	Operations Security
PA	Property Administrator
PII	Personally Identifiable Information
PIPO	Phase In/Phase Out
POC	Point of Contact
PRS	Performance Requirements Summary
PWS	Performance Work Statement
QA	Quality Assurance
QAP	Quality Assurance Program
QASP	Quality Assurance Surveillance Plan
QC	Quality Control
QCP	Quality Control Program
RA	Requiring Activity
TE	Technical Exhibit
USAG	United States Army Garrison
UOM	Unit of Measure

PART 3

GOVERNMENT PROPERTY (GP) AND SERVICES

3. Government Furnished Property

3.1.1 Services: The Government will provide the cost to ship the equipment-needing repair or refurbishment to and from the contractors' establishment. The equipment will contain a detailed problem report.

3.1.2 Equipment: Upon completion of the current APLS sustainment contract, the GFP will be returned to ABNSOD. There will not be any GFP provided to the contractor under the follow-on sustainment contract.

3.2 Emergency and Rescue

3.2.1 The Government will furnish emergency medical and rescue services to prevent loss of life, limb, or undue suffering within the areas serviced by the applicable installation emergency services provider. The Government will seek reimbursement for medical services rendered, as appropriate.

3.2.2 The Government will provide installation fire services to include firefighting, fire prevention inspections and investigations; Installation security services; confined space rescue; and Hazardous Material (HAZMAT) first response.

3.3 Telecommunications/Utilities

3.3.1 The Government will provide reasonable access to Government-furnished telecommunications for official use related to this effort. Line service will include on-post service, and Defense Switched Network (DSN). The cost of unofficial telephone service (e.g., telephone service not incidental to performance of the contract) shall be reimbursed to the Government. The contractor shall ensure compliance with AR 25-1 Information Assurance as related to telecommunications use and access. The Government will not provide reimbursement for additional services or special connectivity relative to contractor unique equipment, software, or corporate requirements.

3.3.2 The Government will furnish appropriate amounts of heat, heating fuels, gas, electricity, sewage, and water utilities, as currently installed in GFF, for use under this contract. All facilities do not receive the same utility services. The contractor shall not change or modify any Government provided utility systems or components or install any CFE components or system without prior KO or designated representative written approval as coordinated through the DPW.

3.3.3 The Government will provide limited access to the existing Local Area Network (LAN) to include electronic mail (e-mail). The number of active LAN drops and e-mail accounts available will be determined by the Government. The contractor shall not use the LAN or e-mail for purposes other than official Government work required under this contract.

3.3.4 Radio frequency assignments and authorization will be controlled and furnished by the Government. The contractor will not operate any radio (e.g. FMS/GMRS [Family Radio Service / General Mobile Radio Service] typically commercially available with frequencies in the 450-470 MHz band and less than 50 watts) on the installation without proper authorization.

3.4 Government Owned Vehicles Reserved.

3.5 GFE Tools, Hand Tools, Equipment; Test, Measurement and Diagnostic Equipment (TDME) Calibration Services Reserved.

3.6 Government Furnished Facilities and Real Property Reserved.

3.7 Government Furnished Services

3.7.1 The Government will provide preventive maintenance and repair of GFF in accordance with AR 420-1. The contractor shall provide the name and telephone number of its designated point of contact that will be requesting repairs / opening work orders to the appropriate Facility Coordinator during the transition-in period.

3.7.2 The Government may provide scheduled custodial services for contractor operated administrative areas on a limited basis in accordance with the current DPW contract. The contractor shall report to the Government, any discrepancies in performance of Government provided services.

3.7.3 The Government will provide pest control services as required.

3.7.4 The Government will provide grass cutting in accordance with the current post-wide grass cutting contract.

3.7.5 The Government will provide snow removal outside the contractor's area of responsibility at contractor-occupied facilities.

3.8 The Government will provide available containers at specific contractor occupied facilities for collection of recyclable paper and cardboard, on-hand scrap metal, non-hazardous waste wood and wood by-products, and trash pickup.

PART 4

CONTRACTOR FURNISHED ITEMS AND SERVICES

4. Contractor Furnished Property and Services

4.1 General: The Contractor shall furnish all supplies, equipment, facilities and services required to perform work under this contract that are not listed under Part 3 of this PWS.

4.1.1 The contractor shall procure material, equipment, and supplies, which are incidental to the provision of services of this PWS. The contractor shall ensure on-site maintenance personnel are equipped with proper individual / hand tools for the effort to be completed (i.e. general mechanics tools). The Government will not provide individual tools to be used by maintenance personnel under this effort. Each employee mechanic must have their own tools. The Government has revoked its assumption of risk regarding individual tools used under this effort. At no time will the Government be responsible for the replacement of lost, damaged, or broken individual tools.

4.1.2 Except for those items and services specifically stated in Part 3 as Government-furnished, the contractor shall furnish everything needed to perform this contract according to all its terms and conditions as stated in specific sections of this PWS and as identified in the Purchasing/Invoicing Guide.

4.2 Secret Facility Clearance: Reserved.

4.3 Materials:

4.3.1 The contractor shall use the equipment type and size suitable for the required operation and shall operate the equipment from existing Government-furnished electrical power sources. The contractor shall affix a highly visible, permanent contractor's nameplate on all contractor-owned equipment. The contractor shall ensure that if commingling of U.S. Government and contractor-furnished equipment occurs, each set of equipment is easily identifiable and can be separated for inspection and inventory as required.

4.3.2 The contractor shall maintain a sufficient quantity of on-hand materials and supplies to perform all work required under this Contract. Failure on the part of the contractor to provide sufficient quantities and quality of supplies and materials within the specifications of the Contract shall not be cause for reduction in any service or performance. The contractor shall maintain stocks to ensure continuous operation of critical systems as approved by the KO. Critical systems are those that are directly related to health care, safety, and mission accomplishment. The contractor shall provide a system for rapid procurement of items whose usage levels do not require maintenance of on-hand stocks. This system shall include a list of vendors for each such mission-critical repair item, information on availability, and expected delivery times.

4.4 Vehicles and Equipment:

4.4.1 All contractor furnished vehicles shall be maintained in a neat, presentable, and operational condition and shall meet Government safety inspection standards. The contractor's vehicles not meeting standards shall not be operated or stored on U.S. Government installations. The contractor shall provide a sign on the right and left side of contractor furnished vehicles with the contractor's company name and telephone number.

4.4.2 Contractor-furnished equipment or items, inoperable or unserviceable for any reason, must be removed from the U.S. Government's Installation within ten (10) business days after failure. The condition of contractor-furnished equipment shall not relieve the contractor of responsibility to provide services as required in this contract. The contractor shall immediately notify the KO and COR, in writing, of circumstances regarding delay of work due to equipment or material problems.

4.4.3 The contractor shall furnish additional telephone and peripheral equipment requirements not furnished by the U.S. Government, if required. All additional costs must be approved in writing by the KO prior to the items being placed in service.

4.5 Background Checks: The Contractor shall provide Background Checks in accordance with this PWS and as determined by the Government.

PART 5 SPECIFIC TASKS

5.1 Basic Services:

5.1.1 Sustainment: The Contractor shall provide sustainment services in the form of requirements that will be performed in accordance with this PWS for the following APLS equipment:

- 100 Personnel Units
- 25 Pallet Units
- 112 MAPLS Units
- 3 GPS Re-radiator Assemblies
- 8 Rapid Data Download/Charger Racks
- Software on four (4) Analysis Workstations

5.1.2 Equipment Repair, Refurbishment, and Upgrades (Contractor In-House): The Contractor shall provide depot-level repairs, refurbishments, and upgrades of the above listed equipment. This includes equipment damaged during field operations and major exercises and identified by the Government. The Government will provide the shipment of equipment to the Contractors' facility for the Contractor to inspect and provide an estimate of repair or refurbishment by submitting a work order report to the Government for approval prior to start of the repair or refurbishment. The work order report shall include the labor category, man-hours, discrepancy, type of repair, a list of the materials needed. Upon evaluation of the contractor's work order report, the Government will determine whether or not the contractor shall proceed with the work identified. It is critical that repairs and upgrades be provided with sufficient turnaround time in support of ABNSOTD data collection during Operational Tests. The Governments' average turnaround time is no more than seven days.

5.1.3 System Software Maintenance Service (Contractor In-House Only):

5.1.3.1 The Contractor shall maintain software capability, and provide updates or changes as required by the Government for new mission needs or from recommendations due to historical testing results and data received from field experience. The Government will provide the types of updates and changes for the Contractor to perform. The Contractor shall submit a price and technical proposal to the Government within five days of receipt of updates and changes for review and either approval or rejection. Prior approval is required before start of any updates or changes.

5.1.3.2 This requirement includes system support for re-design, software capabilities maintenance, calibration, and scheduled upgrades located at Fort Bragg, North Carolina and other deployed operation areas for the above listed equipment. In addition, the contractor shall update and keep all documentation current to include the software user's manual. The Contractor shall maintain a web-based Software Issue Tracking Page for this project giving ABNSOTD staff the ability to document any software anomalies, deficiencies, or malfunctions that occurs during everyday operations. The contractor will respond immediately to malfunctions and will correct minor anomalies and deficiencies during major software updates.

5.1.4 Training: The Contractor shall provide system hardware and software support training once systems are upgraded telephonically or on-site. Some training will require travel to Fort Bragg, North Carolina designated by the Government. Travel costs associated with this requirement shall be identified and charged separately.

5.1.5 Onsite Service Support (Equipment and Instrumentation (Software and Hardware)):

5.1.5.1 The Contractor shall provide onsite service support to Fort Bragg, North Carolina and other deployed operating locations, including Fort Benning, GA and Fort Carson, CO, during field operations or major exercises to provide equipment service (e.g. troubleshoot, repairs, testing, inspection, upgrades, calibrations, configurations) to bring the APLS equipment and all support equipment to 100% operational capability.

5.1.5.2 The contractor shall provide onsite instrumentation updates (hardware/software), and data requirement changes due to variations of contingency support requirements. The contractor shall assist ABNSOTD staff during scheduled field operations, major exercises or “as required” in support of contingent operations of the ABNSOTD mission. The Government will notify the Contractor when onsite support is required with the dates, duration, locations, and types of equipment for the event. Travel costs associated with this requirement shall be identified and charged separately.

5.1.6 Additional Support: The contractor shall provide telephonic technical support and troubleshooting during normal office hours.

5.2 Service Contract Reporting: The contractor shall report all contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract via a secure data collection site. Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 30 of each calendar year using <http://sam.gov>.

5.2.1 System for Award Management (SAM) Service Contract Report (SCR): The Contractor shall report ALL Contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract via a secure data collection site. The Contractor is required to completely fill in all required data fields through the following web address: www.sam.gov. Reporting inputs will be for the labor executed during the period of performance during each Government FY, which runs from October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk by clicking “View Assistance for SAM.gov” which is located at the top of the SAM.gov website. From there, you can select “Contact Our Service Desk” which will allow you to contact SAM.gov directly. If contract period of performance ends prior to September 30, the Contractor has 30 calendar days from end date of the contract to complete the SAM SCR requirement.

Steps for Submitting a Service Contract Report (SCR)

1. Go to www.sam.gov and log in.
2. Select Entity Registrations and then select Service Contract Reporting.

3. SAM displays your entities which have service contracts and meet the reporting criteria. Select View by entity to see the service contracts for each entity.
4. Next, select Add for the service contract against which you want to create a Service Contract Report. Each service contract which meets the FAR Subpart 4.1703 reporting thresholds is displayed.
5. You will be taken to the Complete Service Contract Report page. SAM displays the contract details and allows you to report. You are required to enter the following information:
 - **Total Amount Invoiced:** Total dollar amount invoiced for services performed during the previous Government fiscal year under the contract (this amount should include the prime and any subcontract amount).
 - **Prime Contractor Hours Expended:** Prime contractor direct labor hours expended on the services performed during the previous Government fiscal year. The amount you enter is automatically divided by 2,080 hours to calculate a Full Time Employee (FTE) equivalent, displayed under the Prime Contractor Hours Expended as Prime Contractor FTEs.
6. Report any required Tier 1 subcontractor information by selecting the Add Tier 1 Subcontract Information button.
7. When you are ready to submit the report, select Submit. This saves your report and returns you to the Select Service Contract page where you can create other SCRs or edit an existing SCR.

Steps for Editing a Submitted Report

1. Follow steps 1-4 above. Any previously submitted SCR will have a View/Edit button instead of an Add button.
2. Select View/Edit. You will be able to view the current SCR, edit available fields, and resubmit the record. You can also delete previously entered information altogether.

STD: All information provided by the Contractor shall be accurate, complete, and not exceed suspense dates noted in corresponding paragraph above.

AQL: 100% Compliant

5.3 Monthly Reports: The Contractor shall provide a Monthly Status report by email to the COR no later than five days after the end of each month. The report shall include at a minimum the requirement conducted for the month, the requirement ongoing, expenditures for the month (e.g. labor and materials used), labor categories, travel, and the remaining balance of funds available on the contract. The format shall be a Microsoft Word file using Times New Roman 12 point font.

5.4 Travel: The contractor shall charge all travel costs associated with onsite support and training separately from other contract costs such as labor and materials in accordance with Joint Travel Regulations. The Contractor shall provide a travel cost report with the charge to the COR. Travel costs shall be billed within the guidelines established by FAR 31.205-46.

PART 6

ATTACHMENT AND TECHNICAL EXHIBIT LISTING

7. Attachment and Technical Exhibit List

7.1 Technical Exhibit A – Performance Requirements Summary

7.2 Technical Exhibit B – Deliverables Schedule

DRAFT

TECHNICAL EXHIBIT A
Performance Requirements Summary (PRS)

Performance Objective	Performance Standard	Performance Threshold	Incentive (Positive and/or Negative)
PWS Para. 1.24 – 1.24.6 Employee Training All Contractor personnel performing work under this contract shall complete Anti-terrorism (AT) Level I, iWATCH, DOD Cybersecurity Awareness, Safeguarding PII, Threat Awareness Reporting Program (TARP), and Operation Security (OPSEC) training.	Training must be completed within 30 calendar days of starting performance or employment. Contractor personnel shall complete all mandatory training that is directed to DoD Civilians and Military by the installation commander along with other in-service training that the Government may periodically provide.	100%	Could affect CPARS rating in a Negative or Positive way.
PWS Para. 1.6.7 Access to Government Information Systems All contractor employees who require access to a government information system must be registered in the ATCTS (Army Training Certification Tracking System)	Contractor employees who require access to government information system must complete ATCTS registration prior to receiving access.	100%	Could affect CPARS rating in a Negative or Positive way.
PWS Para. 1.24.4 IA/IT Training All contractor employees supporting Cybersecurity/IT functions shall be appropriately certified.	All contractor employees supporting Cybersecurity/IT functions shall be appropriately certified upon contract award	100%	Could affect CPARS rating in a Negative or Positive way.

Performance Objective	Performance Standard	Performance Threshold	Incentive (Positive and/or Negative)
PWS Para. 1.14, 1.15, 1.16 The Contractor shall securely maintain accurate and complete files and shall not release any information pertaining to this Contract unless authorized by the Contracting Officer.	Files are IAW Army Regulation 25-1, Army Knowledge Management and Information Technology and Army Regulation 25-400-2, The Army Records Information Management System. -Access to files and the release of any information is authorized only by the Contracting Officer.	No more than 5 file errors per inspection. No unauthorized releases of files or information.	Could affect CPARS rating in a Negative or Positive way.
PWS Para. 1.3 Scope 5.1.2. Equipment Repair, Refurbishment and Upgrades 5.1.5. Onsite Service Support 5.1.6. Additional Support	Contractor successfully executes the sustainment request in timeframe agreed to by COR in accordance with PWS requirements.	95%	Less than acceptable performance could result in reduction of payment and could affect CPARS rating in a Negative or Positive Way
PWS Para. 1.3 Scope 5.1.3 System Software Maintenance Service 5.1.5 Onsite Service Support 5.1.6 Additional Support	Contractor successfully executes the sustainment request in accordance with PWS requirements	95%	Less than acceptable performance could result in reduction of payment and could affect CPARS rating in a Negative or Positive Way
