

STATEMENT OF WORK

1. Objective/Requirements

NASA Langley Research Center requires a service contract renewal from Hitachi High-Tech for a Hitachi high-resolution scanning electron microscope (HR-SEM) which supports multiple projects within the Advanced Materials and Processing Branch.

2. Characteristics, Scope, and Specs

Part No.	Asset	Description
C-S-5200	S-5200 0610-05	S-5200 FESEM

3. Place of Performance

NASA Langley Research Center
Advanced Materials and Processing Branch
6W Taylor Street
Building 1206
Hampton, VA 23681

4. Period of Performance

4/5/2026-4/4/2027
