

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
NASA SHARED SERVICES CENTER

RECOMMENDATION AND DETERMINATION TO SOLICIT FROM ONE SOURCE
OR BRAND NAME

PICK ONE

Sole Source:

☒ I recommend that NASA, NASA Shared Services Center negotiate with **ECI Defense Group** only for **Cytokine kits**. The total estimated cost of this effort is [REDACTED] and the estimated period of performance or lead-time for delivery is 9 months

OR

Brand Name Justification:

☐ I recommend that NASA, NASA Shared Services Center negotiate with only with vendors who can provide the subject band name from _____ for _____. The total estimated cost of this effort is _____ and the estimated period of performance or lead-time for delivery is _____

This recommendation is for the acquisition of supplies or services determined to be reasonably available from only one source/only one manufacture. Competition is impractical for the following reasons (please answer the questions below):

1. **What are the reasons for soliciting only the suggested source/suggested brand name?** Please provide the unique characteristics of the items or services along with the supporting rationale and the market research performed to substantiate your reason for the suggested source/brand name.

This is the only brand that sells a test stand compatible with the Phantom plus masks which have already been purchased and are in use for decompression sickness and Artemis atmospheric composition research.

2. **What is the impact to the government if another vendor/brand is used?** Include any dollar, schedule, or compatibility impacts if possible.

There is currently only one test stand left available for purchase, any delay in purchasing could result in a depletion in inventory and a back order on the test stand delaying acquisition by at least 1.5 years. This test stand is needed prior to Artemis 3 which is scheduled to launch in less than 1.5 years. Thus, delaying purchase to pursue other vendors which do not make test stands compatible with the current masks would result in data loss for the mission and broader scientific losses for the associated experiments which span across Artemis missions.

ADDITIONAL COMMENTS:

Please note that this purchase requires refrigeration throughout the shipping and delivery process
