If you currently have a Navy Commercial Access Control System (NCACS) card, the following is required to get a DBIDS credential:

- Present your NCACS Card and a completed copy of the SECNAV FORM 5512/1 to the base Visitor Control Center representative.
- The VCC will pull up your information in the computer, ensuring all information is current and correct.
- Once your information is validated, a temporary DBIDS credential is provided.
- Your temporary credential will have an expiration date, prior to which you will need to obtain your permanent DBIDS credential (~ 180 days).
- For each additional U.S. Navy installation to which you need access, the first time you visit you only need to bring your DBIDS credential and statement of purpose for base access when arriving at the Visitor Control Center.
- The representative will enter base access authorization and then you may proceed to work.

If you do NOT have an NCACS Card, the following is required to obtain a DBIDS credential:

- Present a letter or official document from my government sponsoring organization that provides the purpose for your access.
- Present valid identification, such as a passport or Real ID Act-compliant state driver's license.

- Present a completed copy of the SECNAV 5512/1 form to obtain your background check.
- Upon completion of the background check, the Visitor Control Center representative will complete the DBIDS enrollment process, which includes your photo, fingerprints, base restrictions, and several other assessments; after all this is done, you will be provided with your new DBIDS credential.
- You may now proceed to work.

For additional questions about obtaining a DBIDS card, contact your local base visitor control center. Additional information is available at <https://www.cnic.navy.mil/Operations-and-Management/Base-Support/DBIDS/>

POSTAWARD SMALL BUSINESS PROGRAM REREPRESENTATION (FEB 2026) (DEVIATION)

(a) *Definitions.* As used in this clause-

Long-term contract means a contract of more than five years in duration, including options. However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

Small business concern-

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

(b) If the Contractor represented that it was a small business concern, a small disadvantaged business concern, or a joint venture that was any of the small business concerns identified in 19.000(a)(3) prior to award of this contract, the Contractor shall rerepresent its size and socioeconomic status according to paragraph (e) of this clause or, if applicable, paragraph (g) of this clause, upon occurrence of any of the following:

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(i) Within 60 to 120 days prior to the end of the fifth year of the contract; and

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

Evaluation - Commercial Products and Commercial Services

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services. (Deviation)

(Feb 2026)

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation)

Initially, quotes shall be listed in order of price from lowest to highest. Technical Capability will be evaluated, and appropriate adjectival ratings will be assessed on all quotes received.

The type of source selection utilized in this procurement is LPTA. The Government reserves the right to make award solely on initial quote received.

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

(i) Price

(ii) Technical Capability

Price: The Government may evaluate any and all information submitted by the quoter to support the reasonableness of the prices quoted. The method of evaluation used is solely within the discretion of the Contracting Officer.

Price will be evaluated by multiplying the estimated quantities by the offered unit price for each line item and then adding the totals together thereby identifying the offeror's total estimated price for each line item.

Note: Quotes that do not quote all items or which quote only partial CLIN pricing will be considered non-responsive. Failure to furnish the price in accordance with the instructions above may render the quote unacceptable. Also, CLIN totals shall match company letterhead, if providing company letterhead quote. If totals do not match the SF1449 CLIN price(s) takes precedence.

Technical Capability: The technical rating reflects the degree to which the quote meets or does not meet the minimum performance or capability requirements. For a quote to be found technically acceptable, the quote must clearly meet the minimum requirements of the solicitation. Failure to provide the following will result in an unacceptable rating: The quote identifies an item that meets the solicitation's Performance Work Statement (PWS).

If the quote is found to be "Unacceptable", then the Quoter will be removed from further consideration of the award.

The Contracting Officer will use the following rating table:

Rating Table

Acceptable	Quoter submits a current ecclesiastical approval/endorsement from the Archdiocese for the Military Services.
Unacceptable	Quoter does not submit a current ecclesiastical approval/endorsement from the Archdiocese for the Military Services.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
