PART A – CONTINUATION OF SF 1449

Supplemental Information

1. This procurement is unrestricted under NAICS code 315210 “Cut & Sew Apparel Contractors” with a size standard of 750 Employees.
2. The price schedule (Blocks 19-24) applicable to this IDIQ is available in Attachment 1 – Pricing Matrix.
3. The Government will award one (1) Indefinite Delivery Indefinite Quantity (IDIQ) contract as a result of this solicitation.
4. The minimum contract value for all orders issued against this contract shall not be less than the minimum contract value stated in the following table. The maximum contract value for all orders issued against this contract shall not exceed the maximum quantity and contract value stated in the following table. The guaranteed Minimum Contract Value is \$10,000.00. Due to the change in the ability to utilize the credit card, task orders may be placed as low as \$100 for items as needed.

Minimum Contract Value	Maximum Contract Value	Task Order Minimum/Maximum
\$10,000	\$130,000,000	\$100/ \$15,000,000

5. Submitted offers shall be valid for 150 calendar days from the date specified for receipt of offers.

Performance Work Statement

Department of the Interior - Uniforms Performance Work Statement

Version: 7/17/2024

1.0 Background

The uniform requirements of up to seven separate federal land management Bureaus (hereafter “Uniformed Bureaus”/“Bureaus”) are included under this Performance Work Statement (PWS): the National Park Service, U.S. Park Police, U.S. Fish and Wildlife Service, Bureau of Land Management, Bureau of Reclamation, Bureau of Safety and Environmental Enforcement, Bureau of Indian Affairs (will be added to this IDIQ as a new Bureau, items to be approved and added upon award) and the U.S. Army Corps of Engineers.

The requirements under this PWS include civilian and law enforcement uniforms, patches, insignia, headwear, footwear, outerwear, and related items for an estimated 35,000 total employees of the Uniformed Bureaus. An effective uniform program is vital to meeting the uniform and related equipment needs of the employees of these Uniformed Bureaus.

Duty stations range from extremely cold climates in Alaska, Montana, and North Dakota, extremely dry and hot climates in the deserts of the southwestern United States, to extremely tropical climates in Florida and the Caribbean. Duty stations also range from urban or suburban areas to remote or very remote areas. Uniforms and related equipment that can effectively meet the variable climate and work conditions of the Uniformed Bureaus are a high priority and require commercially modern and flexible approaches to fabrics, patterns, and finishing.

The National Park Service (NPS) consists of more than 420 Units in the Park System and has an estimated 20,000 full-time employees in uniform, including an estimated 8,000 uniformed seasonal employees hired each year. There are seven Regional Uniform Coordinators in the National Park Service who represent the uniform field divisions and serve as the liaison between the field and the Service-wide Uniform Coordinator on all issues pertaining to the Uniform Program. The Service-wide Uniform Coordinator is the primary Contracting Officer’s Representative (COR) of this contract. Each individual Park location also has a Park Uniform Coordinator.

The U.S. Park Police (USPP) is an entity of the National Park Service with the responsibility to provide law enforcement services consistent with the purpose and goals of the Service. It consists of an estimated 700 uniformed law enforcement personnel. There are three main Field Office duty stations: Washington Metropolitan DC, New York City and San Francisco. Each office has a Uniform Coordinator who represents the uniformed officers and serves as the liaison between field personnel and the Department-wide Coordinator on all issues pertaining to the Uniform Program. The Department-wide Coordinator is the USPP Bureau COR for this contract.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 5
--	------------------	--	----------

The U.S. Fish and Wildlife Service (FWS) consists of over 750 duty locations, with the majority represented by 568 Wildlife Refuges and approximately 121 National Fish Hatcheries and Fish Aquatic Conservation Offices. The FWS has an estimated 6,000-6,500 full-time and seasonal uniformed employees. There are eight Regions in the U.S. Fish and Wildlife Service. Each Region has a Regional Uniform Coordinator who represents the uniform field divisions and serves as the liaison between the field and the National Uniform Coordinator on all issues pertaining to the Uniform Program. The National Uniform Coordinator is the FWS Agency COR for this contract. Each individual Wildlife Refuge also has a Station Uniform Coordinator.

The Bureau of Land Management (BLM) consists of 195 offices throughout the continental United States and Alaska and has an estimated 4,000 uniformed employees. There are 12 state offices primarily in the western United States, 175 Field Offices, a National Operations Center (Denver, CO), a National Office of Fire & Aviation (Boise, ID), a National Law Enforcement Office (Boise, ID), a National Training Center (Phoenix, AZ), a National Wild Horse & Burro Center (Sparks, NV), an Alaska Fire Service (Ft. Wainwright, AK), an Anasazi Heritage Center (Dolores, CO), and an office of Helium Operations (Amarillo, TX). Each Center has a State/Center Uniform Coordinator who represents the uniform field divisions and serves as the liaison between the field and the National Uniform Program Manager on all issues pertaining to the Uniform Program. The National Uniform Program Manager, located at the National Operations Center in Denver, Colorado, is the BLM Agency COR for this contract.

The Bureau of Indian Affairs (BIA) Division of Wildland Fire Management In 2024, there were 3,830 wildfires that originated on Bureau of Indian Affairs (BIA) protected lands or nearby private land, resulting in approximately 316,000 acres burned. The BIA and Tribal wildland fire management programs encompassed

- 2,915 firefighters and fire support staff. This includes 935 AD (hired as needed) firefighters and 924 Tribally-hired firefighters.
- 7 Interagency Hotshot Crews (IHCs): 4 Tribally managed and 3 BIA.
- 12 helicopters (8 for suppression and 4 special mission use), 7 single-engine air tankers, 3 single-engine water scoopers and 3 air attack platforms used for suppression, search and rescue and special missions.
- 3 Fire Fleet Centers (located in Eagle Butte, SD, Dulce, NM and Missoula, MT) that provided service to approx. 214 engines of various models and types, along with other fire apparatus in support of programs such as IHCs, fire operations and aviation.
- 36 wildfire prevention programs, including 22 Tribally managed programs, that served 988 communities.

The Bureau of Reclamation (BOR) consists of an estimated 5,400 employees delivering water to more than 31 million people annually via 289 sites in which, approximately 300 authorized employees wear uniforms. BOR has offices located in Washington, DC, and throughout the 17 western states including Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, and Wyoming. The National Uniform Program Manager, located at the Denver Federal Center in Denver, Colorado, is the BOR COR for this contract.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 6
--	------------------	---	----------

The Bureau of Safety and Environmental Enforcement (BSEE) was formally established on October 1, 2011, as part of a major reorganization of the Department of the Interior's offshore regulatory structure. BSEE uses the full range of authorities, policies, and tools to compel safety, emergency preparedness, environmental responsibility and appropriate development and conservation of offshore oil and natural gas resources. The BSEE Oil Spill Preparedness Division consists of an estimated 20 employees who oversee oil spill planning and preparedness for oil and gas exploration, development, and production facilities in both state and Federal offshore waters of the U.S. The Uniform Program Coordinator located in Sterling, Virginia/ Camarillo, California is the BSEE COR for this contract.

The U.S. Army Corps of Engineers (USACE) consists of eight Divisions, 37 Districts, and 456 Projects, and has an estimated 2,600 permanent employees and approximately 1200 seasonal in uniform. Each District has a District Uniform Coordinator who represents the uniform field projects and serves as the liaison between the field, Corps National Uniform Committee, and the Washington Office Uniform Coordinator on all issues pertaining to the Uniform Program. The Washington Office Uniform Coordinator is the Agency COR for this contract. The Uniform Committee Chair is a primary point of contact in addition to the COR.

1.1 Purpose

The purpose of this IDIQ is to provide as a service civilian uniforms, patches, insignia, headwear, footwear, outerwear, and related items; overall program and contract management; product inventory management; uniform service operations; a secure, web-based uniform ordering and account management system; and efficient, high-quality customer service.

With this contract the Government seeks to: maximize the use of commercial-off-the-shelf (COTS) products for maximum efficiency and value to spend; use modern fabrics to achieve greater flexibility and comfort across a wide range of duty station climates; implement true masculine and feminine sizing to reflect the diversity of the uniformed workforce; and update uniform article patterns to reflect the wide variety of physical activities uniformed personnel perform.

This contract seeks to deliver uniform articles that better serve uniformed personnel that perform field work in indoor and outdoor settings and experience wide variations in temperature and exposure to elements such as sun, wind and cold, as well as wide variations in the level of physical activity required by their jobs including bending, stretching, kneeling and reaching, getting in and out of vehicles, traversing even and uneven ground, navigating outdoor hazards such as branches and bushes and dealing with bugs and pests.

It is central to the mission of each Uniformed Bureau that the uniform components remain consistent with the most recognizable features and spirit of each Uniformed Bureaus' aesthetic. In order to achieve the Department-wide goals of modernizing and enhancing the form, fit, and function of uniform components, achieving and maintaining effective programs, inventory and ordering account management, permitting timely and meaningful reporting, and permitting expedited order processing and highest quality customer service, the Contractor must demonstrate a measurable and constant commitment to innovative approaches for the utilization of commercially available textiles, including advanced performance fabrics (e.g. moisture-wicking, UV blocking/filtering, flame retarding, anti-microbial or made of recycled content), information technology services and data, supply chain and

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 7
--	------------------	---	----------

risk management.

1.2 Scope

The overall scope of this action is to satisfy uniform requirements (a complete range of commercial duty and work uniforms, footwear, headwear, outerwear, emblems, accessories, and customization capabilities, as needed) in accordance with the Performance Work Statement (PWS) and specifications for Bureaus within the United States Department of Interior (DOI) as well as the United States Army Corps of Engineers (USACE) as a complete service. To the greatest extent possible, the Contractor shall fulfill the uniform garment requirements using commercial-off-the-shelf (COTS) products as defined by the Federal Acquisition Regulation (FAR), Subpart 2.101, Definitions.

1.3 Period of Performance

The contract will consist of a five-year ordering period (60 months), to include five, 12-month pricing periods. Pricing shall be updated at the expiration of the bureau task order annually or based on the below dates.

Pricing Period 1: TBD

Pricing Period 2: TBD

Pricing Period 3: TBD

Pricing Period 4: TBD

Pricing Period 5: TBD

1.4 Contract Type

The resultant contract will be an Indefinite Delivery Indefinite Quantity (IDIQ) contract under which Firm Fixed Price orders will be placed by any of the covered Bureaus or by the NPS on behalf of any of the covered Bureaus.

If required, travel will be billed at cost, in accordance with Federal Travel Regulations (FTR).

1.5 Place of Performance

The primary place of performance is expected to be the Contractor's facility.

1.6 Recognized Holidays

New Year's Day

Martin Luther King Jr.'s Birthday

President's Day

Memorial Day

Juneteenth

Independence Day

Labor Day

Columbus Day

Veteran's Day

Thanksgiving Day

Christmas Day

1.7 Applicable Documents

The Contractor shall ensure that personnel and subcontractors adhere to all relevant uniform and

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 8
--	------------------	---	----------

equipment policies and procedures established by DOI and DOD, as well as any particular standards for uniform items delineated in this PWS or the attached specifications. Moreover, in accordance with the anticipated total value of this contract, the Contractor and any subcontractors shall ensure compliance with all applicable trade agreements consistent with FAR Part 25. At a minimum and in all applicable instances the Contractor shall comply with the following list of documents, which may be updated by the Government during contract performance as necessary:

- NPS Uniform Regulation, Policy and Guidance documents (https://www.nps.gov/policy/DOrders/DO_43_amended.htm and https://www.nps.gov/subjects/policy/upload/DORM43_508.pdf)
- BLM Regulation, Policy and Guidance documents (RFP Attachment 14 & 15)
- FWS Regulation, Policy and Guidance documents (RFP Attachment 16)
- BOR Regulation, Policy and Guidance documents (RFP Attachment 17)
- USACE Regulation, Policy and Guidance documents (RFP Attachment 18)
- USPP Regulation, Policy and Guidance documents (RFP Attachment 29)
- BSEE Regulation, Policy and Guidance documents (document being finalized will be provided to the Contractor once it is complete or attached to the solicitation if possible)
- National Fire Protection Association (NFPA) 2112: Standard on Flame-Resistant Garment for Protection of Industrial Personnel Against Flash Fire (<http://www.nfpa.org/aboutthecodes/AboutTheCodes.asp?DocNum=2112>)
- NFPA 1977: Standard on Protective Clothing and Equipment for Wildland Fire Fighting and Urban Interface Fire Fighting ([NFPA 1977: Standard on Protective Clothing and Equipment for Wildland Fire Fighting and Urban Interface Fire Fighting](#))
- NFPA 1975: Standard on Station/Work Uniforms for Emergency Services (<http://www.nfpa.org/aboutthecodes/AboutTheCodes.asp?DocNum=1975>)
- DOI Information Management and Technology Compliance Acquisition Policy, Appendix A: baseline Compliance Contract Requirements (provided as an attachment)

2.0 Specific Tasks

The objective of this acquisition is to provide uniforms for Uniformed Bureau personnel to include law enforcement, volunteers and special purpose employees, and fire protection personnel. The Contractor shall utilize current, innovative, and compliant technical approaches to managing the supply chain of the DOI/USACE Multi-Agency Uniform Program contract in accordance with standard commercial business practices, FAR regulations, and DOI and DOD policies.

2.1 IDIQ Information

This IDIQ allows for the addition, replacement, and deletion of uniform items as needed for each bureau. Additions and replacements shall include the requirement of sourcing and approval prior to obtaining an advanced approval or addition through modification to the IDIQ.

Upon approval of sourcing new items and replacement items, the COR and Contractor shall discuss estimated quantities and ensure an understanding of Minimum Ordering Quantities (MOQs). The COR will work with the Contractor on Initial and Secondary Sourcing and Inventory Activities. Items shall be approved through an advanced approval process or through quarterly modifications to the IDIQ. All pricing shall remain unchanged on the IDIQ unless it is a new item or a replacement.

2.2 Initial and Secondary Sourcing and Inventory Activities

In accordance with the table below, the Contractor shall provide sourcing information, color swatches and first article samples for each Bureau's core items, identified in the specifications, to the COR and Uniformed Bureau CORs for approval. The Contractor shall include Minimum Order Quantity requirements.

Table 1 – Initial Sourcing and Inventory Due Dates			
Required Action	Due Date¹	Responsible Party	Recipient
Delivery of Pantone Matching System/Color Swatches for Core Items	60 days after award	Contractor	Bureau-CORs
Approval of PMS/Color Swatches for Core Items	15 days after receipt of PMS/Color Swatches	Bureau-CORs	Contractor
Delivery of First Article Samples for Core Items	90 days from the date of CO and Bureau-COR approval of the PMS/Color Swatches	Contractor	Bureau CORs
Approval of First Article Samples	30 days from receipt of First Article Sample	Bureau-CORs	Contractor
Approval of potential inventory amounts to be bought and held for sale	Prior to advanced approval and monitored annually	Bureau- CORs	Bureau - CORs

In accordance with the table below, the Contractor shall provide sourcing information, color swatches and first article samples for each Bureau's non-core items, identified in the specifications, to the COR and Uniformed Bureau CORs for approval.

¹ Unless otherwise stated, all references to days in the entire PWS refer to calendar days.

Table 2 – Secondary Sourcing and Inventory Due Dates			
Required Action	Due Date	Responsible Party	Recipient
Delivery of Pantone Matching System/Color Swatches for Non-Core Items	120 days after award	Contractor	Bureau-CORs
Approval of PMS/Color	15 days after receipt		Contractor

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 10
--	------------------	---	-----------

Swatches for Non-Core Items	of PMS/Color Swatches	Bureau-CORs	
Delivery of First Article Samples for Non-Core Items	90 days from the date of CO and Bureau-COR approval of the PMS/Color Swatches	Contractor	Bureau CORs
Approval of First Article Samples	30 days from receipt of First Article Sample	Bureau-CORs	Contractor
Approval of potential inventory amounts to be bought and held for sale	Prior to advanced approval and monitored annually	Bureau- CORs	Bureau - CORs

The Contractor shall perform testing of the uniform item(s) prior to submitting the first article samples. All uniform items tested shall be, at a minimum, in compliance with the design, configuration, workmanship, dimensions, and other requirements included in the relevant specification. The applicable Uniformed Bureau will review the first article uniform samples for dimensions, visual defects, general quality and workmanship. Inspections shall be performed to determine whether the garments and materials meet the requirements of the specifications and contract. The designated Uniformed Bureau COR will provide the Contractor with a written decision on each first article sample within 30 days of receipt.

2.2 Uniform Item Approval and Testing Procedures for New Items

All uniform items required under this contract shall follow the approval and testing procedures outlined below. Following first article approval, items shall be made available for bureau ordering. As previously stated, to the maximum extent practicable the Contractor shall utilize commercial-off-the-shelf (COTS) items to fulfill needs under this contract.

Table 3 – COTS Item Approval and Testing Procedures			
Required Action	Due Date	Responsible Party	Recipient
COTS Item Source Identification	30 days after request	Contractor	Bureau-COR
Government Approval of COTS Item Sourcing	15 days after receipt of proposed COTS Item	Bureau-COR	Contractor
Delivery of First Article Samples	60 days after receipt of CO and Bureau-COR approval of the COTS Item	Contractor	Bureau-COR
Approval of First Article Samples	30 days from receipt of First Article Sample	Bureau-COR	Contractor
Approval of potential inventory amounts to be bought and held for sale	Prior to advanced approval and monitored annually	Bureau- CORs	Bureau - CORs

For all first article samples, the Contractor shall provide:

- Two (2) identical copies of first article samples of each uniform item for Government

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 11
--	------------------	---	-----------

testing per sizing request for the agency. These samples shall include an identification tag which outlines the uniform item number, sample purpose (prototype, first article, field wear test, final approval, other), and whether the item is Commercial-Off-the-Shelf (COTS) or other.

- Warranty information with the first article sample;
- A detailed specification to include at a minimum: fabric content, weight, weave, dimensions, specific color, style description, performance details, gender sizes and fit describing the item submitted; and
- Written confirmation that the item submitted for first article testing meets the uniform requirements and specifications.
- Replacement first articles must meet the quality and specification(s).

If a COTS item is not available to meet the Government requirement(s), the Contractor will be requested to provide a non-COTS item for the Government approval. Non-COTS items proposed may require a prototype and field testing before first article approval. The Contractor is encouraged to provide multiple potential sources for non-COTS items that will meet the Government's requirements. Non-COTS items shall be provided in accordance with the approval and testing procedures outlined below. As needed, other COTS items may also follow these approval and testing procedures. Any use of the approval and testing procedures outlined in Table 3 requires mutual agreement between the Contractor and Government and the approval of the IDIQ CO.

Table 4 – Non-COTS Item Approval and Testing Procedures			
Required Action	Due Date	Responsible Party	Recipient
Non-COTS Item Potential Source Identification	60 days after request	Contractor	Bureau-COR
Government Approval of Non-COTS Item	30 days after receipt of proposed non-COTS item	Bureau-COR	Contractor
Prototype Delivery	90 days after receipt of Government approval	Contractor	Bureau-COR
Approval of Prototype	30 days after receipt of prototype	Bureau-COR	Contractor
Delivery of Prototype for Field Testing	90 days after approval of prototype	Contractor	Bureau-COR
Completion of Prototype Field Testing	90 days after receipt of prototype	Bureau-COR	Contractor
Government Approval of Prototype	15 days after completion of field testing		
Delivery of Pantone Matching System/Color Swatches	30 days after completion of field testing	Contractor	Bureau-COR
Approval of Pantone Matching System/Color Swatches	15 days after receipt of PMS	Bureau-COR	Contractor
Delivery of First Article Samples	60 days after receipt of CO and Bureau-COR approval of the	Contractor	Bureau-COR

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 12
--	------------------	---	-----------

	PMS		
Approval of First Article Samples	30 days from receipt of First Article Sample	Bureau-COR	Contractor

The Government shall own the uniform base patterns and The Government may waive specific testing activities for certain uniform items; however, the first article samples will still be required for all uniform items. specifications for each non-COTS item provided under this contract.

Field Testing

For field testing, the Contractor shall provide up to 30 samples of the item per each field-testing request, sizing to be communicated to Contractor by COR. The Contractor shall coordinate with the Bureau-COR to obtain the sizing information and mailing addresses for the wear testers. The Contractor shall provide a proposed questionnaire for the wear testers to utilize and propose a time period for wear testing, both of which shall be in accordance with typical industry standards. Upon Bureau-COR approval of the questionnaire and time period for wear testing, the Contractor shall mail the prototypes for field testing and send instructions as to how to electronically complete the questionnaire. Prototypes will typically not be returned to the Contractor; however, the Government may return the prototypes upon special request by the Contractor.

Change in Availability Status of Items

The process outlined in Tables 3 and 4 shall also be followed for any previously approved items that are no longer available. The Contractor shall notify the Government within five days of the change in item availability, provide the COTS Item Source Identification within 30 days after the change in item availability and follow the remaining timelines in Table 3. If the unavailable item is a non-COTS item, the contractor shall notify the Government within five days of the change in item availability, provide the Non-COTS Item Potential Source Identification within 60 days after the change in item availability and follow the remaining timelines in Table 4. The initial notification sent after the change in item availability shall include estimates of remaining quantities and sizes that may be available to order.

2.3 Standard Sizes, Made-to-Measure Sizes and Cotton/Uniform Material Requirements

The Contractor shall provide uniform items in accordance with the following guidelines:

- **Standard Sizes:** The Contractor shall define and provide the body measurements that accompany each of its standard sizes for uniform items. Standard sizes shall be considered the sizes for which a standard stock pattern already exists.
- **Made-to-Measure Sizes:** In addition to maintaining the standard sizes, the Contractor shall have the capability to produce or purchase garments with unique sizing requirements for employees whose measurements do not allow a standard stock pattern to be used. The Contractor shall be able to deliver all made-to-measure items within 60 calendar days from the Delivery Order date. Made-to-measure size patterns shall be saved for each employee that requires a made-to-measure uniform and shall be submitted to the applicable Uniformed Bureau COR upon the end of the contract.
- **Female Uniforms:** The Contractor shall produce female uniforms with true female sizing, pattern design construction, and grading to pattern alteration. This shall also include skirt options and maternity uniforms.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 13
--	------------------	---	-----------

- **Uniform Materials:** The Contractor shall seek to balance performance characteristics and materials with reduced exposure to potential allergens, chemicals or other substances that may be harmful or induce sensitivities.

2.4 Inventory and Warehousing

The Contractor shall provide inventory control management, warehousing and tracking of all inventories either manufactured or sourced to ensure secure storage and timely deliveries of all uniform items in accordance with current commercial standards and the standards established in the Performance Requirements Summary (PRS). The Contractor is expected to manage levels of inventory to the minimums necessary to meet the Government's requirements. This includes cancellation of items and back orders. A backorder is any item not shipped within the Uniform Delivery Table listed below. Backorder shall be tracked and reported to the COR with updated information to meet the requirements.

The Contractor shall house uniform items in a secured facility/warehouse(s) that is:

- Clean and has a system for fire prevention.
- Adheres to all applicable basic guidelines outlined by the International Organization for Standardization (ISO) which can be found by visiting its website at www.iso.org/iso/home/standards.htm;
- Protected from theft by security system.
- Has a separate, locked area (e.g., cage or room) to house individual branded uniform items (e.g., patches, badges, shoulder emblems, and other individual branded items not affixed to a uniform). This area must be access-controlled, and the Contractor is required to maintain an access log.
- Maintained at a temperature and relative humidity consistent with the storage standards applicable to textile preservation and storage; and
- Protected from direct sunlight and/or exposure to ultraviolet radiation.

2.5 Web-based Ordering System (WBOS)

The Contractor shall provide a secure Web-based Ordering System (WBOS) that is wholly owned, operated, and maintained by the Contractor. This website shall be user-friendly and allow for data entry for the creation and management of uniform personnel accounts and the ordering of uniforms and uniform components by account holders. Consistency in formatting, simplicity and accuracy of reporting data will be considered critical performance factors. Additionally, the WBOS shall be Section 508 EIT regulation compliant, as well as compliant with all applicable FAR regulations and applicable DOI and DOD policies. The Government shall own and have full access to all data provided by the Government for use in the WBOS.

The WBOS shall include at a minimum:

- The ability for Uniformed Bureau uniform program management personnel to access the WBOS to create, delete and modify the account information, including designating special requirements for all authorized uniform account holders within their designated Uniformed Bureau.
- The ability to place orders, including a process for changes and cancellations.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 14
--	------------------	---	-----------

- The ability to relay order status information, including expected shipment date to the end user, after initial order or any change in the order status.
- The ability to track real-time uniform allowance balances, as provided by the Bureau-COR. Allowance balances are to be debited when orders are placed and are to be updated when a return/exchange is processed.
- The ability to allow for employee changes if an employee moves, transfers, or if a delivery location needs to be updated.
- Reporting capabilities for items ordered, back ordered items, amounts expended, delivery times, order status, pending orders, size history, shipping/tracking details, and customer feedback. Reports shall be available at the level of each Bureau and its individual users.
- A mechanism for accepting the combination of personal credit cards, Government credit cards, and/or allowance expenditures, as authorized per Uniformed Bureau.
- An online catalog, segregated by Uniformed Bureau, of all contract uniform items and related articles that includes pictures, item descriptions, material composition(s), fitting instructions, measuring guides, garment care instructions and pricing.
- The ability to coordinate returns/exchanges.
- The ability for employees to request special purpose items through the WBOS if approval is given by the Bureau-COR.
- The ability for approval of orders within the system for supervisors, COR, or Contract Specialist/Contracting Officer.
- The ability to create new employee accounts that are operational/accessible within one (1) business day of receipt of authorized Uniformed Bureau personnel account creation activity.
- The capability to add or delete uniform items from the WBOS; and
- The ability for customers to leave feedback on customer service and item quality.

2.5.1 User Access

The Contractor shall provide a WBOS that allows authorized Uniformed Bureau personnel to create and manage upwards of 35,000 online accounts for the applicable Uniformed Bureaus' individual employees. Access shall include bulk purchase accounts and separate accounts with the functionality for authorized users to use Government Purchase Cards, Government Uniform Drawdown cards, or personal charge cards.

This WBOS shall be used exclusively by the Contractor and authorized Government employees; access shall be denied to all other individuals. The WBOS shall have a process for individuals to log into the system using unique credentials (e.g., unique username and password), to perform a variety of functions related to the establishment and management of accounts, the ordering of uniforms or uniform components, the tracking of employee uniform allowances, and the generation of reports. The Contractor shall provide each individual with an initial username and password, which must not contain Personally Identifiable Information (PII). The WBOS must be equipped to allow the password to be changed by the individual user after initial login.

The WBOS shall allow various levels of access while ensuring the security and integrity of the site, employee allowance amount information and any other data provided by the Government for use in the system. Certain Government employees identified by the IDIQ CO, or COR shall have full access to account creation and management modules for individual Uniformed Bureaus, all catalog items, all ordering data, and all contract management data and reports, including customer feedback. The Contractor shall manage the WBOS to ensure the integrity of its data, maintain the website and

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 15
--	------------------	---	-----------

implement enhancements in coordination with the IDIQ CO and the Uniformed Bureaus.

The following table outlines individual WBOS access rights required under this PWS:

Table 4 – Employee Level of WBOS Access	
Account Access Rights	Individuals
Enter and manage (add, edit, delete, etc.) individual employee accounts by designated Uniformed Bureau	Limited to authorized Uniformed Bureau uniform program management personnel who will be designated by the Uniformed Bureau(s) COR(s) and specifically identified for the Contractor
Use Government purchase card	Limited authorized account holders designated by the Uniformed Bureau(s) COR(s) (Note: account holder's name does not need to match Government purchase card holder's name)
Use personal credit card	All individual account holders unless otherwise authorized by individual Uniformed Bureau(s)
Search, view, and download Uniformed Bureau-specific data (include all ordering data, customer feedback, management data, invoices, and reports)	- IDIQ CO & COR - Applicable Uniformed Bureau COs & CORs
Search, view, and download all contract data	IDIQ CO & COR
View all contract invoices	IDIQ CO & COR
View Uniformed Bureau invoices	- IDIQ CO & COR - Applicable Uniformed Bureau COs & CORs
Place urgent uniform requests for disaster response	- IDIQ CO - Uniformed Bureau COs
Place bulk purchases for the Uniformed Bureau (other than using Government purchase cards)	- IDIQ CO - Uniformed Bureau COs
Place employee hardship replacement orders	- IDIQ CO & COR - Uniformed Bureau CORs
Admin Account (view only access)	COR/Supervisors/CO/Other Bureaus
Supervisor approval	Ability to add Supervisor/COR or Contracting Officer within the WBOS system

Within 30 days after award and/or after the exercise of subsequent option periods, the Government will provide the Contractor with a list of employee classifications and the uniform items that are within each classification each fiscal year, specific to each Uniformed Bureau. The classifications may change at the discretion of each Bureau. The Contractor shall create an electronic master Uniformed Bureau file that contains all classification information and their associated uniform(s) by Bureau and keep track of any changes year over year.

2.5.2 Ordering Process

The WBOS ordering process for Uniformed Bureau personnel with user accounts shall include the following procedures at a minimum:

- Personnel select/request(s) the uniform item(s) they want to receive.
- WBOS stores the uniform request details, including the employee's name, account number, item number, item size, item description, item quantity, item price, shipping details,

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 16
--	------------------	---	-----------

and either of the following: 1) remaining allowance balance, 2) personal funds details (if applicable), or 3) Government purchase card (GPC) funds (if applicable).

- For allowance accounts, uniform requests within the total authorized allowance amount shall be fulfilled immediately when a funded delivery order is in place.
- Order fulfillment shall occur upon receipt of a funded delivery order or presentation of an appropriate method of payment when an order is in place.
- In the event a uniform request otherwise fulfilled using allowance funds requires personal funds in order to pay in full for the request, the Contractor shall require the user to provide the payment information on the WBOS (e.g., credit card number) and the Contractor shall pre-approve the payment information. The request shall be included in the Uniform Requests report
- Separate orders may be placed by Uniformed Bureau COs to fulfill orders for work, duty, and ceremonial uniforms and accessories or other bulk purchases, urgent requests for disaster responses, and employee hardship replacement requests.

In the case of sales where personal credit cards are used to pay for a transaction, state sales tax shall apply only to the portion of the order that is funded by personal credit cards. Any personal credit cards used shall be tracked separately from Government funds for audit and data reporting purposes.

Uniforms shall be delivered in accordance with the following timelines:

Table 5 – Uniform Delivery Requirements	
Deliverable	Due Date
Accept and process returns/ exchanges for online orders	60 days from original delivery date
Accept cancellations for items that will take more than 30 days to ship	5days from receipt of order acknowledgment
Delivery and receipt of employee hardship replacement orders	Mutually agreed upon between the Uniformed Bureau COR and the Contractor; delivery times may vary per order (typically within 72 hours from order date)
Delivery and receipt of backordered items from time of availability	30 days from order date
Receipt of bulk purchases	30 days from order date.
Receipt of urgent disaster orders	Within 24-72 hours from order
Standard uniform items ordered from Contractor's catalog	Shipped within 2-5 calendar days of order date
Made to measure and non-stocked size orders	Shipped within 60 calendar days of order date
Exchanges to employee	Shipped within 2-5 calendar days of receipt of returned item
Shipment of Items	Ship when available not when total order is ready to ship. Especially, with back ordered items.
Back Orders	Items(s) are considered a back order if any of the above timeframes are missed.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 17
--	------------------	---	-----------

Shipping for standard uniform items shall be accomplished via standard ground shipping in accordance with current commercial standards or greater. Shipping requirements for bulk and hardship orders may vary.

2.5.3 Employee Allowances

Each Bureau may elect to manage its uniform allowances in the WBOS. Allowance amounts will be established per Uniformed Bureau Regulations. This information will be communicated to the Contractor by the Bureau CORs, and individual account allowances will be entered into the WBOS and maintained by authorized Uniformed Bureau personnel. The Uniformed Bureaus' employees' allowance account spending shall not exceed the established allowance amounts. Any spending exceeding the authorized allowance amount can be accomplished by personal credit card funds only. Should an employee place a uniform order that exceeds the uniform allowance balance, the WBOS shall require the employee to use a personal credit card to complete the uniform order. The Contractor shall manage and report on cumulative funding expenditures per Uniformed Bureau delivery order(s).

Allowance Account Reporting/Reconciliation

The Contractor shall provide the IDIQ CO and CORs of the applicable Uniformed Bureaus a report of each employee's current allowance balance on a monthly basis. The reports shall be segregated by individual Bureau. CORs shall direct authorized Uniformed Bureau program management personnel to verify the accuracy of employee account information based upon the report and shall perform updates to employee accounts if/as required. Authorized Uniformed Bureau program management personnel shall have the ability to suspend the accessibility of individual employees' accounts in real-time if required based on verifications performed using the report including invoicing, reporting and reconciliation.

2.5.4 WBOS Training and Acceptance

WBOS training, testing and acceptance by the IDIQ CO and Uniformed Bureau CORs must occur within 180 days after award in order to be considered delivered on time. The IDIQ CO will verify with the contract COR, the individual Bureau CORs and other authorized Uniformed Bureau personnel responsible for account creation and management whether the WBOS meets all requirements outlined in the PWS and confirm acceptability of the WBOS to the Contractor. The contractor shall create training materials and provide up to five hours of online training sessions on use of the WBOS for each Bureau. Training materials shall be approved by the IDIQ CO and Uniformed Bureau CORs prior to implementation. Upon completion of training sessions, all training materials shall be provided to the IDIQ CO and Uniformed Bureau CORs for Government use.

2.5.5 Online Catalog

The Contractor shall provide an online catalog for all uniform items on a date designated by the agency. The catalog should be updated bi-annually or annually depending on COR guidance. Each item shall include a high-resolution thumbnail photo that can be expandable to full-screen view. In addition, the item description, size scales, garment care instructions, country of origin, pricing, and accurate size/fit guides shall be provided. Garment care instructions shall be viewable for all items even if the item is discontinued or no longer available for purchase on the WBOS. The online catalog shall also be available for download in PDF format for printing for each Bureau's items. The PDF version of the online catalog shall be updated on an annual basis at a minimum and shall be available upon Government acceptance of the WBOS.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 18
--	------------------	---	-----------

Individual employees shall be able to view only the catalog items for their Uniformed Bureau. There will be certain uniform items identified as available for purchase by multiple Uniformed Bureaus and these will be identified in the contract and viewable by all relevant Bureau employees. The IDIQ CO, COR, and other personnel as provided shall be able to access and view all catalog items for all participating Uniformed Bureaus.

Any other uniform guidance graphic document needs, such as posters with wear guidelines, may be ordered under this IDIQ but shall be separately priced under individual orders and not calculated in overall uniform unit prices.

2.5.6 Returns/Exchanges/Cancellations

The Contractor's process for returns, exchanges, cancellations, warranty issues or recalls shall be described in an accessible area of the WBOS. The Contractor shall accept returns/exchanges that are shipped back to the Contractor within 60 calendar days of delivery. The Contractor shall pay shipping costs for all returns/exchanges on all orders regardless of size of order. Orders that will not be available to ship to the end user within 30 days after receipt of the order may be cancelled within five days after receipt of order acknowledgement.

At a minimum, the WBOS shall be capable of tracking and processing all returns/exchanges online. The Contractor must be able to manage returns/exchanges that extend beyond the contract end date but fall within the 60-calendar day return timeframe. The WBOS shall be capable of allowing an individual to obtain and print a pre-paid return shipping label for returned/exchanged item(s). Prior to printing the pre-paid return shipping label, the WBOS shall require the employee to select the item he or she is returning or exchanging from his or her account order history. Subsequently, the WBOS shall require the employee to provide the following information on the item(s) he or she is returning or exchanging:

- Returns: Reason for return, and additional comments
- Exchanges: Reason for exchange, order number, shipped item size, requested exchange item number, requested exchange size, and additional comments

All returns, exchanges and cancellations shall be managed by the Contractor through the WBOS. For all returned items, the Contractor shall issue refunds in the same amount that was charged when the order was placed to the funding source used to place the order. There will be no use of credit memos. Serviceable returned inventory shall be returned to the inventory from which it was pulled. Items that have only been tried on for fit, and are then returned, are considered serviceable. Items that have obviously been worn, laundered or are damaged or defective are no longer serviceable. The Contractor will track the number of unserviceable items returned or exchanged per individual employee account.

The WBOS shall link the original order number and employee information with the return or exchange for reporting purposes. The Contractor shall manage any refunds to the employee's allowance amount, personal credit card, Government Uniform Drawdown card or Government purchase card based on the return, exchange, or cancellation.

2.5.7 WBOS Data Tracking/Reporting Capability

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 19
--	------------------	---	-----------

The following reports shall be available either by COR ability to pull them out of the WBOS system or by Contractor providing the reports given system capability. The WBOS shall provide a capability for users authorized by the IDIQ CO and COR and /or Uniformed Bureau CORs to run data queries. The data queries shall be exported in an electronic format that allows for data manipulation (e.g., Microsoft Excel, Access, and Word). PDF files will not be accepted.

Reports available for query and download through the WBOS system.

Report	Description	Frequency
Shipped Report	- Includes fill percentage - Backorder percentage - Working Days to Ship	Monthly
Allowance Report	- Generated of all active and inactive - How much money is currently authorized	Monthly
Employee Listing	- Shipping locations - Login information - Email - Shows active personnel	Monthly
DOI Customer Service Center Report	Report shall be by agency and include both calls and emails received by customer service. Call information should include at a minimum: account inquiry, password, WBOS questions, general information, order status, returns, backorder inquiries, web comments and website downtime and other miscellaneous. Email information should include at a minimum; account changes, account information, canceling order, order modifications, order placements, order status, product information, returns, employee set-up and other miscellaneous. (provided/pulled)	Biannual
DOI Monthly Inventory Report	Report will be by agency and at a minimum include garment type, description, item number, size, and gross inventory.	Monthly
Work Matrix	Report shall be by agency and include description (specification or new request), type of change (product change, quality, new product,	Weekly

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 20
--	------------------	---	-----------

	etc.), tasked to (contractor or agency) and notes or comments. Report should also include a new product list that includes agency, item number, description, price submitted, usage numbers, approvals (price, COR, etc.), CO approvals, date approved, and contract modification status. (provided), complete date (when on agencies online ordering center)	
DOI Funds Balance Report	Report shall be by agency, fiscal year or Delivery Order Performance date and funding line by spend amount for Allowance, Bulk Purchase, Gov Purchase Card and Personal Purchase.	Monthly
Backorder Report	Report shall be by agency, fiscal year or Delivery Order Performance date and shall include at a minimum item number, item description, size, quantity, employee, order number, order date, and estimated ship date.	Monthly
DOI Annual Report	Report shall be by agency, fiscal year or Delivery Order Performance Date as requested by COR. It should be by backorders, item number, sales by size, current size inventory and on order by size from vendor or sub-vendor.	Annual
Special Purchase Order Report	Report shall be by agency, fiscal year or Delivery Order Performance date. Provide to CO and COR. It should include total cost.	Annual

Real-time data (if applicable) shall be searchable by Uniformed Bureau, Bureau sub-division(s), and contract wide. The data queries shall be searchable by a time period (i.e., Month/Quarter/Year) and shall be user-friendly. Levels of access to this information shall be restricted as directed by the IDIQ CO and COR or the delivery order CO and COR for each applicable Uniformed Bureau.

For Uniformed Bureaus with individual employee allowances, the IDIQ CO and COR and applicable Bureau COs and CORs shall all receive an email alert when the Uniformed Bureau reaches 80%, 90%, 95%, and 100% of its cumulative obligated funding for all of task orders within the fiscal year. Any other required alerts will be identified in the specific delivery orders.

2.6 Kitting & Shipping

All items shipped on this contract will be shipped only to official Government duty station locations, including duty stations that rely upon post office boxes, or are in otherwise remote locations. No items, including exchanges and orders placed using personal credit cards, will be shipped to personal or home addresses. All shipments require a confirmation of receipt. Uniforms will be shipped in a plain box or other package (e.g., an environmentally sound alternative to heavy gauge plastic or Tyvek bags, or heavy gauge plastic or Tyvek bags in the event no appropriate alternative is commercially available) and the contents will not be disclosed on the outside of the box. Shipping will be included in every uniform item price on this contract with the exception of surcharge(s) for urgent

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 21
--	------------------	---	-----------

and employee hardship replacement shipments, in which case the actual shipping cost incurred may be charged to the relevant Uniformed Bureau. Individual accounts that contain an allowance amount will have the specified Government duty station (delivery address) associated with that account. Bulk purchases, urgent orders for disaster responses, and employee hardship replacement orders will be shipped to the address specified in the order. Authorized Uniformed Bureau uniform program management personnel shall be able to access accounts within the WBOS to enter official government duty station shipping addresses and to make subsequent updates as circumstances require.

The Contractor shall ship all items via a trackable shipping method using a major carrier (e.g., FedEx, UPS, or U.S. Postal Service). The shipment tracking number shall be available online in the order status section of the WBOS and upon shipment, sent via e-mail to the employee who placed the order. If/as applicable, bulk order minimum delivery times will be provided within each Uniformed Bureau delivery order. Partial shipments are authorized. All individual employee allowance orders shall be shipped independently; no two employee orders may be combined in the same package to the same duty station. Combining shipping in the same packaging shall only occur in bulk orders.

The Contractor shall include a packing list in all shipments which shall contain the following:

- Order number
- Shipping recipient, address, and ship date
- Itemized list of shipment contents including item number, description, quantity, and size

2.7 Bulk Orders

Bulk purchases outside of the standard uniform requests placed on the WBOS will be placed only by personnel designated by the Uniformed Bureaus' Contracting Officers (COs). The Contractor shall be able to process Bulk Orders through the WBOS.

2.8 Urgent Orders for Disaster Response

In certain instances, Uniformed Bureaus may need to place urgent, bulk purchase orders of uniform items for their employees responding to an emergency situation. These bulk purchases are typically delivered to a government-specified staging location. The Contractor shall have capabilities of fulfilling urgent orders during this contract.

Services for fulfilling urgent orders will be available only to a Uniformed Bureau CO or to authorized Government purchase card holders. The Contractor shall be able to process Urgent Orders for Disaster Response through the WBOS. Uniformed Bureaus that require this level of support will include it on their delivery orders, and as such this cost will only be charged to those Bureaus directly, versus on an across-the-board contract item pricing basis.

2.9 Employee Hardship Replacement Order

In certain instances, employees may require uniforms delivered in an expedited manner due to a hardship situation (e.g., an unexpected circumstance has occurred, and his/her uniforms are damaged or destroyed). Employee hardship replacement orders will be transmitted by the employee's respective Uniformed Bureau. An employee's allowance balance shall not be adjusted for hardship replacement uniform items.

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 22
--	------------------	---	-----------

2.10 Customer Service

The Contractor shall provide customer service that allows for efficient and courteous support; support must be provided online, via email, and via a toll-free phone number. The customer service center shall take orders, process returns, resolve problems or complaints, and assist with information pertaining to uniform fitting and other program information. Customer service responses shall be provided within a maximum of one business day from time of initial submission and live customer service shall be available Monday through Friday from 9 AM CT through 5 PM CT, excluding Federal Holidays.

2.11 Phase-In Period

Within 60 days after award, the Contractor shall take possession of the existing stock of all Government-furnished/owned uniform items held by the incumbent in support of the Uniformed Bureaus.

The incumbent will prepare for shipment of all such inventory to the new Contractor or to any other location designated by the Government. The Government will determine the method and manner utilized to ship the existing stock. The new Contractor shall propose a plan and schedule for the full possession and acceptance of the items and the availability of the items in order to initiate order fulfillment.

The new Contractor shall exhaust existing stock for order fulfillment, first. Due to the fact that this existing stock is Government-owned, the contractor will negotiate with the Government a method to reimburse the Government for the existing stock as orders are placed.

The incumbent will continue to process returns and exchanges in the manner required by the contract until the remaining inventory is prepared for shipment to the location designated. Once the inventory is no longer available for exchange purposes, all remaining returns will be forwarded to the new Contractor for processing.

The incumbent will also provide master file data and purchase histories to the new Contractor, in a format agreed upon by the Government, incumbent and new Contractor. The incumbent's management team and customer service management will be available for meetings and/or conference calls with the new Contractor and the Government to facilitate a transition between contractors. This team will be available to answer questions for 60 days after the end of the incumbent's contract.

3.0 Testing, Inspection & Acceptance

3.1 Place of Inspection

Inspection and acceptance of all work performance, reports and other deliverables under this contract shall be performed in accordance with the relevant clauses incorporated into the contract.

3.2 Scope of Inspection

In accordance with the in accordance with the relevant clauses incorporated into the contract, the Government will evaluate the Contractor's performance under this contract.

All deliverables will be inspected for content, completeness accuracy and conformance to the contract

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 23
--	------------------	---	-----------

requirements by the COR. Inspection may include validation of information or WBOS functionality and the scope and nature of the inspection will be sufficiently comprehensive to ensure the completeness, quality, and adequacy of all deliverables.

3.3 Basis of Acceptance

The basis for acceptance shall be in compliance with the requirements set forth in the contract, the Contractor's quote and the commercial item terms and conditions of the contract.

4.0 Plans & Deliverables

4.1 Transition Plans

The transition plans are subject to IDIQ CO Approval. The Phase-In Plan is due 15 days after contract award, and the Phase-Out Plan is due 180 days after contract award.

Phase-In Plan: The Phase-In Plan shall be designed to minimize disruption and adverse impacts and should identify key issues concerning the continuity of operations, including plans for the elimination or mitigation of such issues. The Phase-In Plan should address start-up requirements, such as proposed process improvements, if applicable, training, observance of uniform operations, staffing, and development and dissemination of the operational procedures. Additionally, as applicable, the Phase-In Plan shall address the acceptance of uniforms, equipment, and data/records from any previous Contractor. The Phase-In Plan shall address the status of critical skills and the strategy for the recruitment and/or retention of those skills. The Phase-In Plan shall contain a schedule identifying milestones that chronicle the Contractor's sequence of phase-in events and measurable commitments for each Uniformed Bureau's phase (e.g., go-live date of the WBOS). The term "measurable commitments" refers to those tasks which the Contractor commits to perform during the transition period.

The Phase-In Plan shall address the establishment of allowance accounts.

Additionally, the plan shall incorporate the following:

- The plan shall describe all formats in which the Contractor can accept data from the Government to implement into the Contractor's system(s) (e.g., initial employee uniform account information, etc.).
- Interacting with the current contract's vendor, in coordination with the IDIQ CO and COR, to transition the current employee account data to the contemplated contract; provide seamless transition to the new uniform website; accept any work-in-progress or non-Government owned inventory created by the current vendor (at the discretion of the Contractor); and other process transitions in order to minimize uniform distribution disruptions.
- How the Contractor plans to manage parallel activities of accepting government-owned uniform inventory while also establishing new supply chain operations; and
- A plan for the facilitation of ordering of existing core items during the initial 180-day period while the WBOS is being developed.

The Phase-In Plan shall be maintained and updated throughout the phase-in period by the Contractor to reflect current accomplishment of phase-in activities including within scope changes that may be

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 24
--	------------------	---	-----------

directed by the IDIQ CO.

Phase-Out Plan: The Phase-Out Plan shall address the orderly turnover of uniforms, any equipment provided for use by the Government to the Contractor and data/records to a new Contractor in order to reduce interruption of Government operations. The phase-out time period shall not exceed 180 calendar days. The Phase-Out Plan shall address:

- The development and submission of lessons learned from the Contractor adhering to the requirements throughout the duration of this contract.
- The Contractor's approach to preparing Government-owned uniform items remaining in stock at the end of this contract.
- Ensuring that remaining uniform inventory is packed in boxes (by like item and Uniformed Bureau), sealed, counted, placed on pallets, and shrink wrapped.
- Physical reconciliation of inventory quantities by Uniformed Bureau, in collaboration with IDIQ CO/COR, prior to shipment.
- Ensuring warranty of uniform items past contract end date.
- Managing backordered items past contract end date.
- Process for handling returns/exchanges that occur after the contract end date but within the 60-calendar day return timeframe.
- Process for turning over all historical system data, including catalog details and photos, organized by Uniformed Bureau, and an estimated list of inventory quantities prior to shipment, all in a format approved by the Government (i.e., Excel and JPEG); and
 - Process for turning over all patterns and fabric swatches, by Uniformed Bureau, to the IDIQ CO/COR.

60 calendar days prior to the completion of the contract, an observation period shall occur where personnel of any successor Contractor may observe current operations and performance methods for fulfilling the contract requirements. The incumbent Contractor shall fully cooperate with the Government and any successor Contractor.

4.2 Quality Control Plan (QCP)

The QCP shall demonstrate the process to maintain consistent quality control procedures for all products. It shall include the methods for identifying deficiencies in supplies or services and for taking corrective action before the level of performance becomes unsatisfactory. The plan must explain the Contractor's internal metrics that will be used to gauge whether performance is satisfactory or not. The Contractor shall include quality review policies and procedures to ensure continuous improvement in the delivery of high-quality products and services.

The QCP shall include processes for how the Contractor will comply with the Consumer Product Safety Commission and all other Federal Government regulations, standards, or guidelines for known carcinogens, irritants, and allergens that are used in or are by-products of the manufacturing process for apparel. The plan must include procedures to ensure that all uniform articles are improved while remaining consistent with the uniform requirements currently in use by the Uniformed Bureaus, unless specifically directed to change by the Government.

The QCP shall also include a process for conducting external audits (outside the manufacturing plants) to maintain product quality. The process shall include the use of standards from American

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 25
--	------------------	---	-----------

Association of Textile Chemists and Colorists (AATCC), American Society for Quality (ASQ), American Society for Testing and Materials (ASTM) International, and Environmental Protection Agency (EPA). Audit procedures and scheduled, periodic laboratory testing shall be conducted to ensure products meet established quality standards. Laboratory testing shall at least include testing fabrics for strength, durability, pill rates, colorfastness, allergens/sensitivities, and shrinkage.

The Contractor shall ensure the QCP is updated as necessary to reflect changes approved by the IDIQ COR or annually at a minimum.

5.0 Post Award Kickoff & Contract Administration

5.1 Post Award Kickoff Meeting

The Contractor shall organize, attend, and participate in a technical and contractual meeting, with Government personnel, to be conducted within 30 days after contract award. The date and time shall be mutually agreed upon between the Government and Contractor. The Contractor shall host, provide facilities, and facilitate the meeting. The purpose of the meeting will be project orientation, transfer of background information, contract discussion and review of performance requirements. The Contractor shall ensure adequate representation of technical and management staff. If applicable, the Prime Contractor shall determine the extent of subcontractor participation required for the meeting and take appropriate action to ensure attendance. The Contractor shall take and distribute Post Award Meeting Minutes.

5.2 Contracting Officer Representative (COR)

The Contracting Officer will appoint a COR in writing for the IDIQ through a COR Appointment Letter that will be provided upon award. The COR will receive for the Government, all work called for by the contract and will represent that Contracting Officer in technical phases of the work. The COR will provide no supervisory or instructional assistance to Contractor personnel.

The COR is not authorized to change any of the terms and conditions, the scope, schedule or price of the IDIQ contract. Changes in the terms and conditions, the scope, schedule or price will be made only by the Contracting Officer via properly executed modifications.

5.3 Key Personnel

Key personnel under this requirement shall include the following: Project Manager, Materials Specialist Lead, Procurement/Contracting Lead; Production Controller Lead, and WBOS Manager.

- The Project Manager is responsible for managing the overall contract and is the primary interface between the IDIQ CO and COR. As applicable, additional Bureau-specific Project Managers/subordinate Project Managers shall be assigned to provide support to individual Uniformed Bureau COs and CORs.
- The Materials Specialist Lead is responsible for ensuring the uniform raw materials meet Government requirements
- The Procurement/Contracting Lead is responsible for contract administration
- The Production Controller Lead is responsible for overseeing the lifecycle of any manufacturing processes as well as security
- The WBOS Manager is responsible for the maintenance, reliability, and security of the WBOS

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 26
--	------------------	---	-----------

5.4 IDIQ Ordering

The Contractor shall accept directions only from the COs or the duly authorized CORs. There will be a CO and COR for the IDIQ contract (issued by NPS) and a CO and COR for each subsequent Uniformed Bureau delivery order issued against the IDIQ. Uniformed Bureau CO and COR contact information will be provided in the individual delivery orders.

In the event of any conflict, the IDIQ contract CO shall make the final decision. In the event of a conflict between the IDIQ contract and the Uniformed Bureau delivery order, the IDIQ contract shall take precedence. Any changes to the project scope or other provisions of this PWS or approved work plans must be authorized in writing by the IDIQ CO before execution.

Contracting Officer:

To be entered at the time of award

NPS, WASO-WCO

E-mail:

Contracting Officer's Representative:

To be provided at the time of award

5.5 Payments and Electronic Invoicing

Contractor will have a system in place to allow for credit cards or employee allowance orders to be billed monthly.

Individual accounts may be established with a set allowance amount, which will vary by Uniformed Bureau and Government fiscal year. Orders using allowance amounts (not paid by credit card) shall be invoiced monthly or as directed in each delivery order and shall be paid via Electronic Funds Transfer (EFT) in accordance with the invoice clause contained in the contract.

Invoices shall reflect the items that have actually shipped, not the amount ordered. There will be no use of credit memos under this contract. Electronic invoicing is required.

Email addresses for electronic invoicing shall be provided upon contract/delivery order award. Electronic invoices shall be posted on the WBOS and email alerts shall be sent to the IDIQ COR, applicable Uniformed Bureau CORs, and anyone else designated in the delivery orders. A proper invoice must include the following items as a minimum:

- Name and address of the Contractor
- Invoice date and invoice number (Contractor should date invoices as close as possible to the date of the e-mail transmission)
- **Contract number and delivery order number**
- Description, quantity, unit of measure, unit price, and extended price of uniform articles (or services) provided, along with all order numbers. The name of the person receiving those uniform item(s), order number(s), ship date(s), delivery date(s), and shipping tracking information
- Payment terms (e.g., discount for prompt payment)
- Name and address of Contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment)

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 27
--	------------------	---	-----------

- Name (where practicable), title, phone number and mailing address of person to notify in the event of a defective invoice
- Taxpayer Identification Number (TIN)

5.6 Physical Security

All work under this contract will be UNCLASSIFIED. The Government branding or uniforms affixed with the branding are identified as “FOUO and/or LES” to properly safeguard these products from unauthorized access or use.

Badges, Emblems, Patches, Embellishment and Other Insignia Accountability: Items that are not yet affixed to a uniform must be stored in a separate, locked area (e.g., cage or room). The creation and destruction of these law enforcement sensitive items must be managed by the Contractor. The Contractor must ensure proper management of these items throughout its supply chain until Uniformed Bureau acceptance by means of inventorying and destruction/loss reporting. Any defective or unusable items must be destroyed. Destruction shall be considered accomplished by rendering the items unusable, with no possibility of reassembly. Additionally, if a uniform recycling program is implemented, any emblems, patches, or other insignia must also be removed, destroyed, and documented in the destruction report which shall include the following additional information: employee name, Uniformed Bureau, uniform type, and lot pickup location.

This accountability applies both to emblems, patches etc. that are manufactured or sourced by the Contractor and those that are provided to the Contractor as Government owned inventory. The Contractor must report any security breaches including, but not limited to, pilferage/theft and loss of keys to facilities managed by the Contractor or its or sub-Contractors throughout the entire supply chain. All incidents must be documented and reported to the contract CO/COR and relevant Uniformed Bureau COR and CO via email and phone within 24 hours of discovery.

All uniform items including logos, branding, artwork, embellishments, badges, patches, and other insignia depicting Uniformed Bureaus are reserved solely for use in performing the work of this contract. The Government owns all intellectual property per 15 USC §§ 1051-1129. The DOI/USACE seals are protected by several sections of the United States Code (USC) and any unauthorized use is a violation of the USC, specifically Title 18, sections 506, 701, and 1017. It is illegal to falsely make, forge, counterfeit, mutilate, or alter the seals. The Contractor may be fined and/or responsible officials imprisoned if it manufactures, sells, or possesses any badge, identification card, or other insignia without authorization. Furthermore, the Contractor may be subject to criminal penalties if it fraudulently or wrongfully uses any DOI/USACE branding.

The Government may perform security audits on the Contractor at its discretion.

5.7 Post Award Evaluation of Contractor Performance

Quarterly and final evaluations of Contractor performance will be prepared on this contract in accordance with FAR Subpart 42.15. The Contractor may be required to physically attend quarterly performance and market pricing reviews. A final performance evaluation will be prepared at the time of completion of work. In addition to the final evaluation, annually, one of the quarterly evaluations will be scheduled to coincide with the anniversary date of the contract.

Evaluations will be provided to the Contractor as soon as practicable after completion of the

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 28
--	------------------	---	-----------

evaluation. The Contractor will be permitted 30 days to review the document and to submit additional information or a rebutting statement. Any disagreement between the parties regarding an evaluation will be referred to an individual one level above the Contracting Officer, whose decision will be final. Copies of the evaluations, Contractor responses, and review comments, if any, will be retained as part of the contract file, and may be used to support future award decisions.

5.8 Areas of Efficiencies

Continuous improvement is especially sought in the areas of, but not limited to, ordering efficiency; delivery times; lower uniform prices; improved accuracy of fittings and decreased rates of returns/exchanges, streamlining and identifying common uniform items across the Department, improved fabrics, and others. These areas of efficiencies will be goals for the Contractor as opposed to deliverables.

6.0 Government Furnished Items

Facilities: The Government will provide meeting space and logistics when meetings are at NPS facilities.

Utilities: The Government will provide utilities when the Contractor is at NPS facilities. The contractor will not be able to plug into NPS internet directly and should plan accordingly.

Materials: The Government will provide the materials as outlined in the table below.

Table 6 - Government Furnished Materials		
Item	Date Provided	Responsible Party
Allowance schedules	As authorized allowance schedules become available (usually available in the first quarter of the fiscal year)	Uniformed Bureau CORs
Any updates to Uniform Program Handbook(s) or Policies	15 business days after Contract Award or as the agency updates the policy.	Uniformed Bureau CORs
Phase-in Uniformed Bureau Transition Schedule	15 business days after Contract Award	IDIQ CO/COR
Government duty station shipping locations by Uniformed Bureau	Within 15 business days of the initiation of each Uniformed Bureau Phase-In	Uniformed Bureau CORs
Technical artwork: Uniformed Bureau logos, branding, embellishments for uniforms	15 business days after Contract Award and/or as specified in delivery order or change in agency direction uniform change.	IDIQ and Uniformed Bureau CORs
Existing uniform inventory list	Preliminary list within 15 business days from contract award. Updated lists once current Contractor reconciles final inventory prior to shipment	IDIQ CO and COR

Other: Any other Government furnished property, equipment and services will be defined at the task order level.

TECHNICAL EXHIBIT 1 - Performance Requirements Summary

Performance Objective	Standard	Performance Threshold	Method of Surveillance
PRS # 1 The Contractor provides initial sourcing and inventory of all core items identified in the specifications.	The Contractor provides the initial sourcing and inventory of all core items identified in the specifications in accordance with the due dates established in the PWS (Table 1).	100% of all core items delivered on time	Validated by the COR and availability of core items through random samples using reporting and available information
PRS # 2 The Contractor provides initial sourcing and inventory of all non-core items identified in the specifications.	The Contractor provides the initial sourcing and inventory of all non-core items identified in the specifications in accordance with the due dates established in the PWS (Table 2).	90% of all non-core items delivered on time	Validated by the COR and availability of non-core items through random samples using reporting and available information
PRS # 3 The Contractor consistently provides sourcing information for COTS and non-COTS items required by the Government and notifies the Government of any change in item availability.	The Contractor provides sourcing information for COTS and non-COTS items required by the Government and notifies the Government of any change in item availability in accordance with the due dates established in the PWS (Tables 3 & 4).	95% of all sourcing and availability information is provided on time	Validated by the COR
PRS # 4 The Contractor provides a secured facility/warehouse to house uniform items.	The secured facility/warehouse must be clean, have a system for fire prevention, adhere to all ISO basic guidelines, be protected from theft by security system, include a separate locked area to house branded uniform items, maintains a temperature and humidity level consistent with storage standards applicable to textile preservation and storage and protected from direct sunlight and exposure to ultraviolet radiation.	100% compliance	Periodic Government inspections

	DRAFT PWS	Document Title DOI Uniform Contract - Indefinite Delivery Indefinite Quantity (IDIQ) Contract	Page 31
--	------------------	---	-----------

Performance Objective	Standard	Performance Threshold	Method of Surveillance
PRS # 5 The Contractor provided Web-based Ordering System (WBOS) is functional in accordance with PWS requirements.	The Contractor provided Web-based Ordering System (WBOS) is functional in accordance with all PWS requirements and is available for use by the required deliverable date.	100% compliance	COR validation and Customer feedback on WBOS
PRS # 6 The WBOS is available for Bureau-usage with minimal downtime.	The Contractor provided Web-based Ordering System (WBOS) is available for Bureau-usage with minimal downtime. Downtime, if needed for system maintenance, occurs during off-peak usage.	90% availability for Bureau-end users	System notifications from Contractor, COR validation, and customer feedback on WBOS
PRS #7 Standard uniform items orders are accurate, delivered to the end user by the established due date and free from defects.	Standard uniform items shall be shipped via ground shipping or better within 2-5 days of order receipt (Table 5). The order status, including estimated shipping date to the end user and tracking information, must be easily discernible within the WBOS by the COR.	99% of all standard uniform items are shipped on time, accurately and are free of defects	Monthly monitoring of order reports or random sampling
PRS #8 Returns and exchanges are consistently processed within established time period.	Returns and exchanges shall be accepted within 60 days from original delivery date. Exchanges shall be shipped via ground shipping or better within 2-5 days from date Contractor received return. (Table 5).	99% of all returns and exchanges processed and shipped on time	Monthly monitoring of order reports or random sampling
PRS #9 Required reports are available in the WBOS in real-time and submitted to the IDIQ CO and CORs in accordance with PWS requirements.	Real-time reports shall be accessible to identified WBOS users at all times. Reports required for separate submission shall be submitted on time and to the correct individuals.	95% of reports shall be available in real-time and/or submitted on time	Monthly monitoring by COR

The following pages list core items for each bureau. They are draft and subject to change but give a sense of the variety and types of products needed.
