

This is a Sources Sought Notice. In preparation for an upcoming procurement, the Department of the Interior (DOI), Bureau of Reclamation (BOR), Region 10 California Great Basin Region Construction Acquisitions Office, Sacramento, CA, is conducting market research to determine potential sources for a construction project, East Park Boat Ramp Improvement Project. The North American Industrial Classification System (NAICS) code is 237990, – Other Heavy and Civil Engineering Construction.

The Small Business size standard for this code is \$45 Million. This notice is not a request for proposal/quote and the information presented in this announcement will not obligate the Bureau of Reclamation in any manner. The estimated cost of this project is between \$1,000,000.00 and \$5,000,000. This procurement will require 100% performance and payment bonds.

This notice is not a request for proposal and the information presented in this announcement will not obligate the Bureau of Reclamation in any manner.

The work is approximately 36 miles west of Maxwell, California in Colusa County.

Work is expected to be completed within 215 days following issuance of the Notice to Proceed.

System for Award Management (SAM) applies to this procurement. Prospective contractors must be registered in the System for Award Management (SAM) prior to award. Lack of registration in the SAM database will make an offeror ineligible for award. Information on SAM registration can be obtained via the Internet at <http://www.sam.gov>
