Description

The DVA currently occupies office and related space in a building under lease in Cody, WY, that will be expiring in June 2027. The Government is considering alternative space **if economically advantageous**. In making this determination, the Government will consider, among other things, the availability of alternative space that potentially can satisfy the Government's requirements, as well as costs likely to be incurred through relocating, such as physical move costs, replication of tenant improvements and telecommunication infrastructure, and non-productive agency downtime. **Continuity of services must be maintained.**

The DVA seeks information from Potential Offerors who are capable of successfully performing a lease contract, including design and construction of the facility on a DVA pre-approved site, as well as all maintenance and operation requirements for the duration of the lease term. More information on DVA's requirements can be found on its Technical Information Library: <http://www.cfm.va.gov/til/>.

DVA seeks to lease an estimated 6,009 RSF of space for use as a Community Based Outreach Clinic, or CBOC, in the delineated area (shown below) within the Cody, Wyoming area. DVA will only consider leased space located in an existing building.

Beneficial Occupancy (Estimated): July 1, 2027

Contracting Office and Expression of Interest Submission

All Interested parties (owners, brokers, or their legal representatives) should submit Expressions of Interest **electronically** no later than 3:00 p.m. Central Standard Time (CT) on April 3, 2026 to DVA's representative below:

Department of Veterans Affairs
