JUSTIFICATION FOR OTHER THAN FULL AND OPEN COMPETITION (JOFOC)
FCI ASHLAND, KY – CDL VOCATIONAL TRAINING PROGRAM

1. Agency and Contracting Activity:

U.S. Department of Justice, Federal Bureau of Prisons, Federal Compliance Institution (FCI) Ashland, KY. The Field Acquisition Office in Grand Prairie, TX, will be the awarding office.

2. Nature and Description of Action:

This is a new procurement for a firm-fixed-price, indefinite delivery/requirement contract to provide Commercial Driver's License (CDL) Class A vocational instruction for approximately 20 inmates per option year.

3. Description of Supplies/Services:

The contractor shall provide a comprehensive CDL training program that includes:

- 40 hours of classroom instruction and a driving range.
- Provision of a vehicle for driving skills practice.
- Accredited curriculum leading to transferable credits or industry-recognized certificates.
- Hands-on instruction (20-40% of curriculum) at an outside technical school or college.

4. Statutory Authority Permitting Other Than Full and Open Competition:

- **FAR 6.302-1:** Only one responsible source (e.g., only one accredited institution within a reasonable commuting distance of FCI Ashland can provide the required off-site range and vehicle).

5. Demonstration of Contractor's Unique Qualifications:

The contractor must be an accredited post-secondary or vocational institution. Because the performance occurs at an **outside facility**, the source must be geographically accessible to transport inmates from FCI Ashland. Ashland Community & Technical College is uniquely qualified because they possess the specific DMV-approved range and Class A vehicles required by the SOW that are not available at other nearby facilities.

6. Description of Market Research:

Market research was conducted via (e.g., GSA Advantage, SBA Website, Internet searches of local KY colleges). Findings indicated that there is only one entity providing the mandatory transferable credits and the physical driving range within the required proximity of the institution.

7. Determination of Fair and Reasonable Cost:

The Contracting Officer will determine the price to be fair and reasonable based on a comparison with previous BOP contracts for similar CDL programs (e.g., FCI Edgefield) and published tuition rates for the general public.

8. Actions to Remove Barriers to Competition:

For future requirements, the BOP will continue to monitor for new accredited CDL programs or mobile training units that could perform on-site, thereby expanding the pool of potential vendors.

Certifications

Technical/Requirements Personnel Certification:

I certify that the facts and data supporting this justification are accurate and complete to the best of my knowledge.

Signature: G. Douthat Date: 3/25/26

Supervisor of Education: G. Douthat

Contracting Officer Certification:
