PERFORMANCE WORK STATEMENT (PWS)

POST WIDE FIRE SYSTEMS INSPECTION, TESTING AND REPAIR GREASE DUCTS, HOODS CLEANING AND FIRE SUPPRESSION FORT JACKSON, SC

Part 1

General Information

1. **GENERAL:** This is a non-personnel services contract to provide Fire Systems Inspection and Repair, and also includes repair and cleaning of hood systems noted on a separate Technical Exhibit below. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the Contractor who, in turn is responsible to the Government.

1.1 **Description of Services/Introduction:** The contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to perform Fire Systems Inspection and Repair as defined in this Performance Work Statement except for those items specified as government furnished property and services. The contractor shall perform to the standards in this contract.

1.2 **Background:**

The intent of acquisition is to provide inspection and testing and repair of fire protection systems, and cleaning of hood systems, for the building and facilities listed on attached Tech Exhibits located on Fort Jackson, SC.

1.3 **Objectives:**

Maintain operational facility Fire Systems through a continuous inspection and repair schedule throughout identified facilities on Fort Jackson SC

1.4 **Scope:**

The objective of this contract is to provide Fort Jackson with high quality, consistent inspection, testing and repair program for all fire alarm protection systems, water-based fire protection systems, and special agent systems that provides complete, efficient, reliable, and safe operation, as designed, and complies with the latest published Unified Facilities Code 3-601-02, applicable National Fire Codes, manufacturer's recommendations, and other recognized industry standards when the work is being performed. Grease ducts must be in compliance with National Fire Protection Association

DRAFT

(NFPA) 96 as well as all other applicable building and fire codes. Cleaning takes place every 6 months or as specified on the TE. Compliance must be proven through certificates issued by the cleaning and maintenance contractors. Purpose-designed fire suppression systems inside the hoods must also be routinely maintained. Proper cleaning must be enabled through the use of approved, fire-resistant access panels.

1.5 Period of Performance:

The Period of Performance (POP) shall be for one (1) Base Year of 12 months and four (4) 12-month option years.

1.6 General Information:

1.6.1 Quality Control: The contractor shall develop and maintain an effective quality control program to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's quality control program is the means by which they assure themselves that the work complies with the requirement of the contract. At a minimum, the contractor shall develop quality control procedures that addresses the areas identified in Performance Requirements Summary (PRS). Within fifteen days (15) days after the time of award, the successful contractor shall submit to the Contracting Officer the contractor's Quality Control Plan (QCP) for review and approval. After acceptance of the quality control plan the contractor shall receive the Contracting Officer's acceptance in writing. Any subsequent changes or any proposed changes to this QC system shall likewise require the Contracting Officer's approval.

1.6.2 Quality Assurance: The government shall evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. This plan is primarily focused on what the Government must do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the minimum acceptable defect rate(s).

1.6.3 Recognized Holidays:

The contractor for this contract is not required to perform work on this contract on recognized Holidays.

New Year's Day
Martin Luther King Jr.'s Birthday
President's Day
Memorial Day
Independence Day

Labor Day
Columbus Day
Veteran's Day
Thanksgiving Day
Christmas Day

1.6.4 Hours of Operation:

DRAFT

With the exception listed in 1.6.4.1 the contractor is responsible for conducting business, between the hours of 07:30 – 16:30 Monday thru Friday except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The Contractor must at all times maintain an adequate work force for the uninterrupted performance of all tasks defined within this performance work statement when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the work force are essential.

1.6.4.1 Due to mission requirements some systems may require inspection, and testing to be performed outside of normal business hours. These locations are identified as dining facilities or locations where kitchen hood systems will require testing after the kitchen has closed for business between 19:00 and 05:00.

1.6.4.2 The Contractor shall schedule and arrange work so as to cause the least interference with the normal operation of Government business and mission. Steps must be taken to minimize the impact on our customers by disabling or testing audio visual devices to cause the least interference. In those cases where interferences may be unavoidable, the Contractor shall make every effort to minimize the impact of the interference, inconvenience, equipment downtime, interrupted service, or customer discomfort.

1.6.5 Place of Performance: The work to be performed under this contract will be performed at locations Fort Jackson, SC also identified Appendix 1.

1.6.6 Type of Contract: The government will award a Fixed Firm Price Contract.

1.6.7 Security Requirements: Contractor personnel performing work under this contract must have a clean local background check at time of the proposal submission, and must maintain the level of security required for the life of the contract.

1.6.7.1 Antiterrorism (AT) Level I Training: This provision/contract text is for the contractor employees with an area of performance within an Army controlled installation, facility or area. All contractor personnel, to include subcontractor employees, requiring access to those locations shall complete AT Level I awareness training with 15 calendar days after contract award date. The contractor shall submit certificates of completion to the COR within 15 calendar days after completion of training and within 15 calendar days of new employees commencing performance under this contract. AT Level I training is located at the following link: <https://jkodirect.jten.mil/>. This training shall be at no additional cost to the Government.

1.6.7.2 iWATCH Training: The Contractor and all associated subcontractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity ATO). This local developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within fifteen (15) calendar days of

DRAFT

DRAFT

contract award and within fifteen (15) calendar days of new employees commencing performance with the results reported to the COR NLT five (5) calendar days after contract award. This training shall be at no additional cost to the government.

 7.3 OPSEC Training: Per AR 530-1, Operations Security, new Contractor employees must complete Level I OPSEC training within 30 calendar days of contract award. All Contractor employees must complete annual OPSEC awareness training. This is an annual requirement for all contractor employees. Training can be accessed on line at the following link: <https://jkodirect.jten.mil/>. The course number is EUC-ECJ6-110-N-LB. This training shall be at no additional cost to the Government.

1.6.7.6 PHYSICAL Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.8 Key Control. The Contractor shall establish and implement methods of making sure all keys/key cards issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Quality Control Plan. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any occurrences of lost or duplicate keys/key cards to the Contracting Officer.

1.6.8.1. In the event keys, other than master keys, are lost or duplicated, the Contractor shall, upon direction of the Contracting Officer, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of the lock or locks shall be deducted from the monthly payment due the Contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the monthly payment due the Contractor.

1.6.8.2. The Contractor shall prohibit the use of Government issued keys/key cards by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer.

1.6.9. Lock Combinations. The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the Contractor's Quality Control Plan.

DRAFT

DRAFT

1.6.10 Special Qualifications: The contractor personnel shall establish and maintain National Institute for Certified Engineering Technologies (NICET) in the following areas: at least one (1) Fire Protection Systems Level IV, Inspection and Testing of Water Based Systems Level III, Special Hazards Suppression Systems Level III and ITM. The contractor is responsible for ensuring all employees possess and maintain current factory training certification on the multiple brands/models of Fire Systems during the execution of this contract. A lower level employee may perform inspection and testing tasks under the supervision of properly certified employee. Example: an apprentice may perform fire alarm inspections if under the supervision of NICET Fire Protection Level III or IV employee. The contractor is responsible for ensuring at minimum one employee possesses and maintains current certification during the execution of this contract.

1.6.11 Post Award Conference/Periodic Progress Meetings: The Contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The contracting officer, Contracting Officers Representative (COR), and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings the contracting officer will apprise the contractor of how the government views the contractor's performance and the contractor will apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the government.

1.6.12 Contracting Officer Representative (COR): The (COR) will be identified by separate letter. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract: perform inspections necessary in connection with contract performance: maintain written and oral communications with the Contractor concerning technical aspects of the contract: issue written interpretations of technical requirements, including Government drawings, designs, specifications: monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies; coordinate availability of government furnished property, and provide site entry of Contractor personnel. A letter of designation issued to the COR, a copy of which is sent to the Contractor, states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order.

1.6.13 Key Personnel: The contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the contractor when the manager is absent shall be designated in writing to the contracting officer. The contract manager or alternate shall have full authority to act for the contractor on all contract matters relating to daily operation of this contract. The contract manager or alternate shall be available between 0730 - 1630, Monday thru

DRAFT

DRAFT

Friday except Federal holidays or when the government facility is closed for administrative reasons.

1.6.14 Identification of Contractor Employees: All contract personnel attending meetings, answering Government telephones, and working in other situations where their contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression in the minds of members of the public that they are Government officials. They must also ensure that all documents or reports produced by contractors are suitably marked as contractor products or that contractor participation is appropriately disclosed

1.6.15 Organizational Conflict of Interest: Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent Organizational Conflict of Interests (OCI) as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI. The Contractor's mitigation plan will be determined to be acceptable solely at the discretion of the Contracting Officer and in the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may effect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

PART 2 DEFINITIONS & ACRONYMS

2. DEFINITIONS AND ACRONYMS:

2.1. DEFINITIONS:

2.1.1. CONTRACTOR. A supplier or vendor awarded a contract to provide specific supplies or service to the government. The term used in this contract refers to the prime.

2.1.2. CONTRACTING OFFICER. A person with authority to enter into, administer, and or terminate contracts, and make related determinations and findings on behalf of the government. Note: The only individual who can legally bind the government.

2.1.3. CONTRACTING OFFICER'S REPRESENTATIVE (COR). An employee of the U.S. Government appointed by the contracting officer to administer the contract. Such appointment shall be in writing and shall state the scope of authority and limitations. This individual has authority to provide technical direction to the Contractor as long as

DRAFT

that direction is within the scope of the contract, does not constitute a change, and has no funding implications. This individual does NOT have authority to change the terms and conditions of the contract.

2.1.4. DEFECTIVE SERVICE. A service output that does not meet the standard of performance associated with the Performance Work Statement.

2.1.5. DELIVERABLE. Anything that can be physically delivered, but may include non-manufactured things such as meeting minutes or reports.

2.1.6. KEY PERSONNEL. Contractor personnel that are evaluated in a source selection process and that may be required to be used in the performance of a contract by the Key Personnel listed in the PWS. When key personnel are used as an evaluation factor in best value procurement, an offer can be rejected if it does not have a firm commitment from the persons that are listed in the proposal.

2.1.7. PHYSICAL SECURITY. Actions that prevent the loss or damage of Government property.

2.1.8. QUALITY ASSURANCE. The government procedures to verify that services being performed by the Contractor are performed according to acceptable standards.

2.1.9. QUALITY ASSURANCE Surveillance Plan (QASP). An organized written document specifying the surveillance methodology to be used for surveillance of contractor performance.

2.1.10. QUALITY CONTROL. All necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

2.1.11. SUBCONTRACTOR. One that enters into a contract with a prime contractor. The Government does not have privity of contract with the subcontractor.

2.1.12. WORK DAY. The number of hours per day the Contractor provides services in accordance with the contract.

2.1.13. WORK WEEK. Monday through Friday, unless specified otherwise.

2.1.14. PWS. Performance Work Statement

PART 3

GOVERNMENT FURNISHED PROPERTY, EQUIPMENT, AND SERVICES

3. GOVERNMENT FURNISHED ITEMS AND SERVICES:

3.1. Services: The Government will provide assistance with accessing buildings and correspondences with building representatives. Government will assure that building coordinators/or managers are aware of testing and inspection being conducted on scheduled dates and times provided by Contractor.

3.2 Facilities: The Government will provide not provide any facilities for the performance of this contract.

3.3 Utilities: The Government will provide utilities in buildings being inspected only of water and electricity to be use by contractor to perform testing and inspections only. Electrical shall be provided from accessible outlets for the contractor to plug in testing equipment and tools required to complete tasks. Water shall be provided from accessible from sinks and washrooms for cleaning of equipment and for contractor's cleanup. The Contractor shall instruct employees in utilities conservation practices. The contractor shall be responsible for operating under conditions that preclude the waste of utilities, which include turning off the water faucets or valves after using the required amount to accomplish cleaning vehicles and equipment.

3.4 Equipment: The Government will provide not provide any equipment for the performance of this contract.

3.5 Materials: The Government will provide any as built drawings for buildings fire alarm or sprinkler systems if available.

PART 4

CONTRACTOR FURNISHED ITEMS AND SERVICES

4. CONTRACTOR FURNISHED ITEMS AND RESPONSIBILITIES:

4.1 General: The Contractor shall furnish all supplies, equipment, facilities and services required to perform work under this contract that are not listed under Section 3 of this PWS.

4.2. Materials: The Contractor shall supply any materials required to complete the tasks of this contract i.e. ladders, scaffolding, hand tools or power tools.

4.3. Equipment: The Contractor shall provide all testing equipment to complete the tasks of this contract. Contractor will be responsible for assuring that all testing equipment is properly calibrated to manufacture or industry standards.

DRAFT

PART 5
SPECIFIC TASKS

5. Specific Tasks:

5.1 BASIC SERVICES. The contractor shall provide services for testing all fire alarm systems, water based sprinkler systems, fire hydrants, special agent suppression systems, grease ducts, hoods, and fire clean and repair suppressions systems, exit lights and emergency lights, etc., per UFC 3-601-02 and NFPA 96.

5.2. Delivery & Set up. The Contractor shall perform a site survey within 15 days of Contract award.

5.3 Fire Alarm Systems and Fire Alarm Transmitters. Contractor will perform all annual inspection and testing tasks identified on UFC 3-601-02 table 2-1 on all buildings listed in technical exhibit 2. It is the intent of the Government to have one week per month dedicated to performing annual inspections. Contractor shall establish a schedule to have annual inspection and testing performed during the dedicated week of each month during the period of performance of this contract. Each week, a specific number of buildings will be scheduled for inspection. By the end of the period of performance all buildings shall have annual testing and inspection requirements of table 2-1 completed.

5.3.1 Contractor shall perform 2 year frequency inspection and testing requirements on 50% of the buildings identified in Technical Exhibit 2 and UFC Table 2-1 with the exception of device removal. Any devices which can be removed per the requirements of UFC 3-600-01 shall be identified to the Government. Contractor shall establish a schedule to have 2 year inspection and testing performed during one week of each month during the period of performance of this contract. By the end of the period of performance 50% of the buildings shall have 2 year inspection and testing tasks completed.

5.3.2 Contractor shall perform 5 year frequency inspection and testing requirements on 20% of the buildings identified in Technical Exhibit 2 and UFC Table 2-1 with the exception of device removal. Any devices which can be removed per the requirements of UFC 3-600-01 shall be identified to the Government. Contractor shall establish a schedule to have 5 year inspection and testing performed during one week of each month during the period of performance of this contract. By the end of the period of performance 20% of the buildings shall have 5 year inspection and testing tasks completed.

5.4 Wet Pipe Sprinkler Systems. Contractor will exclude the monthly tasks identified in UFC 3-601-02 table 2-2.

5.4.1 Contractor will perform all annual inspection and testing tasks identified on UFC 3-601-02 table 2-2 on all buildings listed in technical exhibit 2 with sprinkler systems. It is the intent of the Government to have one week per month dedicated to performing annual

inspections. Contractor shall establish a schedule to have annual inspection and testing performed during the dedicated week of each month during the period of performance of this contract. Each week, a specific number of buildings will be scheduled for inspection. By the end of the period of performance all buildings with sprinkler systems shall have annual testing and inspection requirements of table 2-2 completed.

5.4.2 Contractor shall perform 2 year frequency inspection and testing requirements on 50% of the buildings identified in Technical Exhibit 2 with sprinkler systems and UFC Table 2-2. Contractor shall establish a schedule to have 2 year inspection and testing performed during one week of each month during the period of performance of this contract. By the end of the period of performance 50% of the buildings shall have 2 year inspection and testing tasks completed.

5.4.3 Contractor shall perform 5 year frequency inspection and testing requirements on 20% of the buildings identified in Technical Exhibit 2 and UFC Table 2-2. Contractor shall establish a schedule to have 5 year inspection and testing performed during one week of each month during the period of performance of this contract. By the end of the period of performance 20% of the buildings shall have 5 year inspection and testing tasks completed.

5.4.4 Contractor will not perform any of the 10 year, 20 year, or 50 year inspection and testing tasks identified in UFC 3-601-02 table 2-2. Contractor will only list systems which are found to require any of these tasks. Government will perform these tasks either in house or with a separate contract.

5.5 Dry Pipe Automatic Sprinkler Systems. Contractor will exclude the monthly tasks identified in UFC 3-601-02 table 2-3. Note the Government does not have an inventory separating wet and dry sprinkler systems.

5.5.1 Contractor will perform all annual inspection and testing tasks identified on UFC 3-601-02 table 2-3 on all buildings listed in technical exhibit 2 with sprinkler systems. It is the intent of the Government to have one week per month dedicated to performing annual inspections. Contractor shall establish a schedule to have annual inspection and testing performed during the dedicated week of each month during the period of performance of this contract. Each week, a specific number of buildings will be scheduled for inspection. By the end of the period of performance all buildings with sprinkler systems shall have annual testing and inspection requirements of table 2-3 completed.

5.5.2 Contractor shall perform 2 year frequency inspection and testing requirements on 50% of the buildings identified in Technical Exhibit 2 with sprinkler systems and UFC Table 2-3. Contractor shall establish a schedule to have 2 year inspection and testing performed during one week of each month during the period of performance of this contract. By the end of the period of performance 50% of the buildings shall have 2 year inspection and testing tasks completed.

5.5.3 Contractor shall perform 5 year frequency inspection and testing requirements on 20% of the buildings identified in Technical Exhibit 2 and UFC Table 2-3. Contractor shall establish a schedule to have 5 year inspection and testing performed during one week of each month during the period of performance of this contract. By the end of the period of performance 20% of the buildings shall have 5 year inspection and testing tasks completed.

5.5.4 Contractor will not perform any of the 10 year, 20 year, or 50 year inspection and testing tasks identified in UFC 3-601-02 table 2-3. Contractor will only list systems which are found to require any of these tasks. Government will perform these tasks either in house or with a separate contract.

5.6.1 Contractor will perform 5 year frequency inspection and testing task identified on table 2-14 of UFC 3-601-02 on 20% (32) of these fire hydrants. Contractor will provide a schedule to have 20% (32) of the fire hydrants inspected and tested during the period of performance of this contract.

5.7 Wet Chemical Systems. Fort Jackson Training Center currently has (18) wet chemical systems in its inventory. The Contractor will develop a schedule which is acceptable to the Government and customer to have all (semiannual and annual) inspection and testing tasks identified in UFC 3-601-02 table 2-19 completed.

5.7.1 Any systems which have storage tanks requiring hydrostatic testing will be identified to the Government. Government will address those issues either in house or through a separate contract.

5.8 Clean Agent Systems. Fort Jackson Training Center currently has (5) FM 200 Clean Agent Systems in its inventory. The Contractor will perform all annual inspection and testing tasks identified in UFC 3-601-02 Table 2-21.

5.8.1 Contractor will perform 2 year inspection tasks on table 2-21 on all systems.

5.8.2 Contractor will perform 5 year inspection tasks on table 2-21 on all systems.

5.9 The Contractor must strictly follow the inspection schedule provided to the Government, which is built in accordance to UFC 3-601-02 and applicable NFPA standards.

5.10 Hood Systems Cleaning and Repair

5.10.1 The Contractor shall remove all oily sludge, grease, dirt, and other foreign substances from all surfaces of all hoods, grease removal devices, fans, ducts, and other appurtenances complete, in all systems within buildings listed in Technical Exhibit 3. When required, the Contractor shall cut access holes for the purpose of cleaning duct work. Upon completion of cleaning, the Contractor shall install an access panel over the

opening. Access panels shall be sealed with a NON-COMBUSTIBLE material and shall be secured with screws.

5.10.1 Solvents: Flammable solvents or other flammable cleaning aids shall not be used.

5.10.2 Electrical Switches and Components: Prior to performing any cleaning operations the Contractor shall inspect the hood and system and identify deficiencies and make record. At the start of the cleaning process, electrical switches, detection devices, and system components shall be protected, tagged out, locked, pinned, protectively covered and/or sealed as required to prevent premature starting and damage. Upon completion of cleaning procedures, all electrical switches, detection devices, and system components shall be returned to an operable state by qualified personnel. Cover plates shall be replaced and dampers and diffusers shall be positioned for air flow. The Contractor shall be responsible for replacing missing screws and resealing ducts. Fan base shall be secured to curb system of duct work with screws

5.10.3 Cleaning Chemicals: Care shall be taken not to apply cleaning chemicals of fusible links or other detection devices of the automatic extinguishing system

5.10.4 Pilot Lights: The Contractor, prior to cleaning, shall extinguish pilot lights and relight pilot lights upon completion of work.

5.10.5 After-hours Inspection: The Contractor shall notify the Contracting Officer's Representative (COR) for approval of after normal duty hour work before starting work, and upon completion of work, in each facility.

5.10.6. Inspection: The Contractor shall inspect the entire oven system to include grease removal devices, exhaust duct systems, fans, and fire suppression systems following the cleaning process in accordance with NFPA 96-2014

5.10.7 Service completion, clean up, and closeout. When a systems inspection and testing is completed the Contractor shall provide a professionally printed report or electronically submitted to the Government. Report must provide a complete inventory of what was tested, to what standard it was tested, whether system is complaint or non-compliant, and any recommendations. Any recommended repairs must include a cost estimate. The cost estimate is not for the purpose of authorizing repair work to the Contractor awarded this contract.

5.10.8.a. Miscellaneous repairs. The contractor shall at no additional cost to the Government make minor repairs to all systems encountered during monthly, annual, 2 year, or 5 year inspections. These repairs include but are not limited to defective detectors, pull stations, batteries, sprinkler heads, gauges, individual modules, or other minor items. A minor repair is defined as any repair of \$500 or less. To avoid confusion and to highlight the meaning of "minor repair", the following illustrative example is provided. For example, if a building has 50 sprinkler heads, and three (3) need to be replaced, then the contractor would be responsible to repair all three (3) assuming each

sprinkler head repair was \$500 or less. Each sprinkler head in the forgoing example is one, single, independent minor repair. This example should be used for any other "minor repairs" and its interpretation should be broadly read in the government's favor. As noted above, the contractor shall at no additional cost to the Government make minor repairs as defined because those repairs are already built into the contractor's pricing. In other words, these minor repairs are not being performed for "free" but rather are part of the contractor's pricing as supplied and relied upon by the Government.

 10.8.b Significant Repairs. The contractor shall submit a proposal to make major repairs and/or replacements to system components found to be defective during any contract inspection that exceed \$500.00 for parts and labor. These repairs include but are not limited to fire alarm control panels, power supplies, relay control switches, transmitter devices, and system rewiring. The proposal shall be submitted to the government within five (5) business days of the defect being identified. If the proposal is accepted by the government, the contractor shall complete the repair within thirty (30) **calendar** days. All major repairs and replacements shall be billed against the Maintenance & Repair CLIN.

5.11 Any systems found to be in a condition of immediate risk to life, health, and safety shall be reported to the KO and COR immediately. Notification shall be by both a phone call and email detailing specifically why the system is an immediate risk to life, health, and safety.

5.12 All documentation required under this contract shall be created electronically using a personal computer and issued to the Government in either electronic format or professionally printed. Handwritten paperwork, other than required signatures will not be accepted. Format must be compatible to be viewed and printed on the software used by the Government i.e. Microsoft Office 2007 or Adobe Reader X. Contractor at times may perform some minor maintenance. A billable CLIN is established for replacement of items such as smoke detectors, heat detectors, pull stations, batteries, sprinkler heads, gauges, individual modules, or other minor items. No additional money will be added to this CLIN each year. The intent is to replace an item if it fails due to normal testing and inspection i.e. a smoke detector which will no clear or manual pull station that breaks when tested. Items are found in need of repair or replaced they are too be documented on inspection reports. They shall be replaced and repaired under a different contract.

PART 6 APPLICABLE PUBLICATIONS

6. APPLICABLE PUBLICATIONS (CURRENT EDITIONS)

6.1. Publications and forms applicable to this Performance Work Statement are listed below. The publications and forms have been coded as mandatory or advisory. The Contractor is obligated to follow those publications and use those forms coded as mandatory to the extent (that is, a specific procedure in a paragraph, section, chapter or volume) specified in the Performance

TECHNICAL EXHIBIT 1**Performance Requirements Summary**

The contractor service requirements are summarized into performance objectives that relate directly to mission essential items. The performance threshold briefly describes the minimum acceptable levels of service required for each requirement. These thresholds are critical to mission success.

Performance Objective (The Service required—usually a shall statement)	Standard	Performance Threshold (This is the maximum error rate. It could possibly be “Zero deviation from standard”)	Method of Surveillance
PRS#1 Effective Fire Systems Inspection and Repair	Contractor controls Fire Systems Inspection and Repair to the standards specified in the PWS 100% of the time.	Zero deviation from standard	100% Inspection
PRS#2 Submit all Documents required by PWS as listed in Technical Exhibit 3 and 4	100% of all documents listed in TE 3 and 4 are submitted to the COR	Zero deviation from standard	100% Inspection
PRS#3 Submission of reports	Contractor submits reports timely and accurate 95% of the time	95% deviation from standard	100% Inspection
PRS #4 All Contractor personnel shall maintain the qualifications specified in the PWS Paragraph 1.6.10 Special Qualifications	Inspector personnel will be certified in the categories as stated in PWS para 1.6.10	Zero deviation from standard	100% Inspection

TECHNICAL EXHIBIT 5**Fort Jackson Contractor Vetting Policy****1. References:**

- a. DoDI 2000.16 Standard 18. DoD Antiterrorism (AT) Standards.
- b. AR 535-13 Antiterrorism, 11 September 2008.
- c. Directive-Type Memorandum (DTM) 09-012, "Interim Policy Guidance for DoD Physical Access Control.
- d. Immigration and Nationality Act. SEC 274A – Unlawful Employment of Aliens.

2. Purpose: this policy establishes procedures and responsibilities for the standardization vetting program for contractor employees who work on Fort Jackson and who are authorize a DoD Common Access Card (CAC). In accordance with reference 1.a. and 1.b., this policy implements measures to maintain positive control of contractors within the installation. This policy also ensures contractors are in compliance with reference 1.c. and employ only authorized workers whose identity can be validated.

3. Policy:

- a. All contractors on Fort Jackson will be badge under the Contractor Verification System (CVS) program (using a CAC badge) or under the DES Standardized Contractor ID vetting program. Contractors performing work on Fort Jackson for a period 30 days or less, or contractors who have forgotten their badge at home can receive a temporary badge under the DES Standardized Contractor ID vetting program.
- b. All garrison, mission, and tenant government organizations on Fort Jackson.
 - (1) Provide contract data of prime and subcontractors for any contracts you have to the DES contractor Vetting Office supervisor using the Excel Spreadsheet sample format (enclosure 1) by e-mail.
 - (2) All primary and subcontractors should be aware of the Immigration Customs enforcement (ICE) Mutual Agreement between government and employers (IMAGE) Program (enclosure 2).
- c. Fort Jackson Directorate of Emergency Services (DES).
 - (1) Establish a program to vet contract personnel on Fort Jackson who are not authorized a DoD common access card under the CVS program.
 - (2) Establish a process to verify contractor employee vital information required to confirm their identity (enclosure 4).
 - (3) The DES Vetting Office will contact the prime contractor POC as listed on the contract data by e-mail when verification process has been completed to schedule a date and time for badges to be issued. If no e-mail address is listed for the prime contractor, the COR will be notified.
 - (4) Maintain a current list of all prime and subcontractors currently performing work on Fort Jackson.
 - (5) Provide a fixed site vetting processing capability located in Bldg 4394.

d. Contractors.

(1) All prime contractors must provide a letter requesting contractor badges (enclosure 3 & 4) signed by a designated representative from the company listing all employees who require access to Fort Jackson. A separate letter will be submitted for each sub contractor. The letters will be provided to the Government Contracting Officer (COR) of their contract that is responsible for providing this information to the DES Vetting Office. Requested contract data is to be e-mailed to David Hawkins, CMB, Eng. Div., DPW FJ with a cover sheet indicating it was sent from the COR. The letter will list the last name, first name, middle initial, social security number of the employee, and have as attachments the E-Verify status and criminal check. Badge request will be kept on file for 90 days from the date the request is received. A new request will be required for any individual that has not received their badge within ninety days.

(2) The contractor is responsible for collecting badges from employees and returning those to the DES Vetting Office once the employee ceases to work on the contract. The contractor will notify the DES Vetting Office when a badge is lost or cannot be recovered from the employee. In the event a badge is lost, the prime contractor will provide a request for replacement badge (enclosure 5) to the DES Vetting Office by e-mail or fax. It is understood this is difficult, but the contractor will make a best effort to obtain the badge and provide a document of his efforts to the COR and the Vetting Office.

(3) It is the contractor's responsibility to provide arm bands or other special means to display ID badge so that the badge would not interfere with safety or the performance of duty.

(4) Contractors are required to verify all social security numbers for their employees prior to submitting the letter to the government COR. One recommended system for social security number verification is the Social Security Administration web based system at: <http://www.ssa.gov/employer/ssnv/htm>. Refer to the step-by-step instructions for registering.

e. Badges.

(1) Can serve as a form of ID while on Fort Jackson for accessing the installation.

(2) Will be issued for the length of the contract, plus any additional time requested by the COR (not to exceed four years). If a contract is extended, the COR will notify the DES Vetting Office of the new contract end date. The prime contractor will be responsible for providing a list of names for all employees both prime and subcontractors whose badges need to be extended to the COR who will forward the information to the DES Vetting Office. The badges will be reissued one week prior to the original expiration date.

(3) Badges will be displayed at all times, and may be attached or worn in any manner on the front torso, the right or left arm, or around the neck on the outer most garment so they are easily visible for inspection.

f. Legal Hiring by Individuals. Section 274A of the Immigration and Nationality Act (enclosure 6) provides detailed procedural requirements employers must follow before hiring any individual. All employers, regardless of the size of their respective business, must verify the identity and work authorization of every new hire, citizen, or alien. This

DRAFT

includes reviewing documents which establish the employee's legal identity and his/her eligibility to be employed in the United States. If the employee is being hired for three or fewer days, verification must be done immediately when employment commences.

g. Non-compliance. Contractor employees found without badges can be escorted to post boundaries, and referred to the COR. Violations could form the basis for adverse contract action under the rights and remedies of the contract term and conditions.

4. Proponent: Directorate of Emergency Services, Physical Security, at (803) 751-2005.

Immigration Customs Enforcement (ICE) Mutual Agreement between Government and

Employer (IMAGE) Program

1. It is highly desired all prime and subcontractors working on Fort Jackson join the Department of Homeland Security (DHS) ICE Mutual Agreement between Government and Employers (IMAGE) Program and become IMAGE certified. A known vulnerability on Fort Jackson has been the presence of unauthorized aliens (undocumented workers) who have secured jobs by fraudulent means, including presentation of false documents, completion of fraudulent benefit applications, and theft of identities. To combat unlawful employment and reduce vulnerabilities that help illegal aliens gain employment, the Department of Homeland security (DHS) recently introduced the ICE Mutual Agreement between the Government and Employers (IMAGE) program. The goal is to assist employers in targeted sectors to develop a more secure and stable workforce and enhance fraudulent documentation awareness through education and training. The website for IMAGE is <http://www.ice.gov/partners/opaimage/>

2. Upon enrollment and implementation of the DHS's best hiring practices program participants will be deemed "IMAGE Certified"—a distinction DHS believes will become an industry standard.

3. All IMAGE participants gain membership to DHS's Basic Pilot Employment Verification Program administrated by USCIS. Though this employee authorization verification program, employers can verify newly hired employees are eligible to work in the United States. The internet-based system is available in all 50 states and is currently free to employers. It provides an automated link to the Social Security Administration database and DHS immigration records. To sign up for participation in the Basic Pilot Employment Verification Program, visit the registration Web site <http://www.is-dhs.com/EmployerRegistration/>

4. For more information on the IMAGE Program, please visit the IMAGE FAQ page. You may request an information packet via the IMAGE Information Packet Request form.

INA: Act 274A – Unlawful Employment of Aliens

DRAFT

Sec. 274A. [8 U.S.C. 1324a]

(a) Making Employment of Unauthorized Aliens Unlawful.-

(1) In general.-It is unlawful for a person or other entity-

(A) to hire, or to recruit or refer for a fee, for employment in the United States an alien knowing the alien is an unauthorized alien (as defined in subsection (h)(3)) with respect to such employment, or

(B) (i) to hire for employment in the United States an individual without complying with the requirements of subsection (b) or (ii) if the person or entity is an agricultural association, agricultural employer, or farm labor contractor (as defined in section 3 of the Migrant and Seasonal Agricultural Worker Protection Act), to hire, or to recruit or refer for a fee, for employment in the United States an individual without complying with the requirements of subsection (b).

(2) Continuing employment.-It is unlawful for a person or other entity, after hiring an alien for employment in accordance with paragraph (1), to continue to employ the alien in the United States knowing the alien is (or has become) an unauthorized alien with respect to such employment.

(3) Defense.-A person or entity that establishes that it has complied in good faith with the requirements of subsection (b) with respect to the hiring, recruiting, or referral for employment of an alien in the United States has established an affirmative defense that the person or entity has not violated paragraph (1) (A) with respect to such hiring, recruiting, or referral.

(4) Use of labor through contract.-For purposes of this section, a person or other entity who uses a contract, subcontract, or exchange, entered into, renegotiated, or extended after the date of the enactment of this section, to obtain the labor of an alien in the United States knowing that the alien is an unauthorized alien (as defined in subsection (h)(3)) with respect to performing such labor, shall be considered to have hired the alien for employment in the United States in violation of paragraph (1)(A).

(5) Use of state employment agency documentation.-For purposes of paragraphs (1)(B) and (3), a person or entity shall be deemed to have complied with the requirements of subsection (b) with respect to the hiring of an individual who was referred for such employment by a State employment agency (as defined by the Attorney General), if the person or entity has and retains (for the period and in the manner described in subsection (b)(3)) appropriate documentation of such referral by that agency, which documentation certifies that the agency has complied with the procedures specified in subsection (b) with respect to the individual's referral.

(6) Treatment of documentation for certain employees.-

(A) In general. - For purposes of this section, if-

(i) an individual is a member of a collective-bargaining unit and is employed, under a collective bargaining agreement entered into between one or more employee organizations and an association of two or more employers, by an employer that is a member of such association, and

(ii) within the period specified in subparagraph (B), another employer that is a member of the association (or an agent of such association on behalf of the employer) has complied with the requirements of subsection (b) with respect to the employment of the individual, the subsequent employer shall be deemed to have complied with the

requirements of subsection (b) with respect to the hiring of the employee and shall not be liable for civil penalties described in subsection (e)(5).

(B) Period.-The period described in this subparagraph is 3 years, or, if less, the period of time that the individual is authorized to be employed in the United States.

(C) Liability.-

(i) In general.-If any employer that is a member of an association hires for employment in the United States an individual and relies upon the provisions of subparagraph (A) to comply with the requirements of subsection (b) and the individual is an alien not authorized to work in the United States, then for the purposes of paragraph (1)(A), subject to clause (ii), the employer shall be presumed to have known at the time of hiring or afterward that the individual was an alien not authorized to work in the United States.

(ii) Rebuttal of presumption.-The presumption established by clause (i) may be rebutted by the employer only through the presentation of clear and convincing evidence that the employer did not know (and could not reasonably have known) that the individual at the time of hiring or afterward was an alien not authorized to work in the United States.

(iii) Exception.-Clause (i) shall not apply in any prosecution under subsection (f)(1).

(7) Application to Federal Government._ For purposes of this section, the term "entity" includes an entity in any branch of the Federal Government.

(b) Employment Verification System.-The requirements referred to in paragraphs (1)(B) and (3) of subsection (a) are, in the case of a person or other entity hiring, recruiting, or referring an individual for employment in the United States, the requirements specified in the following three paragraphs:

(1) Attestation after examination of documentation.-

(A) In general.-The person or entity must attest, under penalty of perjury and on a form designated or(A) In general.-The person or entity must attest, under penalty of perjury and on a form designated or established by the Attorney General by regulation, that it has verified that the individual is not an unauthorized alien by examining-

(i) a document described in subparagraph (B), or

(ii) a document described in subparagraph (C) and a document described in subparagraph (D).

Such attestation may be manifested by either a hand-written or an electronic signature. [2a/](#) A person or entity has complied with the requirement of this paragraph with respect to examination of a document if the document reasonably appears on its face to be genuine. If an individual provides a document or combination of documents that reasonably appears on its face to be genuine and that is sufficient to meet the requirements of the first sentence of this paragraph, nothing in this paragraph shall be construed as requiring the person or entity to solicit the production of any other document or as requiring the individual to produce such another document.

(B) Documents establishing both employment authorization and identity.-A document described in this subparagraph is an individual's-

(i) United States passport;

(ii) Resident alien card, alien registration card, or other document designated by the Attorney General, if the document-

(I) contains a photograph of the individual and such other personal identifying information relating to the individual as the Attorney General finds, by regulation, sufficient for purposes of this subsection,

(II) Is evidence of authorization of employment in the United States, and

(III) Contains security features to make it resistant to tampering, counterfeiting, and fraudulent use.

(C) Documents evidencing employment authorization.-A document described in this subparagraph is an individual's-

(i) Social security account number card (other than such a card which specifies on the face that the issuance of the card does not authorize employment in the United States); or

(ii) Other documentation evidencing authorization of employment in the United States which the Attorney General finds, by regulation, to be acceptable for purposes of this section.

(D) Documents establishing identity of individual.-A document described in this subparagraph is an individual's-

(i) driver's license or similar document issued for the purpose of identification by a State, if it contains a photograph of the individual or such other personal identifying information relating to the individual as the Attorney General finds, by regulation, sufficient for purposes of this section; or

(ii) in the case of individuals under 16 years of age or in a State which does not provide for issuance of an identification document (other than a driver's license) referred to in clause (i), documentation of personal identity of such other type as the Attorney General finds, by regulation, provides a reliable means of identification.

(E) Authority to prohibit use of certain documents.- If the Attorney General finds, by regulation, that any document described in subparagraph (B), (C), or (D) as establishing employment authorization or identity does not reliably establish such authorization or identity or is being used fraudulently to an unacceptable degree, the Attorney General may prohibit or place conditions on its use for purposes of this subsection.

(2) Individual attestation of employment authorization.-The individual must attest, under penalty of perjury on the form designated or established for purposes of paragraph (1), that the individual is a citizen or national of the United States, an alien lawfully admitted for permanent residence, or an alien who is authorized under this Act or by the Attorney General to be hired, recruited, or referred for such employment. Such attestation may be manifested by either a hand-written or an electronic signature.

(3) Retention of verification form.-After completion of such form in accordance with paragraphs (1) and (2), the person or entity must retain a paper, microfiche, microfilm, or electronic version of the form and make it available for inspection by officers of the Service, the Special Counsel for Immigration-Related Unfair Employment Practices, or the Department of Labor during a period beginning on the date of the hiring, recruiting, or referral of the individual and ending-

(A) In the case of the recruiting or referral for a fee (without hiring) of an individual, three years after the date of the recruiting or referral, and

(B) In the case of the hiring of an individual-

(i) three years after the date of such hiring, or

(ii) one year after the date the individual's employment is terminated, whichever is later.

(4) Copying of documentation permitted.- Notwithstanding any other provision of law, the person or entity may copy a document presented by an individual pursuant to this subsection and may retain the copy, but only (except as otherwise permitted under law) for the purpose of complying with the requirements of this subsection.

(5) Limitation on use of attestation form.-A form designated or established by the Attorney General under this subsection and any information contained in or appended to such form, may not be used for purposes other than for enforcement of this Act and sections 1001, 1028, 1546, and 1621 of title 18, United States Code.

(6) Good faith compliance.-

(A) In general.-Except as provided in subparagraphs (B) and (C), a person or entity is considered to have complied with a requirement of this subsection notwithstanding a technical or procedural failure to meet such requirement if there was a good faith attempt to comply with the requirement.

(B) Exception if failure to correct after notice.- Subparagraph (A) shall not apply if-

(i) The Service (or another enforcement agency) has explained to the person or entity the basis for the failure,

(ii) The person or entity has been provided a period of not less than 10 business days (beginning after the date of the explanation) within which to correct the failure, and

(iii) The person or entity has not corrected the failure voluntarily within such period.

(C) Exception for pattern or practice violators.- Subparagraph (A) shall not apply to a person or entity that has or is engaging in a pattern or practice of violations of subsection (a)(1) (A) or (a)(2).

(c) No Authorization of National Identification Cards.-Nothing in this section shall be construed to authorize, directly or indirectly, the issuance or use of national identification cards or the establishment of a national identification card.

(d) Evaluation and Changes in Employment Verification System.-

(1) Presidential monitoring and improvements in system.-

(A) Monitoring.-The President shall provide for the monitoring and evaluation of the degree to which the employment verification system established under subsection (b) provides a secure system to determine employment eligibility in the United States and shall examine the suitability of existing Federal and State identification systems for use for this purpose.

(B) Improvements to establish secure system.-To the extent that the system established under subsection (b) is found not to be a secure system to determine employment eligibility in the United States, the President shall, subject to paragraph (3) and taking into account the results of any demonstration projects conducted under paragraph (4), implement such changes in (including additions to) the requirements of subsection (b) as may be necessary to establish a secure system to determine employment

eligibility in the United States. Such changes in the system may be implemented only if the changes conform to the requirements of paragraph (2).

(2) Restrictions on changes in system.-Any change the President proposes to implement under paragraph (1) in the verification system must be designed in a manner so the verification system, as so changed, meets the following requirements:

(A) Reliable determination of identity.-The system must be capable of reliably determining whether-

(i) A person with the identity claimed by an employee or prospective employee is eligible to work, and

(ii) The employee or prospective employee is claiming the identity of another individual.

(B) Using of counterfeit-resistant documents.-If the system requires that a document be presented to or examined by an employer, the document must be in a form which is resistant to counterfeiting and tampering.

(C) Limited use of system.-Any personal information utilized by the system may not be made available to Government agencies, employers, and other persons except to the extent necessary to verify that an individual is not an unauthorized alien.

(D) Privacy of information.-The system must protect the privacy and security of personal information and identifiers utilized in the system.

(E) Limited denial of verification.-A verification that an employee or prospective employee is eligible to be employed in the United States may not be withheld or revoked under the system for any reason other than that the employee or prospective employee is an unauthorized alien.

(F) Limited use for law enforcement purposes.-The system may not be used for law enforcement purposes, other than for enforcement of this Act or sections 1001, 1028, 1546, and 1621 of title 18, United States Code.

(G) Restriction on use of new documents.-If the system requires individuals to present a new card or other document (designed specifically for use for this purpose) at the time of hiring, recruitment, or referral, then such document may not be required to be presented for any purpose other than under this Act (or enforcement of sections 1001, 1028, 1546, and 1621 of title 18, United States Code) nor to be carried on one's person.

(3) Notice to congress before implementing changes.-

(A) In general.-The President may not implement any change under paragraph (1) unless at least-

(i) 60 days,

(ii) one year, in the case of a major change described in subparagraph (D)(iii), or

(iii) two years, in the case of a major change described in clause (i) or (ii) of subparagraph (D), before the date of implementation of the change, the President has prepared and transmitted to the Committee on the Judiciary of the House of Representatives and to the Committee on the Judiciary of the Senate a written report setting forth the proposed change. If the President proposes to make any change regarding social security account number cards, the President shall transmit to the Committee on Ways and Means of the House of Representatives and to the Committee on Finance of the Senate a written report setting forth the proposed change. The President

promptly shall cause to have printed in the Federal Register the substance of any major change (described in subparagraph (D)) proposed and reported to Congress.

(B) Contents of report.-In any report under subparagraph (A) the President shall include recommendations for the establishment of civil and criminal sanctions for unauthorized use or disclosure of the information or identifiers contained in such system.

(C) Congressional review of major changes.-

(i) Hearings and review.-The Committees on the Judiciary of the House of Representatives and of the Senate shall cause to have printed in the Congressional Record the substance of any major change described in subparagraph (D), shall hold hearings respecting the feasibility and desirability of implementing such a change, and, within the two year period before implementation, shall report to their respective Houses findings on whether or not such a change should be implemented.

(ii) Congressional action.-No major change may be implemented unless the Congress specifically provides, in an appropriations or other Act, for funds for implementation of the change.

(D) Major changes defined.-As used in this paragraph, the term "major change" means a change which would-

(i) require an individual to present a new card or other document (designed specifically for use for this purpose) at the time of hiring, recruitment, or referral,

(ii) Provide for a telephone verification system under which an employer, recruiter, or referrer must transmit to a Federal official information concerning the immigration status of prospective employees and the official transmits to the person, and the person must record, a verification code, or

(iii) require any change in any card used for accounting purposes under the Social Security Act, including any change requiring that the only social security account number cards which may be presented in order to comply with subsection (b)(1)(C)(i) are such cards as are in a counterfeit-resistant form consistent with the second sentence of section 205(c)(2)(D) of the Social Security Act.

(E) General revenue funding of social security card changes.-Any costs incurred in developing and implementing any change described in subparagraph (D)(iii) for purposes of this subsection shall not be paid for out of any trust fund established under the Social Security Act.

(4) Demonstration projects.-

(A) Authority.-The President may undertake demonstration projects (consistent with paragraph (2)) of different changes in the requirements of subsection (b). No such project may extend over a period of longer than five years

(B) Reports on projects.-The President shall report to the Congress on the results of demonstration projects conducted under this paragraph.

(e) Compliance.-

(1) Complaints and investigations.-The Attorney General shall establish procedures-+

(A) For individuals and entities to file written, signed complaints respecting potential violations of subsection (a) or (g)(1),

(B) For the investigation of those complaints which, on their face, have a substantial probability of validity,

(C) For the investigation of such other violations of subsection (a) or (g)(1) as the Attorney General determines to be appropriate, and

(D) For the designation in the Service of a unit which has, as its primary duty, the prosecution of cases of violations of subsection (a) or (g)(1) under this subsection.

(2) Authority in investigations.-In conducting investigations and hearings under this subsection-

(A) Immigration officers and administrative law judges shall have reasonable access to examine evidence of any person or entity being investigated,

(B) administrative law judges, may, if necessary, compel by subpoena the attendance of witnesses and the production of evidence at any designated place or hearing, and

(C) immigration officers designated by the Commissioner may compel by subpoena the attendance of witnesses and the production of evidence at any designated place prior to the filing of a complaint in a case under paragraph (2).

In case of contumacy or refusal to obey a subpoena lawfully issued under this paragraph and upon application of the Attorney General, an appropriate district court of the United States may issue an order requiring compliance with such subpoena and any failure to obey such order may be punished by such court as contempt thereof.

(3) Hearing.-

(A) In general.-Before imposing an order described in paragraph (4), (5), or (6) against a person or entity under this subsection for a violation of subsection (a) or (g)(1), the Attorney General shall provide the person or entity with notice and, upon request made within a reasonable time (of not less than 30 days, as established by the Attorney General) of the date of the notice, a hearing respecting the violation.

(B) Conduct of hearing.-Any hearing so requested shall be conducted before an administrative law judge. The hearing shall be conducted in accordance with the requirements of section 554 of title 5, United States Code. The hearing shall be held at the nearest practicable place to the place where the person or entity resides or of the place where the alleged violation occurred. If no hearing is so requested, the Attorney General's imposition of the order shall constitute a final and unappeasable order.

(C) Issuance of orders.-If the administrative law judge determines, upon the preponderance of the evidence received, that a person or entity named in the complaint has violated subsection (a) or (g)(1), the administrative law judge shall state his findings of fact and issue and cause to be served on such person or entity an order described in paragraph (4), (5), or (6).

(4) Cease and desist order with civil money penalty for hiring, recruiting, and referral violations.-With respect to a violation of subsection (a)(1)(A) or (a)(2), the order under this subsection-

(A) Shall require the person or entity to cease and desist from such violations and to pay a civil penalty in an amount of-

(i) Not less than \$250 and not more than \$2,000 for each unauthorized alien with respect to whom a violation of either such subsection occurred,

(ii) not less than \$2,000 and not more than \$5,000 for each such alien in the case of a person or entity previously subject to one order under this paragraph, or

(iii) not less than \$3,000 and not more than \$10,000 for each such alien in the case of a person or entity previously subject to more than one order under this paragraph; and

(B) May require the person or entity-

(i) to comply with the requirements of subsection (b) (or subsection (d) if applicable) with respect to individuals hired (or recruited or referred for employment for a fee) during a period of up to three years, and

(ii) To take such other remedial action as is appropriate.

In applying this subsection in the case of a person or entity composed of distinct, physically separate subdivisions each of which provides separately for the hiring, recruiting, or referring for employment, without reference to the practices of, and not under the control of or common control with, another subdivision, each such subdivision shall be considered a separate person or entity.

(5) Order for civil money penalty for paperwork violations.- With respect to a violation of subsection (a)(1)(B), the order under this subsection shall require the person or entity to pay a civil penalty in an amount of not less than \$100 and not more than \$1,000 for each individual with respect to whom such violation occurred. In determining the amount of the penalty, due consideration shall be given to the size of the business of the employer being charged, the good faith of the employer, the seriousness of the violation, whether or not the individual was an unauthorized alien, and the history of previous violations.

(6) Order for prohibited indemnity bonds.-With respect to a violation of subsection (g)(1), the order under this subsection may provide for the remedy described in subsection in subsection (g)(2).

(7) Administrative appellate review.-The decision and order of an administrative law judge shall become the final agency decision and order of the Attorney General unless either (A) within 30 days, an official delegated by regulation to exercise review authority over the decision and order modifies or vacates the decision and order, or (B) within 30 days of the date of such a modification or vacation (or within 60 days of the date of decision and order of an administrative law judge if not so modified or vacated) the decision and order is referred to the Attorney General pursuant to regulations, [7/](#) in which case the decision and order of the Attorney General shall become the final agency decision and order [8/](#) under this subsection. The Attorney General may not delegate the Attorney General's authority under this paragraph to any entity which has review authority over immigration-related matters.

(8) Judicial review.-A person or entity adversely affected by a final order respecting an assessment may, within 45 days after the date the final order is issued, file a petition in the Court of Appeals for the appropriate circuit for review of the order.

(9) Enforcement of orders.-If a person or entity fails to comply with a final order issued under this subsection against the person or entity, the Attorney General shall file a suit to seek compliance with the order in any appropriate district court of the United States. In any such suit, the validity and appropriateness of the final order shall not be subject to review.

(f) Criminal Penalties and Injunctions for Pattern or Practice Violations.-

(1) Criminal penalty.-Any person or entity which engages in a pattern or practice of violations of subsection (a)(1)(A) or (a)(2) shall be fined not more than \$3,000 for each unauthorized alien with respect to whom such a violation occurs, imprisoned for not more

than six months for the entire pattern or practice, or both, notwithstanding the provisions of any other Federal law relating to fine levels.

(2) Enjoining of pattern or practice violations.-Whenever the Attorney General has reasonable cause to believe that a person or entity is engaged in a pattern or practice of employment, recruitment, or referral in violation of paragraph (1)(A) or (2) of subsection (a), the Attorney General may bring a civil action in the appropriate district court of the United States requesting such relief, including a permanent or temporary injunction, restraining order, or other order against the person or entity, as the Attorney General deems necessary.

(g) Prohibition of Indemnity Bonds.-

(1) Prohibition.-It is unlawful for a person or other entity, in the hiring, recruiting, or referring for employment of any individual, to require the individual to post a bond or security, to pay or agree to pay an amount, or otherwise to provide a financial guarantee or indemnity, against any potential liability arising under this section relating to such hiring, recruiting, or referring of the individual.

(2) Civil penalty.-Any person or entity which is determined, after notice and opportunity for an administrative hearing under subsection (e), to have violated paragraph (1) shall be subject to a civil penalty of \$1,000 for each violation and to an administrative order requiring the return of any amounts received in violation of such paragraph to the employee or, if the employee cannot be located, to the general fund of the Treasury.

(h) Miscellaneous Provisions.-

(1) Documentation.-In providing documentation or endorsement of authorization of aliens (other than aliens lawfully admitted for permanent residence) authorized to be employed in the United States, the Attorney General shall provide that any limitations with respect to the period or type of employment or employer shall be conspicuously stated on the documentation or endorsement.

(2) Preemption.-The provisions of this section preempt any State or local law imposing civil or criminal sanctions (other than through licensing and similar laws) upon those who employ, or recruit or refer for a fee for employment, unauthorized aliens.

(3) Definition of unauthorized alien.-As used in this section, the term "unauthorized alien" means, with respect to the employment of an alien at a particular time, that the alien is not at that time either (A) an alien lawfully admitted for permanent residence, or (B) authorized to be so employed by this Act or by the Attorney General.
