NOTE 1: A signature block will appear here (replacing these notes) based on the "Dollar Value of this Acquisition" selected above. Since most digital signatures that include date/time-stamps are redacted before they are made publicly available, always insert the date in the "Date" cell when affixing a digital signature to this document.

Department of the Air Force: Justification for Other Than Full and Open Competition

I. Agency and Contracting Activity (RFO 6.104-1(a)(1)):

AFLCMC/PZITB, Information Technology
2275 D Street, Building 16
Wright-Patterson AFB, OH 45433

II. Nature and/or description of the action being approved (RFO 6.104-1(a)(2)):

IAW FAR 52.217-8 , Option to Extend Services, this document justifies the award of (up to) a six month extension of services for the purpose of awarding a follow-on contract to FA8604-21-C-B028. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. This extension will provide Local Telecommunications Services (LTS) in support of the [REDACTED] This justification is made on an individual basis.

III. Description of supplies/services required to meet agency needs (RFO 6.104-1(a)(3)):

[REDACTED] requires local exchange access services, analog and digital access transport services, and intra-Local Access Transport Area (LATA) interconnect functions. The Contractor shall provide all transmission facilities, equipment, materials, maintenance, test equipment, and design layout needed to perform and provide local access and transport services and functions at the designated demarcation point. This includes the contractor's ability to install Primary Rate Interface (PRI)s and Commercial Subscriber Lines (CSLs) where applicable. These services shall include any special items, equipment, wiring or infrastructure to ensure the Contractor's proposed solution is compatible with the government's current infrastructure. The contractor is responsible for troubleshooting and maintaining the operation of the circuit up to its termination point. Access to the local exchange shall include: operator assistance, emergency 911/E911 services/functions, circuits/trunks to base Demarcation Point (DMARC) and 911/E911 database maintenance where applicable. These services shall not include residential/business services for non-Government entities or Government Contractors.

The required services above are on the existing contract, FA8604-21-C-B028. The extension of services will continue at the rates established on the last option year. As such, the maximum value of these services is [REDACTED] the appropriation for this requirement is Fiscal Year (FY) [REDACTED] funding.

IV. Statutory Authority Permitting Other Than Full and Open Competition (RFO 6.104-1(a)(4)):

10 U.S.C. 3204(a)(2), Unusual and compelling urgency.

V. Rationale for Use of Authority (RFO 6.104-1(a)(5)):

The award of the (up to) six month extension of services is for the purpose of allowing the acquisition team enough time to award a full and open competition follow-on contract for similar services, to include a transition period between the current analog system to the updated digital (VOIP) system. The current holder of contract FA8604-21-C-B028, CenturyLink Communications, LLC (DBA: Lumen), is the only responsible source who can provide the services without a transition period that would cause an unacceptable lapse in critical services. A lapse in service would cause users located at Wright-Patterson Air Force Base unable to complete phone calls to recipients outside of the base.

VI. Integrated Market Analysis and Efforts to Solicit Competition (RFO 6.104-1(a)(6), (8), and (10)):

Market research suggests that the follow-on contract will be available for competition, as multiple contractors are capable of providing Voice over Internet Protocol (VOIP) services. This justification is for the (up to) six-month extension of services,

Department of the Air Force: Justification for Other Than Full and Open Competition

serving as a bridge to allow ample time to execute the contract follow-on.

VII. Determination of Fair and Reasonable Cost (RFO 6.104-1(a)(7)):

The Contracting Officer is responsible for evaluating, determining, and documenting the anticipated contract cost/price is fair and reasonable in accordance with RFO Subpart 15.4, Contract Pricing.

VIII. Any Other Facts Supporting the Justification (RFO 6.104-1(a)(9)):

N/A

IX. Actions to Overcome Barriers to Competition (RFO 6.104-1(a)(11)):

N/A. This acquisition will be competed after the bridge action is completed.
