

Product Description & Requirements
Maintenance Support Group Praxair (HVOF) Thermal Spray Equipment
United States Air Force

THIS IS A SOURCES SOUGHT ANNOUNCEMENT/ MARKET SURVEY FOR
POTENTIAL SOURCES FOR INFORMATION AND PLANNING PURPOSES ONLY.

As permitted by FAR Part 10, this is a market research tool being utilized for informational and planning purposes. The purpose of this Sources Sought is to determine if responsible sources exist. It will also assist in determining if this effort can be competitive and/or a Small Business Set-Aside. Response is strictly voluntary. However, it should be noted that information gathered through this notice may significantly influence our acquisition strategy.

Hill Air Force Base, Utah is conducting market research of industry to identify potential firms, with current relevant qualifications, experience, personnel, and capability to perform services required for **Praxair (HVOF) Thermal Spray Equipment** with the descriptions and specifications outlined in the attachments listed below. This will be a 1 Year Base + 4 - 1 Year Option Contract.

This is not a solicitation, and any requests for a solicitation will not receive a response. The Government will not reimburse participants for any expenses associated with their participation in or responses to this sources sought synopsis.

1. PROJECT DETAILS:

The descriptions and specifications of this project are, but are not limited to, the following:

- The contractor shall provide all management, tools, supplies, equipment, and labor necessary to inspect, service, repair (as necessary), calibrate and certify specific thermal spray equipment items located at Hill Air Force Base (HAFB), Utah.
- All equipment items shall be adjusted, serviced, repaired and returned to the most current Original Equipment Manufacturer (OEM) configuration / status, as required. The Government estimates repair services to occur, 1 time per year. Total parts will not exceed \$10,000 for the Period of Performance (POP).
- The contractor shall conduct an annual on-site visit to inspect, service, repair (as necessary), calibrate, adjust and certify specific thermal spray equipment items located at HAFB, Utah.

2. PLACE OF DELIVERY: Hill AFB, UT.

3. ATTACHMENTS:

- a. Performance Work Statement
