

700th Contracting Squadron, Ramstein
Sources Sought/Request for Information
Total Tank Solutions

1. Sources Sought Synopsis for Planning Purposes. This is a Sources Sought Synopsis and Request for Information (RFI) in accordance with Revolutionary War Overhaul (RFO). The purpose of this Sources Sought Synopsis is to perform market research, and to determine offeror interest and capability in providing Total Tank Solutions to the Air Force.

- a. Background: The Government is conducting market research to identify companies as potential sources that may possess the expertise, capabilities and experience to competently and competitively respond to the requirements to provide all management, tools, supplies, equipment and labor necessary to maintain oil/water separators, grease traps, and septic tanks located at Ramstein Air Base.
- b. The Government does not intend to award a contract on the basis of this synopsis or to otherwise pay for the information solicited except as an allowable cost under other contracts as provided in RFO 31.205-18, Bid and Proposal costs. Companies responding to this market research are advised that participation does not ensure participation in future solicitations or contract awards. The Government will not reimburse any company or individual for any expenses associated with preparation or participation in this research. Respondents are solely responsible for all expenses associated with responding to this RFI.
- c. Although “proposal” and “offeror” are used in this Sources Sought Synopsis, your response will be treated as information only. It shall not be used as a proposal.

2. Requirements: See attached Draft PWS.
