

AFICC 772d ENTERPRISE SOURCING SQUADRON
SOURCES SOUGHT NOTICE
27 January 2026

1. THIS NOTICE IS ISSUED AS A SOURCES SOUGHT ANNOUNCEMENT FOR INFORMATION PURPOSES ONLY. This notice DOES NOT constitute a Request for Proposal or complete package outlining the technical competencies/qualifications of the prospective contractor, nor does it represent any commitment by the Government. Since this is a Sources Sought announcement, no evaluation letters and/or results will be issued to the respondents. No reimbursement will be made for any costs associated with providing information in response to this announcement. No telephone calls will be accepted requesting a bid package or solicitation. **A solicitation does not presently exist.**

2. The United States Air Force (USAF) has a requirement in support of Directorate of Headquarters Air Force Civil Engineer Center (HQ AFCEC) for the purchase of AM2 Airfield Matting Kits in support of the USAF Airfield Damage Repair Program. This requirement also has the potential to extend to other agencies within the Department of Defense. The intent is to award a 5-year centralized Indefinite Delivery Indefinite Quantity contract to allow for the acquisition of various kits as well as individual quantities of varying materials to support USAF ADR AM2 matting requirements. The number of Delivery Orders will fluctuate annually dependent on the USAF's needs.

For the USAF to better understand the capabilities of the industry, please answer the following questions:

1. Relevant Past Experience

- 1.1. Has the vendor previously manufactured custom tools and tool kits in relation to Airfield Damage repair?
- 1.2. Does the vendor have experience with the federal supply system and national stock numbers?
- 1.3. Does the vendor have experience with all documentation required by the SOW (inventory management, labeling, and 2/3D drawings)?
- 1.4. To what extent does the vendor rely on subcontracts (subcontractors)?

2. Shipping and Logistics

- 2.1. Does the vendor have sufficient on-site Material Handling Equipment (MHE) to move the various package configurations?

- 2.2. Does the vendor utilize or have access to shipment tracking websites for all legs and modes of transportation?
- 2.3. Is the vendor familiar with the Air Transportability Test Loading Agency (ATTLA) requirements?
- 2.4. Do all the vendors (prime and subs) have and utilize the same inventory management system?
- 2.5. Does the vendor have experience with overseas shipments to include in areas of increase hostilities or remote locations?
- 2.6. Does the vendor utilize an overseas custom agent for world-wide shipments?
- 2.7. Does the vendor have the resources to adhere to FAR 47.502 – Oceanic transport by U.S.-Flag Vessels? DFARS 252.247-7023 Transportation of Supplies by Sea?
- 2.8.
- 2.9. What is the arrangement for off-loading at the final destinations?
- 2.10. What is the plan to repair items damaged in shipment?
- 2.11. Does your company have experience creating customized packing solutions?
- 2.12. Does your company have the logistical capacity to fulfill large-scale quantities of materials over a five-year period?
- 2.13. Do you expect any issues with delays in manufacturing, long-lead ordering issues, or equipment availability issues?

3. Facilities

- 3.1. Does the vendor have access to bonded storage areas?
- 3.2. Are the assembly, inspection, and staging areas collocated?
- 3.3. Can your company assemble the kits in the timeframe required?
- 3.4. How many kits are your company able to temporarily store?
- 3.5. Is the inspection/staging area large enough to support multiple kits (how many)?
- 3.6. Is the inspection area indoors?

3. The Government is performing market research primarily to locate firms with the capability to execute the requirements of this anticipated Sources Sought. Therefore, all business concerns are invited to provide a capability statement in response to this requirement. It is required for all contractors to be registered to do business with the Government in SAM before any award is made. Contractors are encouraged to obtain further information on SAM registration at the following website: <https://www.sam.gov/SAM/pages/public/index.jsf>. This announcement **does not obligate** the Government to award a contract, **nor does it obligate** the Government to pay for any preparation costs for this effort.

4. The Government strongly encourages any firms interested in such work to submit a capability statement that addresses, as a minimum, the questions presented within this announcement. The Government does not intend to rank submittals or provide any reply to interested firms. North American Industry Classification System (NAICS) Code 332312 – Fabricated Structural Metal Manufacturing. The small business size standard for this NAICS is 500 employees. It is anticipated that the first order will not be until late FY2027.

NOTE: Awards under any solicitation from this effort may require access to, or generation of, data subject to export control laws and regulations. Only contractors who are registered and certified with the Defense Logistics Information Service (DLIS) and have a legitimate business purpose may participate in this solicitation. You must submit a copy of your approved DD Form 2345, Militarily Critical Technical Data Agreement, with your proposal.

a. Does your company currently have an approved DD Form 2345? If so, provide a copy with your Sources Sought response. If not, is your company interested in pursuing one for this effort?

5. Contractors who can provide this product should submit in writing an affirmative response, which includes as a minimum the following information:

a. What is the name of your business, Cage Code and UEI?

b. What is your business address?

c. Provide a point of contact to include telephone number and email address.

d. Based on your professional experience in the private sector, would you consider this requirement to coincide with work typically provided in the commercial market?

e. Provide an additional NAICS code with justification that you would recommend as being more applicable.

f. Specify your business type (SBA certified Small Business, Small Disadvantaged Business, 8(a) Certified Small Business, HUBZone Small Business, Woman-Owned Small Business, Service-Disabled Veteran-Owned Small Business, Veteran-Owned Small Business) based upon **NAICS 332312**. Specify all that apply.

g. Would your firm propose on this project as a prime contractor, prime contractor with subcontractor(s), prime contractor with team member subcontractor(s), or a joint venture? If you have proposed a joint venture, identify to the extent possible, your team members. Identify the business size of your team members or joint venture firms. If a teaming arrangement is planned, give details to the extent practicable on how the team likely will be composed. See FAR subpart 9.6 for Government policy on teaming arrangements and 8(a) Program regulations described in 13 CFR 124.513

h. Provide your assessment on whether subcontracting opportunities are available and what goals would be appropriate. Please include supporting rationale.

i. Identify any contracts completed in the past three (3) years for the same or similar products to help determine your firm's capability in meeting the requirements for the products identified in the attached Statement of Work (SOW) package. Include any government contracts (Federal, State, or local) that you have been awarded for this type of requirement. Also, include the contract number and a government point of contact. Please also provide subcontracting percentages and dollars for the projects identified.

j. Is this product available on a GSA Schedule? If so, please provide the GSA Schedule number and special item number. If GSA is in the process of awarding a schedule for this type of requirement, please provide the GSA point of contact name and phone number.

k. Do you have any other comments or suggestions that you would like to share with us?

l. Does your company have the financial resources to front cost associated purchasing supplies and materials for delivery orders more than \$10M, \$20M?

6. All responsible sources are encouraged to submit a capability statement in response to this announcement. All such responses will be considered by the agency. Responses shall be no more than 15 pages (single spaced, front and back, no smaller than Times New Roman, font size 12 or equivalent). If submissions exceed the page count noted, the Government will only review the

first 15 pages and disregard the remainder of the submission. Extraneous materials (brochures, manuals, etc.) will be considered but limited to no more than 5 pages.

Questions concerning this announcement shall be submitted in writing via email to the individuals listed below **NLT 1000CST 10 February 2026.**

Responses shall be submitted electronically to Mr. Randall S. Jones at randall.jones.16@us.af.mil, SrA Chaston Waller at chaston.waller@us.af.mil and Nikita Chandiramani at nikita.chandiramani@us.af.mil **NLT 1000CST 17 March 2026.**
