adjustment mechanism, and adjustment will be made at ordering period renewal; the specific formula for calculating the adjustment will be provided in any future solicitation.

At a high level, the EKHCS PWS includes, but is not limited to, the following requirements (offerors must demonstrate capability to meet them):

- **Vehicle Requirements:** Vehicles must meet Kansas/Missouri DOT safety standards; have fully functional heating/air conditioning; clean interiors/exterior; wheelchair lifts or ramps with at least 800-lb capacity; proper wheelchair and occupant securement systems; seatbelts at all positions; required safety equipment (fire extinguisher, first aid kit, spill kit, PPE); GPS-based tracking capable of recording mileage, speed, and wait/idle time, with data exportable to VA for verification.
- **Operations and Scheduling:** Contractor must accept and manage transportation requests primarily through the VA VetRide portal, with dedicated staff monitoring VetRide 24/7 to receive requests, update ride status, and capture trip data; must provide scheduled and same-day/add-on transports including nights, weekends, and holidays; must perform pre-trip Veteran contact/confirmation and calculate pick-up times so Veterans arrive within EKHCS-specified windows before appointments; must follow EKHCS rules for wait times, cancellations, and No-Load situations and document them appropriately.
- **Drivers and Attendants:** Drivers and attendants must meet EKHCS qualifications including acceptable driving records, background checks (SAC), DOT-standard drug testing, and medical fitness; must complete required training in first aid, defensive driving, transporting elderly/disabled/mentally challenged patients, lift and securement operation, abuse-prevention, and sexual harassment prevention; must wear appropriate uniforms and VA contractor ID; must be able to provide “through-the-door” assistance up to a specified maximum number of stairs when requested.
- **Patient Handling, Safety, and Privacy:** Contractor shall secure all patients with appropriate restraints and refuse transport where patients decline safety restraints; shall handle bariatric and spinal cord injury patients in accordance with PWS, including accommodating specialized wheelchairs; shall assist Veterans at public transportation hubs; shall protect patient privacy and medical records in accordance with HIPAA, Privacy Act, and VA policy, with a Business Associate Agreement required; shall comply with EKHCS COVID-19 and infectious disease protocols and provide required PPE for contractor staff.

Sources Sought Notice

- **Performance, Reporting, and Quality Control:** Contractor shall maintain an effective quality control program; cooperate with VA monitoring (including random inspections and VetRide/GPS data reviews); report accidents and incidents promptly with required written follow-up; submit detailed invoices reconcilable to VetRide manifests showing trip counts, miles, wait times, cancellations, and No-Loads.
