SUMMARY OF CHANGES

Block 14 (Description of Amendment/Modification): The purpose of this amendment is to rescind Amendment 0001 in its entirety and provide final clarification on the dryer door configuration for CLIN 0003.

In response to vendor questions, the Government is clarifying its preference and the minimum acceptable requirement. Therefore, the salient characteristic is hereby amended to read as follows:

"Door Configuration: The Government's preference is for a right-side opening configuration (handle on the left, hinges on the right). However, as a minimum requirement, the offered product's door must be field-reversible. Quotes for products that are delivered in the manufacturer's standard left-opening configuration but are field-reversible and include instructions for conversion are fully acceptable."
