

The purpose of this Sources Sought is to conduct market research to identify companies capable of providing Flooring Materials for a Indefinite Delivery Indefinite Quantity or Blanket Purchase Agreement of contract for the Department of Veterans Affairs, Veterans Health Administration (VHA) Network Contracting Office (NCO) 21, on behalf of VA Pacific Islands Healthcare System

(1) The Government does not intend to award a contract based on this Sources Sought Notice or to otherwise pay for the information solicited.

(2) Although “proposal,” “offeror,” “contractor,” and “offeror” may be used in this source sought notice, any response will be treated as information only. It shall not be used as a proposal.

(3) The purpose of this sources sought is to conduct market research to support the procurement of Flooring Materials for an Indefinite Delivery Indefinite Quantity contract for the VA Pacific Islands Healthcare System. This notice serves to survey the market to ascertain whether or not sources are capable of providing the requested flooring materials. This notice allows potential contractors/vendors to submit a non-binding statement of interest and documentation demonstrating their capability. The sources sought effort is intended to assess industry capabilities and develop/support the intended direction of acquisition planning. The Network Contracting Office (NCO 21) is requesting responses from qualified business concerns: the qualifying NAICS code for this effort is 238330 - Flooring Contractors and Size Standard of \$19M.

4) This source sought notice to gain knowledge of potential qualified sources and their size classifications (Service Disabled/Veteran Owned Small Business (SDVOSB/VOSB), Hub zone, 8(a), small, small disadvantaged, woman-owned small business, or large business) relative to NAICS 339950. Responses to this notice will be used by the Government to make appropriate acquisition decisions. After a review of the responses to this notice, a solicitation announcement may be published. Responses to this notice are not considered adequate responses to any corresponding solicitation announcement. All interested offerors will have to respond to the solicitation announcement in addition to responding to this notice.

(5) Any information received from a contractor in response to this Sources Sought Notice may be used in creating a solicitation. Any information received that is marked with a statement, such as “proprietary” or “confidential,” intended to restrict distribution will not be distributed outside of the Government, except as required by law.
