

Questions and Answers: Large A&E Services, FA469026RA-E

1. Can you clarify whether the referenced master planning services are intended to support DD1391 development/programming efforts, or if they are broader installation-level master planning services? Additionally, should this capability be demonstrated as a distinct qualification within the SF330 submission?
 - a. Master Planning Services are intended for broader installation-level master planning services. Planning documents that A&Es have completed for us in the past include district plans for areas such as Flightline District, Town Center District and industrial areas. Component plans-specialized sub-plans focusing on specific sub-plans like transportation, utilities, or Stormwater Management. Yes, this capability should be part of the SF330 qualifications package submitted.
