

PERFORMANCE WORK STATEMENT (PWS)

Lethal Means Safety (LMS)

14 April 2026

Part 1 General Information

1. General: This is a non-personal service(s) contract under which the personnel rendering the service(s) are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees.

1.1 Description of Services/Introduction: This is a non-personal service(s) contract to provide Peer Intervention Training on Firearms and Lethal Means Safety as defined in this PWS.

1.2 Background: The military's suicide prevention approach is over-reliant on mental illness models, 'warning signs,' screening, forms and paperwork. Conversely, a public health approach proposes that the most effective way to prevent illness, injury, and mortality involves strategies that focus on the hazardous condition itself. In the US Military that hazard is the firearm where suicide deaths involve firearms 67% of the time – grossly disproportionate to the civilian community. Suicide experts unequivocally agree that the one place where there is decided scientific agreement is putting time and distance between a person in crisis and the potential means of their suicide – this is lethal means reduction. Strategically, lethal means reduction is our most powerful suicide prevention approach, but its use is not widespread. The intended audience typically doubts the effectiveness of lethal means reduction, which is why we must bring the conversation about suicide risk and firearms into an area of trust – our Soldiers' relationships with their peers and leaders. Research demonstrates that lethal means reduction is effective and translatable with military members when the right message is delivered by the right messenger. To that end, we must pursue intervention models that inspire action in crisis, asking to temporarily hold onto weapons or take protective storage measures before it's too late.

1.3 Scope: The contractor shall provide all personnel, equipment, supplies, transportation, tools, materials, supervision, non-personal services, and other items necessary to perform services as described in the PWS and associated contract documents. The only exception is for those items specified in Part 3 Government Property and Services. The Contractor shall perform to the standards and acceptable quality levels identified in this PWS and associated contract documents.

1.4 Objectives: The objective of this contract is to provide peer intervention training focused on firearms and lethal means safety. The goal of the training is to increase intervention and reduce suicides.

1.5 Kick Off Meeting: The Contractor shall attend a kick-off meeting with the requiring authority, Contracting Officer (KO), and the COR (by phone), ten (10) days after the award of the contract task order. This meeting will be to discuss the work to be accomplished under this Task Order (TO). During the meeting, the process, decision makers, objectives and deliverables under this TO and contents of the approach will be discussed. The purpose of the meeting will be for the Contractor to become familiar with expectations, and to begin preliminary data gathering.

1.6 General Information:

1.6.1 Quality Control Plan (QCP): The Contractor shall develop and maintain a QCP to ensure services are performed in accordance with (IAW) this PWS. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The Contractor's QCP is the means by which it assures that the work provided complies with the requirements of the contract.

The Contractor's Proposed QCP shall be submitted to the Contracting Officer (KO) through the Contracting Officer's Representative (COR) for review within 10 days after date of contract award (Deliverable A.001).

The Government will review and either notify the Contractor in writing of acceptance of the plan or return their comments to the Contractor within 5 days. If the Government has provided comments, the Contractor will then have 5 days to submit a Final QCP. After receipt of the Final QCP, the Contractor may receive the Contracting Officer's acceptance in writing. Any proposed changes to the accepted QCP are required to be resubmitted for acceptance by the Contracting Officer no later than 5 days prior to the anticipated change and before implementation by the Contractor. The timeline noted above will apply for review and acceptance of proposed changes. At a minimum, the QCP must include and answer the following to be acceptable:

(a) A chart showing the organizational structure and lines of authority, the names, qualifications, duties, responsibilities, and classification of each member of the Contractor's Quality Control Team;

(b) How the Contractor will monitor work to ensure performance complies with all deliverables (etc. timelines, deadlines, and goals);

(c) How the Contractor will monitor work to ensure performance complies with all specifications and requirements of the contract, including the contract's clauses;

(d) How the Contractor will monitor and ensure staff qualifications remain current and valid including Department of War (DoD) Contractor Personnel Office (DOCPER) processes/approvals throughout contract performance;

(e) How the Contractor will ensure all keys issued will remain controlled items (Paragraph 1.8 Key Control);

(f) How the Contractor will inventory and track maintenance of all Government Provided Equipment / Materials;

(g) How the Contractor will identify, investigate, and correct any non-conforming performance and prevent similar deficiencies in the future;

(h) How the Contractor will file and save all Quality Control related documents for the life of the contract plus 5 years.

(i) How the Contractor will ensure all personnel with access to PII, CUI, or sensitive Government information have executed NDAs prior to gaining such access, and how executed NDAs will be tracked and maintained.

1.6.1.1 An Analysis of Quality Control and Timeliness of Submittals (i.e. deliverables) shall be provided to the COR within 30 days upon completion of each option period or Task Order (Deliverable A.002).

1.6.1.2 The Contractor shall inform the COR of issues or potential issues that might affect the performance within 8 working hours identifying those issues. Verbal reports shall be followed by written reports within 5 days (Deliverable A.003).

1.6.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.6.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest workday prior to the holiday will apply as the deadline for submittal.

1.6.3.1 U.S. Holidays: Work shall not be performed on U.S. federally recognized holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S. holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1st

Washington's Birthday 3rd Monday in February

Juneteenth June 19th

Labor Day 1st Monday in September

Veteran's Day November 11th

Christmas Day December 25th

M. L. King Memorial Day 3rd Monday in Jan

Memorial Day last Monday in May

Independence Day July 4th

Columbus Day 2nd Monday in October

Thanksgiving Day 4th Thursday in November

1.6.3.2 Host Nation Holidays: Work shall be performed on local Host Nation holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer.

1.6.4 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ. Please refer to the following.

1.6.4.1 Government Facility Office Hours: The Government facility office is open from 9 a.m. to 5 p.m., Monday through Friday, excluding U.S. holidays, training holidays and unscheduled official government closures (weather, etc).

1.6.4.2 Contractor Support Hours: The Contractor shall provide support between the hours of 0800 to 1630, the days Monday through Friday. The facility is closed during local or national emergencies, administrative closings, or similar Government directed facility closings. The Contractor shall maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons. When hiring personnel, the Contractor shall keep in mind that the stability and continuity of the workforce is essential. For other than firm fixed price contracts, the Contractor will not be reimbursed when the Government facility is closed for the above reasons.

1.6.4.3 Contractor Work Plan: The Contractor shall prepare and maintain a Work Plan. The plan, as a minimum, shall identify regularly scheduled work (to include location, work to be completed, timeline, etc.) The Contractor's proposed Work Plan shall be submitted to the Contracting Officer via the COR for review within 30 days after date of contract award (Deliverable A.004). The Government will review and either accept or return their comments to the Contractor within 10 days. The Contractor shall then have 3 days to submit a Final Work Plan. Any proposed change to the accepted Final Work Plan is required to be resubmitted via the COR for review and acceptance by the Contracting Officer at a minimum thirty (30) days prior to implementation. The timeline noted above shall apply for review and acceptance of proposed changes.

1.6.5 Training Holidays: The government historically grants military personnel training holidays as compensation for the time that they spent in field training. These are typically combined with regular holiday leave schedules (for example, Christmas half days or day on day off schedules). Training holidays may affect access to military operated facilities. If scheduled work or access to facilities is required, coordination with occupants will be necessary or the work in the facilities affected shall be rescheduled after the training holiday. However, announced training holidays or exodus of military personnel may provide the Contractor with an opportunity for unrestricted access to facilities and areas. The Contractor shall take full advantage of such opportunities by planning training or actions that are better accomplished when such areas are vacant.

1.6.6 Place of Performance: The work to be performed under this contract is for the III Armored Corps (IIIAC) and its subordinate units at CONUS and OCONUS locations as specified in individual task orders. Potential locations include Forts Hood, Bliss, Riley, and Sill, and various sites in Europe.

1.7 Security Requirements: The following information is provided on security-related matters.

1.7.1 Installation Access: Access to U.S. installations, buildings and controlled areas is limited to personnel who meet security criteria. Additionally, for OCONUS requirements, the contract must meet any Host Nation requirements to work in the country. Failure to submit required information/data and obtain required documentation or clearances will be grounds for denying access to U.S. installations, buildings and controlled areas. The Contractor shall ensure that any subcontractors used in performance of this contract complies with these requirements and that all employees, of both the Contractor and any subcontractor utilized by the Contractor, are made aware of and comply with these requirements.

The Contractor shall be aware of and comply with the requirements associated with Installation Access Control. The Government is not liable for any costs associated with performance delays due solely to a firm's failure to comply with Installation Access Control System (IACS) processing requirements.

The Contractor shall return installation passes to the issuing IACS office when the contract is completed or when a Contractor employee no longer requires access.

1.7.2 Installation Pass Log: The Contractor shall provide the Contracting Officer, via the COR, with an Initial Installation Pass Log within 3 days after contract award (Deliverable A.005). The log shall be updated as employees are added or removed. The Updated Installation Pass Log shall be current and available at any time upon request by the Government and submitted to the COR within five (5) days after any changes to the log.

1.7.3 Individual Termination or Expiration of Employment: The Contractor shall collect the installation access passes the same day employment of an individual has expired or has been terminated and shall return them to the issuing office within 3 days.

1.7.3.1 Contract Termination or Cancellation: Upon termination or cancellation of this contract, the Contractor shall collect all outstanding installation access passes and return them to the issuing office within 3 days.

1.7.4 Common Access Cards (CAC) and CAC Log: The Contractor shall provide the following information: Last, First and Middle Names, government issued personal identifier (e.g. Social Security Number, Federal Identification Number, or Tax Identification Number), date of birth, primary email address (this email address will be used to contact the individual) and any other necessary information required to obtain a CAC or installation access card, to the COR within 30 days after award (Deliverable A021). The Contractor shall ensure safeguarding of Personally Identifiable Information (PII) and comply with requirements under 1.22.5.

1.7.4.1 For contractors requiring Common Access Card (CAC): Before CAC issuance, the contractor employee requires, at a minimum, a favorably adjudicated Tier 1 background investigation, or an equivalent or higher investigation in accordance with Army Directive 2014-

05. The contractor employee will be issued a CAC only if duties involve one of the following: (1) Both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely; (2) remote access, via logon, to a DoD network using DoD-approved remote access procedures; or (3) physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more. At the discretion of the sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled Tier 1 at the Office of Personnel Management.

1.7.4.2 For contractors that do not require CAC, but require access to a DoD facility or installation: Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III) and Terrorist Screening Database (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative); or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.

1.7.5 Background Checks: Contractor and all associated subcontractor employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

1.7.5.1 U.S. Citizen: Contractors that work with or teach youth under the age of 18 years are subject to background checks. The Requiring Activity Manager will determine the extent of background checks required. The Contractor employee may begin performance of the contract after receiving a favorable local background check. The Contractor agrees to replace the employee should results of the background check, if required, be unfavorable as determined by the Requiring Activity Manager. The Contractor's replacement of the employee with the unfavorable background check shall be within a timeframe provided by the Requiring Activity Manager. The Contractor shall also replace employees whose background check, during their tenure of employment, renders them with an unfavorable local or stateside background check, as determined by the Requiring Activity Manager. The Contractor shall forward a copy to the Contracting Officer via the COR and the Requiring Activity Manager of each favorable background check within 3 days of receipt by the Contractor, identifying such with the appropriate contract number (Deliverable A.006). The Contractor shall forward a copy to the Contracting Officer via the COR and the Requiring Activity Manager of each unfavorable background check within 3 days of receipt by the Contractor, identifying such with the appropriate contract number (Deliverable A.007). When the Government awards a non-personal services contract directly to an individual, the failure of the individual to provide a favorable background check would be grounds for termination.

1.7.5.2 Physical Security: The Contractor shall safeguard all Government equipment, information, and property provided for Contractor use. At the close of each work period, Government facilities, equipment, and materials shall be secured IAW the Army Physical Security Program (AR 190-13.)

1.7.6 Operations Security (OPSEC) Requirements: Contractor personnel shall adhere to facility security policies and restrictions. The Contractor shall immediately report suspicious activities to security personnel. Government issued access badges shall not be worn outside designated facilities where visible to the general public. Per AR 530-1, Operations Security, the contractor employees must complete Level I OPSEC Awareness training. New employees must be trained within 30 calendar days of their reporting for duty and annually thereafter.

1.7.7 Controlled Unclassified Information (CUI): Include DFARS clause 252.204-7012, which requires the contractor to comply with NIST 800-171. Also include DFARS provision 252.204-2019 into solicitations. Acquisition officials should follow procedures outlined in DFARS 204.73 and verify vendors have an adequate NIST SP 800-171 summary assessment score within the Supplier Performance Risk System (within PIEE).

1.8 Key Control: The Contractor shall establish and implement methods of ensuring all keys issued to the Contractor by the Government are not lost or misplaced and are not used by unauthorized persons. NOTE: All references to keys include key cards. No keys issued to the Contractor by the Government shall be duplicated. The Contractor shall develop procedures covering key control that shall be included in the Contractor's Quality Control Plan. Such procedures shall include turn-in of any issued keys by personnel who no longer require access to locked areas. The Contractor shall immediately report any incidents of lost or duplicate keys to the Contracting Officer. In the event keys, other than master keys, are lost or duplicated, the Contractor shall, upon direction of the Contracting Officer, re-key or replace the affected lock or locks; however, the Government, at its option, may replace the affected lock or locks or perform re-keying. When the replacement of locks or re-keying is performed by the Government, the total cost of re-keying or the replacement of the lock or locks shall be deducted from payment due to the Contractor. In the event a master key is lost or duplicated, all locks and keys for that system shall be replaced by the Government and the total cost deducted from the payment due to the Contractor. The Contractor shall prohibit the use of Government issued keys by any persons other than the Contractor's employees. The Contractor shall prohibit the opening of locked areas by Contractor employees to permit entrance of persons other than Contractor employees engaged in the performance of assigned work in those areas, or personnel authorized entrance by the Contracting Officer. The Contractor shall establish and implement methods of ensuring that all lock combinations are not revealed to unauthorized persons. The Contractor shall ensure that lock combinations are changed when personnel having access to the combinations no longer have a need to know such combinations. These procedures shall be included in the Quality Control Plan.

1.9 Post Award Conference/Periodic Progress Meetings: The Contractor shall attend any post award conference convened by the contracting activity or contract administration office in

accordance with FAR Subpart 42.5. The Contracting Officer, COR, and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the Contracting Officer will apprise the Contractor of how the Government views the Contractor's performance and the Contractor shall apprise the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues. These meetings shall be at no additional cost to the Government.

1.9.1 The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.10 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially regarding changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions:

- Assure that the Contractor performs the technical requirements of the contract
- Perform inspections necessary in connection with contract performance
- Maintain written and oral communications with the Contractor concerning technical aspects of the contract
- Issue written interpretations of technical requirements including Government drawings, designs, specifications
- Monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies
- Coordinate availability of Government property
- Coordinate site entry of Contractor personnel.

1.11 Key Personnel

1.11.1 Program: The Contractor shall provide a Program Manager (PM) who shall be responsible for the performance of the work. The name of this person and an Alternate Program Manager (APM), who shall act for the Contractor when the PM is absent, along with a Curriculum Vitae (CV) for each of these individuals, shall be provided in writing to the Contracting Officer during the post-award meeting (Deliverable A.008). Acceptance of the CV by the Contracting Officer is required before these individuals are permitted to perform any task on this contract. The PM must have at least five years of experience in developing curriculum for and providing LMS instruction, and the APM must have at least two years of

experience in providing LMS instruction. They must have at least one year of experience working on large projects with the Department of War. The PM must have experience with the design, development, and analysis of scientific surveys and data for firearms safety training evaluation. The PM and APM shall have full authority to act for the Contractor on all contract matters relating to daily operation of this contract. The PM and APM shall be available per applicable hours, days, etc. that have been identified in paragraph 1.6.4.

1.11.2 Training Instructors: The Contractor shall provide a work force possessing the skills, knowledge, and training to successfully perform the services and capabilities listed in this paragraph and the task listing captured in PWS section 5. The Contractor personnel shall be trained, skilled, cleared, and certified in the areas of, and possess knowledge of the relationship between firearms & suicide. The contractor shall provide instructors that have knowledge of LMS and firearms safe storage steps, basic crisis intervention steps, and proactive models for LMS and firearms storage. The training instructors must have one year of experience providing LMS instruction. They shall have at least one year of experience with the Department of War.

1.12 Identification of Contractor Employees: All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their contractor status is not obvious to third parties must identify themselves, to include proper marking of signature blocks in correspondence, to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports, produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

1.12.1 Contractor workspace (staging site, on-site office, desk or work area, etc.) shall contain a sign signifying the space is occupied by Contractor employee(s) to ensure that Government employees and the public know that they are not Government employees. Workspace sign location shall be coordinated with the COR. Contractor employees shall identify themselves by name and company affiliation when answering the telephone, presenting briefings, conducting or attending meetings, and seminars. All Contractor correspondence (written, facsimile, and email signature blocks) shall include their company name. Requirements for Contractor vehicles are addressed under Part 4 paragraph 4.4.

1.12.2 Contractor Identification Badges: RESERVED

1.13 Contractor Travel: The Contractor may be required to travel to specific locations CONUS and/or OCONUS during the performance of this contract to attend meetings, conferences, and training. The Contractor may be required to travel to off-site training locations and to ship training aids to these locations in support of this PWS. The Contractor may be authorized travel expenses at rates no higher than the provisions of the Joint Travel Regulation (JTR), IAW FAR Part 31.205-46, and the limitation of funds specified in this contract. All travel requires Government approval and authorization 10 days prior to scheduled travel (Deliverable A.009).

1.14 Other Direct Costs (ODCs): Travel costs are reimbursable as specified in paragraph 1.13 for CONUS and OCONUS Reintegration Training (PWS 5.2.1.6 and 5.2.1.7) only.

1.15 Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a Government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be adverse to the interests of the Government or others. The Contractor and Contractor personnel shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorized Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.15.1 Non-Disclosure Agreement (NDA): Contractor personnel who will have access to Personally Identifiable Information (PII), Controlled Unclassified Information (CUI), or other sensitive Government information shall execute a Non-Disclosure Agreement (NDA) prior to gaining such access. The NDA shall be in the format provided by the Contracting Officer or as specified in the task order. The Contractor shall maintain copies of all executed NDAs and provide them to the COR within 5 business days of execution (Deliverable A.010).

1.16 Protection of Government and Contract Information: Per Public Use Notice of Limitations stated by Defense imagery Management operations Center and contained at www.dimoc.mil/resources/limitations/, the Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any hard copy or digital marketing tools to include its company website.

1.17 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCI as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI (Deliverable A.011) within 30 days of discovery. The Contractor's OCI Mitigation Plan will be determined to be acceptable solely at the discretion of the Contracting Officer. In the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer may affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

1.18 Safety: The Contractor shall safeguard and maintain all Government property as well as provide for the safety and wellbeing of personnel employed in the performance of this contract. The Contractor shall develop and implement a safety program for employees performing work

under this contract. The Contractor shall submit the safety plan (Deliverable A.012) to the Contracting Officer for approval, after award and prior to performance. Revisions shall be submitted to the Contracting Officer for approval ten (10) calendar days prior to effective date of change.

1.19 Environmental Compliance: The following provides information on Environmental Compliance.

1.20 Required Training: The following provides information on training requirements.

1.20.1 Anti-Terrorism (AT) Level I Training: All Contractor employees, including subcontractor employees, who are employed under the contract, shall complete AT Level I Training within 10 calendar days of contract award. Contractor personnel travelling overseas shall complete area of responsibility (AOR) specific AT awareness training for U.S. based Contractor employees and associated subcontractor employees. The Contractor shall submit certificates of completion (Deliverable A.013). for each affected Contractor employee and subcontractor employee to the COR (or to the Contracting Officer, if a COR is not assigned within 10 days after completion of this training by all employees and subcontractor personnel. AT Level I awareness training is available at <https://jkodirect.jten.mil>. Contractor personnel shall complete refresher training every twelve (12) months except AOR specific AT Level I training which shall be completed as required by local AT policies.

If training cannot be conducted on the website, the Contractor shall coordinate with the COR who will contact the local AT Officer at their assigned location for classroom training. Contractor personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the AT Officer. Verification of the training shall be provided to the COR within 5 days after completion of the training (Deliverable A.014).

1.20.2 OPSEC Training: All Contractor employees, including subcontractors, shall complete Level I OPSEC training within 30 days of employment under this contract. Verification of the training shall be provided to the COR within ten days after completion of the training (Deliverable A.015). OPSEC Level I training is available at <http://www.cdse.edu/catalog/elearning/GS130.html>. Contractor personnel must complete refresher training every 12 months. Verification of the training shall be provided to the COR within 5 days after completion of the training.

If training cannot be conducted on the website, the Contractor shall coordinate with the COR, who will contact the local OPSEC Officer at their assigned location for classroom training. Contractor personnel completing training in the classroom will receive a certificate or the training attendance roster signed by the OPSEC Officer. Verification of the training shall be provided to the COR within 5 days after completion of the training (Deliverable A.016).

1.20.3 iWATCH Training: The Contractor and all associated subcontractors shall brief all employees on the local iWATCH program (training standards provided by the requiring activity

ATO). This locally developed training will be used to inform employees of the types of behavior to watch for and instruct employees to report suspicious activity to the COR. This training shall be completed within 30 days after the contract is awarded and within 30 days after new employees commence contract performance, with the results reported to the COR within 30 days after the contract is awarded and within 30 days after new employees commence contract performance (Deliverable A.017). Verification of the training shall be provided to the COR within 5 days after completion of the training. Training slides can be found on the Army OneSource we site: <https://www.mepcom.army.mil/Home/Contractors/>

1.20.3 Personally Identifiable Information (PII): Contractor employees, including subcontractors, performing services under this contract with access to PII and Government information shall complete "Identifying and Safeguarding PII" within 30 calendar days of employment. Contractor personnel shall complete refresher training every twelve (12) months from initial completion. The Contractor shall provide the COR a copy of the training certificates for its employees no later than five (5) days after completion (Deliverable A.018). Training is available at <http://iatraining.disa.mil/eta/piiv2/launchPage.html>

1.21 Notice to Proceed: The notice to proceed will be provided as indicated below.

- ☒ *The effective date of contract will constitute the date of notice to proceed*
- ☐ *A notice to proceed letter will be issued*
- ☐ *The date of the letter transmitting the contract will constitute the date of the notice to proceed*

1.22 Data Rights: The Government has access to all documents/material produced under this contract. These documents and materials may not be used or sold by the Contractor without written permission from the Contracting Officer. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.23 IDIQ Contract Terms

1.23.1 Contract Type: This is an Indefinite Delivery, Indefinite Quantity (IDIQ) contract. The Government will issue task orders against this contract for specific services defined in Part 5.

[REDACTED]

[REDACTED]

1.23.4 Ordering Period: Task orders may be issued from the date of contract award through March 2032. Individual task orders shall specify their own period of performance, which may extend beyond the ordering period.

[REDACTED]

[REDACTED]

1.23.6 Performance After Ordering Period: Services may be performed, and the Government may accept and pay for services performed, after the ordering period expires, provided the task order was issued during the ordering period.

1.24 Task Order Issuance and Acceptance

1.24.1 Ordering Officers: Task orders may be issued by the Contracting Officer or authorized Ordering Officers designated in writing by the Contracting Officer.

1.24.2 Task Order Format: Each task order shall, at a minimum, specify: (a) Services required (reference to PWS Part 5 sections) (b) Place of performance (c) Period of performance (d) Quantity of services (e.g., number of training iterations, events, campaigns) (e) Delivery schedule (f) Applicable CLINs and pricing (g) Task order number (h) Funding citation.

1.24.3 Task Order Placement: Task orders may be issued via:

- PIEE (Procurement Integrated Enterprise Environment)
- Email from authorized Ordering Officer
- Standard Form 1449 or equivalent

1.24.4 Contractor Response: The Contractor shall acknowledge receipt of each task order within 2 business days and confirm ability to perform as specified. If the Contractor cannot perform as specified, the Contractor shall immediately notify the Ordering Officer with an explanation and proposed alternative.

1.24.5 Task Order Changes: Changes to issued task orders shall be made in accordance with FAR 52.243-1 Changes - Fixed Price, or other applicable changes clause, and shall be authorized only by the Contracting Officer.

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired Property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Day – means, unless otherwise specified, a calendar day.

Defective Service – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

Government-furnished Property – As reflected in FAR 52.245-1, Government-furnished Property “means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance,

overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract

Government Property - means all property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

High Level Objective (HLO) – means a key overarching result-based objective for a project necessary to achieve the project’s vision. HLOs are like Level 2 in a Work Breakdown Structure. Each HLO may contain several statements to flesh out the areas necessary to meet the objective.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however, they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas

necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Work Day - The number of hours per day the Contractor provides services in accordance with the contract.

Work Week - Monday through Friday, unless otherwise specified.

2.2 Acronyms: Although not inclusive of every term used within this PWS, or that may be included in an acquisition, the following provides a list of acronyms commonly used in the acquisition field.

ACOR	Alternate Contracting Officer's Representative
AE	Army in Europe
AFARS	Army Federal Acquisition Regulation Supplement
AHA	Activity Hazard Analysis
AOR	Area of Responsibility
AR	Army Regulation
AT	Anti-terrorism
ATCTS	Army Training Certification Tracking System
CAC	Common Access Card
CCE	Contracting Center of Excellence
CFE	Conventional Forces Europe
CFR	Code of Federal Regulations
CONUS	Continental United States (excludes Alaska and Hawaii)
COR	Contracting Officer's Representative
COTS	Commercial-Off-the-Shelf
DA	Department of the Army
DD250	Department of War Form 250 (Receiving Report)
DD254	Department of War Contract Security Requirement List
DFARS	Defense Federal Acquisition Regulation Supplement
DMDC	Defense Manpower Data Center
DoW	Department of War
FAR	Federal Acquisition Regulation
GFEBs	General Fund Enterprise Business System
FRG	Federal Republic of Germany
GFP	Government Furnished Property
HLO	High Level Objective
HIPAA	Health Insurance Portability and Accountability Act of 1996
IA	Information Awareness
IAC	Installation Access Control
IACO	Installation Access Control Office
ID	Identification

IGCE	Independent Government Cost Estimate
IT	Information Technology
JTR	Joint Travel Regulation
JPAS	Joint Personnel Adjudication System
KO	Contracting Officer
LMS	Lethal Means Safety
OCI	Organizational Conflict of Interest
OCONUS	Outside Continental United States (includes Alaska and Hawaii)
ODC	Other Direct Costs
OPSEC	Operations Security
PA	Property Administrator
PCF	Paperless Contract Files
PII	Personally Identifiable Information
PIPO	Phase In/Phase Out
POC	Point of Contact
PRS	Performance Requirements Summary
PWS	Performance Work Statement
QA	Quality Assurance
QAP	Quality Assurance Program
QASP	Quality Assurance Surveillance Plan
QC	Quality Control
QCP	Quality Control Program
RA	Requiring Activity
RCO	Regional Contracting Office
ROM	Rough Order of Magnitude
RSCA	Request for Services Contract Approval
SIGE	Safety and Health Protection Plan
TE	Technical Exhibit
USAG	United States Army Garrison
USAREUR	United States Army Europe
UOM	Unit of Measure
VCE	Virtual Contracting Enterprise

PART 3
GOVERNMENT PROPERTY (GP) AND SERVICES

3. Government Property and Services

3.1 Services: Scheduling, coordinating, training notifications, POCs. The government will do its best to notify the contractor of training rescheduling or cancellations.

3.2 Facilities: The Government will provide the necessary training space for Contractor staff to provide the support outlined in the PWS. Facilities will be identified in the task order and may include training centers, theaters, unit areas, or other suitable Government facilities at the specified location. Facilities will accommodate the training capacity for each event. The Contractor shall use reasonable care to avoid damaging existing buildings, equipment, and vegetation on the Government installation. If the Contractor's failure to use reasonable care causes damage to any of these properties, the Contractor shall replace or repair the damage at no expense to the Government as the Contracting Officer directs. If the Contractor fails or refuses to make such repair or replacement, the Contractor shall be liable for the cost, which may be deducted from the contract price.

3.3 Utilities: The Government will provide utilities as currently installed in Government Furnished Facilities for use under this PWS. Types of utility services furnished include electricity, gas, water, and sewage. The Contractor shall instruct employees in utilities conservation practices. The Contractor shall operate under conditions that preclude the waste of utilities, which includes turning off the water faucets or valves, light switches, etc. after using the required amount to accomplish tasks requiring the use of the utilities.

3.4 Equipment: The Government will provide furniture, projectors and screens. The Government will provide internet access at training facilities as available.

3.5 Special Tooling and Test Equipment: None.

3.6 Materials: The Government will provide relevant Standard Operating Procedures (SOPs), Local Instructions, and Policies.

3.7 Training: The Government will provide the following training: AT Level 1, OPSEC, iWATCH, and PII.

PART 4

CONTRACTOR FURNISHED ITEMS AND SERVICES

4. Contractor Furnished Property and Services

4.1 General: Contractor shall furnish all personnel, equipment, supplies, transportation for services at locations specified in task orders, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services.

4.2 Materials: The Contractor shall provide Personal Protective Equipment, PPE, Office supplies and materials such as, paper, printer cartridges, and all other office supplies and materials needed in the performance of this contract; automated data processing equipment (ADPE) such as computers, copy, printer, and fax machines. All ADPE connecting to the Government network shall be reviewed and approved by the Government prior to purchase by the Contractor; cellular and desktop telephones, etc.

4.3 Vehicles and Equipment: The Contractor shall provide all necessary vehicles (no GSA vehicles provided to Contractor for use on this contract) and equipment to perform the work described in this PWS. All Contractor provided vehicles and equipment shall have the company name prominently displayed on both sides of the vehicle or equipment and present a neat, professional appearance, excluding rental vehicles. Contractor's vehicles and equipment used in the performance of this contract shall meet all local and Host Nation traffic, safety, and environmental requirements. Vehicles and equipment found to be unsafe shall be removed from the installation and replaced. The Contractor shall not use any Government-owned tools, materials, or parts to maintain Contractor vehicles and equipment without prior written approval of the Contracting Officer. The COR may inspect the Contractor's vehicles and equipment at any time.

PART 5

SPECIFIC TASKS

5.0 IDIQ Services: The services described in this Part 5 represent the Contractor's capabilities under this IDIQ contract. The Government is not obligated to order any specific quantity of services beyond the minimum guarantee specified in paragraph 1.23.2. Each task order will specify which services are required, quantities, performance location, and delivery schedule.

5.1 Basic Services: The Contractor shall provide peer intervention training and education on Lethal Means Safety (LMS). LMS is the practice of putting time and distance between a person in crisis and various harmful tools (i.e. firearms, medications, sharp objects). This LMS program must focus on the crisis of suicide and the harmful tool, firearms. The contractor shall provide services that are data driven, utilizing current trends and research data on LMS. Data driven means training content incorporates current suicide prevention research and military-specific statistics. Furthermore, the contractor shall update content on an annual basis to ensure services reflect the changing conditions in the local environment and remain fresh for the intended audiences. The outcome is Soldiers and Families use the knowledge and tools provided by this service to increase peer intervention during crises and reduce suicides by firearms. The frequencies and standards of the basic services vary by audience and intent.

5.2 LMS Training Modules: Training modules consist of the following:

5.2.1 Available LMS Training Modules

5.2.1.1 Baseline Training (Day):

PERFORMANCE OBJECTIVE: The contractor shall provide data driven, interactive, educational block of instruction on lethal means safety. The training must contain multimedia components and vignettes of current or former military members with lived experience managing suicide and firearms. The purpose of the instructional based training is to provide Soldiers with an understanding of lethal means safety and a toolkit to mitigate or intervene in a crisis.

STANDARD (STD):

Training sessions shall meet the following criteria:

- (a) Not exceed 120 minutes per iteration
- (b) Include minimum two (2) multimedia components featuring current or former service members with lived experience managing suicide and firearms
- (c) Provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language)
- (d) Be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year of experience providing LMS instruction; minimum one year of experience with the Department of War)
- (e) Achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration

ACCEPTABLE QUALITY LEVEL (AQL):

95% of all training iterations delivered during the surveillance period shall meet all five (5) standards listed above. Training day capacity is up to 1,000 Soldiers, in multiple daily iterations over a single day. The training package will include coordination of unit leadership briefings and engagement. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

5.2.1.1.1 Baseline Training (Week):

PERFORMANCE OBJECTIVE: The contractor shall provide data driven, interactive, educational block of instruction on lethal means safety. The training must contain multimedia components and vignettes of current or former military members with lived experience managing suicide and firearms. The purpose of the instructional based training is to provide Soldiers with an understanding of lethal means safety and a toolkit to mitigate or intervene in a crisis.

STANDARD (STD):

Training sessions shall meet the following criteria:

- (a) Not exceed 120 minutes per iteration
- (b) Include minimum two (2) multimedia components featuring current or former service members with lived experience managing suicide and firearms
- (c) Provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language)
- (d) Be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year of experience providing LMS instruction; minimum one year of experience with the Department of War)
- (e) Achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration.

ACCEPTABLE QUALITY LEVEL (AQL):

95% of all training iterations delivered during the surveillance period shall meet all five (5) standards listed above. Training day capacity is up to 5,000 Soldiers, in multiple daily iterations over a week. The training package will include coordination of unit leadership briefings and engagement. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

5.2.1.2 Immersive Training

PERFORMANCE OBJECTIVE: The contractor shall provide a data-driven, interactive, educational block of instruction on lethal means safety. In addition to the instructional components, the training must include scenario-based learning where participants make

choices that affect vignette outcomes. Specifically, the audience is given the opportunity to make decisions that influence the progression and outcome of the vignettes. The purpose of the experiential based training is not only to provide Soldiers an understanding and tools, but also to test that understanding and tool kit during the training.

STANDARD (STD):

Training sessions shall meet the following criteria:

- (a) Not exceed 120 minutes per iteration
- (b) Include minimum two (2) multimedia components featuring current or former service members with lived experience managing suicide and firearms
- (c) Include interactive scenario-based learning components where participants make choices that affect vignette outcomes and influence the progression and outcome of the scenarios
- (d) Provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language)
- (e) Be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year of experience providing LMS instruction; minimum one year of experience with the Department of War)
- (f) Achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration.

ACCEPTABLE QUALITY LEVEL (AQL):

95% of all training iterations delivered during the surveillance period shall meet all six (6) standards listed above.

Training week capacity is up to 5,000 Soldiers, in multiple daily iterations over a single week, Monday-Friday. The training package will include coordination of unit leadership briefings and engagement. The training package includes management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

5.2.1.3 Leadership Training:

PERFORMANCE OBJECTIVE: The contractor shall provide a data driven, interactive, educational block of instruction on lethal means safety. The training provides leaders with tools and strategies to engage with Soldiers on firearms and suicide prevention, including conversation techniques and proactive planning methods.

STANDARD (STD):

Training sessions shall meet the following criteria:

- (a) Not exceed 120 minutes per iteration
- (b) Include minimum two (2) multimedia components featuring current or former service members with lived experience managing suicide and firearms
- (c) Provide leaders with specific tools and strategies to engage with Soldiers on firearms and suicide prevention, including conversation techniques and proactive planning methods
- (d) Provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language)

(e) Be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year of experience providing LMS instruction; minimum one year of experience with the Department of War)

(f) Achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration.

ACCEPTABLE QUALITY LEVEL (AQL):

95% of all training iterations delivered during the surveillance period shall meet all six (6) standards listed above.

Leadership Professional Development (LPD) training will equip leaders to incorporate education and engagement on peer-interventions on firearms and LMS into their leadership culture and organizational engagement. The LPD training will include three to four weeks of follow-up engagement to ensure ongoing leader engagement with their units. The training package will include materials for leaders to utilize in engaging with soldiers. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support for leader trainings.

5.2.1.5 Family Oriented Training:

PERFORMANCE OBJECTIVE: The contractor shall provide a data-driven, interactive, educational block of instruction on lethal means safety. The training must contain multimedia components and vignettes that are tailored to dependents of servicemembers. The contractor shall provide age-appropriate training for dependent audiences ages 13 and older. The purpose of the family-oriented training is to provide dependents of servicemembers an understanding of lethal means safety and a toolkit to mitigate or intervene in a crisis.

STANDARD (STD):

Training sessions shall meet the following criteria:

(a) Not exceed 120 minutes per iteration

(b) Include minimum two (2) multimedia components featuring current or former military family members and service members with lived experience managing firearms access in family environments when suicide is a risk

(c) Ensure all training content is age-appropriate for audiences ages 13 and older

(d) Provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language)

(e) Be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year of experience providing LMS instruction; minimum one year of experience with the Department of War)

(f) Achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration.

ACCEPTABLE QUALITY LEVEL (AQL):

95% of all training iterations delivered during the surveillance period shall meet all six (6) standards listed above.

Family/Community oriented training will focus on firearms LMS intervention and planning designed to equip supportive community networks for Soldiers, including unit family readiness groups, spouses, families and community representation.

5.2.1.6 OCONUS Reintegration Training:

PERFORMANCE OBJECTIVE: The contractor shall provide a data driven, interactive, educational block of instruction on lethal means safety. The training must contain multimedia components and vignettes of current or former military members with lived experience managing suicide and firearms. The purpose of reintegration training is to prepare Soldiers for returning to their families and daily lives. Soldiers must understand the risks associated with reintegration and how Soldiers can employ lethal means safety to mitigate or intervene in a crisis. Unlike the other training tasks above, Reintegration Training will occur at CONUS/OCONUS locations where IIIAC Soldiers are stationed or deployed, as specified in the task order. Travel compensation is determined by the Joint Travel Regulation (JTR). OCONUS training will be authorized for the following countries: Germany, Poland and Kuwait. The KO reserves the right to add additional countries as the contract matures.

STANDARD (STD):

Training sessions shall meet the following criteria:

- (a) Not exceed 120 minutes per iteration
- (b) Include minimum two (2) multimedia components featuring current or former military members with lived experience managing suicide and firearms with specific focus on reintegration challenges
- (c) Address the risks associated with reintegration (returning to families and daily lives) and how Soldiers can employ lethal means safety to mitigate or intervene in a crisis during the reintegration period
- (d) Training structure may be adapted to the unique OCONUS environment while maintaining core LMS content and learning objectives
- (e) Provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language)
- (f) Be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year of experience providing LMS instruction; minimum one year of experience with the Department of War)
- (g) Achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration

ACCEPTABLE QUALITY LEVEL (AQL):

95% of all training iterations delivered during the surveillance period shall meet all seven (7) standards listed above.

Training week capacity is up to 5,000 Soldiers, in multiple daily iterations over a single week, Monday-Friday, in OCONUS environments. The training package will include coordination of unit leadership briefings and engagement. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

5.2.1.7 Training Materials: The contractor shall provide training materials and training assessments. The contractor shall provide participant handouts, conversation guides, and take-home reference materials in both print and electronic formats using accessible, non-clinical language.

5.2.1.8 Training Delivery Method

The Government will specify delivery method (single iteration or consecutive iterations) in each training request. Each training iteration shall not exceed 120 minutes.

5.2.1.9 Training Travel Costs

Of the above key tasks, only OCONUS Reintegration Trainings (5.2.1.6) include travel costs beyond the local area specified in the task order. Travel compensation is determined by the Joint Travel Regulation (JTR). The government will do its best to notify the contractor of training rescheduling or cancellations. The government will compensate the contractor for non-refundable travel expenses due to the government rescheduling or cancelling training.

5.2.1.10 Training Capacity

The Government will specify audience size with each training request. The contractor shall accommodate groups ranging from 25 to 300 personnel per iteration based on facilities available.

5.2.2 LMS Special Event Services

5.2.2.1 Event Participation (Each): The contractor shall participate in special events at locations specified in the task order. The contractor shall staff informational booths/tables at special events and provide promotional materials. Event participation is limited to passive awareness activities and does not include formal training delivery (see 5.2.1) or guest speaking engagements (see 5.2.3).

5.2.3 LMS Engagement Services

5.2.3.1 In-Person Guest Speaker

The contractor shall provide an introduction on lethal means safety at the location specified in the task order. The Government will specify presentation duration at time of request, typically 15 to 90 minutes. The purpose of the introduction may include but is not limited to providing baseline awareness on lethal means safety, providing an understanding of the services provided to the government, or setting conditions for lethal means safety incorporation into a special event or training modality. Presentations focus may also focus on increasing firearms LMS fluency among leaders and stakeholders, and preparing them to better support Soldiers and to be force multipliers in promoting proactive firearms suicide prevention. Each event will be tailored for the particular audience.

5.2.3.2 Virtual Guest Speaker

The contractor shall provide an introduction virtually on lethal means safety. Virtual mediums may include but are not limited to Microsoft Teams, phone call, etc. The Government will

specify presentation duration at time of request, typically 15 to 90 minutes. The purpose of the introduction may include but is not limited to providing baseline awareness on lethal means safety, providing an understanding of the services provided to the government, or setting conditions for lethal means safety incorporation into a special event or training modality. Time includes preparatory work. Minimum of three hours.

5.2.4 Reporting

5.2.4.1 Monthly Reports

The Contractor shall provide a written report including: training type, number of iterations/days, number of personnel who attended, and summary of participant feedback received during the month. The Contractor shall provide a report to the COR three (3) business days after the end of the month (Deliverable A.019).

5.2.4.2 Annual Efficacy Report

PERFORMANCE OBJECTIVE:

The contractor shall provide a written report by training type, number of iterations/days, and number of personnel who attended instruction during the entire contract year. The purpose of the report is to provide a consolidated roll up of the services provided and an assessment of the effectiveness of those services.

STANDARD (STD):

The annual report shall include the following elements:

- (a) Training statistics by type (number of iterations/days and number of personnel who attended instruction during the entire contract year)
- (b) Analysis of post-training assessment results (utilizing Government-provided data)
- (c) Participant feedback survey results (contractor-collected data)
- (d) Year-over-year trend analysis

The contractor shall provide the report to the COR within the last 30 days of the contract year (Deliverable A.020).

ACCEPTABLE QUALITY LEVEL (AQL):

100% Compliance - Report must be submitted on time and include all four (4) required elements.

5.3 Task Order Procedures: The following process outlines the establishment of a task order under this contract after the initial task order is executed at contract award.

5.3.1 The Government Requiring Activity (RA) identifies a work requirement within the scope of the contract.

5.3.2 The RA contacts the COR and obtains a blank Task Order Request Form (TORF) (Attachment 3). The RA fills out and submits the TORF and any other applicable documents to define the work requirement to the COR.

5.3.3 The COR shall coordinate a meeting between the RA and Contractor. The RA and the Contractor will discuss the RA's requirement in depth. The COR will be present for this initial meeting. Once all questions and concerns have been resolved and a complete vision of the work has been established, the meeting will conclude.

5.3.4 The Contractor will develop a Rough Order of Magnitude (ROM) accomplishing the TO work requirement. The Contractor's ROM or proposal shall contain the following information at a minimum information: The quantity of each training module and events requested followed by a total cost figure.

5.3.5 The ROM shall be submitted to the COR no later than five (5) calendar days after conclusion of the meeting. The COR reviews the ROM, sends the ROM to the RA. The RA reviews the ROM.

5.3.6 If the RA decides to move further with establishing a task order, the RA will provide a funded GFEBS Purchase Request and create a Virtual Contracting Enterprise (VCE) cabinet with all appropriate documents to include the TORF, ROM and Request for Services Contract Approval (RSCA).

5.3.6 The Contracting Officer will review the Contractor's proposal and if required, conduct negotiations with the Contractor. Once the Contracting Officer and Contractor reach an agreement on the terms and conditions necessary to accomplish the work requirement; the Contracting Officer will issue a Firm Fixed Price task order to the Contractor.

5.3.7 The Contracting Officer shall appoint a COR for the task order who will serve as the primary point of contact for the task order.

5.3.8 The Contractor shall perform the required work requirement as indicated in the issued task order.

5.4 Service Contract Reporting

5.4.1 System for Award Management (SAM) Service Contract Report (SCR): The Contractor shall report ALL Contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the **LMS training** via a secure data collection site. The Contractor is required to completely fill in all required data fields through the following web address: www.sam.gov. Reporting inputs will be for the labor executed during the period of performance during each Government FY, which runs from October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk by clicking "View Assistance for SAM.gov" which is located at the top of the SAM.gov website. From there, you can select "Contact Our Service Desk" which will allow you to contact SAM.gov directly. If contract period of performance ends prior to September 30, the Contractor has 30 calendar days from end date of the contract to complete the SAM SCR requirement.

Steps for Submitting a Service Contract Report (SCR)

1. Go to www.sam.gov and log in.
2. Select Entity Registrations and then select Service Contract Reporting.
3. SAM displays your entities which have service contracts and meet the reporting criteria. Select View by entity to see the service contracts for each entity.
4. Next, select Add for the service contract against which you want to create a Service Contract Report. Each service contract which meets the FAR Subpart 4.1703 reporting thresholds is displayed.
5. You will be taken to the Complete Service Contract Report page. SAM displays the contract details and allows you to report. You are required to enter the following information:
 - **Total Amount Invoiced:** Total dollar amount invoiced for services performed during the previous Government fiscal year under the contract (this amount should include the prime and any subcontract amount).
 - **Prime Contractor Hours Expended:** Prime contractor direct labor hours expended on the services performed during the previous Government fiscal year. The amount you enter is automatically divided by 2,080 hours to calculate a Full Time Employee (FTE) equivalent, displayed under the Prime Contractor Hours Expended as Prime Contractor FTEs.
6. Report any required Tier 1 subcontractor information by selecting the Add Tier 1 Subcontract Information button.
7. When you are ready to submit the report, select Submit. This saves your report and returns you to the Select Service Contract page where you can create other SCRs or edit an existing SCR.

Steps for Editing a Submitted Report

1. Follow steps 1-4 above. Any previously submitted SCR will have a View/Edit button instead of an Add button.
2. Select View/Edit. You will be able to view the current SCR, edit available fields, and resubmit the record. You can also delete previously entered information altogether.

STD: All information provided by the Contractor shall be accurate, complete, and not exceed suspense dates noted in corresponding paragraph above.

AQL: 100% Compliant

All required labor hours shall be reported accurately and on time.

PART 6 APPLICABLE PUBLICATIONS

6. Applicable Publications (Current Editions): The following publications, manuals, regulations, etc. are mentioned in this PWS and are listed below.

- 6.1.1 Department of War Contract Security Classification Specification (DD Form 254)
- 6.1.2 Department of War Security Agreement (DD Form 441)
- 6.1.3 National Industrial Security Program Operating Manual (DoD 5220.22-M)
- 6.1.4 Installation Access Control (AE Reg 190-16)
- 6.1.5 The Army Physical Security Program (AR 190-13)
- 6.1.6 Contractor Identification (AE Reg 27-715)
- 6.1.7 U.S. Army Corps of Engineers Safety and Health Requirements Manual (EM 385-1-1)
- 6.1.8 Information Assurance Workforce Improvement Program (DoD 8570-M)
- 6.1.9 Information Assurance Training Certification and Workforce Management Directive (DoDD 8570.01)
- 6.1.10 Information Assurance (AR 25-2)
- 6.1.11 Electromagnetic Compatibility Directive (2004/108/EC)
- 6.1.12 Policies and Procedures for Property Accountability (AR 735-5)
- 6.1.13 Army Suicide Prevention (AR 600-92)

ATTACHMENT AND TECHNICAL EXHIBIT LISTING

7. Attachment and Technical Exhibit List

7.1 Technical Exhibit A – Performance Requirements Summary

7.2 Technical Exhibit B – Deliverables Schedule

7.3 Attachment 1 – Estimated Workload Data

7.4 Attachment 2 – Task Order Request Form

TECHNICAL EXHIBIT A
Performance Requirements Summary (PRS)

PERFORMANCE OBJECTIVE	STANDARD	PERFORMANCE THRESHOLD ACCEPTABLE QUALITY LEVELS (AQLs)	INCENTIVE/ DISINCENTIVE
1. Combating Trafficking in Persons FAR 52.222-50 c	The Contractor shall Notify its employees of a. The United States Government's zero tolerance policy described in paragraph (b) of this clause The actions that will be taken against employees for violations of this policy. Such actions may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment.	100% Compliance	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.
2. Service Contract Reporting PWS para 5.3.1	The Contractor shall completely fill in all the information in the format at the following web address http://sam.gov . The contractor shall provide the estimated total cost (if any) incurred to comply with this reporting requirement. Reporting period shall be the period of performance not to exceed 12 months ending September 30 of each government fiscal year and must be reported by 31 October of each calendar year. If contract period of performance ends prior to September 30, the contractor has 30 days from end date of the contract to complete the SCR requirement. (As applicable)	100% Compliance	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.
PRS #1 - PWS para 5.2.1.1 Baseline Training The contractor shall provide data driven, interactive, educational block of instruction on lethal means safety. The training must contain	Training sessions shall: (1) not exceed 120 minutes per iteration, (2) include minimum two (2) multimedia components featuring current or former service members with lived experience managing suicide and firearms, (3) provide participants with take-home materials per PWS 5.2.1.8 (handouts, conversation guides,	95% of all training iterations delivered during the surveillance period shall meet all five (5) standards.	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.

multimedia components and vignettes of current or former military members with lived experience managing suicide and firearms.	reference materials in print and electronic formats), (4) be delivered by qualified instructors meeting requirements of PWS 1.11.2 (minimum one year LMS instruction experience; one year DoD experience), (5) achieve minimum 75% favorable rating on post-training participant feedback surveys administered immediately following each iteration.		
PRS #2 - PWS para 5.2.1.2 Immersive Training The contractor shall provide a data-driven, interactive, educational block of instruction on lethal means safety. In addition to the instructional components, the training must include scenario-based learning where participants make choices that affect vignette outcomes	Training sessions shall: (1) not exceed 120 minutes per iteration, (2) include minimum two (2) multimedia components featuring current or former service members with lived experience, (3) include interactive scenario-based components where participants make decisions that influence vignette outcomes, (4) provide participants with take-home materials per PWS 5.2.1.8, (5) be delivered by qualified instructors per PWS 1.11.2, (6) achieve minimum 75% favorable rating on post-training participant feedback surveys.	95% of all training iterations delivered during the surveillance period shall meet all six (6) standards.	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.
PRS #3 - PWS para 5.2.1.4 Leadership Training The contractor shall provide a data driven, interactive, educational block of instruction on lethal means safety. The training provides leaders with tools and strategies to engage with Soldiers on firearms and suicide prevention, including conversation techniques and proactive planning methods	Training sessions shall: (1) not exceed 120 minutes per iteration, (2) include minimum two (2) multimedia components, (3) provide leaders with specific conversation techniques and proactive planning tools for engaging with Soldiers, (4) provide participants with take-home materials per PWS 5.2.1.8, (5) be delivered by qualified instructors per PWS 1.11.2, (6) achieve minimum 75% favorable rating on post-training participant feedback surveys.	95% of all training iterations delivered during the surveillance period shall meet all six (6) standards.	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.
PRS #4 - PWS para 5.2.1.5	Training sessions shall: (1) not exceed 120 minutes per iteration,	95% of all training iterations delivered	Contractor compliance rate shall be utilized as

Family Oriented Training The contractor shall provide a data-driven, interactive, educational block of instruction on lethal means safety. The training must contain multimedia components and vignettes that are tailored to dependents of servicemembers. The contractor shall provide age-appropriate training for dependent audiences ages 13 and older.	(2) include minimum two (2) multimedia components featuring current or former military family members and service members with lived experience, (3) content shall be age-appropriate for audiences ages 13 and older, (4) provide participants with take-home materials per PWS 5.2.1.8, (5) be delivered by qualified instructors per PWS 1.11.2, (6) achieve minimum 75% favorable rating on post-training participant feedback surveys.	during the surveillance period shall meet all six (6) standards.	objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.
PRS #5 - PWS para 5.2.1.7 OCONUS Reintegration Training The contractor shall provide a data driven, interactive, educational block of instruction on lethal means safety. The training must contain multimedia components and vignettes of current or former military members with lived experience managing suicide and firearms. The purpose of reintegration training is to prepare Soldiers for returning to their families and daily lives. OCONUS training will be authorized for Germany, Poland and Kuwait.	Training sessions shall: (1) not exceed 120 minutes per iteration, (2) include minimum two (2) multimedia components featuring reintegration-focused content, (3) address risks associated with reintegration and application of lethal means safety, (4) training structure may be adapted to the unique OCONUS environment, (5) provide participants with take-home materials per PWS 5.2.1.8, (6) be delivered by qualified instructors per PWS 1.11.2, (7) achieve minimum 75% favorable rating on post-training participant feedback surveys.	95% of all training iterations delivered during the surveillance period shall meet all seven (7) standards.	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.

PRS #6 - PWS para 5.2.5.2 Annual Efficacy Report The contractor shall provide a written report by training type, number of iterations/days, and number of personnel who attended instruction during the entire contract year	The annual report shall include: (1) training statistics by type, (2) analysis of post-training assessment results (Government-provided data), (3) participant feedback survey results (contractor-collected), (4) year-over-year trend analysis. The purpose of the report is to provide a consolidated roll up of the services provided and an assessment of the effectiveness of those services. The contractor shall provide the report to the COR within the last 30 days of the contract year.	100% Compliance with all four standards.	Contractor compliance rate shall be utilized as objective evidence of contract compliance and documented into the CPAR system; contractor shall re-perform any non-conforming services.

DELIVERABLES SCHEDULE

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
A.001 Quality Control Plan (paragraph 1.6.1)	Once within 10 days after the first task order award and no later than 30 days prior to any anticipated changes.	One each to the Contracting Officer	Electronic delivery via email using Microsoft Office Word or Excel.	To the Contracting Officer through the Contracting Officer's Representative (COR)
A.002 Analysis of Quality Control and Timeliness of Submittals (paragraph 1.6.1.1)	Once within 30 days upon completion of each option period or Task Order	One each to the Contracting Office	Electronic delivery via email using Microsoft Office Word or Excel.	To the Contracting Officer through the Contracting Officer's Representative (COR)
A.003 Work Performance Issue Report (paragraph 1.6.1.2)	As required, once within 8 working hours for verbal report and within 5 days for written report for each identified issue	One each to the Contracting Office	Electronic delivery via email using Microsoft Office Word or Excel.	To the Contracting Officer through the Contracting Officer's Representative (COR)
A.004 Contractor Work Plan (paragraph 1.6.4.3.1)	Once within 30 days after the first task order award, and updated as necessary for subsequent task orders	One each to the Contracting Office	Electronic delivery via email using Microsoft Office Word or Excel.	To the Contracting Officer through the Contracting Officer's Representative (COR)
A.005 Installation Pass Log (paragraph 1.7.3.1)	Once within 3 days after contract award and within 5 days after any changes to the log.	One each to the Contracting Office	Electronic delivery via email using Microsoft Office Word or Excel.	To the Contracting Officer through the Contracting Officer's Representative (COR)

<u>Deliverable</u>	<u>Frequency</u>	<u># of Copies</u>	<u>Medium/Format</u>	<u>Submit To</u>
A.006 Favorable Background Checks (paragraph 1.7.4.1)	<i>Once with 3 days of receipt by the contract for each favorable background check</i>	<i>One each to the Contracting Office and Requiring Activity Manager</i>	<i>Electronic delivery via email using Microsoft Office Word or Excel.</i>	<i>To the Contracting Officer through the Contracting Officer's Representativ e (COR) and the Requiring Activity Manager</i>
A.007 Unfavorable Background Checks (paragraph 1.7.4.1)	<i>Once with 3 days of receipt by the contract for each unfavorable background check</i>	<i>One each to the Contracting Office and Requiring Activity Manager</i>	<i>Electronic delivery via email using Microsoft Office Word or Excel.</i>	<i>To the Contracting Officer through the Contracting Officer's Representativ e (COR) and the Requiring Activity Manager</i>
A.008 Key Personnel Report with associated Curriculum Vitae (paragraph 1.11)	<i>Once during the post- award meeting or when updated</i>	<i>One each to the Contracting Office</i>	<i>Electronic delivery via email using Microsoft Office Word or Excel.</i>	<i>To the Contracting Officer through the Contracting Officer's Representativ e (COR)</i>
A.009 Travel approval (paragraph 1.13)	<i>10 days prior to travel</i>	<i>One each to the Contracting Office</i>	<i>Electronic delivery via email using Microsoft Office Word or Excel.</i>	<i>To the Contracting Officer through the Contracting Officer's Representativ e (COR)</i>
A.010 Non- Disclosure Agreements(pa ragraph (1.15.1)	<i>As required, within 5 business days of execution for each employee requiring access to PII/CUI</i>	<i>One each to the Contracting Office</i>	<i>Electronic delivery via email using Microsoft Office Word or Excel.</i>	<i>To the Contracting Officer through the Contracting Officer's</i>

TASK ORDER REQUEST FORM (TORF)

Lethal Means Safety Contract

W91151—26-X-XXXX

Task Order Title: Provide Basic Descriptive Title.	
Task Order POC Info: Name, Email, Unit, & Phone # and installation.	
Breakdown of Overall Training Requirements: Identify overall requirements. This is just a start point for discussions with the Contractor. Will be updated once discussions are completed.	
Training Module	# of Iterations
1. Baseline LMS Training (1,000 Soldiers Per Day)	
2. Baseline LMS Training (5,000 Soldiers Per Week)	
3. Immersive Training (5,000 Soldiers Per Week)	
4. Leadership Team Training (Each)	
5. OCONUS Reintegration Training, Baseline Format (5,000 Soldiers Per Week)	
6. OCONUS Immersive Training (5,000 Soldiers Per Week), OCONUS:	
7. Family/Community Oriented Training (Each)	
8. On-Going Individual Training (Per Month)	
9. Event Participation (Each)	
10. In-Person Guest Speaker (Each)	
11. Virtual Guest Speaker (Per Hour)	
OTHER PERTINENT INFORMATION AND/OR SPECIAL CONSIDERATIONS:	
1. Requested POP Start Date: _____ <i>(minimum 21 days from TO request date; 90+ days recommended for Reintegration Training)</i> No Later Than (NLT) Completion Date: _____ Preferred Training Dates (if flexible): _____	
2. Background Checks (PWS 1.7.4.1): Will contractor personnel work with or teach youth under age 18? ☐ Yes (background checks required) ☐ No	
3. Submit Completed TORF To: COR: Mr. Loyal C Van Dyke Email: loyal.c.vandyke.civ@army.mil Phone: 254-288-4497	

Available Training Modules: Training modules consist of the following:

LMS Training Modules

1. Baseline LMS Training (Per Day): The contractor shall provide data driven, interactive, educational blocks of instruction focused on shifting knowledge, beliefs, action and behaviors that lead individuals to follow the public health recommendations on firearms and LMS, both for themselves and others.

Training must include didactic and interactive modalities, as well as multimedia components that feature examples of current or former military members with lived experience managing firearms access when suicide is a risk.

Training day capacity is up to 1,000 Soldiers, in multiple daily iterations over a single day. The training package will include coordination of unit leadership briefings and engagement. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

2. Baseline LMS Training (Per Week): The contractor shall provide data driven, interactive, educational block of instruction focused on shifting knowledge, beliefs, action and behaviors that lead individuals to follow the public health recommendations on firearms and LMS, both for themselves and others.

Training must include didactic and interactive modalities, as well as multimedia components that feature examples of current or former military members with lived experience managing firearms access when suicide is a risk.

Training week capacity is up to 5,000 Soldiers, in multiple daily iterations over a single week, Monday-Friday. The training package will include coordination of unit leadership briefings and engagement. The training package includes management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

3. Immersive Training (Per Week), CONUS: The contractor will provide a scenario-based training model that engages training participants in realistic, problem-solving situations designed to build confidence in their ability to intervene in a crisis situation and to equip them to prevent suicide through proactive planning and discussions with their peers. The training will include an overview of baseline firearms LMS skills in a briefing format, followed by the scenario training to reinforce skills. The scenario training will support critical thinking and problem-solving skills specifically focused on firearms and LMS. It will achieve this through scenarios based on Soldier experiences that challenge training participants to think critically and make informed decisions.

Training capacity will be up to 5,000 Soldiers, in groups of 50 – 75 Soldiers in multiple daily iterations over a single week, Monday–Friday. The training package will include coordination of unit leadership briefings and engagement. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

4. Leadership Team Training (Each): Leadership Professional Development (LPD) training will equip leaders to incorporate education and engagement on peer-interventions on firearms and LMS into their leadership culture and organizational engagement. The LPD training will include three to four weeks of follow-up engagement to ensure ongoing leader engagement with their units. The training package will include materials for leaders to utilize in engaging with soldiers. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support for leader trainings.

5. OCONUS Reintegration Training (Per Week): Reintegration training will focus on providing firearms LMS education and skills to Soldiers in deployed environments, prior to their reintegration to home station. The training will include didactic and interactive modalities, as well as multimedia components that feature examples of current or former military members with lived experience managing firearms access when suicide is a risk.

Training week capacity is up to 5,000 Soldiers, in multiple daily iterations over a single week, Monday–Friday, in OCONUS environments. The training package will include coordination of unit leadership briefings and engagement. The

training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

OCONUS training will be authorized for the following countries; Germany, Poland, Kuwait and Korea. The KO reserves the right to add additional countries as the contract matures.

6. OCONUS Immersive Training (Per Week): The contractor will provide a scenario-based training model that engages training participants in realistic, problem-solving situations designed to build confidence in their ability to intervene in a crisis situation and to equip them to prevent suicide through proactive planning and discussions with their peers. The training will include an overview of baseline firearms LMS skills in a briefing format, followed by the scenario training to reinforce skills. The scenario training will support critical thinking and problem-solving skills specifically focused on firearms and LMS. It will achieve this through scenarios based on Soldier experiences that challenge training participants to think critically and make informed decisions.

Training capacity will be up to 5,000 Soldiers, in groups of 50 – 75 Soldiers in multiple daily iterations over a single week, Monday–Friday. The training structure may be adapted to the unique OCONUS environment. The training package will include coordination of unit leadership briefings and engagement. The training package will also include the management of pre-training coordination with units on training schedules, logistics, location identification, and necessary unit support.

7. Family/Community Oriented Training (Each): Family/Community oriented training will focus on firearms LMS intervention and planning designed to equip supportive community networks for Soldiers, including unit family readiness groups, spouses, families and community representation. The training will include didactic and interactive modalities, as well as multimedia components that feature examples of current or former military family members and service members with lived experience managing firearms access in family environments when suicide is a risk. The contractor will provide age-appropriate training for audiences ages 13 and older. The purpose of the family-oriented training is to provide families of servicemembers and/or community members an understanding of firearms LMS and tools to mitigate or intervene in a crisis.

8. On-Going Individual Training (Per Month): The contractor will provide Individual firearms LMS peer-intervention trainings as part of weekly or monthly regularly scheduled trainings that occur in ongoing programs in installation training centers, unit events, and with specific unit-identified higher-risk audiences. The training will be tailored to the specific audience and environment. The training frequency will align with weekly or monthly schedules of ongoing programs, ranging from 12–18 individual trainings per month. This will be established at time of task order signing.

LMS Engagement Services:

9. Event Participation (Each): The contractor will participate in special events at locations specified in the task order. The contractor shall staff informational booths/tables at special events and provide promotional materials. Event participation is limited to passive awareness activities and does not include formal training delivery or guest speaking engagements.

10. In-Person Guest Speaker (Each): The contractor shall provide an introduction on LMS at the location specified in the task order. The Government will specify presentation duration at time of request, typically 15 to 90 minutes. The purpose of the introduction may include but is not limited to providing baseline awareness on LMS, providing an understanding of the services provided to the government, or setting conditions for LMS incorporation into a special event or training modality. Presentations focus may also focus on increasing firearms LMS fluency among leaders and stakeholders, and preparing them to better support Soldiers and to be force multipliers in promoting proactive firearms suicide prevention. Each event will be tailored for the particular audience.

11. Virtual Guest Speaker (Per Hour): The contractor shall provide an introduction virtually on LMS. Virtual mediums may include but are not limited to Microsoft Teams, phone call, etc. The Government will specify presentation duration at time of request, typically 15 to 90 minutes. The purpose of the introduction may include but is not limited to providing baseline awareness on LMS, providing an understanding of the services provided to the government, or setting conditions for LMS incorporation into a special event or training modality. Time includes preparatory work. Minimum of three hours.
