

## **STATEMENT OF WORK**

### **1. Objective/Requirements**

The NASA Glenn Research Center (GRC) requires the purchase of HyperX 2026 Subscription and Maintenance to support multiple mission-critical projects at GRC, including Appendix P Sustaining Lander Development (SLD), Block 1B DDT&E, CEV Production/Operations, Cryogenic Fluid Management, Power Propulsion Element, Radioisotope Power Systems, and Transformational Tools and Technology projects.

### **2. Characteristics, Scope, and Specs**

| <b>Quantity</b> | <b>Product Description</b>                                                                       |
|-----------------|--------------------------------------------------------------------------------------------------|
| 2               | HyperX 2026 Subscription License - 1 Year                                                        |
| 2               | Maintenance, Support, and Updates (MSU) for HyperSizer Pro Fully Paid-Up Floating Server License |

### **3. Place of Performance**

Robert Zalewski  
NASA Glenn Research Center (GRC)  
21000 Brookpark Road  
Cleveland, OH 44135

### **4. Period of Performance**

June 13, 2026 – June 12, 2027
