Question:

Advise whether we are required to submit a quotation for the **SRF Work Items** listed below:

- **CATEGORY I. FY-27 STANDARD ITEMS APPLICABLE TO THIS JOB ORDER WITHOUT FURTHER REFERENCE.**
 - 009-001 ~ ~~009-126~~
- **CATEGORY II. FY-27 STANDARD ITEMS WHICH MAY BE INVOKED IN THE WORK ITEMS OF THIS JOB ORDER.**
 - 009-011 ~ 009-032

Answer:

Category I (009-001 ~ 009-126): Costs for these general standards should be included in overhead and indirect rates. Category I Standard Items, such as 'General Criteria; accomplish' (009-001), establish the general requirements and administrative procedures that are applicable to all work performed under the contract. Category I Standard Items are invoked in for all work items and apply to all work being performed.

Category II (009-011 ~ 009-032): Contractor is required to submit a quotation for these items only when they are explicitly invoked in a specific work item.

Contractors are not required to submit a quotation for these items individually. A quote will only be necessary for Category II items if they are specifically requested in a work item.
