Classification Code:

15 – Aircraft and airframe structural components

NAICS Code:

336 – Transportation Equipment Manufacturing/336411 – Aircraft Manufacturing

NOTICE TYPE: SOURCES SOUGHT

1. DESCRIPTION:

This is a Sources Sought Notice only. This Notice is in support of market research to determine the feasibility of a competitive acquisition and to identify parties having an interest in and the resources capable of supporting the requirement for production and delivery aircraft, including but not limited to, the following types over a ten-year period from 2028 – 2038 and provide related support services to include publications, spares, training and technical data:

a. Bell 407, Bell 412, Bell 429, and Bell 505 Helicopters

(1) In the past, this requirement has been restricted to Bell Textron Inc., 3255 Bell Flight Boulevard, Fort Worth, Texas, 76118; Cage Code 97499 under the basis of Defense Federal Acquisition Regulation Supplement (DFARS) 206.302-4(c) International Agreement in which the terms of an agreement or treaty or the written directions, such as a Letter of Offer and Acceptance (LOA), has the effect of requiring the use of other than competitive procedures for the acquisition. Bell has been the only known source that has the required tooling, facilities, trained staff and proprietary data necessary to manufacture the above mentioned aircraft. All Offerors must meet pre-qualification requirements in order to be eligible for award.

(2) Interested parties responding to this Notice shall demonstrate their capability to provide all personnel, materials, and supplies required to satisfy all requirements. The applicable North American Industry Classification System (NAICS) code assigned to this procurement is 3366411, Aircraft Manufacturing. Customers include Foreign Military Sales (FMS) as well as potential sales to Other Government Agencies (OGA). The result of this market research will contribute to determining the method of procurement.

(3) This Notice is issued solely for information and planning purposes. It does not constitute a Request for Proposals (RFP) or a promise to issue an RFP in the future. Solicitations are not available at this time. Requests for a solicitation will not receive a response. This Notice does not constitute a commitment by the United States Government (USG) to contract for any supply or service whatsoever. All information submitted in response to this announcement is voluntary. The USG will not pay for

information requested, nor will it compensate any Respondent for any cost incurred in developing information provided to the USG. Not responding to this Notice does not preclude participation in any future RFP, if any is issued.

2. REQUIREMENT:

a. Requirement is for production and delivery of Bell 407, Bell 412, Bell 429, and Bell 505 aircraft and related services to include publications, spares, training and technical data. This requirement is for potential sales to FMS and OGA.

b. The interested Party shall be capable of providing non-recurring engineering and logistics effort to address changes to any baseline configuration.

c. The interested party shall be able to obtain and maintain personnel and facilities at the secret clearance level. The interested party shall be capable of complying with the Safeguarding Covered Defense Information and Cyber Incident Report clause at DFARS 252.204-7012 and shall have a cybersecurity program that follows the National Institute of Standards and Technology (NIST) framework for improving critical compliance assessments performed by the USG.

3. RESPONSE:

a. Interested parties are requested to submit a Statement of Capability outlining past work related to the requirements delineated above. The Statement of Capability shall include:

(1) Company Information:

(a) Company name and address

(b) Size of Company (number of personnel, total revenue, ownership, CAGE Code, parent corporation, etc...)

(c) Point(s) of contact including name, phone number, address, and email and length of time in business

(d) Geographic presence

(2) Teaming arrangements, if any. Delineate between work accomplished by the Prime, Subcontractors, and work accomplished by teaming partners.

(3) Relevant contract experience/capabilities to provide requirements described above. Could this be procured commercially, if so please provide rationale.

(4) Identify how the complete lifecycle of the aircraft would be supported to include:

- (a) Top availability
- (b) Technical approach
- (c) Production integration
- (d) Continuation of system performance/suitability
- (e) Integrated logistics support
- (f) Facilities/personnel resources
- (g) Flight operations

(5) Provide evidence of ensuring an adequately experienced and trained staff to include the process of verifying qualifications, education, certification and professional requirements.

(6) Provide evidence of compliance with the cybersecurity policies and practices previously identified.

(7) Provide any other pertinent information that will assist the USG in this assessment.

4. The USG's intent is to better understand the current capabilities and strategies to determine the best solution. Industry feedback is vitally important and the USG will be receptive to any and all ideas. Proprietary Information is neither solicited nor prohibited; however, if submitted, it should be appropriately marked.

5. Please limit formal white paper submission to no more than 25 pages and must be UNCLASSIFIED. Electronic submissions are strongly encouraged. Electronic transmissions must not exceed 5 megabytes. All items must be in Microsoft Office 2003 or later format or Adobe PDF format. All material submitted in response to this Notice must be UNCLASSIFIED.

6. The response date for this Notice is 30 days after the posting of this Notice. All questions and Industry responses shall be submitted via email to Army Contracting Command – Redstone, Contract Specialist: Shana Freeman, shana.l.freeman.civ@army.mil, with a courtesy copy to Contracting Officer: Dennis Alber, dennis.g.alber.civ@army.mil.

Contracting Office Address:

Army Contracting Command, CCAM-AVD-C

ATTN: Dennis Alber, Contracting Officer

Bldg 5309 Sparkman Center

Redstone Arsenal, AL 35898-5000

Points of Contact:

Shana Freeman, Contract Specialist (520) 674-8269, or shana.l.freeman.civ@army.mil,
or Dennis Alber, Contracting Officer (520) 725-2475, or dennis.g.alber.civ@army.mil.
