QUESTIONS		RESPONSES
Reference: Section 52.212-2, Evaluation — Commercial Items Question: Will the contracting officer consider Voluntary Tanker Agreement (VTA) program enrollment as an evaluation factor or preference in the award determination, consistent with the VTA's prioritization schedule (87 FR 67119, Section III.A.3) and the peacetime contracting priority afforded to VTA program participants?		TCAQ is currently in the market research phase and has not yet established the evaluation criteria. However, we do not expect VISA/VTA preference to be a factor in the award determination.
