SUMMARY OF CHANGES

Block 14 (Description of Amendment/Modification): The purpose of this amendment is to inform prospective vendors of the responses to submitted question.

Q1: Must they be brand brand new, or can they be used?

A1: No, they don't need to be brand brand new, but they should be, at least, in good condition to store things.

If it is used, we would like to make sure that there are no leaks and it will be able to protect the contents within the box. If it does, then we are fine with used.

Q2: What is the intended final use? Will they be used for transportation? Or storage? / How do you plan to use the container?

A2: The container will be used for storage purpose.

Q3: Required container grade (e.g., Used Container Grade, Cargo Worthy, or Wind and Water Tight).

A3: Please make sure that the container meets the requirements.

Used Container: Acceptable, Cargo Worthy: Yes, Wind and Water Tight: Yes, Forklift Points: Yes

Q4: What end is the front and back?

A4: If you are talking about the front and back, it would be the shorter ends. This might be on where the door should open.

Please make sure that everyone understands that the short end of the conex box is the front or back.

All questions shall be asked in the English language (accept Japanese and English written together) and sent via email to Contracting POC no later than 16:00, 09 Mar 2026 (JST).

All questions and answers will be shared with all vendors.
