The work will be performed onboard Commander, Fleet Activities Yokosuka (CFAY), located in Yokosuka Naval Base, Japan. The anticipated Period of Performance (POP) is from 10 JUL 2026 to 08 FEB 2027.

The Government anticipates issuing a Request for Proposal (RFP) on or about 16 APR 2026. The solicitation and any subsequent amendments will be made available through the System for Award Management (SAM.gov) website.

The solicitation upon issuance is intended only for sources duly authorized to operate and do business in Japan, as prescribed by DFARS 252.225-7042. Additionally, to ensure the U.S. Navy receives satisfactory repair effort to Navy ships, boats and crafts, the solicitation will require the offeror to possess a current and active USN Master Ship Repair Agreement (MSRA) or Agreement for Boat Repair (ABR) issued by the U.S. Navy or NAVSUP FLCY.

Non MSRA/ABR holders may request an application for an MSRA or an ABR certification by requesting an application package from: fley_msra_abr_group@us.navy.mil. Please note that the MSRA/ABR Certification process may require a year to complete.

Additional Information:

This notice is NOT a request for proposals. The solicitation, when issued, will be available electronically via the System for Award Management (SAM) website at <https://sam.gov/>. All responsible and eligible sources may submit a quotation, bid, or proposal, as appropriate, in response to the subsequent solicitation, which will be considered by the agency. It is the responsibility of interested parties to monitor this site for the release of the solicitation and any subsequent amendments.
