(b) The contractor shall submit a written request on company letterhead to the contracting officer listing the following: contract number, location of work site, start and stop dates, and names of employees and subcontractor employees needing access to the base. The letter will also specify the individual(s) authorized to sign for a request for base identification credentials or vehicle passes. When reporting to the registration office, the authorized contractor individual(s) should provide a valid driver's license, current vehicle registration, valid vehicle insurance certificate, and <> to obtain a vehicle pass.

(c) During performance of the contract, the contractor shall be responsible for obtaining required identification for newly assigned personnel and for prompt return of credentials and vehicle passes for any employee who no longer requires access to the work site.

(1) The following state/territory IDs are not compliant with the REAL ID Act requirements. <https://www.dhs.gov/real-id> They are as follows: Alaska, California, Idaho, Illinois, Kentucky, Maine, Massachusetts, Minnesota, Missouri, Montana, North Dakota, New Hampshire, Oklahoma, Oregon, Pennsylvania, South Carolina, Virginia, and Washington. The exceptions to this restriction are Washington and Minnesota Enhanced Driver's Licenses (EDLs) which display a red, white and blue American flag on the front of the ID card. EDLs exceed REAL ID Act guidelines and are considered acceptable forms of identification. Standard issue driver's licenses from the above states, however, are not compliant.

Identity proofing was done using approved identification credentials with a background check conducted through law enforcement authoritative databases. That will not change on October 10, 2018.

(3) What will change is which ID's for proof of identity will be accepted. The forms of ID on this list are for use solely at Tinker AFB and several ID's on this list may not grant you entry for other Federal Facilities or military bases. If you are travelling to other Federal Installations/buildings it is recommended you contact them before travelling to that location. Tinker AFB acceptable alternative forms of ID are the following:

- Social Security Card
- Birth Certificate

(4) All visitors are required to have the proper identification to access an Air Force installation. A REAL ID Act compliant credential will be required to establish individual identity. Those who do not have the accepted documentation for installation access will not be permitted to enter the base without an approved escort (contractors cannot escort other contractors).

(5) Delivery drivers will be required to receive an access pass and background check. It should only add a few minutes to the delivery time, provided the delivery driver meets the criteria for receiving an access pass. In order to conduct the background check, a REAL ID Act compliant credential will be required to establish individual identity. Those who do not have the accepted documentation for installation access will not be permitted to enter the base without an approved escort.

(6) There is no change for base access to individuals who already possess military issued credentials. Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

- (1) It ☐ is ☐ is not a foreign person; and

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

- (1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and
- (2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. Evaluation Factors for Award

52.212-2 EVALUATION--COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (NOV 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government; price and other factors considered. The following factors shall be used to evaluate offers:

1. Basis for Contract Award:

The acquisition will be conducted and evaluated under the provisions of FAR Part 12, Commercial Items and FAR Part 13, Simplified Acquisition Procedures. In accordance with FAR 13.106-2(b)(1), the evaluation procedures established herein are within the Contracting Officer's broad discretion as applied under FAR Part 13. This acquisition will utilize Technically Acceptable and price as evaluation factors. Technical tradeoffs will not be made, and no additional credit will be given for exceeding acceptability. Award will be made to the acceptable vendor who is technically acceptable with the lowest total evaluated price and whose proposal conforms to the solicitation requirements. The solicitation requirements include all stated terms, conditions, representations, certifications, and all other information required by FAR 52.212-1 of this solicitation. The Government reserves the right to award without interchanges. However, the Government reserves the right to conduct interchanges if determined necessary by the Contracting Officer.

The responsible vendor(s) must be registered in the System for Award Management (SAM) database (available at: <https://www.sam.gov/portal/public/SAM/>) and submit a completed copy of the Offeror Representations and Certifications - Commercial Items with their response. Lack of registration in SAM will disqualify the vendor and declare them ineligible for award.

The Oklahoma CityAir Logistics Center (AFSC/PZIMA) at Tinker Air Force Base Oklahoma intends to issue a commercial firm fixed price contract for this acquisition.

2. Number of Contracts to be Awarded:

The Government intends to select one vendor for contract award. However, the Government reserves the right to award no contract at all; depending on the quality of the proposals, prices submitted and the availability of funds, or other factors identified by the Contracting Officer.

3. Rejection of Unreasonable Offers:

The Government may reject any proposal that is evaluated to be unrealistic in terms of program commitments, including contract terms and conditions, or unrealistically high or low in cost/price when compared to Government estimates; such that the proposal is deemed to reflect an inherent lack of competence or failure to comprehend the complexity and risks of the program, item, or service.

4. Correction Potential of Proposals:

The Government will consider, throughout the evaluation, the "correction potential" of any proposal uncertainty. The judgment of such "correction potential" is within the sole discretion of the Government. If an aspect of a vendor's proposal not meeting the Governments requirements is not considered correctable, the vendor may be eliminated.

5. Evaluation Factors

Factor 1--Technical Proposal

Factor 2--Cost/Price

a. Evaluation Methodology:

The Government will evaluate all technical factors concurrently for the three (3) lowest priced proposals. Should one of those three (3) proposals not be found technically acceptable, the next one (1) lowest priced offeror will be reviewed for technical acceptance. Then, price will be evaluated and the lowest evaluated priced proposal will be selected, either initially or as a result of clarifications.

Award will be made to the lowest evaluated priced proposal meeting the acceptability standards for the non-cost factors.

b. Technical Factor:

Acceptable - The proposal meets specified minimum technical evaluation requirements necessary for acceptable contract performance.

Unacceptable - The proposal fails to meet specified minimum technical evaluation requirements necessary for contract performance. Proposals with an unacceptable rating are not awardable.

Technical acceptability will be based on an evaluation of proposals against the criteria stated below and other technical specifications in the Item Description. Offerors are required to present all the information as stated in the Instructions to Offerors, FAR 52.212-1. The minimum technical evaluation requirement is met when the Offeror's proposal thoroughly substantiates all the following essential criteria:

"CONTRACTOR MUST PROVIDE A WRITTEN STATEMENT TO EXPLAIN HOW THEY ARE MEETING THE TECHNICAL EVALUATION CRITERIA LISTED BELOW. A STATEMENT OF "I CONCUR" OR "CONCUR" WILL NOT BE ACCEPTED AND COULD DEEM YOUR PROPOSAL TECHNICALLY UNACCEPTABLE. THE WRITTEN STATEMENT IS ESSENTIAL FOR YOUR QUOTE TO BE RESPONSIVE AND BE REFERRED FOR TECHNICAL REVIEW."

- *The Contractor shall be able to provide all of the Requested Services IAW PWS para. 1.3*

- *The Contractor shall provide documented evidence/proof personnel has the following special qualifications: Qualified overhead door technician required (Industrial preferred) IAW PWS para 1.13*

c. Cost/Price Factor:

Cost/Price Evaluation: The vendor's cost/price proposal will be evaluated for award purposes by adding the total price for basic requirements (basic award).

Total Evaluated Price: Price analysis will be performed to determine the reasonableness of the vendor's price proposal. Reasonableness will be based on the total evaluated price. The total evaluated price will be calculated as the sum of the Contract Line Item Numbers (CLINs) unit/extended prices plus other associated factors such as: first article testing costs, transportation costs, price evaluation adjustments for Small Disadvantaged Business Concerns, and application of labor

hours to labor hour rates, etc.

Unreasonably Low Costs or Prices: Unreasonably low proposed costs or prices, initially or subsequently, may be grounds for eliminating a proposal from competition either on the basis that the offeror does not understand the requirement or the offeror has made an unrealistic proposal.

Unbalanced Pricing: Vendors are cautioned against submitting an offer that contains unbalanced pricing. Unbalanced pricing may increase performance risk and could result in payment of unreasonably high prices. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly over or understated as indicated by the application of cost or price analysis techniques. The Government shall analyze offers to determine whether they are unbalanced with respect to separately priced line items or subline items. Offers that are determined to be unbalanced may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the Government.

6. Determination of Contractor Responsibility

To be eligible for award, a vendor must be determined responsible. A Determination of Contractor Responsibility will be conducted in accordance with FAR 9.1 (SAM and FAPIIS). A vendor who receives a determination of non-responsibility will not be eligible to receive the contract award.

7. Interchanges:

In accordance with FAR 1.102-2(c)(3) the Government shall exercise discretion, use sound business judgement, and comply with applicable laws and regulations during the course of this acquisition. It is the Government's intent to award without interchanges; therefore, it is imperative that vendors submit their best terms initially. However, if during the evaluation period; it is determined to be in the best interest of the Government to hold interchanges, the Government may conduct interchanges with one, some, or all vendors before issuing any purchase order.

Interchanges are information sharing between the Government and vendors after receipt of quotations which can be conducted to address any aspect of the quotation. Interchanges may be oral or written. Written interchanges take the form of Interchange Notices (IN)s. INs are used to accurately capture contemporaneous sharing of information. If interchanges are conducted, the Government may request final quotation revisions at the conclusion of interchanges.

8. SOLICITATION REQUIREMENTS, TERMS AND CONDITIONS

Vendors are required to meet all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to those identified as evaluation factors or sub-factors, and all technical specifications of the item description, performance work statement or statement of work. Failure to meet a requirement may result in an offer being ineligible for award. Vendors must clearly identify any exception to the solicitation terms and conditions and provide complete accompanying rationale. In the case that a discrepancy exist between the Instruction to Offerors (ITO) and the evaluation factors for award, the evaluation criteria in 52.212-2 will take precedence.

(End of provision)
