

Low Earth Orbit (LEO) Satellite Equipment and Services

This Request for Information (RFI) is issued for information and planning purposes only and does not constitute a solicitation nor does it restrict the Department of Veterans Affairs (VA) as to the ultimate acquisition approach.

This notice is issued solely for information and planning purposes - it does not constitute a Request for Quote (RFQ)/Invitation for Bid (IFB)/Request for Proposal (RFP) or a promise to issue an RFQ, IFB, or RFP in the future. This notice does not commit the VA to contract for any supply or service. Further, the VA is not seeking quotes, bids, or proposals at this time and will not accept unsolicited proposals in response to this source sought notice. The VA will not pay for any information or administrative costs incurred in response to this notice. Submittals will not be returned to the responder. Not responding to this notice does not preclude participation in any future RFQ or IFB or RFP, if any is issued. If a solicitation is released, it will be synopsisized on the Governmentwide Point of Entry, as appropriate. It is the responsibility of potential offerors to monitor the Governmentwide Point of Entry for additional information pertaining to this requirement.

A brief synopsis of the required product is provided below:

The Department of Veterans Affairs (VA), Office of Information & Technology (OIT), Connectivity & Collaboration Services (CCS) has a requirement for Low Earth Orbit (LEO) satellite equipment and services.

The VA OIT, CCS requires multiple commercially available LEO satellite equipment and services for more than 2,200 sites to provide internet connectivity services to VA Medical Centers, Community Based Outpatient Clinics, Regional Benefits Offices, Vet Centers, Living Centers, National Cemeteries, and other administrative offices. VA anticipates using the services with effectively no limitations for full video streaming, music streaming, social media, and other common web applications. The effort includes installation, uninstallation, and maintenance including repair/replacement.

RESPONSE SUBMISSION

Please submit responses via email to TAC-AProcurementTeamE@va.gov by **1:00 PM EST, April 8, 2026**.

Please include the subject line “VA LEO Services - [Your company Name]” in your submission. The response should not exceed a 5 MB e-mail limit for all items associated with the RFI response.

Oral communications are not permissible. SAM.gov will be the sole repository for all information related to this RFI. VA reserves the right not to respond to any or all emails or materials submitted.

Response Guidelines:

Interested parties are requested to respond to this RFI with a capability statement. The capability statement should be concise and cannot exceed five (5) pages, and address only the information requested below. The capability statement shall include the following:

1) Company Information:

- a) Company name, address, telephone number,
- b) Point of Contact (POC) name and email address
- c) SAM UEI and business size (for small businesses please include socioeconomic status).

2) Acquisition Recommendations:

- a) Identify Government-Wide Acquisition Contracts (GWAC) and Federal Supply Schedule(s) under which your company can offer services aligned with this requirement.
- b) Provide a response to VA assigning NAICs code 517410, Satellite Telecommunication with a Small Business Size Standard of \$44.0M.
- c) Recommend contract type, duration, and pricing structure based on Federal Acquisition Regulation and commercial best practices.
- d) Recommend evaluation discriminators VA should consider for source selection.
- e) Identify supply chain or other business considerations VA should consider.

3) Technical Expertise:

- a) Describe coverage and capabilities based on the attached VA Locations spreadsheet.
- b) Describe your company's experience providing full scope of services (installation, uninstallation, and maintenance including repair/replacement).
- c) Provide commercial Key Performance Indicators or Service Level Agreements categories, descriptions, and metrics.
- d) Identify Levels for Government Priority Services
- e) Demonstrate your company's ability to deliver the following services by facility on the VA Location spreadsheet:
 - i) Commercially available solutions for LEO Satellite equipment and services,
 - ii) Provide recommended business/priority data plans, data caps, and service speeds with no throttling,
 - iii) Observed/claimed maximum upload and download speeds, and
 - iv) Accessories, special items, equipment, cables (including maximum cable length) your organization uses to maintain coverage and operability of the LEO Satellite equipment and services.
 - v) Provide information regarding the ability to roll over data and/or data pooling.
- f) Original Equipment Manufacturer (OEM) Management:
 - i) Describe your experience using and maintaining multiple OEM equipment and service plans for LEO.
 - ii) Provide authorized reseller letter from OEM(s).

4) Cost Estimate

- a) Provide a cost estimate based on the recommended equipment, data plans, data caps and service speeds by facility on the VA locations spreadsheet.

DISCLAIMER

Reminder: This Sources Sought issued solely for information and planning purposes only and does not constitute a solicitation. All information received in response to this Sources Sought that is marked as proprietary will be handled accordingly. In accordance with FAR 15.101(c), responses to this notice are not offers and cannot be accepted by the Government to form a binding contract. Responders are solely responsible for all expenses associated with responding to this Source Sought.
