

Solicitation N0018926RW014 Questions and Answers

- 1.) **Question:** The RFP specifies Microsoft Office 2016 compatibility. Please confirm if PDF versions for the Non-Price Volume are acceptable to preserve formatting.

Answer: PDF versions are acceptable

- 2.) **Question:** PWS Section 9.15 describes the Navy Unmanned Aviation Systems Specialist labor category and states that the position requires experience with the following systems:

- Naval Air Integrated Defensive Electronic Countermeasures System
- IDECM Block IV
- IDECM SWIP

These systems appear to be associated with Integrated Defensive Electronic Countermeasures rather than Unmanned Aviation Systems. Additionally, the subsequent labor category (Marine Unmanned Aviation System Specialist) lists experience associated with unmanned aviation platforms. Can the Government confirm whether the systems listed in Section 9.15 are correct for the Navy Unmanned Aviation Systems Specialist labor category?

Answer: These are accurate.

- 3.) **Question:** The PWS includes support for CVN78 through CVN83 programs. Historically, support for CVN78 has been provided under a separate contract vehicle. Can the Government clarify whether support for CVN78 is now within the scope of this contract, and if so, whether this represents a consolidation of previously separate efforts or new/additional scope to be performed under this contract?

Answer: These efforts if needed beyond the current PoP of the existing CVN78 contract would be awarded at the Task Order level so are included as part of the overall scope.

- 4.) **Question:** On page 18 of 89 in the solicitation, the words “AND OR AND” appear between 9.25.7 and 9.26. It appears these should appear between 9.26.11 and 9.26.12. Will the Government clarify the intent?

Answer: See the corrected PWS in the supporting Amendment:

9.26.8

AND

9.26.9 through 9.26.11

OR

9.26.12 through 9.26.12.5

AND

9.26.13

- 5.) The pricing spreadsheet provided with N0018926RW014 does not have any of the “Specialist” LCATs from the PWS (9.1 – 9.19), nor the Cyber Security SME (9.26).

Solicitation N0018926RW014 Questions and Answers

Does the Government intend for these 20 LCATs to be priced during the proposal phase, or post-award?

Answer: Please provide pricing based on the solicitation pricing sheet as revised in Amendment 0002.
