

PERFORMANCE WORK STATEMENT (PWS)
JROTC Army Drone National Championship
20-24 May 2026

Part 1
General Information

1. General: This is a service contract for a building rental to provide facilities, furniture, equipment, supplies, management, supervision, and labor in support of the 25-26 JROTC Army Drone National Championship. The Government shall not exercise any supervision or control over the contract service providers performing the services herein. Such contract service providers shall be accountable solely to the contractor who, in turn, is responsible to the Government.

1.1 Description of Services/Introduction: The contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other non-personal services necessary to facilitate the rental of the contractor facility in support of the JROTC Army Drone National Championship as defined in this Performance Work Statement, except for those items specified as government-furnished property and services. The contractor shall meet the standards in this contract.

1.2 Background: The JROTC Army Drone National Championship is in its second year of existence and encompasses teams from throughout the United States. We will host approximately 1,000 JROTC student-cadets, spectators, local educators, stakeholders, and local media at our competition. The facilities required to host a drone competition of this size are rather unique, in that an inordinate amount of unobstructed space (approximately 100,000 square feet or more) is needed for drone teams to perform and to complete the competition in two days. Also, the Drone Championship is required to be held entirely in one location to maintain the integrity of the competition and an appropriate level of oversight by management personnel.

1.3 Scope: The Contractor shall provide for the Drone National Championship support for the purpose of supporting up to 1000 JROTC Cadets to include the entire process of registration, facilities, labor, furniture, equipment, supplies, audio/video services, live stream service, management, supervision, and parking. Provide food concessions at no cost to the Government.

1.4 Objectives: The contractor shall provide six days of support of Drone National Championship from 20-24 May 2026.

20 MAY: Arrival
21 MAY: Move-in
22 MAY: Competition
23 MAY: Competition
24 MAY: Competition, Award, and Pack up

1.5 Period of Performance: The period of performance for this contract shall be from 20 – 24 May 2026, no option periods.

1.6 Quality Control Plan (QCP): This acquisition is for commercial services and will be performed using Federal Acquisition Regulation (FAR) Part 12. The final contract will be Firm Fixed Price (FFP) contract. The quality of the services provided by the vendor shall be evaluated using the Quality Assurance provisions which the vendor has in place, in accordance with guidance in FAR 12.208. The Contractor shall develop and maintain a QCP to ensure services are performed in accordance with (IAW) this PWS. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-

recurrence of defective services. The Contractor's Quality Control Plan (QCP) is the means by which it assures that the work provided complies with the requirements of the contract.

The Government will review and either notify the Contractor in writing of acceptance of the plan or return their comments to the Contractor. If the Government has provided comments, the Contractor shall then submit a Final QCP. After receipt of the Final QCP, the Contractor may receive the Contracting Officer's acceptance in writing. Any proposed changes to the accepted QCP are required to be resubmitted for acceptance by the Contracting Officer prior to the anticipated change and before implementation by the Contractor. The timeline noted above will apply for review and acceptance of proposed changes.

1.6.1 The Contractor shall inform the COR of issues or potential issues that might affect the performance. Verbal reports shall be followed up by written reports.

1.6.2 Quality Assurance: The Government will evaluate the Contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government must do to ensure that the Contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds).

1.6.3 Recognized Holidays: The following provides information on recognized holidays for the purpose of the PWS. If submittal of any documentation (e.g. deliverables, submittals, etc.) deadlines fall on a holiday, the closest workday prior to the holiday will apply as the deadline for submittal.

1.6.3.1 U.S. Holidays: Work shall not be performed on U.S. federally recognized holidays occurring during the normal workweek unless otherwise directed by the Contracting Officer. When a U.S. holiday occurs on a Saturday or a Sunday, the holiday is observed on the preceding Friday or following Monday, respectively.

New Year's Day January 1 st	M. L. King Memorial Day 3 rd Monday in Jan
Presidents Day 3 rd Monday in February	Memorial Day last Monday in May
Juneteenth June 19 th	Independence Day July 4 th
Labor Day 1 st Monday in September	Columbus Day 2 nd Monday in October
Veteran's Day November 11 th	Thanksgiving Day 4 th Thursday in November
Christmas Day December 25 th	

1.6.4 Operating Hours: The Government facility office hours, facility operating hours, and the Contractor support hour requirements often coincide, however, they may differ.

1.6.5 Place of Performance: Columbus Trade and Convention Center, 801 Front Avenue, Columbus, GA, 31901.

1.6.6 U.S. Citizen: Contractors that work with or teach youth under the age of 18 years are subject to U.S background checks. The Requiring Activity Manager will determine the extent of background checks required. The Contractor employee may begin performance of the contract after receiving a favorable local background check. The Contractor agrees to replace the employee should results of the background check, if required, be unfavorable as determined by the Requiring Activity Manager. The Contractor's replacement of the employee with the unfavorable background check shall be within a timeframe provided by the Requiring Activity Manager. The Contractor shall also replace employees whose background check, during their tenure of employment, renders them with an unfavorable local or stateside background check, as determined by the Requiring Activity Manager. The Contractor shall

forward a copy to the Contracting Officer via the COR and the Requiring Activity Manager of each favorable background check, identifying such with the appropriate contract number. The Contractor shall forward a copy to the Contracting Officer via the COR and the Requiring Activity Manager of each unfavorable background check, identifying such with the appropriate contract number. When the Government awards a non-personal services contract directly to an individual, the failure of the individual to provide a favorable background check would be grounds for termination.

1.6.7 PHYSICAL Security: The contractor shall be responsible for safeguarding all government equipment, information and property provided for contractor use. At the close of each work period, government facilities, equipment, and materials shall be secured.

1.6.8 Special Qualifications: Contractor must have over 10 years in event management of Military events.

1.7 Post Award Conference/Periodic Progress Meetings: The Contractor agrees to attend any post award conference convened by the contracting activity or contract administration office in accordance with Federal Acquisition Regulation Subpart 42.5. The Contracting Officer, Contracting Officers' Representative (COR), and other Government personnel, as appropriate, may meet periodically with the Contractor to review the Contractor's performance. At these meetings the contracting officer shall apprise the Contractor of how the government views the Contractor's performance and the Contractor shall notify the Government of problems, if any, being experienced. Appropriate action shall be taken to resolve outstanding issues, preferably at the lowest possible level. These meetings shall be at no additional cost to the Government. The Contractor shall attend, participate in, and furnish input to scheduled and unscheduled meetings, conferences, and briefings that relate to the functions and services herein as required by the Government to provide effective communication and impart necessary information. The Contract Manager or designated representative shall attend meetings as requested by the Government. Meeting attendees shall at times include Contractor managerial, supervisory, and other personnel knowledgeable of the subject matter. Meetings may start or end outside of regular duty hours.

1.8 Contracting Officer's Representative (COR): Refer to Part 2 of this PWS for the definition of a COR. As determined by the Contracting Officer, a COR will be appointed and identified by letter of designation, a copy of which will be provided to the Contractor by the Contracting Officer. The designation letter states the responsibilities and limitations of the COR, especially with regard to changes in cost or price, estimates, or changes in delivery dates. The COR is not authorized to change any of the terms and conditions of the resulting order. The COR monitors all technical aspects of the contract and assists in contract administration. The COR is not authorized to obligate the Government. If the work is not written in the contract, the COR is not authorized to request new work. The COR is authorized to perform the following functions: assure that the Contractor performs the technical requirements of the contract, perform inspections necessary in connection with contract performance, maintain written and oral communications with the Contractor concerning technical aspects of the contract, issue written interpretations of technical requirements, including Government drawings, designs, specifications, monitor Contractor's performance and notifies both the Contracting Officer and Contractor of any deficiencies, coordinate availability of Government property, and coordinate site entry of Contractor personnel.

1.9 Key Personnel: The contractor shall provide a contract manager who shall be responsible for the performance of the work. The name of this person and an alternate who shall act for the contractor when the manager is absent shall be designated in writing to the contracting officer. The contract manager or alternate shall have full authority to act for the contractor on all contract matters relating to

the daily operation of this contract. The contract manager or alternate shall be available during the times set in section 1.4 for administrative reasons.

1.10 Identification of Contractor Employees: All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their Contractor status is not obvious to third parties must identify themselves, to include proper marking of signature blocks in correspondence, to avoid creating an impression in the minds of members of the public that they are Government officials. The Contractor shall ensure that all documents or reports, produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed.

1.11 Contractor Travel: The Contractor shall be required to conduct an advanced site inspection to ensure the facilities in use shall be adequate for the needs of the event. This shall generally only come into play should a new venue be used during the terms of this agreement. All other meetings/briefings shall occur via telephone conference or group email. Should this trip be required, it shall be paid for completely by the Government within the Joint Travel Regulation.

1.12 Other Direct Costs (ODCs): There shall be no costs paid by the Government outside the total costs listed within this agreement. This agreement represents a turnkey agreement. Should the government wish to expand areas in this agreement (upgraded, seated awards ceremony, private dressing rooms for the teams, etc.), these costs would be over and above anything listed herein and would be maintained apart from this agreement.

1.13 Data Rights: The Government has unlimited rights to all documents/material produced under this contract exclusively for use with the events listed. All documents and materials are designed to mean largely the use of SOPs, scoresheets, promotional materials, entry/wrap-up paperwork or any other documents or media created exclusively for the events listed herein. Any items produced or maintained by the Contractor and used for other events not included within this agreement (i.e., more generic items to include but not limited to signs, banners, decorations, tables, chairs, etc.) are excluded from these rights given. These documents and materials shall not be used or sold by the contractor without written permission from the Contracting Officer. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.14 Non-Disclosure Requirements: Performance under this contract may require the Contractor to access data and information proprietary to a government agency, another Government Contractor, or of such nature that its dissemination or use other than as specified in this work statement would be averse to the interests of the Government or others. The Contractor and Contractor personnel shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorize Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.15 Protection of Government and Contract Information: Per Public Use Notice of Limitations stated by Defense Imagery Management Operations Center, the Contractor shall not cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any hard copy or digital marketing tools to include its company website.

1.16 Organizational Conflict of Interest (OCI): Contractor and subcontractor personnel performing work under this contract shall receive, have access to or participate in the development of proprietary or

source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which shall create a current or subsequent Organizational Conflict of Interests (OCI) as defined in FAR Subpart 9.5. The Contractor shall notify the Contracting Officer immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the Contracting Officer to avoid or mitigate any such OCI. The Contractor's mitigation plan shall be determined to be acceptable solely at the discretion of the Contracting Officer and in the event the Contracting Officer unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the Contracting Officer shall affect other remedies as he or she deems necessary, including prohibiting the Contractor from participation in subsequent contracted requirements which may be affected by the OCI.

PART 2 DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1 Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Contracting Officer – means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) – As defined in DFARS 202.101, means an individual designated and authorized in writing by the Contracting Officer to perform specific technical or administrative functions. DoD Instruction (DoDI) 5000.72, Part II Definitions states the following when defining a COR: “Defined in subpart 202.101 of Reference (f). Any individual delegated responsibilities pursuant to subpart 1.602-2 of Reference (e), regardless of local terminology, must be certified in accordance with this instruction. For example, local terminology can be COR, Contracting Officer’s technical representative, technical point of contact, technical representative, alternate COR, administrative COR, assistant COR, line-item manager, task order manager, quality assurance personnel, quality assurance evaluator, or COR management.” In addition, Army Regulation 70-13, Chapter 2, paragraph 2-2g, states, in part, the following when providing other surveillance support personnel to assist the COR when needed, “...These other surveillance support personnel may serve as on-site representatives of the COR in performance of actual contract surveillance if they meet all COR requirements and have been appointed by the Contracting Officer as alternate CORs.”

Contractor – means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-acquired Property - *means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.*

Day – means, unless otherwise specified, a calendar day.

Defective Service – means a service output that does not meet the standard of performance associated with the Performance Work Statement.

Deliverable – means anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

Government-furnished Property – As reflected in FAR 52.245-1, Government-furnished Property “means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is deliverable under a cost contract when accepted by the Government for continued use under the contract

Government Property - means all property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes

material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

High Level Objective (HLO) – means a key overarching result-based objective for a project necessary to achieve the project's vision. HLOs are similar to Level 2 in a Work Breakdown Structure. Each HLO may contain several statements to flesh out the areas necessary to meet the objective.

Physical Security – means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Quality Assurance – (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) – means the key Government-developed surveillance process document and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. QASP, with very few if any exceptions, is an internal to Government document.

Quality Control – means all necessary measures taken by the Contractor to assure that the quality of the end product or service shall meet contract requirements.

Statement – means the specific results-based activities required to satisfy HLOs. A statement contains a result, the context of the statement, and the required action(s). Statements focus on “what” is to be accomplished; however, they are not prescriptive in describing “how” the outcome is to be achieved. Each HLO may have several statements to flesh out the areas necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor – means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Workday - The number of hours per day the Contractor provides services in accordance with the contract.

Work Week - Monday through Friday, unless otherwise specified.
