

SYNOPSIS: NOTICE OF INTENT TO AWARD A SOLE-SOURCE CONTRACT

ANNOUNCEMENT NUMBER: REQUIREMENTS-26-3653

REQUIREMENT: General Purpose 20km (GP20) Aerological Sounding Balloons for NWS
Radiosonde Observations

The US Department of Commerce, National Oceanic and Atmospheric Administration (NOAA), Acquisition and Grants Office, Eastern Acquisition Division and the National Weather Service (NWS), using the procedures set forth in the Revolutionary FAR Overhaul (RFO) Part 12, intends to negotiate on a sole source basis with Kaymont, for a firm-fixed unit price on an Indefinite Delivery, Indefinite Quantity contract for up to 94,800 GP20 Aerological Sounding Balloons for the Surface and Upper Air Division. Kaymont is the only vendor able to produce and deliver GP20 balloons that meet the NWS GP20 Balloon Specification at a rate that meets the NWS 4,680 per month usage rate, with a 90-day lead time. The statutory authority for other than full and open competition is RFO 12.201-1, "Simplified procedures," in accordance with 41 U.S.C. 1901 "Simplified acquisition procedures."

The North American Industry Classification Code for this acquisition is 326299, All Other Rubber Product Manufacturing, with a business size standard of 650 employees. This notice does not constitute a solicitation, Request for Proposal, Request for Quotation, or an Invitation for bid and it does not restrict the Government in any way regarding its ultimate acquisition approach. However, if any other interested party believes that it can meet the requirements, it may submit a statement of capabilities, which, if timely received, will be considered by NOAA.

A determination by the Government not to compete this proposed requirement based upon responses to this notice is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement in the future. Evidence must be provided of ability to provide the required services. The capability statement and any other information furnished must be in writing and must contain material in sufficient detail to allow NOAA to determine if the party can meet all of the requirements. Capability statements and related materials must be e-mailed to Contract Specialist Alice Park at Alice.Park@noaa.gov by **5:00PM EST, May 18, 2026.**
